The Republicans of Massachusetts held their State convention on the 19th, and nominated Robinson for Governor and Ames for Lieutenant Governor. They adopted no platform of principles, but condemned Butler and endorsed Arthur.

Captain Beas, Mr. Foster of Michigan, Mr. Dow of Maine, and Governor Chadwick, arrived yesterday from Coos bay. The gentlemen from the east in the interest of the railroad expressed themselves as well pleased with the country and prospects. A very heavy rain fell in Coos Monday night.

Wednesday evening a little girl of Mrs. Nannie Moore, about four years of age, fell from a velocipede, near Grandma Singleton's in Roseburg, where the child's mother is living, and had her arm dislocated at the elbow and the bone fractured. Drs. Hoover and Bennett were called in and reduced the dislocation and set the broken bone.

Scarlet fever is reported very bad in South Tennille, among the children. Miss Alice Mosher has suspended her school, in consequence. There has been three deaths from the disease. Richard Winghamam lost two of his children, one on Friday and the other on Saturday of last week, and they were buried on Sunday. A. J. Kessel lost one of his children, which died last Monday. Other children who were taken with the disease are reported improving.

On Wednesday the 18th, Nick Jones, who was engaged in sinking a well on the premises of John Hart in Roseburg, was endeavoring to set off a blast with a lighted torch on the end of a pole. It being dark in the well he concluded he had missed the fuse and was in the act of uncovering the well to try again, when the blast went off, raising the cover and Mr. Jones some distance in the air. Some small fragments of rock struck Nick about the face and slightly marred the beauty of his countenance. He was not seriously hurt, however, but he was awfully scared.

Monday evening Alexander Ireland, the night watch, heard a pistol shot in the vicinity of Nele King's premises. He proceeded to his cabin and arrested King, charging that he had discharged firearms within the city limits, and brought him down to the main part of town. Mr. Parks offered to go his bonds, whereupon he released him and gave him back his revolver. Ireland afterwards returned to Mr. Parks' store, where he demanded the revolver. Mr. King refused to give it up and an altercation and scuffle ensued, in which Ireland struck King two blows with a heavy cane; breaking it and inflicting a severe wound on the right side of his head and severing the temporal artery, from which King came near bleeding to death. This will probably be a matter for investigation in the courts.

City Government.

Notice is hereby given that a meeting of the legal voters of the city of Roseburg will be held at the Court House next Wednesday evening, at early candle-light, to select a ticket to be voted for at the ensuing city election. MANY CITIZENS.

Look at S. F. Floed's "Important Notice."

The Oregon Pioneers.

J. W. Nesmith, president, and T. B. Odeneal, secretary of the Oregon Pioneers, have published a notice to the effect that members of the association desiring to accompany the excursion east over the Northern Pacific, which leaves Portland on the 2nd day of October, will have to apply in person for a certificate.

The officers of the railroad company require that each shall have a certificate, signed by the president and secretary, and also the proper signature of the excursionist. For the convenience of excursionists the president and secretary of the association will be at the Holton house, in the city of Portland, on Saturday, the 29th inst, when members may receive the above certificate.

No certificate can be issued unless applied for in person by the member who desires to use it. It is important that members should be in Portland on Saturday, the 29th inst, as it will not be possible to receive certificates and procure tickets in one day.

Among the persons from this county whom we have heard intend accompanying the excursion are Mr. E. Morgan and wife, of Looking Glass, Mr. Thompson Grubb and wife and Mrs. F. R. Hill of Wilbur, Mrs. Gilliland of Roseburg and David Fate and wife of Days Creek.

Save 40 per cent. by buying at S. F. Floed's.

FESTIVAL.—We understand that a festival will be given at Marks' hall on Friday evening, the 28th inst, for the purpose of raising funds to provide new desks for the school-house. Professor Cathey informs us that the matter is so far developed as to ensure a successful and pleasant entertainment, a sufficient number of our citizens having signified their willingness to contribute the necessary eatables to provide a substantial feed to all who attend. The affair, besides, is intended to be a social reunion of the friends of education in our city. We hope the occasion will substantially attest public interest in this very commendable effort.

Oregon Donation Decision.

In the case of the Northern Pacific railroad vs. Baptiste Heune, on appeal from the commissioner of the general land office, Secretary Teller has ruled that a settler under the Oregon donation act of 1850 does not forfeit his right to land upon which he has settled by failure to file the notice required by the act of 1853, for the reasons that no adverse right has attached, and the penalty was remitted by the act of 1863. Therefore his claim was absolutely reserved to him until three months after survey, under the original act. In this case the right of the company attached to its land prior to the date of survey, and consequently the land in question was excepted from their grants.

Remember S. F. Floed's bargain store is still running.

The Graphic alluded to the report that Chester A. Arthur has caught cold and then asks who Arthur is. We strongly suspect that he is the individual Secretary Sherman kicked out of the New York Custom House a few years ago because he abused his position as collector.—Standard.

Establishing Confidence.

The steadily increasing number of those who are using Compound Oxygen; the favorable reports which are being received daily, reaching to hundreds every month; the cures that are being made in desperate cases, which often seem little less than miracles, and the number of voluntary testimonials from persons of high character and intelligence which are constantly received, all demonstrate the fact that the Compound Oxygen treatment is what is claimed for it, viz: a new and higher development of curative force, based on strictly scientific and pathological principles. It is becoming clearer to the public every day, that its administrations are not holding out fallacious hopes to the sick and suffering, but offering an almost certain means of relief in any form of disease which may be arrested or cured through the establishment of a new life in the vital system. Send to Drs. STARKER & PALEN, 1109 and 1111 Girard street, Philadelphia, for their "Treatise on Compound Oxygen, its Nature, Action, and Results," and learn all about this new and extraordinary remedy. The Treatise will be sent free. All orders for the Compound Oxygen Home Treatment directed to H. E. Mathews, 606 Montgomery street, San Francisco, will be filled on the same terms as if sent directly to us in Philadelphia.

Railroad Accident.

Last Sunday morning the pay train on the Oregon and California railroad carried Mr. Reed, paymaster, and his guard from Roseburg to Glendale, and returned to Roseburg in the evening. When turning a short curve at the base of Roberts hill, the train collided with a hand car, on which Thomas Taylor, section boss at Dillard's, a young man by the name of Leonard McCarty and four Chinamen who had been to Roseburg to purchase supplies. The Chinamen were standing up, working the lever of the hand car and were the first to see the engine and jumped off, escaping injury. Messrs. Taylor and McCarty were sitting down and did not get off until the collision. Mr. McCarty received an ugly and painful bruise about the left side of his head and other bruises about his body, but his wounds are not serious and he is able to be around. Mr. Taylor received an ugly cut in his right temple and had one of his ribs broken and received other injuries about his chest and body.

The wounded men were brought to Roseburg by the pay train and cared for at Mr. Zigler's hotel, where Mr. Taylor is still lying and is doing as well as could be expected from the nature of his injuries. Hopes are entertained for his entire recovery. The hand car was completely demolished.

MATERIAL FOR HISTORY.—It is very desirable that the compilers of "Walling's History of Southern Oregon" shall have access to all available sources of information relating to this part of the State. Early records of pioneer life, accounts of Indian wars, sketches of noted events, biographies of celebrated individuals, important statistics, etc., are particularly valuable. Persons who possess written or printed matter of this description are earnestly requested to place the same at the disposal of Mr. H. O. Lang, at the Cosmopolitan hotel, Roseburg, in order that such materials may be utilized in preparing the history. Favors thus shown will be appreciated and suitably acknowledged; while documents loaned will be carefully preserved and returned uninjured.

Misses Smith have removed their millinery store into their new building one door south of the photograph gallery on Jackson street, where they have a full display of the latest fashions of hats and bonnets.

DAYS CREEK.

N. B. Poole and family are paying Glendale a visit this week.

William Flock and family are preparing to remove from their present home.

Miss Theo Fate is again at home. Her parents are busy, getting ready for their eastern journey.

Billy Minott, gave his friends a call last Sunday. Rannor says he means business.

Miss Alma Raymond, one of the most energetic of pupils, is quite sick. Her schoolmates are very anxious to have her again with them.

The many warm friends of Uncle John Purdue are ever glad to welcome him among them on Days creek. He has been school director for many years and has served his constituents faithfully. He is an admirable official.

Some of our young men are very much interested in the artistic skill of the Canyonville artist. He has a beautiful sketch of a gymnastic performance over a barrel. What a lovely picture.

Dennis Hanks is the lucky boy of the season. Last Saturday morning, before the "king of day" made his appearance, he laid prostrate a large buck. It looked like a common ox.

Several are making ready for the State fair. It comes full early this season for many of the Douglas farmers. October is certainly better for the granger than September.

A. C. Beals, one of our energetic and thorough-going young men, left last Friday for Linkville, where he will engage in business. A. C. is worthy of confidence in all directions, and he has the best wishes of this community.

William Flock has rented the Stinger ranch, near the school room. Mr. F. has a splendid family and it is well for him to be convenient to school.

S. T. Garrison is disposing of his farming implements, his stock and other farm equipage, and will be ready to take charge of his Roseburg hotel the coming spring. His numerous patrons will be glad to see him at his old stand again.

Chapman brothers have erected a neat and beautiful residence on a farm near Days creek, where they will likely reside. Some fascinating bird will likely admire the cage and seek shelter from the wintry blasts.

Hon. David Fate and wife will take their departure the first of October for the eastern cities, via the Northern Pacific.

Peter Weaver has had an extended visit to the coast. Some one has suggested the idea of matrimony to the youthful bachelor.

L. Thomas has the contract for carrying the U. S. mail from Riddle's to Canyonville, and will remove his family to Canyonville soon.

Uncle Isaac Boyle will haul his grain to Myrtle Creek depot, where he can ship, if desired, to Portland, Oregon, or Portland, Maine. It is a glorious thing to go from here to any part of the United States by railroad.

FROM OAKLAND.

Welcome, gentle rain. Another wedding on the tapis. One arrest Monday morning.

Don't fail to go to the harness shop and examine Charlie's collection of bugs.

Quite a number of our citizens are attending the State fair this week.

Mrs. Sarah Casey (nee Miss Sarah Parrot) is visiting friends at this place.

Oakland's surrounding country is the "bosa," when it comes to wheat raising. It is simply "immense" to see the amount of wheat already in store in the various warehouses at this place.

Our school, in charge of Professor Russell, is progressing well, as is also the school in Old Oakland, in charge of Miss Josie Parrott.

Wiggins, the man who escaped from the chain gang some time since, smiled behind the ten of diamonds Monday morning. Our marshal fanned him with a club.

T. A. Young returned from Portland last Saturday, whither he has been purchasing goods for the trade of E. T. Young & Co.

Mr. J. R. Dodge, of the firm of R. Smith & Co., returned Monday from Looking-glass and vicinity, where he has been looking after business interests.

Miss Myrtle Hutchinson and Mr. John Byrles, both of this city, were united in marriage at the residence of the bride's parents, on Sunday last, the 16th inst. It was, without a doubt, one of the most brilliant affairs that has ever taken place in Oakland. Long before the appointed hour the room was densely filled with relations and friends, anxiously waiting to bid them a happy voyage over life's sea; but without long waiting the happy pair entered the room and in his usual kind manner the Rev. P. C. Parker joined the happy hearts. After congratulations, supper was next in order, but we acknowledge our ignorance when it comes to describing the many delicacies and eatables set before us. Suffice me to say it was the finest supper ever given in Oakland, and that the bride's attire was, to say the least, sublime. Following is the list of presents made the newly wedded pair: George Barr and lady, silver syrup pitcher; J. Dimnick, C. Galvies and S. Chenoweth, silver castor; Clara and Geary Young, silver castor; Mrs. Casey, napkin rings; Dr. Page and lady, family bible; Fannie Thomas, cake stand; Belle Dodge, fancy fruit dish; Maggie Medley, cake dish; Fannie Mahoney, cake dish; Mary Dodge, cetera stand; Allie Mahoney, fruit stand; Mrs. J. Howard, set tablespoons; Dulcinea Parrott, set teaspoons; Josie Parrot, set silver forks; Mr. and Mrs. J. C. Hutchinson, glass set; M. F. C. Stephens, dessert dishes; M. Fickel, glass pitcher; H. Hanna, glass set; F. P. Hogan, white kid gloves; Earnest Stewart, fruit dish; S. J. Chenoweth, fruit dish.

School progresses favorably, with 40 scholars enrolled.

J. S. Dunham has lately built an addition to his residence, which greatly improves it in appearance and comfort.

Teams are busy hauling grain to town while roads are good and river low.

Mrs. Henry Champagne was quite sick for the past week. Her many friends regret her illness and hope for a speedy recovery.

G. J. Callahan has a splendid fruit farm. He has found it necessary to enlarge his drying house to accommodate the large yield of his excellent orchard. Grapes are very abundant.

Rumer has it that Prof. A. D. Thomas has bought a mill on the Calapooma and will henceforth devote his energies to provide for the inner man.

JONES' MINERAL WATER!

Testimonials From Prominent Citizens of Roseburg!

For the benefit of those suffering with catarrh I will state that I have been afflicted with that disease for the last three years and after using various remedies without any benefit, was finally induced to try the Eldorado Mineral Water, from the spring of Geo. W. Jones, which I will state has effected a cure, and I have no hesitation in recommending it to those suffering with a like complaint. J. S. FITZGERALD, County Judge of Douglas county, April 13, 1883.

G. W. JONES, Sr.: During last Summer I was suffering with constipated bowels and general ill health. I procured two bottles of mineral water and used it and an entirely cured. I have no hesitation in recommending the water to all who are suffering with like derangement of the bowels and general debility. HENRY BOWEN, City Marshal of Roseburg, April 13, 1883.

GEORGE W. JONES, Sr.: Having used the Eldorado Mineral Water for some time, for dyspepsia and catarrh, I feel safe in recommending it to the public as a sure and reliable remedy in those afflictions. W. S. HUMPHRY, City Recorder, Roseburg, April 16, 1883.
