LOCAL ITEMS.

F. P. Hogan left for Portland last Tuesday morning.

Go and see the new stock of children's wagons at Benedicts.

Dallas, Texas, was visited recently by a cold north wave.

Alabama has over 200,000 children that are not enrolled at the public schools.

Secretary Folger has issued a call for \$15,000,000 of three per cent. bonds.

Harvey Lawson of South Tennessee, lost a young child this week, of scarlet fever.

Yvesvius threatens another "alarming eruption." It is high time for Yvesvius to be vaccinated.

P. Benedict has just received a large consignment of juvenile wagons and a lot of bicycles for children. Go and see him.

The price of wheat has advanced and is quoted in Portland last Wednesday at 99 cents per bushel.

Plum Cooper lost an infant child this week, which was buried in the Masonic burial ground last Thursday.

Miss Alice Mosher on last Thursday reopened her school at South Tennessee, which had been closed for some weeks on account of the prevalence of scarlet fever.

Letter postage to foreign countries is not included in the reduction to 2 cents. Foreign letter postage continues to be 5 cents, as heretofore.

Santa Claus has engaged headquarters at J. Januska's for the coming holidays, where Christmas presents can be had cheap for cash.

G. V. B. Dixon has leased a large portion of the Hiram Dixon farm, on the north Umpqua, to John McCurdy, for the yearly rental of \$1000.

Squire Jordan of Coles valley, was in the city yesterday on business. He reports that W. B. Clarke is unable to be around since learning the news from Ohio.

Mr. Benedict, our undertaker and upholsterer, has lately been adding to his stock, and is prepared to deal with his customers in a liberal manner. If you want to buy a wagon for your boy give him a call.

The railroad company has been having some trouble with land-slides between Middle and Glendale during the recent rains. The trains have only been delayed a few hours at any time, however.

Simon Lane of Randolph, in Coos county, arrived in this city last week and spent a few days with his old friends, of which he possesses a host. He left on Monday for Portland, where he had been summoned as a juror in the United States District court.

Mr. Dibble, an old resident of Butte county, California, passed through town last Thursday, on his way to Washington territory. The large mules and fine horses in his train attracted much attention.

K. H. Gabbert was in the city Wednesday of this week, on business. He has started the drug business at Grant's Pass, in Jackson county, where he will remain the most of the time, while his business at Myrtle Creek in this county, will be conducted by his clerk.

S. F. Flood during this week has shipped to Portland about 75 head of dressed hogs. The farmers find it more profitable to sell their pork in this shape than to make bacon of it, since the market is now supplied from the east. The sweet Oregon bacon which we have so long enjoyed will be a high-priced luxury next spring.

Page & Dimmick, Oakland, Oregon, are just now receiving an immense stock of holly goods—staple and fancy—something to please everybody. These goods have been bought at bedrock cash prices, and will be sold accordingly. Books, poetry and prose, in great variety. Go and learn prices, to fore purchasing elsewhere.

The list of pensioners in Oregon and Washington was published in the Oregonian of last Tuesday. The large number astonished every one. We notice in the list for Douglas county, the names of two survivors of the war of 1812, who have been buried several years, namely Adam Day and Mrs. Mary Gilmore.

Hon. E. B. McElroy, State School Superintendent, and Prof. Thomas Van Soy, of Salem, paid our city a visit the fore part of this week, on their return from Ashland, Jackson county, where they had been holding a teachers' institute for the first district.

Hermann Conn presented this office with two potatoes, one of the Peerless and one of the Gamet Chile variety. The first weighed 3 1/2 pounds and the latter 3 1/2. Mr. Conn does not intend to present these as the best he has got, but they are the largest he has found as far as he has gone.

The reading room is now open every evening, from the hours of half-past six until nine o'clock. It is well lighted, warm and comfortable, and although not very well stocked with literature, enough will be found to while away a pleasant and profitable evening. It is open to all. To strangers sojourning among us an especial invitation is extended.

News from the Coast.

From Mr. Lane we obtain the following items of news: The new sawmill at Parkersburg is running, cutting 30,000 feet per day.

The schooners Helen Marston and Truckee were loaded and ready for sea, but were detained by rough weather on the bar. The schooner Parkersburg is outside waiting to come in.

Republican Harmony!

A persistent effort is being made by the bosses in Oregon to foist Hipple-Mitchell upon the people of this State, against their will and better judgment, and to get up a boom for the boss big-amist for the senate in 1884.

The Wasco Sun, in a labored article, accuses the eighteen Republican members who had the manhood to stand out against his election in 1882, of selling out and betraying their party. To this Hon. T. W. Davenport makes the following cutting reply, through the columns of the Times-Mountaineer: SILVERTON, Oct. 15, 1883.

Col. T. S. Lang, editor of the Sun: In the Wasco Sun of September 26, in an editorial with the heading "Ex-Senator Mitchell," is the following language: "He (Mitchell) was deceived and sold out by eighteen men of his own party, who followed the lead and promises of men who are traitors to the Republican party, and who acted out their well known character, and who did not dare to show their snake heads in daylight. If the Republican party of to-day accepts and swallows these eighteen men and their selfish disorganizing bosses, it will part company with many a man who will not march under any of that Arnold brigade of traitors," etc.

Horace Greely once said that he admitted the right to lie, but that it is a right which is subject to limitation, about as much latitude as has ever been claimed for the press. None will admit your right, under this ruling, to call us "traitors," "perfidious wretches," "members of the Arnold brigade," or any other epithet which seems to suit your humor at the time, but it seems to me that you are outside of the limits when you assert that Mr. Mitchell was deceived and sold out by the eighteen members of the Legislature who could not be induced by argument or promise of office, or be constrained by caucus rule to support him for the senate. I do not believe that you can name one member who steadily refused to support, who deceived Mr. Mitchell or sold him out.

Mr. Lang, that avowment of yours is not true. Those men never told Mr. M. that they would support him for the Senate, either before or after their election to the Legislature. The nine members from this county (Marion), seeing that they were accused of being "set up" in the interest of Judge Boise, said publicly that they had made no promises to any one; had no understanding, directly or indirectly, with any one; that they were entirely free to select any person they might think the best man for the place under the circumstances. Until further advice, I shall believe that you have no particle of evidence going to show that the other persons composing the solid eighteen or seventeen ever betrayed or deceived, or sold out Mr. Mitchell. Some politicians are easily deceived. They take a shake of the head, a nod of recognition or any sign of friendship as a pledge of support. Probably the solid eighteen was composed of gentlemen who bespoke Mr. Mitchell kindly and fully recognized his services to the State and to the Republican party, and yet I presume Mr. M. did not consider such practice of the ordinary amenities of life in the light of pledge to any service more than gentlemanly conduct.

It is likely that you do not fully understand the solid eighteen, and it would be well enough to institute an inquiry to ascertain if you have not misrepresented them.

T. W. DAVENPORT.

Marriage Ceremony.

On Sunday evening, October 28th, at the residence of John Cox, Esq., in Roseburg, Mr. A. T. Ireland and Miss Adell Wiley were united in marriage.

A large number of invited guests, friends of the bride and groom, were present to witness the ceremony, which was performed by the Rev. John Howard, who, in his usual happy style, spoke the words which made the twain one for all time; after which cake and wine were passed to the assembled company and all made merry. The newly wedded pair then retired to the house of W. G. Woodward, which the groom had rented and furnished neatly, in which to commence the relations of married life and to seek repose from the happy ordeal they had passed through. Just as they were about to retire to slumber their quiet was broken by the melodious sounds of music, discoursed from about fifty improvised instruments collected for the occasion, such as harps, flutes, tin cans, horns and the proverbial horse fiddle. The bride and groom made their appearance and acknowledged the compliment of the serenade and provided refreshments for the assembly, when they were left to enjoy the quiet of their abode, with their slumbers undisturbed. We too, leave them with our best wishes for a long and prosperous life of unalloyed married bliss.

News Summary.

The Mechanics Fair closed on the night of the 27th of October.

J. Bachman & Bro., merchants of Portland, failed last week. Liabilities about \$50,000 and no assets to pay with.

Ben. Holladay, of railroad fame, has brought suit against his brother Joe in the Circuit court of Multnomah county, to recover a large amount of real property which he deeded to him at the time his financial affairs became embarrassed. The consideration for the deed was \$160,000. The property is now worth \$2,000,000. Ben. claims the deed was intended as a mortgage.

During the transfer of the insane from East Portland to the asylum at Salem, John Ryan escaped from the keepers. He was found the next day and taken charge of by the sheriff of Multnomah county. The sheriff soon after received a dispatch from Salem saying that after arriving and getting settled down in the new asylum they had missed Ryan. It would appear from this that the unfortunates are not cared for as they should be and indicates that this branch of the public service needs looking after.

The Republican Party.

The Oregonian of Wednesday says: "The Republican party is at present in a curious position. It is approaching a presidential election without any vigorous policy, and almost without an issue upon which it can appeal to voters for support. It has not even an aggressive element within itself, like those who pushed the third term on the one side and opposed it on the other. Since 1880 many of its leaders have been retired by the votes of the people or have leaped to the rear of their own accord and ceased to show much determination to do more than to maintain the power they now have."

This is truly deplorable for the party of great ideas. But then it should console itself from the fact that it has Grant left, and the policy of public plunder that has held together the thieves who have controlled the organization and manipulated the government for so these many years. Then with Grant for another third term, and a few Ku Klux outrages, got up for the occasion and the bloody shirt thrown to the breeze, it might get up a respectable aggressive Republican canvass.

FROM OAKLAND.

Hon. B. Herrmann paid us a pleasant call on Monday.

A certain individual who was interested in a particular case of sickness, asked a gentleman the following query: "And it turned out to be the measles, at last?" "No," was the answer, "but I don't know but what it may become spotted fever yet."

The dance intended for Monday night, under the auspices of show management, was a complete failure. Too much puddle dog for notoriety.

Dr. H. Little is absent on a business tour, but will soon return to his old haunts.

Stevens and his menagerie will soon be ready for public exhibition. It is one of the most interesting on record. Oakland to the front!

Our nocturnal artist and bill sticker has reported nothing of a very interesting character this week, as sensations are limited at present, and we have no more business houses dressed in mourning since our last report.

Our citizens were annoyed last Saturday and Monday evenings by a poor, sickly slow wandering through the country seeking unsuspecting victims. It took its departure Tuesday morning for parts unknown.

The many friends of John Freyer, our obliging brewer, are pleased to learn of his improvement, as his situation has been precarious for several days. May his vital energies soon be restored to their pristine state.

Dr. Shambrook was called to the bedside of Hugh Hendricks during the present week, whose home is out on Elk Head. We are pleased to state that Hugh is now much better.

Miss Parrott, of Roseburg, has a pleasant little school in the old town. She is quite successful as a teacher.

The success of the academy, under the supervision of Prof. Geo. T. Russell, is acknowledged by all. He has nearly one hundred students in attendance.

The wild geese are making their annual visit.

Mr. J. Goodman has rented a part of Mr. James Chenoweth's place and will sow to grain about two hundred acres. He came here from near Roseburg.

We learn that Mr. H. Dewitt is very ill. His early recovery is wished for by his many friends.

The debating society is one of the attractions on the creek. Let us all attend and make it a success.

The C. Y. S. troupe has secured the services of Horace McNabb to drive the baggage wagon. Horace understands the business and is a good person for the place.

The bachelors who are staying at Mr. Durland's during his absence east, are the most starved looking set we have met for some time. We imagine a good cook would find ready employment from them.

According to announcement the party left here last Friday evening for Hubbard creek, although the weather was not as dry as was to be feared and after a drive of three hours arrived at Mr. W. B. Clarke's, where they enjoyed an excellent supper, and then went on to the school house and performed a drama, entitled "Above the Clouds." They afterward returned to Black's hall, where dancing was indulged in until broad daylight. A splendid time was had and many thanks are due Mr. and Mrs. Clarke for their hospitality. REX.

A Letter From Johnny.

The following interesting letter was received just before going to press, from one of the country districts. From the writing and spelling we judge it is the composition of a very little boy.

This is fine weather it looks like rain, the last time it rained it made the roads muddy. Pa want take out the new hack and Ma has to stay at home when Pa goes to town. Ma gets even on Pa for not taking out the hack so that she can go to town too, by talking to the hired man when he comes into dinner and he dont git as much plowing done as Pa thinks he ought to. Pa come home about the middle of the afternoon one day last week and John was just hitching up the horses to go to plowing. You bet Pa was mad! I think Ma ought to go to town whenever Pa does. dont you think so too, Mr. Independent! Ma wanted to go to town to get a new chignon. A chignon is a thing made out of hair that Ma wears on the top of her head, with crooked hair pulled down over her face that make her look like an owl. Jehay.

Letter List.

The following letters remain in this office and un-called for on the 31st day of Oct., 1883. Persons calling for the same will please say "advertised":

Tilden Wins.

The much-talked of horse race came off at Cape Blanco beach, Curry county, the 20th of October. The race was a half mile, four for all, entrance \$50. There were five horses entered. J. Aiken's bay stallion Sam Tilden, five years old; J. Nay's bay stallion, Maplowood, three years old; J. Nay's bay mare Amy, five years old; Garfield's bay stallion Woodbury, five years old. The horses came out in the order named, Tilden winning the race and money.

Result in Ohio. According to the table published in Thursday's Oregonian the official Democratic majority is 12,529. The Democratic vote, 359,593. Republican vote, 347,064. For the Prohibition Amendment, 321,189.

ANOTHER DEMOCRATIC JOURNAL.—John W. Kelly, a well known printer and publisher, has issued the prospectus of a tri-weekly Democratic paper to be published in East Portland. It will be called the Era, and the first number is promised December 2nd. Mr. Kelly announces that it will be straight out Democratic, but no organ.—Oregonian.

Mrs. Dillard, wife of John Dillard, of Dillard's station, who was severely burned last week, is improving and hopes are entertained of her recovery.

Smith, the convict who struck Warden Collins during the recent prison escape, has had the death sentence pronounced upon him. He is quite a young man and was shot by the guard at the time in the arm, which has since been amputated. The execution was put off until December, to allow his attorneys to present the case to the Supreme court. We have no quarrel with law that makes the offense of capital crime to assault a guard of the prison with a dangerous weapon. But it seems unjust to make an example of this crippled boy, who is a mere youth, and let the old, hardened criminals who planned the outbreak go without punishment.

WILL VOTE WITH THE DEMOCRATS.—A dispatch from Rochester, N. Y., Oct. 31 says: Influential Germans, including representatives of the brewing interest here, have resolved to support the Democratic state ticket at the coming election, with the exception of Isaac H. Maynard, their candidate for secretary of state.

FOR SALE.—I have one span of good work horses and some others, which I offer for sale. H. CONN, SR.

Prof. J. M. Heard started this week for his old home in Alabama, to spend the winter with his aged parents. We wish him a happy visit and safe return.

JONES' MINERAL WATER!

Testimonials From Prominent Citizens of Roseburg!

For the benefit of those suffering with catarrh I will state that I have been afflicted with that disease for the last three years and after using various remedies without any benefit, was finally induced to try the Eldorado Mineral Water, from the spring of Geo. W. Jones, which I will state has effected a cure, and I have no hesitation in recommending it to those suffering with a like complaint. J. S. FITZHUGH, County Judge of Douglas county, April 13, 1883.

G. W. JONES, SIR: During last Summer I was suffering with constipated bowels and general ill health. I procured two bottles of mineral water and used it and an entirely cured. I have no hesitation in recommending the water to all who are suffering with like derangement of the bowels and general debility. HENRY BOWEN, City Marshal of Roseburg, April 13, 1883.

GEORGE W. JONES, SIR: Having used the Eldorado Mineral Water for some time, for dyspepsia and catarrh, I feel safe in recommending it to the public as a sure and reliable remedy in those affections. W. S. HUMPHRY, City Recorder, Roseburg, April 16, 1883.

This is to certify that during last Fall I was suffering seriously with congestive chills and fever, and was induced to try the Jones Mineral Water and am happy to state that one bottle cured me entirely and I have enjoyed good health ever since. W. G. CLEVELAND, Roseburg, May 5, 1883.

The Eldorado Mineral Water can be purchased at any time at the Drug Store of Dr. S. Hamilton, Roseburg, at 50 cents per quart.

TESTIMONIALS.—G. W. Jones, dear sir: Having been troubled with dyspepsia for many years I was advised by W. F. Johnson to use your mineral water. I did so and do unhesitatingly say it did me more good than anything I had ever used. It had an immediate effect. Yours, JOHN HOWARD, Roseburg, April 1, 1883.

This is to certify that I have used successfully the Umpqua mineral water for six months, for nervous dyspepsia and debility of the whole system and I have found great relief and I might say an entirely cured. I have no hesitation in believing this mineral water to be of great curative value. Respectfully, W. F. JOHNSON, Roseburg, April 2, 1883.

ELDORADO SPRINGS. To all persons suffering with any nasal catarrh affection of the throat or stomach, I will state that last Fall that myself and members of my family were suffering with catarrh in the head and myself with an affection of the stomach. That I purchased a gallon of the mineral water taken from the spring on the South Umpqua, 3 miles west of Roseburg, of G. M. Jones, Dr. Hamilton agent, and can testify that both myself and family have received great benefits from its use. My son Andrew Willis was suffering very much from nasal catarrh and by the use of this water has entirely recovered and is now well. I can unhesitatingly recommend it as the best medicine I have used in my family for any of the above named complaints. REV. W. A. WILDS.
