HARKNESS FIRE EXTINGUISHER.

First premium Mechanics' Institute, 1883. D. S. Brown & Co., general agents for Pacific Coast, 36 California street, San Francisco. The following letter explains itself: J. N. Andrews, dealer in General Merchandise; Postmaster and Agent Wells, Fargo & Co's Express.

Elk Grove, Sacramento Co., Cal., December 8, 1883.

Messrs. D. S. Brown & Co.:

Gentlemen—Please send me another six-gallon Harkness Fire Extinguisher as soon as you can. I had occasion to use the one I bought of you a short time ago. Last night the hotel adjoinining my store caught fire in the hallway to the second story from the explosion of a lamp and the building being cloth and paper was immediately on fire in several rooms, but in less than two minutes after getting the extinguisher to work the fire was out. As soon as this one arrives I will send the other one down and have it replenished. Also please inform me if I cannot draw off the fluid remaining in the tank and save it for future use, or shall I send it as it is. Yous, etc.. (Signed) J. N. Andrews.

Martine & Co.—In answer to your note requesting an unbiased and true opinion of the Life Essence, I can say, that before prescribing it I was so favorably impressed with the formula that I concluded to give it a fair trial on myself. I had been suffering from ulcers of the prostrate, of course with loss of the use of the organ. My strength was greatly reduced, both from pain and the constant drain. My nervous system was in a deplorable state. I took 1-32 of a grain of strychnine three times a day, but without favorable result. I then commenced the Life Essence sent me, and have grown strong and firm in my nerve force. But now I find that when from night work and the labor of the day combined, my nervous system gets into an irritable state, resulting in sleeplessness and irritability; if I take a teaspoonful on retiring, it procures me a peaceful, dreamless sleep, and I wake refreshed in the morning. I am so well satisfied that I shall prescribe it to my exhusted patients. I would not use patent medicines under any circumstances, but since you gave me the formula, I class it among my other standard preparations.

Very respectfully. I. D. M., M. D.
