ALL OVER THE WORLD.

An Astonished Editor—What He Saw and What He Says.

"From Greenland's Icy Mountains to Africa's Sunny Strand,"

BALTIMORE, MD.—The Daily Evening News publishes the following editorially: At the time the New York Herald, with characteristic generosity, gave the princely sum of $100,000 to a relief fund, for the sufferers from famine in Ireland, one of the most distinguished literary men of America contributed to to the Art Autograph, published for the benefit of that fund, the following note:

"When a distressed nation appeals for this or that or the other grace or help, she hears an answering voice of sympathy from this or that or the other creed or group or faction, scattered here and there and yonder in the space of the earth; it is only when she asks for bread that creed and party are forgotten, and the whole world rises to respond."

While recognizing the force of this sentiment, the experience which a member of our editorial staff had yesterday, furnishes unmistakable evidence of the fact that the want of bread—that famine—is not the only thing which causes the "whole world to rise," and by united action to record enthusiastic endorsement of a laudable measure or object. The conviction was occasioned by a visit to a commercial enterprise, of which, although much has been said and written, the writer confesses he knew nothing from personal experience, prior to his investigations. The following facts are presented cheerfully, in the belief that they are not only of real public interest, but are of so extraordinary a nature, so encouraging to our local pride, as to demonstrate beyond all doubt, that the agency in question is the most remarkable of its kind known in the history of scientific discovery.

Doubtless every inventor and every manufacturer of even an indifferent article can, without serious difficulty, enlist a certain amount of local and general influence in support of his products—on the same principle, perhaps, that every political aspirant has *some* followers—but the proofs here under consideration are so positive, and considering the high sources supplying the following statements, they are so extraordinary and conclusive, that no sane man can doubt that the expressions were called forth by a really marvelous degree of excellence and power.

Here a Congress of Nations, composed of distinguished leaders in public, mercantile, and social circles of all sections of the world, and in part of eminent professional men, whose conversation in matters of this kind is well known, basing their expressions upon actual experiments and observations, voluntarily join in public praise so high and unqualified as to set at rest all doubts and prejudices, to silence skeptics, and to carry conviction to every fair-minded man.

When our representative examined the originals of the following forcible documents, he was, as above indicated, so struck with their extraordinary character, that he concluded to present them to our readers, as a matter of public interest. This, as before stated, is done cheerfully and of our own accord.

GERMANY.

Dr. Richard Oberlaender, Leipzig, Germany, Secretary Ethnological Museum, F. S. U. G. A., M. G. S., author of Fremde Vœlker (Foreign Nations), and a distinguished *literateur*, writes: "It gives me great pleasure to inform you that, having been troubled with my old chronic neuralgic pains, a traveling companion advised me to use St. Jacobs Oil, the great pain reliever. I tried it, and was entirely cured. I am now supplied with a bottle, and will never be without one."

ENGLAND.

Messrs. Francis Newberry & Son, London, England, established for 125 years, write: As a testimonial from one of the oldest drug-houses in Great Britain. respecting your household remedy, will no doubt be of interest to you, we are pleased to make the statement that we have sold, with satisfaction to the public, St. Jacobs Oil for several years, and that, owing to the extraordinary merits of the article, the demand is constinually increasing, and that we have heard of many favorable rereports regarding its great virtue as a pain-curing remedy.

AUSTRALIA.

UNITED STATES CONSULATE, Sydney, N. S. Wales, August 14, 1883.

I, Charles Kahlo, Consul of the United States of America at Sydney and its dependencies, do hereby certify that C. C. Cohen appeared before me this day and acknowledged that he had signed the following instrument as his free and voluntary act. Given under my hand and seal of this Consulate, the day and year above written. CHARLES KAHLO, U. S. Consul.

Some three years ago I injured my left leg and knee to the extent that I thought I had become a permanent cripple. My knee-cap was twice its natural size, and my leg was so contracted and shortened that I could not walk without considerable pain and inconvenience. During that time I had tried remedies innumerable, but without receiving the slightest benefit until I gave St. Jacobs Oil, the great pain-cure, a trial, and much to my delight and astonishment I began to get better; both my leg and knee assumed their normal condition, and to-day I am free from pain and can walk as well as ever I did in my life. I feel it incumbent on my part to inform the public of the great benefit I have received, and heartily recommend St. Jacobs Oil to any one suffering from pain, and feel satisfied it has no equal as a cure.

C. C. COHEN.

NOTE.—The Sydney, New South Wales "News," in reference to cures like the above, says editorially: It is being made plain to all, that never in the history of Australia, has a medical discovered been accepted by the public with such general approbation as St. Jacobs Oil. Its cures are simply marvelous.

NEW ZEALAND.

At the New Zealand International Exhibition, the magnificent *First Prize Medal* and *Highest Diploma* were awarded to St. Jacobs Oil as the best *pain-curing and healing* remedy known to mankind, and among the valuable testimonials given in support of them, Mr. Wm. Moor, coach-builder, Christ Church, N. Z., certifies that one application of St. Jacobs Oil cured him of Sciatica, which statement was attested by Mr. W. Gee, of the Post-office Department, and Mr. John Blackmere, Sergeant of the Armed Constabulary.

CAPE OF GOOD HOPE.

Hon. Godfrey Sichel, member of the Parliament of the Colony, Cape of Good Hope, South Africa, according to the official report of the proceedings, published in *The Journal*, Grahamstown, Cape of Good Hope, arose and said: He could speak from experience: he had spent a small fortune. and could obtain no relief from the medical profession. He had tried calomel, quinine, strychnine, and finally St. Jacobs Oil, and it cured him. If members afflicted with Neuralgia would only take his advice they would get a bottle of St. Jacobs Oil, and it would cure them.

CANADA.

The Hon. Billa Flint, Life Senator of the Dominion Parliament, Belleville, Ontario, Canada, writes: "I tried St. Jacobs Oil for ague in my face and toothache. It acted like a charm. A few times rubbing with it took away all soreness and pain; better than having them drawn at the age of seventy-seven."

EGYPT AND THE HOLY LAND.

Hon. George Colton, the distinguished oriental traveler, whose interesting letters from abroad are familiar to the public, writes, as a result of his close observation in Egypt and the Holy Land, that St. Jacobs Oil, by its general use there, is shown to be a blessing to suffering humanity, and that wherever he has traveled, whether in England, France, Germany, or elsewhere, the same unqualified praise is given to the Great German Remedy as a conqueror of pain.

CENTRAL AMERICA.

Senor Mariano, Maradiaga, Ocotal, Nicaragua, says that he had suffered with rheumatism and that he was instantly cured by the use of St. Jacob's Oil, the great pain cure.

CUBA.

Dr. D. Antonio Jose Romay, the distinguished physician, Assistant and Honorary Member, Board of Health and Faculty of the Port Garrison, Havana, certifies that rheumatism and neuralgia have, by the use of the great pain cure, St. Jacob's Oil, been cured in a few days.

MEXICO.

Dr. Manuel S. Izaguirre, Guadalajara, Jalisco, Mexico, writes: "Being a professor in medicine and surgery, I have already obtained the best effects of St. Jacob's Oil in cases of rheumatism, acute and chronic. I had treated the cases with different preparations without any result, but in a short time, by the use of St. Jacob's Oil, I obtained a complete cure. I congratulate you on the triumph."

PERU.

Doctors D. Jose Felix Sudy, founder of the San Mateo Hospital, and D. Moises Allende, surgeons and physicians of the Chilian Army of Occupation during the war with Peru, were commissioned to make a report on the curative properties of St. Jacob's Oil, and in the execution of their commission used it upon fully 500 invalids suffering with rheumatism and neuralgic pains in all parts of the body, and upon all kinds of ailments incident to camp life. After exhaustive experiments and complete success in every case, they certified to the wonderful pain-curing and healing qualities of St. Jacob's Oil, which they used. The identity of Doctors Sudy and Allende has been established before the American Consul, and Superintendent of the Sanitary service of Chili in Peru.

NOTE—El Dia (The Day) Callao, Peru, March 16, 1882, says of Dr. Jose Felix Sudy, above referred to, that he is one of the most distinguished surgeons now in the field, and that he has received from Commander Diego A. Donosa, Lima, Peru, that the important assistance which he gave these troops at the San Mateo Hospital, deserves the high esteem of all, which is the sentiment of the officers and soldiers of the battalion.

CHILI.

Senor Ricardo Stuven, a leading commission merchant of Valparaiso, after having exhausted all other remedies has been completely cured of rheumatism by the use of St. Jacob's Oil, the great pain banisher. He makes this public.

SANDWICH ISLANDS.

Hon. S. Crosby, Hawaiian Consul, Sandwich Islands, says he suffered with rheumatism, and tried the conqueror of pain, St. Jacob's Oil. By three applications he was entirely cured.

UNITED STATES OF AMERICA.

Hon. John C. New, Assistant Secretary U. S. Treasury, writes, that it is a source of satisfaction and pleasure to give, from his personal experience, to St. Jacob's Oil, the conqueror of pain, his cordial recommendation.

General Rufus Ingalls, Quartermaster-General U. S. Army, considers St. Jacob's Oil the best pain cure for sprains and bruises ever used.

Dr. William A. Soula, D. V. S., the popular veterinary surgeon, New York, for nine years in charge of the Third Avenue Railroad stables, N. Y., certifies to the curative qualities of St. Jacob's Oil, the conqueror of pain, as superior to all other remedies for all ailments of horses, such as sprains, galls and rheumatism, that has ever come under his observation.

ADVICE TO CONSUMPTIVES.

On the appearance of the first symptoms, as general debility, loss of appetite, pallor, chilly sensations, followed by night-sweats and cough, prompt measures of relief should be taken. Consumption is scrofulous disease of the lungs; therefore use the great anti-scrofulous or blood-purifier and strength-restorer, Dr. Pierce's "Golden Medical Discovery." Superior to cod liver oil as a nutritive, and unsurpassed as a pectoral. For weak lungs, spitting of blood and kindred affections, it has no equal. Sold by druggists. For Dr. Pierce's treatise on Consumption send two stamps. WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N. Y.

Allen's Bilious Physic is a purely vegetable liquid remedy for Headaches, Biliousness and Constipation. Easily taken, acting promptly, relieving quickly. 25 cts. At all druggists. Redington, Woodford & Co., Agents.

Ammen's Cough Syrup is not a patent medicine. No patent has been asked for or obtained upon it. To protect the public from counterfeits and imitations, the manufacturer has had the label registered in Washington. The syrup is made from pure and costly drugs, and cannot be sold as cheap to the dealer as the common patent medicines that are simply made to sell, which explains why dishonorable druggists or dealers try to sell you something else when asked for Ammen's Cough Syrup. It is upon the market upon its own merits. You can buy a sample bottle for 15 cents, upon which, at the wholesale price, the manufacturer makes nothing. Ask to see a large bottle, and read the label.

There is a constant effort on the part of that grim monster "Disease" to become master of mortal man. Only a careful observance of natural laws can render his efforts unavailing. Yet too often injudicious excesses, sudden changes, too great exposure, improper food, or other abuses of nature, open the gateway and Disease gains a victory. Sometimes its mastery is so complete that Nature of herself can never effect a dislodgment. In such instances reinforce nature with a judicious use of Brown's Iron Bitters and we guarantee, in a short time, all diseases will be vanished.

"ROUGH ON CORNS." 15c. Ask for it. Complete cure, hard or soft corns, warts, bunions.

A QUICK RECOVERY.

It gives us great pleasure to state that the merchant who was reported to be at the point of death from an attack of Pneumonia, has entirely recovered by the use of DR. WILLIAM HALL'S BALSAM FOR THE LUNGS. Naturally he feels grateful for the benefits derived from using this remedy for the lungs and throat; and in giving publicity to this statement we are actuated by motives of public benefaction, trusting that others may be benefited in a similar manner.

A SECOND EMPHATIC ENDORSEMENT.

Mr. Wm. B. Mitchell, editor of the *Journal-Press*, St. Cloud, Minn., wrote to Mr. Wm. Penn Nixon, asking if a card with his signature, recommending Compound Oxygen, was genuine. Mr. Mitchell writes: "The following letter from Mr. Wm. Penn Nixon, the well-known editor of the Chicago *Inter-Ocean*, explains itself, and will be read with interest:

"THE INTER-OCEAN, Chicago, Jan. 16, 1883.

"Mr. W. B. Mitchell, St. Cloud, Minn.:

"DEAR SIR:—I am always happy to bear testimony to the great value of Compound Oxygen, as manufactured by Drs. Starkey & Palen, Philadelphia, *I think it the most important remedy for throat and lung troubles that was ever discovered. I feel that it saved my life*, and I am always glad to recommend it to those suffering from such troubles. *The card was not only genuine, but I endorse the remedy now as fully as I did in the card.* "Very truly yours,

"WM. P. NIXON."

SAN FRANCISCO, September 24, 1883.
H. E. BOTHIN, President Bothin M'f'g Co.:
DEAR SIR:—After careful and complete chemical analysis of a can of Giant Baking Powder, purchased by us in open market, we find that it does not contain alum, acid phosphate, terra alba, or any injurious substances, but is a pure, healthful Cream Tartar Baking Powder, and as such can recommend it to consumers. The want of a reliable diuretic which, while acting as a stimulant of the kidneys, neither excites nor irritates them, was long since supplied by Hostetter's Stomach Bitters. This fine medicine exerts the requisite degree of stimulation upon these organs without producing irritation, and is, therefore, far better adapted for the purpose than unmedicated excitants often resorted to. Dyspepsia, fever and ague, and kindred diseases, are all cured by it. For sale by all Druggists and Dealers generally

SKIN HUMOR.

My baby, six months old, broke out with some kind of skin humor, and after being treated five months by my family physicion was given up to die. The druggist recommended Swift's Specific, and the effect was as gratifying as it was miraculous. My child soon got well, all traces of the disease is gone, and he is as fat as a pig.
J. J. KIRKLAND, Minden, Rusk County, Texas.

I have suffered for many years from ulcers on my legs, often very large and painful, during which time I used almost everything to effect a cure, but in vain. I took Swift's Specific by advice of a friend, and in a short time was cured sound and well. EDWIN J. MILLER. Beaumont, Texas.

I have been afflicted with Scrofula for twelve years, and have had sores on me as large as a man's hand for that length of time. Last summer I was so bad off that I could not wear clothing. I had spent hundreds of dollars in the effort to be cured, but all to no purpose, and had injured myself with Mercury and Potash. Your Swift's Specific cured me promptly and permanently, and I hope every like sufferer will take it.

TUTT'S PILLS
TORPID BOWELS, DISORDERED LIVER, and MALARIA.
From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, A feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION, and demand the use of a remedy that acts directly on the Liver. As a Liver medicine TUTT'S PILLS have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "scavengers of the system," producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. TUTT'S PILLS cause no nausea or griping nor interfere with daily work and are a perfect
ANTIDOTE TO MALARIA.
