HYPOCHONDRIA.

The Mysterious Element in the Mind that Arouses Vague Apprehensions—What Actually Causes It.

The narrative below by a prominent scientist touches a subject of universal importance. Few people are free from the distressing evils which hypochondria brings. They come at all times and are fed by the very flame which they themselves start. They are a dread of coming derangement caused by present disorder and bring about more suicides than any other one thing. Their first approach should be carefully guarded.

Editors Herald:

It is seldom I appear in print and I should not do so now did I not believe myself in possession of truths, the revelation of which will prove of inestimable value to many who may see these lines. Mine has been a trying experience. For many years I was conscious of a want of nerve tone. My mind seemed sluggish and I felt a certain falling off in my natural condition of intellectual acuteness, activity and vigor. I presume this is the same way in which an innumerable number of other people feel, who like myself are physically below par, but like thousands of others I paid no attention to these annoying troubles, attributing them to overwork, and resorting to a glass of beer or a milk punch which would for the time invigorate and relieve my weariness.

After awhile the stimulants commenced to disagree with my stomach, my weariness increased and I was compelled to resort to other means to find relief. If a physician is suffering he invariably calls another physician to prescribe for him, as he cannot see himself as he sees others; so I called a physician and he advised me to try a little chemical food, or a bottle of hypophosphates. I took two or three bottles of the chemical food with no apparent benefit. My lassitude and indisposition seemed to increase, my food distressed me. I suffered from neuralgic pains in different parts of my body, my muscles became sore, my bowels were constipated, and my prospects for recovery were not very flattering. I stated my case to another physician, and he advised me to take five to ten drops of Magende's solution of morphine, two or three times a day, for the weakness and distress in my stomach, and a blue pill every other night to relieve the constipation. The morphine produced such a deathly nausea that I could not take it, and the blue pill failed to relieve my constipation.

In this condition I passed nearly a year, wholly unfit for business while the effort to think was irksome and painful. My blood became impoverished, and I suffered from incapacity with an appalling sense of misery and general apprehension of coming evil. I passed sleepless nights and was troubled with irregular action of the heart, a constantly feverish condition and the most excruciating tortures in my stomach, living for those days on rice water and gruel, and, indeed, the digestive functions seemed to be entirely destroyed.

It was natural while in this condition I should become hypochondrical and fearful suggestions of self-destruction occasionally presented themselves. I experienced an insatiable desire for sleep, but on retiring would lie awake for a long time tormented with troubled reflections, and when at last I did fall into an uneasy slumber of short duration, it was disturbed by horrid dreams. In this condition I determined to take a trip to Europe, but in spite of all the attentions of physicians and change of scene and climate, I did not improve and so returned home with no earthly hope of ever again being able to leave the house.

Among the numerous friends that called on me was one who had been afflicted somewhat similarly to myself, but who had been restored to perfect health. Upon his earnest recommendation I began the same treatment he had employed, but with little hope of being benefited. At first I experienced little, if any, relief, except that it did not distress my stomach as other remedies or even food had done. I continued its use, however, and after the third bottle could see a marked change for the better, and now after the fifteenth bottle I am happy to state that I am again able to attend to my professional duties. I sleep well, nothing distresses me that I eat, I go from day to day without a feeling of weariness or pain; indeed, I am a well man, and wholly through the influence of H. H. Warner & Co.'s Tippecanoe. I consider this remedy as taking the highest possible rank in the treatment of all diseases marked by debility, loss of appetite, and all other symptoms of stomach and digestive disorders. It is overwhelmingly superior to the tonics, bitters, and dyspepsia cures of the day, and is certain to be so acknowledged by the public universally. Thousands of people to-day are going to premature graves with these serious diseases, that I have above described, and to all such I would say: "Do not let your good judgment be governed by your prejudices, but give the above-named remedy a fair and patient trial, and I believe you will not only be rewarded by a perfect restoration to health, but you will also be convinced that the medical profession does not possess all the knowledge that is embraced in medical science.."

IN THE FRONT BANK.

Among the stable dividend banks of San Francisco, the Pacific Bank, corner of Pine and Sansome streets, has long held a leading position. The last year's operations place it still more to the front, having been the most successful of its very successful career. It now starts on its nineteenth year with more brilliant prospects than ever before. Its success is the result of judicious and intelligent management, combining enterprise with a rigid adherence to sound business principles. Continuing under the same management, with ample resources and unsurpassed facilities for doing a general banking business, its future is assured.

IN THE INTEREST OF SUFFERING HUMANITY

We call attention to a new Vitalizing Treatment which is taken by simple inhalation, and which acts directly upon the weakened nerve-centers and vital organs, restoring them to their normal activity. Its operations are all in the line of physiological laws and forces, and it cures by giving to nature her true and healthy control in the human organism. Thousands of the most wonderful cures have been made during the last thirteen years. If you are in need of such a treatment, write to Drs. Starkey & Palen, 1109 Girard street, Philadelphia, to send you such documents and reports of cases as will enable you to judge for yourself as to its efficacy in your own case.

All orders for the Compound Oxygen Home Treatment directed to H. E. Mathews, 606 Montgomery street, San Francisco, will be filled on the same terms as if sent directly to us in Philadelphia.

Their prosperity has killed six members of the present Congress.

The People's Remedy for Biliousness, Constipation, Piles, Sick Headache, Jaundice, etc., is Allen's Bilious Physic, a purely vegetable liquid remedy; large bottle, 25 cents. At all druggists. Redington, Woodford & Co., Agents,

The fact that good health, strong muscles and strong nerves are attainable, should encourage every invalid to an earnest endeavor in the right direction. Remember all disease owes its origin more or less to a lack of iron in the blood. Iron in the blood means health, strength and vigor. Analyze the blood of an invalid and little or no iron will be found. Healthy men's blood is full of iron. The best method of supplying this lack of iron is by using Brown's Iron Bitters, a sure cure for dyspepsia, general debility, weakness and all wasting diseases.

We heard a prominent physician say a few days ago that he thought it was the duty of the proprietor of Ammen's Cough Syrup to give the formula to the medical faculty, so they could prescribe and use it without violating the rules of the profession, for, said he, "so many of my patients praise it to the skies, and cases have come under my observation where it has been remarkably beneficial, that I know it must indeed be a wonderful discovery in medical science." This medicine is for sale by respectable druggists and dealers in medicine everywhere.

"MOTHER SWAN'S WORM SYRUP," for feverishness, restlessness, worms, constipation, tasteless. 25 cents.

TWENTY-FOUR HOURS TO LIVE.

From John Kuhn, Lafayette, Ind., who announces that he is now in "perfect health," we have the following: "One year ago I was, to all appearance, in the last stages of Consumption. Our best physicians gave my case up. I finally got so low that our doctor said I could only live twenty-four hours. My friends then purchased a bottle of DR. WM. HALL'S BALSAM FOR THE LUNGS, which considerably benefited me. I continued until I took nine bottles, and I am now in perfect health."

Dr. T. A. Smurr, Ottawa, Ill., says: "Brown's Iron Bitters give entire satisfaction."

"ROUGH ON COUGHS." 15c., 25c., 50c., at Druggists. Complete cure Coughs, Hoarseness, Sore Throat.

TUTT'S PILLS

TORPID BOWELS, DISORDERED LIVER, and MALARIA.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: **Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, A feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION,** and demand the use of a remedy that acts directly on the Liver. As a Liver medicine **TUTT'S PILLS** have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "**scavengers of the system,**" producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. **TUTT'S PILLS** cause no nausea or griping nor interfere with daily work and are a perfect

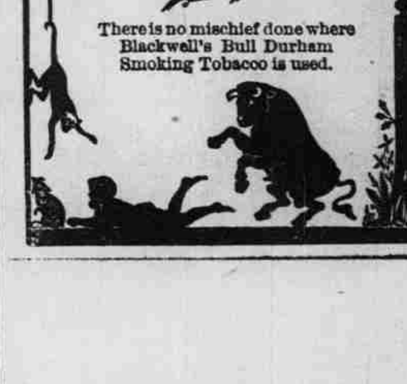
The best evidence in the world of the purity and excellence of Blackwell's Bull Durham Smoking Tobacco is found in the fact that the fame of this tobacco increases from year to year. This could not be the case if it were merely "gotten up to sell," or had any dubious or dangerous ingredients in it. Among millions of users of all nationalities, surely some one would find out if it were impure, injurious or unpalatable. For 18 years this tobacco has been acknowledged to be the *best in the world*, and every year the Bull Durham brand grows more popular, the demand for it wider, and smokers more enthusiastic over its delicious natural flavor. Ask your dealer for it. Get the genuine—trademark of the Bull.



There is no mischief done where Blackwell's Bull Durham Smoking Tobacco is used.

THIS BELT or Regenerator is made expressly for the cure of derangements of the generative organs. There is no mistake about this instrument, the continuous stream of ELECTRICITY permeating through the parts must restore them to healthy action. Do not confound this with Electric Belts advertised to cure all ills from head to toe. It is for the ONE specific purpose. For circulars giving full information, address Cheever Electric Belt Co., 103 Washington St., Chicago, Ill.

The want of a reliable diuretic which, while acting as a stimulant of the kidneys, neither excites nor irritates them, was long since supplied by Hostetter's Stomach Bitters. This fine medicine exerts the requisite degree of stimulation upon these organs without producing irritation, and is, therefore, far better adapted for the purpose than unmedicated excitants often resorted to. Dyspepsia, fever and ague, and kindred diseases, are all cured by it. For sale by all Druggists and Dealers generally.
