The St. Louis, Mo., Post-Dispatch says: A most remarkable case has just come to the notice of a reporter of this paper, who having been informed of the wonderful cure of Mrs. Phoebe Rice, 1208 Madison street, a sister of Hon. H. Clay Sexton, Chief of the St. Louis Fire Department, visited that lady at her residence. Mrs. Rice made her statement without the least reluctance and said that for the past seven years, she had been a sufferer from acute, nflammatory rheumatism, which had affected the muscles of the hands, contracting them so badly she could not comb her hair, hold a needle or pick up a pin, and rendered the lower limbs so helpless she required crutches to move about. During ten months she was obliged to carry the right hand in a sling. Physicians were called in, but gave her only temporary re-lief. Some time ago one of her children was afflicted with a contraction of the muscles of the lower jaw, which turned her mouth to one side; a few applications gan to look hopefully towards it for her own cure. A single application, she said, made her a firm believer in its virtues, as the effect was instantaneous and she was greatly benefited. The continued use of it brought her to the happy state in which the reporter saw her, with the free use of her limbs and in perfect health, cured. She was very enthusiastic in her com-mendations of the pain-relieving and cursas, and have commenced a series of investigations and experiments to satisfy themselves as to the nature and cause of said disease.

CAUTION.

Swift's Specific is entirely a vegetable preparation, and should not be confounded with the various substitutes, imitations, non-secret humbugs, "Succus Alterans, etc., etc., whick are now being manufactured by various persons. None of these contain a single article which enters into the composition of S. S. There is only one Swift's Specific and there is nothing in the world like it. To prevent disaster and disappointment, be sure to get the genuine. Swift's Specific is a complete antidote to Blood Taint, Blood Poison, Malarial Poison, and Skin Humor. J. Dickson Smirh, M. D., Atlanta, Ga. I have had remarkable success with Swift's Specific in the treatment of Blood and Skin Diseases, and in Fe-male Diseases. I took it myself for Carbuncles with happy effect. D. O. C. Heery, M. D., Atlants, Ga.

I used Swift's Specific on my little daughter, who was afflicted with some Blood Poison which had resisted all sorts of treatment. The Specific relieved her permanently, and I shall use it in my practice.
