Hon. L. F. Mosher arrived in Cincinnati one week after his departure from here. This was a quick trip. His old boyhood friends received him most handsomely. He reported at Washington on the 2d instant, and after a month's labor at West Point will return to Roseburg. We will heartily greet him.

Joseph Miller is authority for the statement that the negro will steal in order to gratify his generous impulses to bestow food, clothing and cheap jewelry upon his friends, but that no case of defalcation has been known among the colored people who hold positions of trust in the banks and government departments at Washington. Indeed, a negro defaulter is an unknown quantity throughout the United States.

Born, in Hop valley in this county, on the morning of June 2, 1884, to the wife of Geo. W. Cannon, three daughters; weight, 4 1/2 and 7 pounds. Mother and girls doing well and George is the happiest man on Thief creek. We doubt not but when the returns are all in, that precinct has gone for the amendment.

A paper is being numerously signed in San Benito county, pledging the subscribers not to vote for any man for a county officer who patronizes or frequents saucers, or who will use saloon influence to secure his election. The Free Lance thinks if the signers stand up to their pledge, there will be a light victory in the county this fall.

June first the bill was passed in the house of representatives restoring the law of 1877 in the matter of appeals from circuit courts to the United States Supreme court in habeas corpus cases. This law was repealed a few years ago while the McArde case from Mississippi was pending before the supreme court.

The State Election.

The State has gone Republican beyond any doubt. The corruptionists have the joint legislature by a small majority. Hermann is elected by over two thousand majority. It is close between Thayer and Flinn, Thayer probably elected. The constitutional amendment is snowed under so deep that it will not be heard of soon again. J. W. Hamilton is elected prosecuting attorney by a large majority.

Chicago Angels. Chicago must be an awfully pious place. A stranger happened to die there in 1867. He was one of the faithful and made application to Saint Peter for entrance through the Golden Gate. Saint Peter asked where he was from.

"Chicago," said the would-be angel. "Chicago," said Saint Peter: "Chicago! Never had an applicant from there before; guess you can't enter?"

If some saintly delegate to the convention should die while in that city, how sad it would be for him to be turned away! There is one consolation, however, there will be very few saints sent to that convention.

SLIGHT MISAPPREHENSION. — One Sunday recently one of the pastors of the little village of Pownal was walking to church, when he saw a man with his coat off digging in his garden. The good man beheld with grief and astonishment, and coming up to the fence, began to recite in a solemn voice: "Remember the Sabbath day to keep it holy. Six days shalt thou labor and do all thy work."

"Se here," said the man in the garden, looking up, "be you talking to me?"

"Yes, your poor man, I am."

"Wal, you needn't worry about me, then. I ain't goin' to do any work; I'm only diggin' w'om's to go afishin' with."

ALL THE RAGE. — To captivate the popular taste and surpass all previous efforts to please the palate, requires no small amount of knowledge and no little skill, and when we remember that the very agreeable liquid fruit remedy, Syrup of Figs, is as beneficial to the system as it is acceptable to the stomach, we readily understand why it is the universal favorite as a cure for habitual constipation and other ills arising from a weakness, or inactive condition of the bowels, kidneys, liver and stomach. Sample bottles free and large bottles for sale by S. Hamilton, Roseburg, and Page & Dimmick, Oakland.

Obituary Notice.

It is with regret we have to chronicle the death of Mrs. Laura A. Mathews, daughter of G. J. and E. J. Chapman, aged 26 years, five months and some days, which occurred on Monday evening, May 19, 1884, at her mother's house, near Mt. Scott.

Mrs. Mathews was a noble, kind, good woman, dutiful wife, affectionate mother, and loved by all who could comprehend the gentleness of her character. The insidious enemy, consumption, won the prize that yielded after long and patient suffering. Whilst this visit of death was expected, it has brought sorrow and mourning to many hearts. The fever is over; the stream of life has been compassed and a pure spirit rests with its Maker.

"Sister, thou art gone to rest; We will not weep for thee; For thou art now where oft on earth Thy spirit longed to be.

Sister, thou art gone to rest; This is an early tomb; But God hath summoned thee away; Thy Father called thee home."

The largest bell that was ever cast is the great bell of Moscow, Russia. It was cast in 1654, and weighed 288,000 pounds. In 1733 it was recast, and weighed about 432,000 pounds. It fell in 1735, and was injured, but it was subsequently raised, and now forms the dome of a chapel.

Sara Bernhardt, according to special Paris advices, has made a great hit as Lady Macbeth. The New York Herald's foreign critic, who gets his information direct says that she wore a white jersey, close fitting as a glove, no corsets. This startling piece of realism is followed by the announcement that "as she took her seat at the banqueting table, dressed in her white jersey and mantle; and with twelve Highlanders in white cloaks seated at her right and left, the table was for a moment suggestive of the last supper.

It is a singular fact that we are indebted to Pompeii for the great industry of canning fruit. When the excavations were just begun, a party of Cincinnatians found, in what had been the pantry of a house, jars of figs. One was opened, and they were found to be fresh and good. Investigation showed that the figs had been put into the jars in a heated state, an aperture left for the steam to escape, and then sealed with wax. The hint was taken, and the next year the canning of fruit was introduced in the United States, the process being identical with that in vogue in Pompeii twenty centuries ago.

The race evidently is not progressing, judging from the following extract from the Scott's Magazine for March, 1755: There was lately presented to the Empress of Russia a laboring man who has had two wives, the first of whom brought him four times, four children at a birth, seven times three, and ten times two. The second wife has lain in seven times; the first time she brought forth three children, and the other six times two. The whole number of children by the two wives amounts to seventy-two.

We willingly congratulate the Republicans upon the general principle of consistency. That party knows that it cannot look to white votes for success and therefore at its national convention at Chicago elected Lynch of Mississippi, temporary chairman. This distinguished person is a mulatto of good ability. We had hoped that the great Republican party would elect a square out and out Congo negro or a Chinaman, but it always conceals its meaning and has deferred this action until another occasion.

Jacob Brown, a step-son of Wm. Manning, died at his parents' residence in Canyonville on Tuesday morning, the 3d instant. The deceased was a young man 21 years of age. "Quoth the shadow: 'For the benefit o' suffering humanity I will state that the Eldorado spring is situated three miles west from Roseburg, and a supply of the water is kept constantly on hand and for sale by Dr. S. Hamilton, agent, Roseburg, Oregon.'"
