Crush at a Circus.

The St. Louis Globe-Democrat of Friday morning, April 25th, gives a graphic description of Cole's great shows, and in paying the performance the highest tribute of praise it makes special mention of the wonderful crowds in daily attendance upon this truly marvelous entertainment, which is to exhibit in Roseburg on Monday, July 4th.

"It verily seemed that everybody in St. Louis attended the two performances of Cole's great shows at Nineteenth and Pine streets. At the afternoon entertainment the tents were full, while at the night performance the throng of eager applicants for admission was so dense that the ticket wagon had to be closed, as every available inch of space was occupied. The splendid circus programme which Mr. Cole had arranged was carried out entire, with a skill and excellence which won the enthusiastic applause of the multitude. The many novelties which distinguish the Cole shows from others of the same class were a revelation, and while some of the thrilling acts were in progress the great audiences almost held their breath at the unheard of daring of the performers. The various artists had recovered from the nervousness of the first day, and did their parts cleverly and without any failures or accidents."

Two years ago the vote cast for Fen-ton and George in Multnomah county was 6259; this year the number for Hermann and Myers amounts to 8799, 2540 more than two years ago. It is not creditable that the population of Multnomah has increased at so great a rate. Repeating for \$2.50 per vote did the work. The judges of election in most, if not all, the precincts of West Portland did not, as the law requires, finish counting the vote on the night of the day of election, but went to bed, leaving the ballot box in charge of one man. Ample opportunity was then given for ballot box stuffing. The six precincts of Portland where this thing was done, and the voters corrupted, defeated John Myers. It is hinted that the entire vote be thrown out, as illegal, owing.

It is interesting reading to review the efforts of the leading Republican journals and see what attempts are being made by them to show how Blaine can do it without the aid of New York. The different solutions of this problem threaten to rival the noted fifteen puzzle.—[Exchange.]

A RESOLUTION introduced in the Republican national convention binding the delegates to support the nominee of the convention created a war of discussion and was not adopted. The 272 votes that were cast for the candidates opposing Mr. Blaine have full liberty to do all the kicking they desire.

THERE will be some grand racing July 4th, as a great many horses are being trained to enter for the several purses. George Genger has three in training; "Old Baldy" is in the hands of Simmons; George Roberts has a Looking Glass favorite, on the turf and Vincent's Scamperdown colt is also being put in condition for its first race. Numerous other horses will no doubt be on hand and some "dark" horse may capture the prizes.

The San Francisco Call says: Chairman Wise made a very neat point against the Republican ticket when he called the Stockton convention to order. He did not attack Blaine's Ohio record, but reminded the convention that bills must be passed before they can be signed, and that Mr. Blaine as President was not likely to make a fight against his party. He also reminded the convention that Senator Logan was on the record as opposing such anti-Chinese legislation as has been enacted. These are good points to urge, and if the Democrats are wise may be turned to advantage during the campaign.

O. H. Hull, agent for J. Lusk & Son's nurseries of Oakland, California, is now traveling in this county in the interests of the firm. Lusk & Son sold a large number of fruit trees in this portion of the State last season, the majority of which are growing and doing well, and give universal satisfaction. Mr. Hull desires to call special attention to Kelsey's Japan plum, Kieffer's Hubbard pear and Kanady's cling peach, both as to the size and excellence of the fruit and their adaptability to the climate and soil of this section.

"The Ten White Men and Two Negroes who Defrauded the American People out of their Choice for President in 1876," is a picture 20 x 28 inches, just issued by the Advance Publishing Co., Nos. 5 and 7 Murray street, New York, N. Y. It makes honest men thrive and the fraud conspirators writhe. Price, 30 cents a copy, prepaid to any address. Twelve copies to one address, prepaid, three dollars.

CERTAINLY A GREAT SHOW.

Another Grandful Tribute Paid to W. W. Cole's Hugo Circus.

The highest tribute that can be paid to any public enterprise is to say that it deserves public patronage and is free from all unsavory surroundings and W. W. Cole's great shows have the reputation of being clean, pure and well conducted, as attests the following extract from the Lawrence Journal of May 4th. It says: "Yesterday Cole's mammoth show exhibited in our city as previously announced. The street procession was all that could be asked, and fully up in every particular to what had been promised. On entering the show tent one was struck with the bright and new aspect of everything. Mr. Cole's attendants were gentlemanly and extended every courtesy possible, a most acceptable change from the surly, crossgrained people so often met at similar places. The menagerie contained many rare animals, some never before seen in this city. An hour was given before and after the entertainment for inspecting them. The circus proper presented many very entertaining features. The trapeze performance especially was vociferously applauded several times, and the many other attractions were greatly enjoyed. Mr. Cole certainly has a great show, and he has the good fortune to have a first-class management in all respects. He will be welcomed back should he return to our city again. Cole will exhibit in Roseburg on July 4.

From Canyonville.

Weather lovely and crops good. Farmers busy with hay harvest. Business at the "barn store" rushing. The firm of Quinne, Cornut and Cornelson have failed.

Two Lous we are, one Lou we will be, if you will consent to, — The singing school taught by Johnny Fullerton is progressing nicely. The Canyonville band is improving. Lookout for the broom brigade.

D. A. Levens has been making some permanent improvements about his residence.

The general health is distressingly good. So say the Drs.

Cole and the Arabs.

W. W. Cole's monster shows—circus and menagerie—which are to exhibit in this city on Friday, July 4th, are exceptionally interesting in that they present a perfect wilderness of rare animals, acts and features. Among the foreign novelties to be presented is a troupe of genuine Bedouin Arabs whose performances are marvels of athletic excellence. A "human fly" or a lady ceiling walker is another new addition. At least \$300,000 has been expended during the winter in obtaining new features and re-fitting this great show. Nearly every race of people, civilized and uncivilized, will be represented. As many as fourteen bareback running horses will be seen in the ring at one time. An elephants that reads, wrestling camels, and a white hippopotamus are among the many animal curiosities, while Samson, the mastodon elephant, will tower above anything yet born of brutes. Owing to the extraordinary magnitude of this enormous show, performances will be given in the menagerie tents as well as the several rings.

State Teachers' Association.

The State Teachers' Association will convene in Salem, Monday evening, June 30, and continue in session July 1, 2 and 3.

All teachers and friends of education are cordially invited to attend and aid in promoting and developing the educational work in our State.

An excellent programme is being prepared and will be published at an early day. Prominent teachers and lecturers from our colleges and leading public schools will be present and take part in the exercises of the Association. Every effort will be made to make each session eminently interesting and successful.

The several lines of travel will make the usual reduction to all persons attending the Association. The leading hotels will make a liberal reduction. The session will be held in the Capitol Building.

E. B. McELROY, Supt. of Public Instruction.

Father Booth who has been sick for some time, is now convalescing and will soon be, it is hoped, in his usual health.

Hon. Heister Clymer, the great Democratic orator of Pennsylvania is dead. He died at his home in Redding on the 12 inst. He served in Congress from 1872 till 1876, and took a prominent part in the exposure of Belknap in 1874. The associated press claims that he committed suicide by taking poison.

Mr. E. A. Woods has sold to G. W. Woodward his stock of saddlery and closed his shop at this place. We are sorry to learn that Mr. Woods proposes selling his property and removing to some other part of the country. He has made a host of friends while living here and we are loath to part with so good a citizen.

R. A. Booth, merchant of Yoncalla, was with us this week. He is in good spirits and feels flattered with the prospects of a brisk trade that will result from the bountiful harvest with which this part of Oregon is promised.

There is a suspicion that Mr. Blaine's plume is only a lock of hair standing up through a hole in his hat.

ESTERLY Twice-Binding Harvester.

Newest and most complete harvester on the market, with all the modern improvements. The binding apparatus is so simplified that seven parts do the complete work of the forty-seven pieces used in all other binders. The sickle rim has pinion gearing and does away with the chain, making it lighter and more durable. The main drive wheel is made of the best hickory, with heavy wrought-iron tire, welded and shrunk on. The raising and lowering apparatus is so arranged that it is raised and lowered on a level, so that grain can be cut within two inches of the ground, or at any height desired. The upper draper is arranged on springs, so as to carry the thinnest or thickest grain without choking. It binds the sheaves any uniform size desired. It is so simplified that it can be worked by a boy. For sale by Bowen Brothers, at their shop on Main street, in Roseburg. Call and examine this machine before purchasing elsewhere.

Mr. Geo. W. Jones, Dear Sir: I have been troubled with neuralgic pains in my head and cheek bones, for several years, and had give up all hopes of ever getting cured. I went to your medical springs with my son James and got some of your ELDORADO mineral water and drank it freely and found that it was a mild, pleasant, and healthful beverage. I used it one-half dozen bottles, taking right before every meal, one small glass full. I not only was relieved, but I am certainly cured by what I used, and thank you for it, because I suffered more than I can express. I would advise any one suffering from this disease to try your Mineral Water. Should you have any occasion to use this statement do so. You are at liberty on my account. I think this is the least I can do for you, as I was cured by it. Respectfully yours, JULIAN JOSEPH.

ROSEBURG, Dec. 2, 1883. I was induced to try Eldorado Water and was not only surprised but highly gratified with the results. I have for many years been a sufferer from dyspepsia and have tried every kind of medical preparation to pharmacy and without result. The contrary was my experience from the use of your mineral water. Taken according to directions it produced immediate relief and in a short time, if continued, would secure permanent cure. To any who will avoid irritating stimulants, I am satisfied it will prove of valuable comfort and benefit. As a general regulator I found it most excellent. DALLAS, Dec. 2, 1883.

From Mr. M. W. Parsons, last August, I received one bottle of the Jones Eldorado spring water from Dr. Hamilton of Roseburg. Used half a bottle for catarrh and was fully recovered. It cured me of that disease, as I have not been troubled with the complaint since. D. T. SEARS.

I have also used the Eldorado spring water from Jones' spring, Douglas county, Oregon, and am fully satisfied with the result, as I was bothered with catarrh. W. C. BROWN, merchant.

Eldorado Mineral Water.

CHEMICAL ANALYSIS. CHEMICAL LABORATORY, ASSAY OFFICE, BULLION ROOMS AND ONE ROOM, 524 Sacramento street, SAN FRANCISCO, NOV. 23, 1883. Messrs. Hollbrook, Merrill and Siltou. THOMAS PRICE.

Eldorado. Gaily bedight, a gallant knight, In sunshine and in shadow, Had journeyed long, singing a song, In search of Eldorado.

But he grew old, this knight so bold, And o'er his heart a shadow Fell as he found no spot of ground That looked like Eldorado.

And as his strength failed him at length He met a pilgrim shadow, "Shadow," said he, "where can it be, This spring of Eldorado?"

Quoth the shadow: "For the benefit of suffering humanity I will state that the Eldorado spring is situated three miles west from Roseburg, and a supply of the water is kept constantly on hand and for sale by Dr. S. Hamilton, agent, Roseburg, Oregon."
