RECEIPTS—Wheat, 9,500 ctls.; flour, 12,000 qr. sks.; oats, 1,700 ctls.; potatoes, 1,500 sks.; eggs, 10,500 doz.

FLOUR—San Francisco extra, best, at $5.00@5.30; medium, $3.50@4.50; shipping superfine, $3.00@4.25.

WHEAT—Trading was quite light. Shippers paid but little attention to offerings, showing no disposition to buy, although admitting their willingness to give $1.45 ℔ ctl for good shipping grades, and this figure is about the full limit of exporters. Parcels that can be classed as of milling quality bring higher prices. Altogether, some 700 tons sold as follows:

Buyer 1884—200 tons, $1.53¼.

Seller 1884—100 tons, $1.41¼, 200, $1.41 ℔ ctl.

Closing prices were:

| No. 1 white— | Bid. | Asked. |
|---|---|---|
| Buyer season | $1 56½ | $1 64 |
| Seller season | 1 44¾ | 1 41¾ |
| Buyer 1884 | 1 52½ | ..... |
| Seller 1884 | 1 40½ | 1 40¾ |

BAGS AND BAGGING—There appears to be a good demand for wheat bags. We quote Calcutta, 22x26, standard quality, at 7½@7⅝c for spot or June delivery. Wool bags are nominal at 36@39c; potato gunnies 14@14½c apiece.

BARLEY—Although there is no very general or pronounced demand, the feel- is a shade stronger than at the close of last week. Offerings are comparatively free, but there is no pressure to sell, while holders are quite firm in asking rates. Some fairly good feed, rather light, sold by sample at 82½c, but for anything choice 85c ℔ ctl was the ruling figure. For a parcel of good No. 2 quality, an offer offer of 77½c ℔ ctl was refused. In brewing the movement is moderately steady, and fair transactions are daily occurring within a range of 90@97½c ℔ ctl, according to quality. Sales last week were as follows:

Buyer season—200 tons, 97½c.

Seller season—100 tons, 85½c.

## A TRAGIC EVENT.

### A Father's Despair and Self-Inflicted Death—His Son's Final Rescue—Too Late to Save His Parent.

The graphic occurrence that is described below is one of the most remarkable episodes in the domestic history of America. It is absolute truth which can readily be verified.

The inhabitants of the pleasant town of Cortland, N. Y., were shocked one morning by the announcement that Mr. Clinton Rindge, one of their most prominent citizens, had committed suicide. The news spread rapidly and roused the entire neighborhood where Mr. Rindge was so well and favorably known. At first it seemed impossible that any one so quiet and domestic could do so rash a deed, and the inquiry was heard on every side as to the cause. The facts as developed on investigation proved to be as follows:

Mr. Rindge was domestic in his tastes and took the greatest enjoyment in the society of his children and pride in their development. And indeed he had good reason to be proud for they gave promise of long lives of success and usefulness. But an evil day came. His youngest son, William, began to show signs of an early decay. He felt unusually tired each day, and would sometimes sleep the entire afternoon if permitted to do so. His head pained him, not acutely, but with a dull, heavy feeling. There was a sinking sensation at the pit of his stomach. He lost all relish for food and much of his interest for things about him. He tried manfully to overcome these feelings, but they seemed stronger than his will. He began to lose flesh rapidly. The father became alarmed and consulted physicians as to the cause of his son's illness, but they were unable to explain. Finally severe sores broke out on his arms and he was taken to Buffalo where a painful operation was performed resulting in the loss of much blood but affording little relief. The young man returned home and a council of physicians was called. After an exhaustive examination they declared there was no hope of final recovery and that he must die within a very few days. To describe the agony which this announcement caused the father would be impossible. His mind failed to grasp its full meaning at first; then finally seemed to comprehend it, but the load was too great. In an agony of frenzy he seized a knife and took his own life, preferring death rather than to survive his idolized son. At that time William Rindge was too weak to know what was transpiring. His face had turned black, his breath ceased entirely at times, and his friends waited for his death believing that the fiend Bright's disease of the kidneys, from which he was suffering, could not be removed. In this supreme moment William's sister came forward and declared she would make a final attempt to save her brother. The doctors interposed, assuring her it was useless and that she would only hasten the end by the means she proposed to employ. But she was firm and putting all back, approached her brother's side and administered a remedy which she fortunately had on hand. Within an hour he seemed more easy, and before the day was over he showed signs of decided improvement. These favorable signs continued, and to-day William B. Rindge is well, having been virtually raised from the dead through the marvelous power of Warner's Safe Cure, as can be readily verified by any citizen of Cortland.

Any one who reflects upon the facts above described must have a feeling of sadness. The father dead by his own hand, supposing his son's recovery to be impossible; the son restored to health to mourn the loss of his father and the agonized relatives with a memory of sadness to forever darken their lives. Had Clinton Rindge known that his son could recover he would to-day be alive and happy, but the facts which turned his brain and caused him to commit suicide were such as any one would accept as true.

However sad this case may be, the truth remains that thousands of people are at this moment in as great actual peril as William Rindge and in as great danger of causing misery if not death to their friends. Liver and kidney diseases are become the most common and most dangerous of any or all modern complaints, They are the most deceptive in their beginnings and horrible in their final stages. They are far more deceptive than Consumption, and can rarely be detected even by skillful physicians unless a microscopic analysis be restored to, and few doctors understand how to do this. Their slightest approach or possibility of approach should strike terror to the one who is threatened as well as to all his or her friends. These diseases have no distinct symptoms, but come in the form of lassitude, loss of appetite, aching muscles and joints, dull headaches, pains in the back, stomach and chest, sour stomach, recurring signs of cold, irregular pulsations of the heart, and frequent dizziness. If neglected, these symptoms are certain to run into chronic kidney and liver or Bright's disease, from which there is sure to be a great amount of agony and only one means of escape, which is by the use of Warner's Safe Cure. The importance of taking this great remedy upon the slightest appearance of any of the above symptoms cannot be too strongly impressed upon the minds of all readers who desire to escape death and pain and prolong life with all its pleasures and blessings.

Sufferers from General Debility, Loss of Appetite, Indigestion, Dyspepsia and all disorders of the stomach will find that Dr. Henley's Celebrated Oregon Wild Grape Root I. X. L. Bitters will set them right in every particular.

## A WONDERFUL HOUSE.

THE RED HOUSE (Trade Union) of Sacramento, Cal., appears in this issue of our paper. Established in 1872, this was the first house to set up *"strictly one price,"* and the first to mark all goods in plain figures. They have the largest Country Order Department in the State of California and employ an immense number of expert salesmen. Their stores cover over 13,000 square feet of floor room, with nearly two miles of shelving. From a small beginning this establishment has become one of the largest retail concerns on the coast and has won the confidence of the people by fair dealing. They carry a large stock of general merchandise, including nearly every thing that any ordinary person (man, women or child) needs, from a necktie to an overcoat, with boots, gloves and hat; or from a spool of cotton to a silk dress and bonnet. They issue a large and finely illustrated catalogue and price list which is sent free to all who apply for it. This is truly a wonderful house and fully entitled to its well earned reputation.

## A CURE OF PNEUMONIA.

Mr. D. H. Barnaby, of Owego, N. Y., says that his daughter was taken with a violent cold which terminated with pneumonia, and all the best physicians gave the case up and said she could live but a few hours at most. She was in this condition when a friend recommended DR. WM. HALL'S BALSAM FOR THE LUNGS, and advised her to try it. She accepted it as a last resort, and was surprised to find that it produced a marked change for the better, and by persevering a permanent cure was effected.

"MOTHER SWAN'S WORM SYRUP," for feverishness, restlessness, worms, constipation, tasteless. 25 cents.

The Emperor Louis Napoleon smoked only the finest cigars the world could produce. Prof. Horsford says the Emperor's cigars were made specially for him in Havana from leaf tobacco grown in the Golden Belt of North Carolina, this being the finest leaf grown. Blackwell's Bull Durham Smoking Tobacco is made from the same leaf used in the Emperor's cigars, is absolutely pure and is unquestionably the best tobacco ever offered.

Thackeray's gifted daughter, Anne, in her sketch of Alfred Tennyson, in *Harper's Monthly*, tells of her visit to the great poet. She found him smoking Blackwell's Bull Durham Tobacco, sent him by Hon. James Russell Lowell, American Minister to the Court of St. James.

In these days of adulteration, it is a comfort to smokers to *know* that the Bull Durham brand is absolutely pure, and made from the best tobacco the world produces.

Blackwell's Bull Durham Smoking Tobacco is the *best* and purest made. All dealers have it. None genuine without the trade-mark of the Bull.

Swift's Specific is entirely a vegetable preparation, and should not be confounded with the various substitutes, imitations, non-secret humbugs, "Succus Alterans, etc., etc., which are now being manufactured by various persons. None of these contain a single article which enters into the composition of S. S. S. There is only one Swift's Specific and there is nothing in the world like it. To prevent disaster and disappointment, be sure to get the genuine.

Swift's Specific is a complete antidote to Blood Taint, Blood Poison, Malarial Poison, and Skin Humor.
J. DICKSON SMITH, M. D., Atlanta, Ga.

I have had remarkable success with Swift's Specific in the treatment of Blood and Skin Diseases, and in Female Diseases. I took it myself for Carbuncles with happy effect. D. O. C. HEERY, M. D., Atlanta, Ga.

I used Swift's Specific on my little daughter, who was afflicted with some Blood Poison which had resisted all sorts of treatment. The Specific relieved her permanently, and I shall use it in my practice.
