

A \$15,000 club house is being erected in Victoria, B. C. Cholera has appeared in Toulon and Marseilles, France. Constantinople has quarantined against vessels from Toulon. Coronation Day, June 28th, was observed in fine style in Victoria. French authorities has been established over Cambodia in Asia. It is reported that the plague has appeared on the Persian frontier. The authorities at Alexandria, Egypt, will quarantine French vessels. The Bible belonging to Milton has been bought by the British Museum. It is reported that the Federal Bank of Toronto, Can., will soon suspend. Business at Marseilles is at a standstill on account of cholera there and at Toulon. Mrs. Langtry will visit Victoria provided a subscription of \$1,000 is secured for her. In the German reichstag last week the treaty with Corea passed its second reading. At a farewell meeting to Moody, at London recently, fully 4,000 converts were present. Bismarck says that the relations of Germany with France are in no danger of a rupture. France at present has a greater number of eminent sculptors than she ever before possessed. Austria is preparing quarantine against vessels arriving from western Mediterranean ports. Freight is now carried from Victoria through to Lyttan via the Canadian Pacific railway. Parnell is preparing for immediate elections in Ireland, in case of the dissolution of parliament. Cholera is said to have broken out at Yang-Tsun, China, a town between Tientsin and Peking. The reports of the fall of Berber on May 26th have been officially confirmed by the authorities at Cairo. Clara Louise Kellogg has had three offers to go into English opera, and one for Italian opera next season. The British Bank of North America, at Quebec, in view of reported counterfeiting, has issued new \$5 bills. A Paris cablegram says: DeLesseps declares all rumors of the failure of the Panama excavation works are false. Henry Gillig, gave a banquet at London recently in honor of A. A. Sargent, ex-United States minister to Berlin. The London policemen, it is reported, have had their revolvers restored to them in view of the recent lamping. The Victoria board of licensing commission have decided to license for the city nine hotels, six saloons and eight shops. The American consul at Marseilles has been ordered by the United States to tell the progress of the cholera epidemic. Roads and mountain passes in France are being narrowly guarded to prevent the passage of persons infected with cholera. The chateau at Marseilles, France, formerly belonging to the Empress Eugenie, is being prepared for the accommodation of 500 cholera patients. Lieutenant Schwatka has received the grand medal of the Imperial Geographical Society of St. Petersburg for explorations in Alaska and the Arctic. There was not a single bid for Lord Queensberry's estates in Dumfriesshire when they were put up for auction at Edinburgh the other week. A committee has been organized in London to dedicate a memorial window in Westminster Abbey to Dr. Charles William Siemens, the electrician. It is said on Spanish authority that of the fifteen men who landed in Cuba with Augusto he lost all but one, with whom he is now hiding in the swamps. The steamer Faraday passed Lizard last week. After laying the shore end of the Bennett-Mackay cable to Waterville, she goes to Cork to coal, and will complete the cable. The Philadelphia cricketers were the game with the gentlemen of Leicester, England, the latter scoring 152 in two innings to 290 by the Philadelphia in one inning. In the German reichstag, the Windthorst bill, abolishing the expulsion and imprisonment of the clergy for exercising functions without civil authority, was passed. The Spanish cabinet recently, King Alfonso presiding, decided that the officers found guilty of desertion at Santa Coloma de Farnes, April last, be shot immediately. Advances from Eastern Turkistan state that the Chinese government has ordered Russian residents to quit certain stations, and forbidden Chinese to trade with Russians. As the steamer Pavonia, from Boston, was entering the dock at Liverpool last week, her cylinder burst. The engineer was killed, and many others were seriously wounded. Nineteen of the Riverhead prisoners, charged with the murder of five Orangemen on St. Stephen's day, were all acquitted at St. John's, N. B., last week, amid intense excitement. Most of the arrivals of immigrants to Victoria are from the United States and Canada, though England and Scotland have sent a good many. Many of them are laborers with families. The American legation at Constantinople announces that the treaty of commerce between America and Turkey, which expired American imports will be subject to a duty of 8 per cent ad valorem. Ha-Noi advices of the 28th ult. state that the fighting near Langson, between the Chinese garrison and the French forces, continued two days. Ten Frenchmen were killed and thirty-three wounded. General Meneffel has arrived in Cairo. He goes immediately to Assouin. The rebels are massing near Abou Hamid. There was increased firing at Suakem last week. The conduct of the Egyptian troops is good. A dispatch from General Millot to the French government from Ha-Noi last week states that the detachment ordered to proceed to Langson, is in safety at Bakie. The French troops are displaying great courage. It is reported that Admiral Courbett has been instructed to demand a public apology of China, as well as indemnity for violation of the treaty at Langson, and in case China refuses a French fleet will bombard Chinese cities.

San Francisco anticipates a dull Fourth of July. The Senate has passed the Mexican pension bill. Morgan & Sons, New York bankers, have failed. Jay Gould says the Western Union is earning its dividends. W. J. Watson, a heavy oil operator of Pittsburg, Pa., has failed. The obsequies of Bishop Simpson took place in Philadelphia last week. The Yellowstone Hotel, in the National Park, will be opened about the middle of July. Oliver Canfield, a woman murderer of Vincennes, Indiana, was lynched last week. The failure of Stout & Co., of New York, was announced at the stock exchange last week. The people of Alaska are in high pleasure over the news of a government for Alaska. J. W. Burnham, a once wealthy New York merchant, committed suicide recently. Great damage has been caused by the recent breaking of the levees near Stockton, Cal. Five men were severely injured by a falling building at Council Bluffs, Iowa, recently. A large number of Chinamen are arriving in Philadelphia, principally from the Pacific Coast. The natural gas well at the Jefferson works, Pittsburgh, Pa., were lighted Tuesday night. Jesse R. Grant, son of General Grant, and family, are among the recent arrivals in San Francisco. Allen Pinkerton, founder of Pinkerton's Detective Agency, is lying at the point of death in Chicago. Mrs. Isaac M. Singer, first wife of the noted inventor, died in Brooklyn, N. Y., recently of cancer. Fears of further damages to crops throughout California from rain are no longer entertained. Two car loads of Columbia river salmon were condemned in New York last week. Cause bad packing. The Lindell Hotel Association of St. Louis has made an assignment for the benefit of its creditors. The Louisiana State Legislature has passed a bill appropriating \$100,000 for the World's Exposition. A storm in the western part of Pennsylvania killed a number of persons and greatly injured grain. Overflow water in the vicinity of Tigerville, La., is falling. Some land is uncovered, but too late for crops. The boiler in a planing mill at Wausau, Wis., exploded last week, killing four persons and wounding several. Including real estate investments of \$15,000, Langtry has \$120,000 in loans on the coast, and \$1,500,000 in real estate. The Senate committee on finance has postponed further consideration of the trade dollar bill until next December. The House committee on public lands has agreed to report favorably on the bill to give the Southern Pacific Railroad land grant. Among the important measures passed by the House recently were bills repealing the Emption and amending the homestead laws. A Tigerville, La., vigilante, on bayou Black, was demolished by a cyclone. No other damage is reported. From reports received by the Chicago Farmers' Review as to the wheat prospects there is a promise of full average crops, but not an enormous yield. The steamer Idaho landed four government explorers at Copper River, Alaska, on the last trip there, the object being to explore the surrounding country and map it out. Because of the new story recently added to Cooper Institute, in New York, the foundations of the entire structure are to be strengthened. The work is very serious and difficult. Frank R. Carmen, a clerk, 30 years old, committed suicide last week by jumping from the Oakland (Cal.) ferry. Drink and remorse at his wife leaving him are believed to be the causes. Judge Toohy, of the Criminal Court of San Francisco, recently sentenced Joseph Randall, one of the eastern safe-crackers convicted of burglary in the first degree, to fifteen years San Quentin. Runkin, the Chinese mandarin who was not permitted to land at New York from the steamship Newport from Havana, has made his escape from the customs officers in a hired motor boat. Joseph Calamero attempted to dive from a high bridge in New York a day or two ago and was killed. His body was not recovered. Very few witnesses the leap, and his death is supposed to be on the bridge at the time. Dr. John E. Valleeflon, of the Royal College of Surgeons, London, attached to the medical health institute in San Francisco, is reported missing. Foul play is suspected. He is said to be the heir to an immense fortune in England. Andrew Long, a wife murderer, was taken from jail at Iowa, Mich., recently, and conveyed to Utah, for preliminary examination. There a mob made an ineffectual attempt to lynch him. The Governor has ordered troops to the scene. The will of Mrs. Eliza Cody, who died recently in Philadelphia, leaving an estate valued at \$150,000, has been admitted to probate. She leaves \$100,000 to Catholic charities, including \$30,000 to the St. Thomas Theological Seminary, near Louisville. A contest is going on in the San Francisco school board over the matter of furnishing text books, and it is openly argued that certain directors have been "influenced" to aid the scheme of a publishing house, which has applied for a four years' contract to supply all the books required for the schools. Emigration to California from Europe and the East is smaller than for years past. A railroad official said recently that the Northern Pacific was carrying more people into the Northwest than the Central Pacific and Southern Pacific together were bringing to California. A portion of a tunnel on the Panhandle Road, west line, near Steubenville, Ohio, which was nearly completed, caved in recently, burying eight men and one boy. Four of the party are thought to be seriously injured, and the others badly, but not seriously hurt. The men were mostly Italians. A disastrous fire broke out last week in McCracken & Brewster's furniture store, on Royal street, between Customhouse and Bienville, New Orleans. The building and contents were destroyed. The fire spread to adjoining buildings, causing a loss variously estimated at from \$300,000 to \$400,000, well insured. While the cold water army of children were giving an entertainment at New London, Conn., last week, a temporary pyramid on the stage gave way and seven children fell with it, but none were injured. A lighted kerosene lamp fell at the same time, and a panic ensued, but with no serious results. The derrick on the tower of Grace Church, in New York, used in hoisting stone and building material for the new steeple, fell last week, carrying with it a mass of rigging and timber. The building and contents were destroyed. The fire spread to adjoining buildings, causing a loss variously estimated at from \$300,000 to \$400,000, well insured. While the cold water army of children were giving an entertainment at New London, Conn., last week, a temporary pyramid on the stage gave way and seven children fell with it, but none were injured. A lighted kerosene lamp fell at the same time, and a panic ensued, but with no serious results. The derrick on the tower of Grace Church, in New York, used in hoisting stone and building material for the new steeple, fell last week, carrying with it a mass of rigging and timber. The building and contents were destroyed. The fire spread to adjoining buildings, causing a loss variously estimated at from \$300,000 to \$400,000, well insured. While the cold water army of children were giving an entertainment at New London, Conn., last week, a temporary pyramid on the stage gave way and seven children fell with it, but none were injured. A lighted kerosene lamp fell at the same time, and a panic ensued, but with no serious results.
