LOCAL ITEMS.

Politicians are quiet.

Harvest is in full blast.

News from the East fails to console our Republican friends.

P. O. Applegate, deputy assessor, was in town Wednesday night.

Severance's birdseye view of Roseburg is receiving a ready sale.

Mr. George Saubert, of the Plaindealer, is spending a week in Portland.

Will someone please explain what is meant by Blaine's "foreign policy?"

Many of our citizens are out of town. They have gone to the mountains to hunt and fish.

The city missionary, Rev. E. C. Hamilton, preaches every Sunday evening in Grange Hall.

Logan's letter of acceptance is a novelty of contradiction. The boys who wrote it had different ways of thinking.

To-morrow (Sunday) Rev. Octavius Parker will preach morning and evening at the Episcopal church. Let all attend.

The Republicans, driven to desperation have commenced flinging mud. Look at the Plaindealer, if is too smutty for family reading.

Joseph Knott, the founder of Canyonville, died at San Francisco last Sunday week from the effects of a paralytic stroke, received some time ago.

We had quite a pleasant shower at noon on Monday which laid the dust and made everything fresh; not enough, however, to hurt any of the crops.

Miss Juha A. Barklow, only daughter of Rev. David Barklow, of Myrtle Point, passed through here on her way to the State Insane Asylum, in charge of Marshal Rhodes and her aunt.

Why do not the Republican papers claim that Logan is a great scholar, statesman and philanthropist? Is it because he failed to write a book and wear a turkey feather in his hat, that he is so much the inferior of Blaine?

Empire City is to have a boom. The large, two-story mill is under construction. A steamer owned by the new company is on her way out with the machinery. Parties are already buying up lots which are for sale cheap.

Dr. Steele and lady are staying for a few days among us. The doctor and wife have paid a visit to his former home in Canada, and are now on their way to Coos Bay, their former residence, where the doctor intends to resume his practice.

We learn from a reliable farmer and fruit raiser, who has just returned from Portland, that the market is glutted with green fruit and the price so low that it will not pay the freight. His advice is that it is better to dry green fruit than to ship at this time.

Monday the 21st, a son of Henry Crow, of Looking Glass, about 13 years of age, was thrown from a horse and trampled upon. He was severely injured in the shoulder and arm, and received a number of bruises. It is to be hoped the little fellow will soon recover.

Jas. A. Sterling, assessor, is at work over the jail, preparing his roll for the year. Persons who have not been assessed and with whom blanks for statements of property have been left will greatly facilitate the business by sending same to him at this place forthwith.

The sporting season is in full blast. A party of our young bloods started out on a hunting and fishing excursion on Monday last, armed with all the latest improved rifles and fishing tackle. They are encamped on the Coos Bay wagon road. We wish them luck.

Prof. White, musical instructor of the Yankee Doodle band, has arrived from Eugene, and the air is kept redolent day and night with the harmonious discords of the young practitioners, who from the amount of energy they display promise at no distant day to rival Ole Bull or Paginini.

Some of Coos County's most enterprising citizens have visited Roseburg within the past week and repaired to the U. S. land office to select timber lands. From the amount of energy displayed in this direction, it would seem that the forests of fir and cedar of our Coast range of mountains are soon to receive a boom.

Marshal Al Langenberg, of the Yankee Doodle band, has received from San Francisco a very fine E flat cornet. Its clarion notes can be heard above the bustle and din of everyday life, while in the cool of the evening when the boys are rustling with the clefs and bars, its melodious strains can be heard far o'er hill and dale.

We understand that grain in the country is rusting quite badly, though not so as to affect the yield. The rust so far has only affected the blade, and not the straw. While this will have no effect on the amount of the crop, yet it will make the labors of the harvest more unpleasant. The dust arising from the rust in cutting or threshing the grain will be very bad, and is hard on the eyes

Mr. Andrews is in town soliciting subscribers for the Daily and Weekly Examiner. From every appearance he has been doing a thriving business along the road. His turnout is very neat and tasty, an indication of the prosperity and success of the Pacific Coast's greatest Democratic journal. Mr. Andrews is himself a first-class rustler. The Examiner during the forthcoming campaign will be anxiously looked for, as it is a great paper.

J. S. Purdom, the retiring sheriff of Douglas county, on the expiration of his term of office disposed of what property he had here and left the county. During the canvass in which he was elected to the office of sheriff over an old and respected citizen (through the influence of the railroad vote) we warned the voters that he was but a carpet bagger who owned nothing in common with our people, and would, if elected, get what money he could out of the office and then leave the county. In this prediction our prophecy has been fulfilled. We now learn from official sources that more than this he has taken the stubs and books of the office with him. There may be nothing wrong in his accounts. His taking away from the county the tax receipt stubs and the books which belong to the office is reprehensible, and should be investigated.

Coroner's Verdict.

The following is the verdict of the coroner's jury in the case of Indian John, who was recently killed at his home near Canyonville, State of Oregon, Douglas county:

At an inquest held at a house known as the Patchen house on Elk Creek in Canyonville precinct, Douglas county, on the 17th day of July, 1884, before Thomas Wilson, a justice of the peace in said county and precinct upon the body of Crazy John, there lying dead, the following jurymen being sworn to inquire into all the circumstances attending the death of the said Crazy John, decided that an unknown person on or near the 14th day of July, in the year 1884, shot him with a pistol or gun, in the right side of the head, below the ear, ball ranging to the left side of the head, above the ear, causing the death of the deceased immediately.

In witness whereof, the jury have to this verdict set their hands the day of the inquest.

S. M. MORGAN, Foreman, G. W. CARTER,
D CONELY, N. B. POOLE,
J. W. TILLER, JAS OVERSTREET.

The written verdict was made, signed, and delivered to me this 17th day of July, 1884.

THOMAS WILSON,
Justice of the Peace.

A SUGGESTION.—While the bridge is in course of construction it would be a good plan for the citizens of Roseburg to have a sidewalk or foot path on the north side of the bridge to accommodate foot passengers. We have heard this suggested by a number of citizens, and have made inquiry and learn that it will cost about eight hundred or one thousand dollars to have this addition to the bridge constructed. This addition may at first seem unnecessary at the present time, but it will soon be absolutely requiried and will cost much more than it would to have it constructed with the bridge at the present time. It is a necessity at the very outset, and would render footmen and teamsters less liable to accidents. If some of our enterprising citizens will take the matter in hand and raise the requisite fund for this purpose arrangements can be made with the county and contractors to have this addition to the structure. It would confer a lasting benefit upon the citizens of East and West Roseburg and save accidents and probably life and property.

SELECT SCHOOL.—I will commence a select school on Monday, July 7th, in the house of Mr. Newcomb, in the southern part of the city of Roseburg. Terms, five dollars per quarter. I solicit the patronage of the public.

MISS F. J. HOWELL.

The Bolters.

It can do the Democracy no good to boast of certain victory or to entertain high hopes of carrying Oregon at this time. As an earnest of how the political battle wages in the East, we append the following list of leading Republican journals who have bolted Blaine and Logan's nominations, and placed the names of Cleveland and Hendricks at the head of their columns:

Fast Time.

At the Chicago Driving Park July 10 there was a special trial for Westmont, the pacer, with Firebrand as running mate, to a wagon. As Campbell drove his remarkable pacer out on the track, it looked as though they meant to show speed, and as they came down the stretch for the word everyone watched the flying horses. After they passed the turn at the clubhouse the whole crowd knew that remarkable time was being made.

The quarter pole was passed in 0:30½ the pacer kept his gait steadily and left the half in 1:00. The three-quarter pole was passed faster than ever before, at 1:30, and still the gait seemed to increase in swiftness. The crowd began to cheer, and just as the team came to the distance stand Westmont broke, coming in under the wire in 2:01¾, the fastest recorded time. Had the crowd repressed its exultation for a second, the time, no doubt, would have been less than two minutes. The attendance was 10,000. Westmont was purchased by J. M. Hill, the theatrical manager for $20,000.

Tombstones for Sale.

I desire to call the attention of all persons desiring to purchase tombstones that I have a select assortment of dressed marble, which I will sell on reasonable terms. Having disposed of the shop lately occupied by my deceased husband, I have stored the entire stock at the Floed warehouse, near the railroad station, where the same may be examined at any time. Persons desiring to purchase can consult me at my residence, west from the depot, or J. C. Fullerton, at the land office in Roseburg, Oregon. In case of purchase the lettering will be done by William Staiger, of Salem.

MRS. R. BLACKENRIDGE.

The Popular Approval.

Of the now famous Syrup of Figs as the most efficacious and agreeable preparation ever offered to the world as a cure for habitual constipation, billiousness, indigestion and kindred ills, has been won by the wise plan pursued by the California Fig Syrup Company. Knowing that any remedy truly beneficial in its effects on the system, and at the same time pleasant to the taste, will meet with a rapid sale, the company, through its agent for Roseburg, S. Hamilton; and Page & Dimmick of Oakland, gives away sample bottles free of charge. Try it and judge for yourself. Large bottles fifty cents or one dollar.

P. J. Schafer and O. H. Hull, agents for J. Lusk & Son's nursery at Oakland, California, have made a successful canvass of this county for the sale of fruit, ornamental trees and shrubbery. They have left for the Willamette to pursue their work. We are pleased to learn that fruit culture is receiving such marked attention from our farmers. In consequence of our adaptability of climate and soil, the fruit crop will at no distant day be one of the chief sources of revenue for this portion of the State.

The ladies of the Episcopal church are preparing to give a musical concert at Marks' hall on the Thursday evening of next week, the proceeds to be used for purchasing material to cover the church anew. The best musical talent of this city, as also some of Oakland's most talented performers have been employed to assist in the matter. The object of the concert is worthy the general support of the city, and it is hoped there will be a good attendance.

Ben Butle refuses to be interviewed in regard to his views on the nominations made by the Democratic convention at Chicago.

Mr. Wm. Caryll has resigned his position as superintendent of the Coos Bay wagon road. We understand it is his intention to take to farming.

Notice to Subscribers.

Mr. W. T. Phillips is our authorized agent for the INDEPENDENT. All courtesies extended to him by our subscribers will be highly appreciated by us. We stand very much in need of money, and sincerely hope that all our patrons may be prepared to pay when he calls upon them, and that they will use their best endeavors to assist him in obtaining new subscribers.

Scenery of the Pacific Northwest.

The desire to possess artistic pictures of the scenery of the Pacific Northwest is a feeling shared in common by the residents of this region, and the thousands of tourists who annually travel great distances to behold it. To make a satisfactory collection of photographs is almost impossible, and is only accomplished at an expense far greater than the majority of people are willing or able to undergo. To meet this urgent want, a "Souvenir Album of the Pacific Northwest" has been issued, containing thirty-five art photographs of the most prominent and representative scenes of Oregon, Washington, California, Idaho and Montana. Among them are excellent pictures of Umpqua Mountains, Crater Lake, Mount Hood, Multnomah Falls, Yellowstone Park, etc. The album is neatly bound in cloth, embossed with gold and makes a neat ornament for the center table. The price, seventy-five cents, only represents the cost of three ordinary photographs, and brings this collection of thirty-five beautiful scenes within the reach of all. Sent postage paid upon the receipt of 75 cents. L. Samuels publisher, Portland, Oregon.

ESTERLY
Twine-Binding Harvester.

Newest and most complete harvester on the market, with all the modern improvements. The binding apparatus is so simplified that seven parts do the complete work of the forty-seven pieces used in all other binders. The sickle rim has pinion gearing and does away with the chain, making it lighter and more durable. The main drive wheel is made of the best hickory, with heavy wrought-iron tire, welded and shrunk on. The raising and lowering apparatus is so arranged that it is raised and lowered on a level, so that grain can be cut within two inches of the ground, or at any height desired. The upper driver is arranged on springs, so as to carry the thinnest or thickest grain without choking. It binds the sheaves any uniform size desired. It is so simplified that it can be worked by a boy. For sale by Bowen Brothers, at their shop on Main street, in Roseburg. Call and examine this machine before purchasing elsewhere.

NOTICE TO FARMERS.—We caution the public against purchasing trees from parties pretending to represent Oakland Nurseries. We are credibly informed that one R. L. Freeman, from San Jose, Cal., has in several cases, to parties whom we sold last year, pretended to represent Oakland Nurseries, which he is not authorized to do. We have only two agents in Southern Oregon, Messrs. O. H. Hull and J. P. Schafer, who have certificates of agency signed by us and acknowledged before a notary public. We guarantee all our trees free from insects and that most dreaded pest the "San Jose Scale Bug."

Eldorado.

Gaily bedight, a gallant knight,
In sunshine and in shadow,
Had journeyed long, singing a song,
In search of Eldorado.

But he grew old, this knight so bold,
And o'er his heart a shadow
Fell as he found no spot of ground
That looked like Eldorado.

And as his strength failed him at length
He met a pilgrim shadow.
"Shadow," said he, "where can it be,
This spring of Eldorado?"

Quoth the shadow: "For the benefit of suffering humanity I will state that the Eldorado spring is situated three miles west from Rosegurg, and a supply of the water is kept constantly on hand and for sale by Dr. S. Hamilton, agent, Roseburg, Oregon."

MR. GEO. W. JONES. Dear Sir: I have been troubled with neuralgic pains in my head and cheek bones, for several years, and had give up all hopes of ever getting cured. I went to your medical springs with my son James and got some of the water, and drank it freely and found that it was a mild physic. I used it three times a day for a little more than two months, and the pain left me and I have not felt them since, and that has been 17 months ago.

Julian Joseph, of the well known firm of Hoffman and Joseph, of Albany, bears the following testimony:

ALBANY, OGN., December 20, 1883.

GEO. W. JONES. Dear Sir: I would here state to you that a year ago I suffered untold agonies on account of piles (blind) and went to Portland to get relief from the doctors there. I met Mr. Apple of Roseburg, who advised me before seeing the doctors to try your Eldorado Mineral Water. I did so and had one dozen bottles sent to me by A. E. Champagne. I used one-half dozen bottles, taking right before every meal, one small glass full. I not only was relieved, but I am certainly cured by what I used, and cheerfully do it, because I suffered more than I can express. I would advise any one suffering from this disease to try your Mineral Water. Should you have any occasion to use this statement do so. You are at liberty on my account. I think this is the least I can do for you, as I was cured by it. Respectfully yours, JULIAN JOSEPH.

ROSEBURG, Dec. 3, 188[illegible].

GEO. W. JONES: Dear Sir. From sheer curiosity I was induced to try Eldorado Water and was not only surprised but highly gratified with the result. I have for many years been a sufferer from dyspepsia and have tried every kind of nepsin known to pharmacy and without result. The contrary was my experience from the use of your mineral water. Taken according to directions it produced immediate relief and in a short time, if continued, would secure permanent cure. To any who will avoid irritating stimulants, I am satisfied it will prove of invaluable comfort and benefit. As a general regulator I found it most excellent. L. F. LANE.

DALLAS, Dec. 2, 1883.

From Mr. M. W Parsons, last August, I received one bottle of the Jones Eldorado water, from Dr. Hamilton of Roseburg. Used half a bottle for catarrh and can fully recommend it for that dreaded disease, as I have not been troubled with the complaint since. D. T. SEARS.

I have also used the Eldorado spring water from Jones' spring, Douglas county, Oregon, and am fully satisfied with the result, as I was bothered with catarrh. W. C. BROWN, merchant.
