Schafer, the tailor, departed from our midst last week, having been made the victim of a practical joke.

LOCAL ITEMS.

Dusty roads. Call and see us. Wheat dull and low. Send us the local news.

The general health of the community is good. Times appear to be good for our legal friends.

Marshal Rhodes of Marshfield was in town this week. The East Portland "Vindicator" is five years old.

Paul Renhaven of Oakland was in town this week. Mr. and Mrs. Wash. Bayles have returned from the coast.

Hon. L. F. Lane is sporting a Butler hat over a Cleveland head. Dr. Harry Lane is seriously ill at his residence in East Portland.

Portland is forced to borrow \$20,000 to carry on her city government. Arthur Gillam has opened an oyster stand next door to McCullough's saloon.

An attempt is to be made in Portland to cut down the high liquor license to \$400. Mrs. A. F. Campbell returned from a two month's visit to Portland Saturday evening.

A large oyster was seen near Jas. Cox's barn on Deer creek last Saturday. Rather bold. Scarlet Fever has attacked Brownsville resulting in three deaths and five cases yet unrecovered.

Charley Barnes and Bob Hendricks, two Douglas county types are holding cases on the "Standard." The water works have been in fair condition for nearly a week, but we can still growl at the sidewalk.

We believe Roseburg is having a more substantial and steady growth than any town in the state. Several fine large steel engravings of Governor Cleveland grace the offices of some of our bookbinders.

Henry Villard has been elected President and R. Koehler Vice President and Manager of the O. & C. R. R. Nearly every night tramps are found riding on the trucks of the cars. They should all be arrested for vagrancy.

E. L. White, of Forest Grove, has taken mechanical charge of the "Plaindealer," F. P. Crommelier retiring. What has become of the Southern Oregon Fair Association. Let's keep some of the amusement money at home.

The Agricultural Insurance Company is the best and safest to insure your dwelling in. W. N. Moore is agent. Ingersoll spoke to a very small house in Portland Tuesday. Only six hundred present in the mammoth pavilion.

Snawden's Springs is one of the finest summer resorts in the state. The accommodations cannot be improved. Sam. Whitsett's little bay mare is thought by some to be a very fast half-mile racer. Can't race but got up to find out.

F. H. Noble is turning out a great deal of moulding from machines attached to the water power of the New Era grist mill. Fred Zigler and company who were hunting in the coast range killed two elk, the second day's hunt. Friends in Roseburg were supplied.

Col. Thos. Beale, of Coos county, is visiting this section looking after his business interests. His many old friends are glad to see him. The government fish hatchery on Clow river, California, is to be closed for lack of funds owing to damages by high water the past season.

Beware of frauds who are taking subscriptions for a Maine paper giving premiums several times the value of subscriptions. Don't be humbugged. The next legislatures of Oregon and Washington will be called upon to suppress the circulation of the "Police Gazette" and papers of that ilk. Correct.

"Stump" Willis and Jimmy Laird are the accommodating drivers on this end of the Coos Bay stage line. A better selection could not have been made. Samuel's "West Shore" for August is before us. We notice an improvement in the shape of a good story. Its subscribers would appreciate a literary department.

Dry your fruit, attend to your poultry and eggs, put down butter for winter sale, take care of little things, subscribe for the INDEPENDENT and be prosperous and happy. Rev. E. C. Hamilton will conduct Sunday school every Sunday morning at 10 o'clock at Grange Hall; also service every Sunday evening at 8 o'clock, at the same place.

W. E. Stables and Walter Whitmore, both well known as former residents of our city, were in town this week, representing leading San Francisco wholesale houses. A Cleveland and Hendricks Club is being organized and the rooms next door to Marks & Co.'s store have been secured as headquarters. When you come to town drop in.

Henry Bowen's new residence is nearing completion and the location commanding a view of the entire town and the beautiful valley of Deer Creek could not be improved. The "States Rights Democrat," of Albany, has entered upon its twentieth year. It is an excellent newspaper, ably edited, and ranks as a leading journal. We extend congratulations. The news agents throughout the United States find it impossible to supply the demand for "Harper's Weekly" and the New York "Times,"—the great Blaine loving Republican journals.

The pay car came up the other evening and gave the boys cheeks for June. As most of them got broke on July 4th, small favors were very thankfully received. Nearly two months pay is yet due. Schaefer, the tailor, departed from our midst last week, having been made the victim of a practical joke. He left the bill of his great three ring circus posted in Critzer & Sheridan's saloon. Call and see it.

An intimate friend of Henry Villard states that the ex-railroad King is not so poor as the newspapers are disposed to make out. His wife owns a \$500,000 residence and they are all well and happy. That's enough.

B. F. Ramp was thrown from his wagon, while going along a side hill and considerably bruised last week. Nothing serious but he looks as though he had stood up a round before Sullivan. The Ancient Order of United Workmen paid \$46,000 during the last fiscal year to the widows and children of deceased members in Oregon, Washington territory and British Columbia at the small cost of only \$16 per member.

We understand that Messrs. Johnson & Fletcher, proprietors of the Bella Vista fruit farm, have dissolved partnership. The farm is to be divided between them. Mr. Johnson will soon commence the erection of a dwelling house.

We have received the second Annual Catalogue of the State Normal School of Mountmouth. It is a neatly printed pamphlet and shows the school to be in a prosperous condition. 216 students having been in attendance the last year.

Mrs. Brackenridge has only a few more Marble tombstones left at the Flood warehouse, which she is desirous to dispose of. Parties wishing to purchase should call at her residence, west of the depot or on Mr. J. C. Fullerton at the land office.

It seems that a grass hat at last been found that is likely to prove a success as a pasture grass in the hill land of Oregon. It is called "Lincoln grass" and is being successfully grown by a number of farmers in the hills south of this city. [Sajam Talk.]

We hear Hon. J. F. Watson spoken of as a compromise candidate for U. S. Senator. An effort is being made to secure the vote of this county in the Legislature for him; but the general opinion is that Sol. Hirsch has things fixed unless the celebrated eighteen takes a hand.

Jas. O'Connell, who left here some months since has gone to work on a mine on Klamath river, California, which he deserted twenty-seven years ago, looking for something better. He finds the mine just as he felt it and as it pays out several dollars a day he hopes to make a big thing.

The Sunday school concert at the Presbyterian church giving in honor of Mr. A. R. Flint was a grand success. The children presented Mr. Flint with a fine present, which was accepted in a speech full of kindness and pathos. The gentleman leaves us to take up his residence in Salem. The best wishes of a host of friends follow him.

Grand Army Post at Elkton. Post G. G. Sykes, No. 28, Department of Oregon, Grand Army of the Republic, was mustered at Elkton, on Saturday, Aug. 9, 1884, with the following named "old soldiers" as charter members: Allen Huddleston, company K, 34 Indiana infantry; P. W. McNeil, company F, 3d Minnesota infantry; G. W. Benedict, company F, 47th Iowa infantry; E. B. Smith, company K, 34th Indiana infantry; A. B. Haines, company K, 1st Oregon infantry; H. Wetherly, company B, 96th Illinois infantry; W. D. Thompson, company G, second California cavalry; Chas. McGuire, company E, 14th U. S. infantry; A. W. Hart, company B, 185th New York infantry; Thos. W. Hart; G. V. C., E. B. Smith; J. V. C., Thos. Hancock; Adjutant, Chas. McGuire; O. D. E., B. Conway; O. G., Ansel Wetherly; Chaplain, Allen Huddleston; Q. M., G. W. Benedict; S. M., Robt. Haney; Q. M. S., W. D. Thompson. Within the last year the organization has nearly doubled its number of Posts and is now in a very prosperous condition.

No Soreams. "The shades of night were falling fast, As through an Alpine village passed, A youth who bore, mistle snow and ice, A banner with this strange device— 'Excelsior!'"

But when he reached Roseburg he swapped his banner off for a bell and now parades the streets singing: "Ice cream at Winnie Gadhies and you can't guess how big it is!"

"We had to sacrifice Winnie's excellent article of ice cream for the sake of the rhyme. Poetry never would go into partnership with truth."

To Poll-Tax Payers. I have just examined the election books of the June election, and have added all names I failed to see when around assessing. I hereby caution all to pay their poll taxes and not allow their names to become delinquent, and thereby save mileage.

JAS. A. STERLING, Assessor.

LEPER.—A correspondent of the Portland Evening Chronicle gives a horrible description of eight loathsome lepers at the poor farm, near that city, and warns the people of the horrible danger to which they are exposed by employing Chinese, or even tolerating them in our midst. There is no remedy for this horrible disease, and it consumes its victims slowly, but surely, as the flames from a burning hell.

IMPROVEMENT.—Sixty thousand dollars has been spent in improving the Oregonian, and soon it will appear in the form of the Chicago Tribune, and will take a position as one of the leading, if not leading paper of the Pacific Coast. The only fears are that it will be ahead of the country.

Brevities.

Advertise in the INDEPENDENT. Send along your subscriptions. A. Marks has returned from Portland. One of McGregor's fine team horses died Tuesday. Mrs. John Lane has been quite ill the past week. Several prohibitionists here will cast their ballots for St. John. Mrs. Nannie Moore returned home from Portland Wednesday. The fruit train runs once a week. So far none has been shipped from here. Forty bushel of wheat to the acre appears to be the average in the Willamette. Mrs. Heffron, who has been seriously ill the past two weeks, is slowly improving. The ten first copies of Bancroft's histories are being received by numerous subscribers. Father Heinrich returned home Wednesday, and will hold divine services Sunday. A. Noltner has returned home from the East and resumed editorial charge of the Standard. Dr. Woodruff advertises to raffle his property on Jackson street, at Moore's saloon, to-day.

There was a basket meeting of the M. E. church at the Oak creek school house, Sunday last. Fred Zigler, Warren Imbler and Frank Lehner returned from the mountains Tuesday. The Wasp was burned out in the great San Francisco fire, but succeeded in getting out in time. Charley Zigler and W. N. Moore left for the coast Wednesday morning. The girls will miss them. Miss Della Partie and Mrs. Dascumb returned this week from an extended visit to the South. J. C. Tolman, Jr., of Ashland, arrived in town Wednesday, and left for Coos county on Thursday's stage. Wm. Bowlsby has resigned his position as brakeman on the freight, and Wm. Jameson has been appointed. Sol Abrahams and family, Mr. Repp and family, and Ernest McClellan left for the coast on Thursday morning. The city assessment roll has been completed, and the marshal started on his annual round collecting Thursday. Twenty new street crossings are being placed across necessary places, and other improvements are going on. Only one solitary Blaine hat is sported in Roseburg, and that by a dashing, washing, railroad mugwump. Any backsliding in this issue may be accounted for on necessary delay, on account of needed repairs on our press. Henry Bowen, while shoeing a horse, Tuesday, was unlucky enough to receive a kick in the back which is very painful. Uncle George Jones is up from Coos county on a visit to friends and relatives, and will remain a couple of weeks or so. China Sam has rented Dr. Woodruff's building on Main street for a wash house, much to the disgust of these in the vicinity. A business meeting of Democrats is called to meet at the Court house Saturday evening, to complete the organization of a Cleveland and Hendricks club. We understand that Ingersoll, the celebrated freethinker, will lecture here on the 4th of September. Stoen's hall will doubtless be secured if such is the case. The railroad Chinese are killing fish near the dam, by the use of giant powder. The prosecuting attorney will take action as soon as complaints are filed. Jacob Tichenor has returned from Curry county, and is again located with us. He reports his father, Captain Tichenor, as very low with a paralytic stroke. The passenger train was delayed below Coosstock, on Tuesday evening, by a tree falling across the track and springing a rail. It was a half hour behind time here. Hons. L. B. Ison, W. D. Fenton, A. C. Jones, L. L. McArthur and W. H. Ellinger are reported as preparing for the stump in this State, the present campaign, besides numerous local speakers. W. G. Woodward went south on Tuesday's train bound for his Nickel mine, twelve miles from Myrtle Creek. We understand that San Francisco capitalist wish to investigate the same with intentions of buying. Mr. Kight, a brakeman on the passenger train, in coupling cars Thursday morning at the depot, had the misfortune to have the index finger of the left hand crushed to the second joint. Dr. Davis was called and dressed the digit.

W. L. Pinkston, of Oakland, was in Roseburg this week, on business. From him we learn that Thomas Beatty who was sent to the asylum some months ago, is improving, and hopes are entertained of his recovery. Mr. Lou Zigler, the genial proprietor of the Metropolitan Hotel, showed us some very fine potatoes one day last week. They are of the Peerless persuasion, and were grown on the farm of Mr. Laird, near the Half-way House. Billy Moore, a railroad fireman, attempted to ride a cayuse Sunday last. It threw him twice, and then he tried it without a saddle, when he got dumped again with considerable bruises but nothing serious. He prefers to ride an engine now. Wednesday as S. Bailey was assisting Charley Anderson to throw a horse to remove a nail from its foot, the horse caught him in the fall between itself and a post, bruising his right leg and breaking the knee-cap. He will be laid up with his injuries some time. It is rumored that John Norwood will soon construct a bakery which will fill a long-felt want in Oakland. Mr. N. is the proper man to manage a business of that character, and we are positive in asserting that success will be his, other things favoring the undertaking. We were presented this week with two new potatoes of the Bourbon Kidney variety, by Mat Helinger. They were eight inches long, and would have grown some six inches more. Their snowy whiteness and absence of watery substance, making them rich and meaty, should make them the universal favorite. Charles Zigler left his brother Fred in charge of the office of the Metropolitan Hotel during his absence, and cautioned him to take particular care of some valises which had been left to secure board. Fred is of an inquisitive mind, and the other day proceeded to investigate these collateral, and found as follows: Valise No. 1, one soup plate, two loaves of bread, one piece boiled ham; No. 2, two hats, one flour sack, two loaves bread, one piece cheese; No. 3, two old hats, one half can oysters, one brick; No. 4, one tent flag, photograph of Aimee, two cigar stumps. He is thinking of having an old horse sale, and retiring from business a bloated bondholder. From the report of the committee of ladies who got up the Episcopal church concert, July 31st, we discover that it was a financial success; the total receipts were \$71, expenses \$11, leaving \$60 net profit. The concert was excellent in every respect, and the committee returns thanks to all who assisted therein, and also to all who attended. Much credit is due Mrs. Taylor, Miss Smith, Mrs. Bayles and Mrs. Compton, for the arrangement of the hall, including much heavy work, which should have been volunteered by masculine hands; also to the indefatigable Mrs. Hill for her general superintendance and her successful sale of tickets.

The Wheat Outlook. With the present good crops in Oregon our farmers are confronted with a dull market and low price for grain. At Liverpool during the month of July wheat sold for the exceeding low price of 36s, 9d for 580lbs, which is the lowest price reached during thirty years. The average price during this time last year was 42s, 2d per quarter (580 lbs). The excess of bushels in Oregon, and even California cannot effect the market but little either way. The market is now depressed from various causes. It can go no lower. It is sure to be better. Observation and research will show that the wheat market has not remained at a low ebb for so long a time as two years in succession. Farmers, who are able to hold their crops will do well to store them for better prices; the raise is sure to come. There are many causes conspiring at this time to depress the grain trade, the scarcity of money and the high rate of freights will force down the price. Speculators will of course take advantage of farmer's necessities who are unable to hold their grain for better prices. As soon as the bulk of the present crop is in the hands of the money sharks there will be a raise in prices. The consumers are more numerous than former years taking the world over while the acreage and yield is but an average. The Popular Approval. Of the now famous Syrup of Figs as the most efficacious and agreeable preparation ever offered to the world as a cure for habitual constipation, biliousness, indigestion and kindred ills, has been won by the wise plan pursued by the California Fig Syrup Company. Knowing that any remedy truly beneficial in its effects on the system, and at the same time pleasant to the taste, will meet with a rapid sale, the company, through its agent for Roseburg, S. Hamilton, and Pare & Dimick of Oakland, gives away sample bottles free of charge. Try it and judge for yourself. Large bottles fifty cents or one dollar.

Homes for the Homeless.

"Old Don" thus expresses himself in a letter to the "Daily News" of Portland: YONCOLLA, DOUGLAS CO., OR., July 28, 1884. EDs. NEWS: I see in your issue of the 17th an item from your Gaston correspondent asking if you cannot do something to "stay the tide of immigration," &c. The undersigned agrees with him in regard to hard times. I think, however, he is mistaken in saying that Oregon is a poor place for a poor man. In regard to the thousands he says, are roaming over the country with blankets on their backs, bunting work, which they cannot find, I will say there is a demand for men, that is on the work in this country. I will say that I have ten teams idle, which I can get work for, in case I can get ten good men to drive them to haul railroad wood, and as there is a demand for teams on the railroad, I would send some there if I could get sober, steady men to drive them, and I will give them work until the rainy season. I will also say that there is plenty of vacant land here which will make good homes for men willing to work, and as you say you wish to see Oregon prosper you can publish this fact and your exchanges can copy it. In so doing you may do somebody good. I have lived in and made this country my home for nearly thirty-four years. Its climate cannot be beaten. I see that you are for Blaine. I am for the man who will open the vaults of the United States and pay off our war debt. Blaine has been in Congress a long time and has done nothing towards paying off volunteers who fought Indians while eating horse meat. JAMES McDONALD. Donly's circus disbanded at East Portland. Rev. Eldorado Mineral Water. CHEMICAL ANALYSIS. ROGERS AND O'NEILL, ANALYSTS, OFFICE, BLOOMINGTON, ILL., Nov. 23, 1882. I have submitted to qualitative analysis the sample of Eldorado water handed me for examination and find it to consist of the following substances: Chloride, iron, calcium, carbonate, acids, iron, alumina, lime, magnesia, soda and organic matter. THOMAS PRICE, Eldorado.

Gaily be light, a gallant knight, In sunshine and in shadow, Had journeyed long, singing a song, In search of Eldorado.

And as his strength failed him at length He met a pilgrim shadow. "Shadow," said he, "where can it be, 'This spring of Eldorado?'"

Quoth the shadow: "For the benefit o' suffering humanity I will state that the Eldorado spring is situated three miles west from Roseburg, and a supply of the water is kept constantly on hand and for sale by Dr. S. Hamilton, agent, Roseburg, Oregon."

Mr. Geo. W. Jones Dear Sir: I have been troubled with neuralgic pains in my head and neck, for several years, and had given up all hopes of ever getting cured. I went to your medical springs with my son James and got some of the water, and drank it freely and found that it was a mild physic. I used it three times a day for some time, and in two months, the pain left me and I have not felt them since, and that has been 17 months ago. H. COX, SE. Roseburg, Jan. 25, 1884. Julian Joseph, of the well known firm of Hoffman and Joseph, of Albany, bears the following testimony:

ALBANY, OGN., December 20, 1883. Geo. W. Jones, Dear Sir: I would here state to you that a year ago I suffered under agonies on account of piles (hem) and went to Portland to get relief from doctors there. I met Mr. Apple of Roseburg, who advised me before seeing the doctors to try your Eldorado Mineral Water. I did so and had one dozen bottles sent to me by A. E. Chambragne. I used one-half dozen bottles, taking right before every meal, one small glass full. I not only was relieved, but I am certainly cured by what I used, and thank you for it, because I suffered more than I can express. I would advise you suffering from this disease to try your Mineral Water. Should you have any occasion to use this water, send me a card at Albany on my account. I think this is the least I can do for you, as I was cured by it. Respectfully yours, JULIAN JOSEPH.

ROSEBURG, Dec. 8, 1883. GEO. W. JONES, Dear Sir: From sheer curiosity I was induced to try Eldorado Water and was not only surprised but highly gratified with the result. I have for many years been a sufferer from dyspepsia and have tried every kind of system known to pharmacy and without result. The contrary was my experience from the use of your mineral water. To-day according to directions I will prove of valuable relief and in a short time, if continued, would secure permanent cure. To any who will avoid irritating stimulants, I am satisfied it will prove of valuable comfort and benefit. As a general regulator I find it most excellent. L. F. LANE.

From Mr. M. W. Parsons, last August, I received one bottle of the Jones Eldorado water, from Dr. Hamilton of Roseburg. Used half bottle for cough and can fully recommend it for that dreaded disease, as I have not been troubled with the complaint since. H. T. STILES.

I have also used the Eldorado spring water from Jones' spring, Douglas county, and am fully satisfied with the result, as I have not been troubled with it since. W. C. BROWN, merchant.
