SAN FRANCISCO MARKETS. RECEIPTS—Wheat, 104,000 cts.; flour, 85,000 qrs.; oats, 1,900 cts.; potatoes, 3,500 cts.; eggs, 6,000 doz. EXPORTS—Wheat, 104,000 cts.; extra, best, at \$5.00 @ 5.25; medium, \$4.50 @ 4.75; shipping superior, \$3.00 @ 3.25. WHEAT—There is no heavy volume of business in progress here, and we take kindly to the comparatively low ruling prices, and a good deal of grain is being placed in warehouses in preference to being forwarded to the coast. The market is active, and exporters are ready to take liberal consignments of good shipping quality, provided it can be obtained at \$1.24 @ 1.27. This figure is a reasonable one in the situation at the moment. It is possible that transactions are made at \$1.32 and even at \$1.35 per cent, but business at these prices is exceptional, and is explained by certain attendant circumstances. On call there was a fair disposition to speculate on the future of the market, though it was not general enough to create any particular enlargement of the record of sales. Last week's business was as follows: Buyer season, city—100 tons, \$1.44; 600, \$1.44; 100, \$1.44; 100, \$1.44. Buyer 1884, city—100 tons, \$1.32 @ 1.34. Seller 1884—100 tons, \$1.37. Seller 1884, Port Costa—100 tons, \$1.31 @ 1.34. BAGS AND BAGGING—The market for Wheat Bags has proved disappointing. The supply is inadequate to the wants of the coast. But it is evident that buyers do not believe the story, for there has never been a season when there appeared to be such a large number of parties for speculation, and yet the spirit of speculation is notably absent. We quote best quality, Calcutta wheat bags, standard size and weight, at 90c @ 95c for spot lots and 6c for future delivery; San Quentin factory make, 7c; California Jute Mill make, 7c; potato gunnies, 11c @ 12c; wool bags, 35c @ 40c. OATS—Choice descriptions are not in over-supply, and stock of this character sell at quotations quite readily. Poor quality and new seed keep pressing on the market and prices for an article of this class are rather depressed. We quote: Surprise and milling, \$1.30 @ 1.35; No. 2, \$1.25 @ 1.30; No. 3, \$1.15 @ 1.20; new Salinas feed, \$1.10 @ 1.25. BEANS—We quote as follows: Bayos, \$4.50 @ 5.00; butter, \$3.25; pinka, \$4.10; red, \$4.50; Lima, \$2.60 @ 2.75; small white, \$2.55 @ 2.75; pea, \$2.75 @ 2.80; 100 lbs. H. Y. Alfalfa, \$9.00 @ 12.00; wheat, \$18.00 @ 20.00; \$12.00 @ 15.00; barley, \$9.00 @ 10.00; mixed, \$7.00 @ 11.00 per ton. GROUND BARLEY—Quotable at \$30 @ 35 per ton. BEEF—This article finds purchasers. Quotable at 24c @ 25c. CORN—California yellow is quotable at \$1.57 @ 1.60 for large, and \$1.62 @ 1.65 for small; white, \$1.50 @ 1.55; Nebraska, white, \$1.42 @ 1.45 per ton. APPLES—No demand. MEANEST SNEAK IN TOWN. Malarial gases sneaked up through the poorly constructed drains and made baby very sick with malarial fever. Baby would have died but for the timely use of Brown's Iron Bitters, which did nothing to cure him in its way of coming, nor worse in its effects, than that of malaria from the underground regions. Mrs. McDonald, of New Haven, Conn., says, "My dear child suffered from malarial fever, but Brown's Iron Bitters cured me entirely." Try it when malaria steals in and underlies your constitution. It will give you relief.
