I took Swift's Specific by advice of a friend, and in a short time was cured sound and well. EDWIN J. MILLER.

I have been afflicted with Scrofula for twelve years and have had sores on me as large as a man's hand for that length of time. Last summer I was so bad off that I could not wear clothing. I had spent hundreds of dollars in the effort to be cured, but all to no purpose, and had injured myself with Mercury and Potash. Your Swift's Specific cured me promptly and permanently, and I hope every like sufferer will take it.

Has received the commendation of thousands afflicted with that dreadful disease, CATARNH. It is a positive cure, and so pleasant to use, that when once applied, the effect is so apparent, that the treatment is continued with confidence. heals. E. M. Horton, car accountant of the I. C. R. IVIALE REMEDIAL AGENCY, 160 Fulten St., New York. Specific (8.8.8.) would seem to warrant us in saying that it will cure this much dreaded seourge. Persons so afflicted are invited to correspond with us.

I believe Swift's Specific has saved my life. I had virtually lost use of the upper part of my body and my arms from the poisonous effects of a large cancer on my neck, and from which I had suffered for twenty years. S. S. S. has relieved me of all soreness, and the poison is being forced out of my system. I will soon be well.

W. R. ROBISON, Davisboro, Ga. Two months ago my attention was called to the case of a woman afflicted with a cancer on her shoulder at least five inches in circumference, angrz, painful, and giving the patient no rest day or night f raix months. I obtained a supply of Swift's Specific for her. She has taken 5 bottles and the ulcer is entirely healed up, only a very small scab remaining, and her health is better than for 5 years past; seems to be perfectly cured.

REV. JESSE H. CAMPBELL, Columbus, Ga.

I have seen remarkable results from use of Swift's Specific on a cancer. A young man here has been afflicted five years with the most angry-looking eating cancer I ever saw, and was nearly dead. The first bottle made a wonderful change, and after five bottles were taken, he is nearly or quite well. It is truly wonderful.
