In a country like this, where the rain is liable to come at any time, one would suppose that it would pay farmers to stack their grain the same as they do east of the Rocky mountains, and not leave their wheat and oats standing in the shock for three or four weeks waiting for the threshing machine to come around.

We have received a neatly printed pamphlet concerning the "Lane County Fair" to be held at Eugene City, for three days commencing September 25th. Many valuable premiums are offered, the society is to be kept free from debt and the farmers are urged to take a lively interest. It appears queer to us that Douglas county has never had enterprise enough to have a County Fair.

The public has a strangely short memory. A man must keep his business constantly before the public in order to succeed. A few dollars invested in judicious advertising is the best investment that can be made. Enormous fortunes have been amassed by those who advertise largely and incessantly, and all who have had experience in the matter will confirm the statement that the latter is the one great point. The best and cheapest means of keeping a business before the public is through the columns of your county paper.

The only official acts of Governor Cleveland, which the Republican newspapers have been able to find fault with are his vetoes of the five cent fare bill on the elevated railroads of the city of New York and the Mechanics Lien law. The five cent fare bill was a job gotten up in the interest of the Astors, who own a large amount of real property in the suburbs of the city. The constitutional objections contained in the veto are a sufficient answer to the job contained in the bill even if the ulterior objects of its authors had not been known. The Mechanics Lien law which he vetoed was a scheme devised by some hungry lawyers to create litigation, and the lien law in force for many years in the State of New York which it was intended to repeal affords more perfect security to the mechanics than the one proposed. Governor Cleveland by his knowledge of legal practice was enabled to see through the gauze of the new law—hence the veto.

Correspondence.

EDITOR INDEPENDENT: Now that the country is agitated over political matters and the time is near at hand when this pending issue will be acted upon, we think it necessary to awaken some of our political stalwarts of the duties they owe their party.

It is well known that all modes of procedure are adopted to defeat certain candidates in the pending struggle, and the voter should understand the tricks that are played to mislead him. It is a well known fact that the so called prohibitionists are making quite a struggle to assist their candidate and all the temperance lodges in the country are using every endeavor to further their ends.

Such an institution exists in this place and the members of this lodge or a majority of them are prominent Republicans and Democrats and their assistance is needed by their parties. But the lodge here contains ten Republicans and fourteen Democrats who have taken solemn obligations to support and maintain the cause of temperance. We strongly believe in temperance and are willing to sacrifice more in promoting that cause than in any other issue now existing, but when it comes to making the temperance question a political issue we solemnly and earnestly protest. We are surprised to know that a certain number of this police-temperance alliance, who pretend to be moral and who attempt to teach the unjust law to live as Christians, and at the close of existence, to die as saints, have taken the stand they now occupy, and make a political matter out of an issue that is no more entitled to such a position than religion. Why do not these spernated moral people start a fight against the accumulations of industry? By so doing, they could prevent the ravages of thieves and robbers, as those individuals appropriate to themselves that which the thrifty save by their industry. Industry causes accumulation. Accumulation is property. Property is a temptation to the thief. Why do they not organize against accumulation and tell people not to be economical, as being so, they offer temptation to the thief and robber? The political members of this lodge must know that they are under obligations to support St. John, the temperance candidate, for President, and if they fail to do so, they have violated an obligation which they have made that as sacred as Holy Writ. We ask all the faithful to think over this subject, and stay with and protect your alma mater in times of distress. SENSORY.

Chemical Analysis. I have analyzed the following: ELDERADO MINERAL WATER, 524 Sacramento street, San Francisco, Nov. 25, 1883. Messrs. Crocker, Merrill and Griffin, Gentlemen, I have submitted to qualitative analysis the sample of Eldorado water handed me for examination and find it to consist of the following substances: Carbonic acid, iodine, Carbonic Acid, Iron, Alumina, Lime, Magnesia, soda and organic matter. THOMAS PRICE.

Gaily bedight, a gallant knight, In sunshine and in shadow, Had journeyed long, singing a song, In search of Eldorado. But he grew old, this knight so bold, And o'er his heart a shadow Fell as he found no spot of ground, That looked like Eldorado. And as his strength failed him at length 'He met a pilgrim shadow. "Shadow," said he, "where can it be, This spring of Eldorado?" Quoth the shadow: "For the benefit o' suffering humanity I will state that the Eldorado spring is situated three miles west from Roseburg, and a supply of the water is kept constantly on hand and for sale by Dr. S. Hamilton, agent, Roseburg, Oregon."

Mr. H. W. JONES Dear Sir: I have been troubled with neuralgic pains in my head and cheek bones, for several years, and had give up all hopes of ever getting cured. I went to your medical office with my son James and got some of the water, and drank it freely and found that it was a mild physic. I used it three times a day for a little more than two months, and the pain left me and I have not felt since, and that has been 17 months ago. I am, Sir, your obedient servant, JULIAN JOSEPH.

Roseburg, Jan. 25, 1884. Julian Joseph, of the well known firm of Hoffman and Joseph, of Albany, bears the following testimony: GEO. W. JONES, Dec. 27, 1883. I would here state you that a year ago I suffered under agonies on account of piles (hemorrhoids) and went to Portland to get relief from doctors there, but Mr. A. E. of Roseburg, who advised me before seeing the doctors to try one-half dozen bottles of water, I did so and had one dozen bottles sent to me by A. E. Champagne, one small one, small glass full. I not only was relieved, but I am entirely cured by what I used, and I feel that I owe a debt of gratitude to the water I used, and I would like to express my appreciation to you for this water. I would advise any one suffering from this disease to try your Mineral Water. Should you have any objection to use this statement do so. You are at liberty on my account. I think this is the last I can do for you, as I was cured by it. Be respectfully yours, JULIAN JOSEPH.

ROSEBURG, Dec. 3, 1883. GEO. W. JONES: Dear Sir, From sheer curiosity I was induced to try Eldorado Water and was not only surprised but highly gratified with the result. I have for many years been suffering from dyspepsia and have tried every kind of physic known to pharmacy and without result. The only water with my experience from the use of your mineral water. Taken according to directions it produced immediate relief in a short time, and I continued to use it until permanent cure. To any who will avoid irritating stimulants, I am satisfied it will prove of valuable benefit, as I have not been troubled with the complaint since. L. F. LANE.

From Mr. M. W. Parsons, last August, I received one bottle of the Jones Eldorado water, from Dr. Hamilton of Roseburg. Used half a bottle for catarrh and on fully recovered it from that dreaded disease, as I have not been troubled with the complaint since. D. T. SEARS.

I have also used the Eldorado spring water from Jones Spring, Douglas county, Oregon, and am fully satisfied with the result. I will not withhold with a certificate. W. C. BRIGGS, merchant.
