WHAT IS CATARRH?

A Revolution in the Treatment of this Disease.

Catarrh is a muco-purulent discharge caused by the presence and development of the vegetable parasite amœba in the internal lining membrane of the nose. This parasite is only developed under favorable circumstances and these are:—Morbid state of the blood, as the blighted corpuscle of tubercle, the germ poison of syphilis, mercury, toxœmea, from the retention of the effete matter of the skin, suppressed perspiration, badly ventilated sleeping apartments, and other poisons that are germinated in the blood. These poisons keep the internal lining membrane of the nose in a constant state of irritation, ever ready for the deposit of the seeds of these germs, which spread up the nostrils and down the fauces or back of the throat, causing ulceration of the throat; up the eustachian tubes, causing deafness; burrowing in the vocal cords, causing hoarseness; usurping the proper structure of the bronchial tubes, ending in pulmonary consumption and death.

Many attempts have been made to discover a cure for this distressing disease by the use of inhalents and other ingenious devices, but none of these treatments can do a particle of good until the amœba are either destroyed or removed from the mucous tissue.

Some time since a well-known physician of forty years' standing, after much experimenting, succeeded in discovering the necessary combination of ingredients, which never fails in absolutely and permanently eradicating this horrible disease whether standing for one year or forty years. Those who may be suffering from the above disease should, without delay, communicate with the business managers, Messrs. A. H. DIXON & SON, 305 King street West, Toronto, and get full particulars and treatise free by enclosing stamp.—[Montreal (Canada) Star.

DO YOU KNOW A MAN

Whose wife is troubled with debility, nervousness, liver complaint or rheumatism? Just tell him it is a pity to let the lady suffer that way, when Brown's Iron Bitters will relieve her. Mrs. L. B. Edgerly, Dexter, Me., says, "Brown's Iron Bitters cured me of debility and palpitation of the heart." Mrs. H. S. McLaughlin, of Scarborough, Me., says the Bitters cured her of debility. Mrs. Harding, of Windham Centre, in the same state, says it cured her of dizziness in the head. So it has cured thousands of other ladies.

TWENTY-FOUR HOURS TO LIVE.

From John Kuhn, Lafayette, Ind., who announces that he is now in "perfect health," we have the following: "One year ago I was, to all appearance, in the last stages of Consumption. Our best physicians gave my case up. I finally got so low that our doctor said I could not live twenty-four hours. My friends then purchased a bottle of DR. WM. HALL'S BALSAM FOR THE LUNGS, which benefited me. I continued until I took nine bottles. I am now in perfect health, having used no other medicine."

POTASH

Iodide of Potassium is one of the strongest of the minerals use in medicine, and has produced much suffering in the world. Taken for a long time and in large doses, it dries up the gastric juices, impairs digestion, the stomach refuses food, and the patient declines in health and weight. Persons with Blood or Skin Diseases should be careful how they take these mineral poisons, as in most instances the effect of them is to almost permanently impair the constitution. To take the place of these poisons we offer you a safe, sure, prompt, and permanent relief from your troubles. Swift's Specific is entirely a vegetable preparation, and it is easy to convince you of its merit.

I have cured permanently Blood Taint in the third generation by the use of Swift's Specific, after I had most signally failed with Mercury and Potash.

500 GOLD WATCHES FREE

Read How You Can Get This Elegant Gold Watch for 50 cts.

In making up the above list of $30,000 IN PRESENTS, we decided to reserve $5,000 to be divided equally among the first 500 subscribers received. If you send 50 cents you will be entitled to ONE RECEIPT good for ONE PRESENT, and if your letter is among the first 500 received you will be entitled to this beautiful watch. We will print in full in the January issue of THE POULTRY KEEPER the names and addresses of the winners of the 500 GOLD WATCHES. This offer is bona fide and will be carried out to the letter. Send now, don't wait.

THE POULTRY KEEPER Is so well established, having already 30,000 Subscribers, and is backed by ample capital, so that everyone of our subscribers may be sure of getting what we promise. Indeed we could not afford otherwise with a paper that has already secured 30,000 subscribers on its merit. Undoubtedly some who read this new departure will think an offer to give away $30,000 in presents is most unreasonable and unprofitable; but let us say to all such persons that it costs anywhere from $25,000 to 150,000 to secure a large circulation to a paper. We know of a publisher that spent 50,000 in one week in giving away free copies and advertising his papers, and the money was well spent, for it secured for him an established circulation that paid good interest on the investment. Publishing nowadays must either be done on an extensive scale or not at all. It costs just as much for matter, and just as much for illustrations, electrotypes, editorial services, rent and for setting up the type for a paper of 100 circulation as it does for a paper with 300,000 circulation. On small editions, each one of the above items swells the cost of a single paper alarmingly, but on very large editions, the expense is spread over so many papers that it is almost entirely lost; thus you can see that large profits can be made only by doing a large business. This is precisely what we propose doing with The Poultry Keeper.

We will send a printed List of the Awards Free, and all Presents will be forwarded to Holders of Receipts as they may direct.

OUR OLD PATRONS AND SUBSCRIBERS, whom we number by the thousands, should at once go to work and help us to increase our list, by this grand and generous offer.

ONLY 50 CTS. Secures THE POULTRY KEEPER one year, and one receipt good for one present. One number of the paper is worth double the subscription price. *As to our reliability we refer those who do not know us to any Bank or Mercantile Agency.*

REMEMBER these are Presents to our Subscribers given to them absolutely Free. (2-Cent Postage Stamps taken.)

Money in sums of $1 or less may be sent in an ordinary letter at our risk; larger sum should be sent by Registered Letter or Postal Note, and addressed to THE POULTRY KEEPER, 89 Randolph Street, Chicago, Ill.
