

ROSEBURG REVIEW.

FRIDAY, FEBRUARY 20, 1885

THE ROBBER.—Cunningham the man who robbed the safe at Medford has failed to come to time, and his bondsmen are out of humor.

INVENTOR.—L. C. Hill, the inventor, of Douglas county has just received his patent for the new garden hand weeder. It is novel and useful.

FIRE WORKS.—The following gentlemen will receive funds for the Fire Works for March 4th Celebration: W. N. Moore, W. H. Pitchford, S. F. Flood and Jas. Farris.

RUSSIAN DOGS.—J. S. Dunnivan, of Myrtle Creek, has just received two Russian blood hounds from Pennsylvania. These dogs are death on coyotes, and for this purpose he brought them to this country.

UP TURN.—Brother Webb's accident, cutting his thumb last week was worse than at first appeared. The wound is healing all right however, and the Rev. gentleman said to us this week, "that he did not want to duplicate it."

NAILS IN PLANKS.—Contractors and workmen along the streets should be more careful a bout leaving boards and planks with nails in them lying out in the streets where horses are liable to step on them and be injured for life.

WATER DIFFICULTY.—Recently Mr. E. Walker cut the ditch of the Steam Beer Mining Co. on Grave Creek, of which Critzer, Raab & Fullerton of this city are proprietors. He has been arrested and we have not heard of the result of the trial.

LECTURE.—Mrs. Mattie A. Bridge, the eloquent and popular lady lecturer, will lecture at the Court House Tuesday evening February 24th on "Necessity, and Mission of Odd Fellowship." The lecture will be free under the auspices of Philanthropic Lodge of this city.

DYNAMITE.—The new residence of John H. Steiger, who was formerly of Canyonville, at Willerton, Washington, was blown to atoms by dynamite Tuesday evening, Loss, \$2,000. No lives were lost. The perpetrator has not been apprehended and the excitement is intense.

CELEBRATION.—We have made such arrangements with the N. Y. World as to be able to furnish the World and REVIEW for one year for \$3.00. This proposition applies to all new subscribers paying in advance, and to all old subscribers paying arrearages and to all in advance.

EDUCATIONAL.—Rev. Mr. F. P. Tower gave us a very pleasant talk Monday. He is the agent for the endowment fund of the Willamette University. This is a noble institution, and is keeping well up in all the departments of science and literature. A good place to educate your boys and girls.

SCHEMATIC PARTY.—Miss Loda Woodruff was tendered a surprise party Wednesday evening by many friends. The evening was pleasantly spent, various amusements, dancing, bonfire refreshments and a good time generally. The charming hostess entertained her unexpected guests in a splendid manner.

SAMPLE COPIES.—We send a number of sample copies of this week to our friends in the various parts of the State and elsewhere, thinking that they would like to hear from this part of Oregon, therefore if you desire to subscribe for the Review send us a card and we will take great pleasure in giving you the news weekly.

WENT TO CALIFORNIA.—Rev. J. R. Roberts, P. C. of Myrtle Creek circuit, having been suddenly called to California on business, desires us to say to his congregations, that he will not be at Hayden's school house on the fourth Sunday in this month, nor at Myrtle Creek or Canyonville on the first and second Sundays in March.

CONVERSATION.—In conversation with James G. Blaine's rooster the other day in Salem he said, that no expected, and in fact was at that time negotiating for a farm in Rosam Springs, with Mr. H. Hart and with Hon. J. D. Burnett. We know the gentleman well, and really hope that he will become a citizen of Douglas county.

HEMORRHOIDS.—T. C. Nail esq. of Josephine county a young gentleman whom we favorably knew some years ago, led one of our fair Douglas county girls, Miss Viola Wood to the altar of matrimony, Wednesday February 18th, at the Cosmopolitan Hotel, the editor of the REVIEW officiating. May they be possessors of great happiness to the setting of life, and then enter the port of peace without a billow to disturb their voyage. They start for Jackson county in a few days.

LEIST.—Lent began this week on Ash Wednesday, and will continue for forty days ending with Easter Sunday the last of March. You must not eat meats during this time. It is a time for fasting and prayer. The doctrine of these forty days, is not only to teach religious rites, but it has a hygienic significance also. It is well that we should abstain from eating those fatty substances in the early spring, which we ate during the cold months, the better enabling us to endure the frosty air, that we may be less liable to fevers and diseases of that nature. Any of the reasons are good enough, to suggest the propriety of keeping Lent.

WILLAMETTE UNIVERSITY.—Rev. F. P. Tower, of the Willamette University, representing the endowment fund of that institution, was in our city Sunday and Monday and we understand that he succeeded in receiving some subscriptions for that purpose. The University has 350 students and is in a prosperous condition, having passed the crisis and ranks high as an institution of learning. While in this city, Mr. Tower delivered two eloquent and forcible sermons on "Education," at the Methodist Church. We did not have the pleasure of attending in the morning but heard that the subject was most ably handled, and the largest congregation that has assembled in Roseburg for a long time was attracted in the evening. The discourse showed the influence of habits once formed and the necessity for a true Christian education. Mr. Tower made many friends for himself and the University while in our city.

As an evidence of the wonderful climate of the Umpqua valley we were to-day shown a large twig of lovely peach blossoms plucked at Dillard's station. To parties in the east we would say come and see for yourselves.

A large crowd was in attendance at the rink Saturday evening to witness the races. After a spirited contest, Curly McClallen secured the prize in the potato race, and Miss Violet Haynes in the orange race. The rink is the place to amuse yourself. Since Jacksonville has gone into the street mining business, Roseburg should not be outdone. We suggest to the city "clads" that there is good pay dirt in the ditch in front of Carlson's stable. Order out the Committee of the Whole to prospect.

WILLAMETTE UNIVERSITY.—Rev. F. P. Tower, of the Willamette University, representing the endowment fund of that institution, was in our city Sunday and Monday and we understand that he succeeded in receiving some subscriptions for that purpose. The University has 350 students and is in a prosperous condition, having passed the crisis and ranks high as an institution of learning. While in this city, Mr. Tower delivered two eloquent and forcible sermons on "Education," at the Methodist Church. We did not have the pleasure of attending in the morning but heard that the subject was most ably handled, and the largest congregation that has assembled in Roseburg for a long time was attracted in the evening. The discourse showed the influence of habits once formed and the necessity for a true Christian education. Mr. Tower made many friends for himself and the University while in our city.

New Presbyterian Church. By the courteous invitation of Rev. Mr. Smick and some of our friends at Myrtle Creek we had the pleasure of discouraging to our old parishioners last Sunday, it being the opening day of the new Church. It was certainly an auspicious occasion in many respects. They have the neatest and best finished Church in all this country, and its acoustics are well nigh perfect. The style is gothic, and for architectural beauty it is not easily surpassed. Our famous Church builder, Andrew Jackson Jones, was the contractor and architect, and the cost was \$1714.60.

Easy to See Through. How can a watch—no matter how costly—be expected to go when the mainspring won't operate? How can anyone be well when his stomach, liver or kidneys are out of order? Of course you say, "He cannot." Yet thousands of people drag along miserably in that condition; not sick abed, but not able to work with comfort and energy. How foolish, when a bottle or two of Parker's Tonic would set them all right. Try it, and get back your health and spirits.
