A remarkable oversight in our Canyonville article of last week was our failure to mention the big stock and bigger bargains of H. W. Hellenberg & Bros. They were indeed a chief attraction and permanent too.

The Yankee Doodle Band has employed Prof. Mark Jones as teacher for one year. Under Mr. Jones' former management the band made great improvement and they have shown their appreciation by this re-engagement.

Geo. H. and J. C. Shambrook of Oakland have brought suit in the U. S. Court against the State Investment and Insurance Company for \$1,000 insurance on their store and stock burnt on December 2d.

This item was unavoidably left out last week. We wish the new officers much success in their noble efforts for good and we feel sure that if the new management proves to be as efficient and as faithful as that of the past, success can only follow.

Judge Deady has given instruction to the Receiver, Koehler, of the O. & C. R. R. that the Hout bill is constitutional and must be abided by. This fixes the rate of travel at 4 cents per mile on the railroads. The Judge does not thron ghly agree with the bill in all its minor features.

Our Valley Items. EDITOR REVIEW: Seeing no items from this part of the county in the REVIEW thought that perhaps a few items would not be amiss.

Wild strawberries are not as plentiful this year as usual. Mr. Saery, week before last, was here on his annual tour assessing property and taking census.

The late sown grain does not look very well and if there is no rain in a short time crops will be short. Mr. Standley captured a wolverine in his sheep range a short time since. It is a curious looking animal.

Hard times are evident from the fact that it is almost impossible to see any of the "filthy lucre" in circulation. Last week a large force of men were engaged in working and repairing the roads in this locality. "Weary not in well doing."

Quite a large number of citizens are thoroughly prospecting the mountains for gold. Some report striking a good prospect. The energetic people here are circulating a petition to be presented to the County Court asking the Court to regulate the bounty on wild animals.

There was much lamenting here the other day, by a certain young lady, over the departure of William Thompson, a popular young man, who has gone to Rogue river to seek his fortune.

There was a social dance on the first of May at the school house. It was one of the most orderly conducted dances your correspondent has had the pleasure of witnessing for some time. There were several Roseburgers in attendance. Ladies and gentlemen come again. C. V. C.

"Spooks." Dillard's Station, Or., April 26, '85. EDITOR REVIEW: Will you be kind enough to allow me space in your paper to reply to an article that appeared in the Plaindealer of the 17th inst.

Said article is headed "A Spook." In reply I will say this "The popular landlord" at Dillard's has no haunted out-house nor is there any house upon said premises but what all noises can be accounted for by any reasonably sane person who is not a spooky, like the author of the article in the Plaindealer.

As for the landlord being driven from any out-house or any other house on his or anybody else's premises by spooks or spooky authors who wish to injure a persons private business by such palpable falsehoods we fail to see it; and Mr. Plaindealer would do said landlord a great favor if he would give dates, time and place, that said clanking of chains was heard, and when said landlord made his exit and left spooky or spooky in possession of any of his premises. In conclusion I will say this. Spook means something supernatural—an imaginary or unseen myth—while spooky means something that has not got sense enough to be natural. "POPULAR LANDLORD."

Two Dangerous Seasons. Spring and fall are times when so many people get sick. The changes in the weather are severe on feeble persons, and even those naturally strong are apt, as they say, "to be feeling miserable." Then they are just in condition to be struck down with some kind of fever. A bottle or two of Parker's Tonic will invigorate the digestion, put the liver, kidneys and blood in perfect order, and prevent more serious attacks. Why suffer, and perhaps die, when so simple a medicine will save you? Good for both sexes and all ages.

CONCRETE PIPE.—Louis Belfis Agent for the "rig" to the oil brated concrete pipe for irrigation.

From Elk Head.

Crops of all kinds are looking well and vegetable gardens cannot be beat. Sheep shearing is in full blast. Ben Dougherty and Jim Clark are the chief barbers.

Steps have already been taken to have a grand old fashion Fourth of July celebration at Elk Head.

A wedding has been reported in the valley, so sly is every thing managed that we fear it is a "Goak."

The Quick Silver mine known as the "Todd Mine" is running a full set of hands and taking out considerable ore.

Tom Clarke, our supervisor has been doing considerable work on the roads and it is unnecessary to say it is well done.

The new school house at Upper Elk Head is nearing completion. It is a neat building and reflects credit upon the directors.

Mrs. Emerson (nee Hendricks) has been improving her beautiful place. We are sorry to hear that she is offering her fine estate for sale. No prettier place could be found in Oregon.

Mr. Glenn Hendricks has returned from Salem after working one month in the Asylum as attendant. He did not like the business. Has purchased himself a nice home and will never more go a roaming.

Two fine schools are running in the valley, one under the able tutorage of Prof. G. V. Boggs and the other under the management of Miss Ollie Shortridge of Lane County, both teachers are highly spoken of.

Mr. David Hendricks of the Statesman is rusticiating in this place and from close observation we think there is something more than parental reverence that brought him up here. County Clerk please take notice.

We have a shingle mill running in the valley under the management of Perry Sherwood and we are pleased to see several of our fine girls working in the mill doing light work. Some fellows will come along some day and stop that mill.

Mr. David Hendricks of the Statesman, was tendered a party at the residence of his mother, in this place, on Friday evening, May 1st. It was largely attended. Dave has a host of friends. An elegant supper was spread and dancing was indulged in until the wee small hours. Mr. Hendricks will return to his "case" on the Statesman next week, much to the sorrow of the Shoestring belles.

Washed-Out Hair. There is a sort of pallid, chalky complexion which the novelists call a "washed-out complexion." It is ghastly enough, and no mistake. Washed-out, faded, discolored, or parti-colored hair is almost as repulsive and melancholy. Parker's Hair Balsam will restore your hair to its original color, whatever it was brown, auburn or black. Why wear moss on your head, when you may easily have lively, shining hair?

Mrs. Susie Emma Morton died at Yreka, May 5th, aged 18 years and 7 months. She was a daughter of Mr. and Mrs. George Roberts of this county, and wife of Wm. K. Morton; Seattle and Vancouver paper copy.

W. T. KERLEY, Oakland, Oregon HAS JUST RETURNED FROM Missouri, where he purchased Seventeen Head of Fine Pedigreed Short Horn Durham Cattle!

And has established a Stock Farm at the Red Hills, Eight miles north of Oakland. The next season he will have CALVES FOR SALE and invites the attention of the citizens of Douglas county to this new enterprise. A Cut of the Sire of two of his Calves can be seen at this office.

This Bull Weighs 2500 Pounds! Tired in flesh, and is a beauty. Mr. Kerley can be seen at Oakland and would dispose of two Young Bulls this Season.

These Stock were purchased of the Celebrated Independence Stock Raisers, Chiles, Knox, Davis Bros., and Hughes & Son, and are catalogued.

There are two Sucking Calves born since the purchase, and five more will come this Season.

From Green's Station. Messrs. Cooper, Rutherford and Boggs will soon depart for Lake county where they intend to spend a couple of months for recreation.

The weather is exceedingly dry and farmers fear that there will be but a short crop unless rain comes soon. Although they claim that there never was a drought in Oregon, but this continued spell of dry weather is beginning to weaken their faith.

What do you suppose is the cause of the McClallan House being crowded so from day to day? Because it is the unanimous verdict that the House has no equal on the line.

IN MEMORIAM.

WHEREAS our beloved brother, Thomas J. Beale, in his 63rd year, and having labored with us over 30 years in the quarries, was called from labor to rest.

First, That the Lodge be draped in mourning for 30 days, and the members wear the usual badge of mourning 30 days in memory of our departed brother.

Second, In this our sad bereavement, we recognize the fact that Laurel Lodge has lost one of its oldest, best and most respected members; his children a kind, considerate and loving father, and Douglas county, an old pioneer and one of her best citizens.

Third, As our departed brother has gone to his long home. The silver cord is loosed, the golden bowl broken, the pitcher broken at the fountain, and the wheel broken at the cistern. Then shall his dust return to the earth as it was, and the spirit shall return unto God that gave it. And like the spirit of evergreen we planted at his head, his soul will live forever being watered by that beautiful river that flows through the land of the Lord.

Fourth, We extend to the children, relatives and many friends of our deceased brother our sympathy and condolences and would admonish them that the will of God is accomplished. The Lord gave, and the Lord has taken away, blessed be the name of the Lord. G. W. HOOVER, B. HERMAN, A. MARES, Committee.
