Geo. W. Jones:

Dear Sir—I have delayed answering your letter in order to send you the enclosed certificate. Mr. Bart Reeve declines to give a testimonial at present for the reason that he has been under the treatment of a number of Physicians and thinks that they might not like it if he were to make the affirmation of the effect your Mineral Water had upon him. I will describe the case to you as near as I can: He had been sick about two years and an unnatural belt had formed around him just below the ribs. He drank your Mineral Water three or four days and the belt went off in such a way as to cause his legs and feet to swell, but that soon disappeared, and he is now in comfortable health. The doctors had all given up that he could not get well. There are a number of persons here who have spoken to me for some of the water to use in various cases, and I would like to use a little myself. I think it is the best nervous remedy I ever knew. Please send me five gallons of the water. Respectfully,

Let A. HANSEE.
