Yankee Doodle Ahead.

"The Yankee Doodle Band of Roseburg Oregon entertained its friends with a ministrel spread recently. I should judge from the programme that there is some of the old Christie stock among its members, The whole was under the directions of Prof. Mark F. Jones leader of the band."

The above notice wrs taken from the Trumpet Notes a large band journal published at Elkhart Indiana, by C. G. Conn one of the largest manufactures of band Instruments in the world. Now we want to say to Mr. Conn that while we are not connisseurs in the arts of minstrelsy, neither do we know the pedigree of our band boys whether they can be traced back to the old "Christie" stock or not, but like General Abe. Buford the turfman of Kentucky once said "I would not give five cents a yard for pedigree unless the horse can trot." Our boys can "trot" out the best music in the State.

The first bottle relieved her very much, and the second bottle has absolutely cured her. She has not had so good health for thirty years."

Important.

Recent investigation discloses that our city cows have invaded the reservoir, drank all the water and left no milk in exchange. Where is the committee on fire and water. Some intelligent milk merchant or anybody else that is interested. Something should be done and quickly too.

A 12-year-old son of Isaac Watkins who resides about five miles from Drain on Elk creek, shot himself in the left arm last Thursday. In our last issue will be found a call for sample productions to fill a car to be sent east to the different State Fairs. Adolphus Smith's new house near Oakland with its contents burned to the ground the 2d. of July. $1,000 loss. Rev. E G. Michael P. E. of the Oregon District M. E. Church South, spent several days in Roseburg this week, on his way to Myrtle Creek where he will hold the 4th Quarterly Conference for Rev. J. R. Roberts. The Rev. Mr. Michael has been at Oakland holding meeting for the last few days, and many say that he did some very excellent preaching.

A remarkable incident occured at Oakland last Sunday at Bro. Sharp's quarterly meeting collection. As usual the hat was passed around, and when it returned with some $8 in silver in it, lo and behold and imagine the astonishment of the preachers, there was absolutely a twenty-dollar gold piece in the hat, making $28 in all. But then we know that Oakland is one of the best places to get a good collection in the county, for we have tried it. Oakland is ahead, who next?

Henry Beckley of Elkton gave us an interview Tuesday, and from him we learn that the good people of Elkton had a rousing fourth of July celebration Incidentally we learned that C. A. Sehlbrede of Oakland did himself honor in his eloquent oration, with which the people were all much pleased and spoke of it in the the highest terms of praise. Geo. Dimmick read the declaration document with a good deal of fervor, and at the last of the immortal treatise he pledged himself to the support of its doctrines by his "life. liberty, and property."

Our neighbor A. J. Bellows returned from his extended visit East last Monday evening. And about the first thing he said to us was "no country like Oregon." From what we can gather from the papers East writing of Mr. Bellows and giving his views of our state, and what we know of the gentleman ourselves, we believe him to be a reliable and safe representalive of our country. His meeting with old comrads of the G. A. R. was a pleasure much to be enjoyed. He speaks highly of the condition of affairs in Maine and Iowa, and we came near telling that he was now an out and out prohibitionist. We welcome you back to your home in West Roseburg, where lots are selling cheap.

From Elk Head.

The events of the past week in our quiet little valley are worthy of note. The closing of our public schools together with examinations and exhibition were very creditable both to pupils and teachers. The public school under the principalship of Prof. G. V. Boggs closed on the 26th of June with an excellent exhibition, The school together with the exhibition was pronounced by all to be the best ever had in this district. Miss Olive Shortridge's school in the upper district closed on the 3d of July, Miss Shortridge is a young teacher and bids fair to wield the rod to a good purpose and it is said that school superintendents even tremble before her when they pay their annual visits.

The Fourth was celebrated in excellent style, at sunrise a national salute was fired and long before 9 o clock teams and wagons were coming from all directions loaded with men, women and children and pretty girls, by half past ten o'clock the woods was full of people overflowing with patriotism. The President of the day Mr. Arealis Todd, called the assemblage to order with a few appropriate remarks, a national air was then rendered by the choir followed by a prayer by the chaplain, music and song by the choir, a salute of three guns and three cheers for the President of the United States. The reading of the Declaration of Independence by Miss Annie Harris, aged 12 years, Annie did well, we have often heard it read by older persons, but Annie beat them all, three cheers for our reader. The oration by Prof. G. V. Boggs was far above the standard of orations, he acquitted himself well many compliments were passed upon the oration, the style and delivery was good and the speaker seemed endowed with a good flow of eloquence, we hope we may at some future day hear the clear ring of his voice in our Legislative halls. A long table was loaded down with the good things of Shoe String, the table fairly groaned under its weight, (you missed a good thing) but your correspondent ate his own dinner and not seeing the Plaindealer reporter with his pen and old saws proclaimed that he would represent Bro. Bell and all the attachees of the REVIEW also Squire Hutchinson of Oakland, at 4 o'clock he was visiting the wagons and peeping into lunch baskets when Marshall Goodell looking him in the eyes told him to "let up." There were several stands upon the grounds and all seem to do a good business, the swing was well patronized. A large platform for dancing until the wee small hours in next week, (Sunday.) Thus ended the 109 anniversary on Shoe String. XERXES.

Oil from Nature's Wells.

The skin on the head is kept soft and flexible by a secretion from the oil glands. When these are clogged the hair dies and falls off. Parker's Hair Balsam renews their action, restores the original color to the hair and makes it soft and glossy. It also eradicates dandruff. Not greasy, not a dye, deliciously perfumed. Delightful for a lady's toilet table. The best of dressings. Preferable to all similar articles because of its superior cleanliness and purity.

TO THRESHER MEN AND MACHINE MEN.—If you consult your own interests, you will before purchasing threshers, engines, inspirators, pumps, farm, church or school bells, belting, hose, lubricating oils or anything in that line, address Z. T. Wright, Portland, Oregon, for prices and terms. All goods fully warranted.

We publish on our first page this week the report made by Mr. Gildersleeve retiring Chief Engineer of our fire department. It is worthy the perusal of our City readers and the consideration of the Board of Trustees. The hydrant recommended will prove of great additional security to a large amount of valuable property. The present Board of Trustees is truly economical and is laboring to save to the City every cent they can. This is right enough but the expenditure of a few hundred dollars now may prove the saving of thousands in case of a fire. we tremble to contemplate the devastation that would follow the burning of either of the large Livery stables when full of hay and no water within reach. In this connection we feel warranted in saying that this paper is friendly toward our department and hope to see such discipline established in both companies as will result in efficiency and good service in moments of demand. "In times of peace, prepare for war".

Are You Tired of Being Sick!

We want to say a word to the men, women and girls who work in stores, offices and factories. There are hundreds of thousands of you in the country. Very few of you are well. You are shut up too much and exercise too little. In this way you are sick. Your blood is bad, your digestion poor, your head often aches, you don't feel like work. Your liver, stomach and kidneys are out of order. Parker's Tonic has cured hundreds of such cases. It is pure, sure and pleasant.

Young men and women remember the Umpqua Academy. This is an excellent school.
