

ROSEBURG REVIEW

FRIDAY, OCTOBER 23, 1885.

LOCAL BREVITIES.

Coat Much litigation. More weddings coming. Drummers are numerous. The fair weather still continues. Try the Elderado mineral water. The skating rink is in full blast. Many new subscribers this week. A great many people attending court. The band stand is a perfect beauty. Bargains in glassware at J. Jaskulek's. J. J. Cawfield's house is painted green. And still the country thrives with tramps. New comers still arriving almost every train. Much good matter crowded over to next week. James Mahony of Oakland was seen among us yesterday. The latest designs in pins at Bargain prices at J. Jaskulek's. More supplies for our job department received this week. Go to Moore's Restaurant and get a good meal for 25 cents. The press work of the REVIEW hereafter will be done by steam. T. Ford's fry trees are true to name and don't you forget it. Hon. Bilyeu, of Eugene is in our city looking after legal interests. Look out for a permanent enlargement of the REVIEW next week. E. G. Hursh's little boy Loren has been quick sick this week. The Reform club is the leading attraction every Tuesday evening. Timothy Ford sells the best trees, fruit and ornamental to be found. Everybody attending Court invited to drop into the REVIEW office. The Coos Bay rail road is an enterprise not far in the future we hope. Judge Walton of Eugene is in Roseburg attending Court this week. J. T. Cooper gave us a call this week that counts. Call again Bro. Cooper. Hon. E. B. Watson ex-Supreme Judge, shook our hand cordially this week. Mrs. Dr. Hoover is still in the lead as usual in her line of first class millinery goods. McClallen's new rates of board and lodging during court have drawn a fine column. John Bayliss from our sister town Oakland came to our town this week as a witness. Richard Thomas the satisfied of my hungry ones of Oakland called in our office this week. Hon. Geo. S. Washburn of Eugene reflected himself upon us this week while in town. The Brown Bros. will re-establish their blacksmithing at their old stand. Give them a call. N. A. Ambrose of Yonocolla gave us a pleasant shake of the hand this week. He is a petit juror. Why go about with that aching head? Try Ayer's Pills. They relieve the stomach, restore the digestive organs to healthy action, remove the obstructions that depress nerves and brain, and thus cure headache. At the residence of the bride's mother at Mt. Scott on Thursday Oct. 22d. Miss Flora Watson was married to Mr. A. M. Crawford a rising young lawyer of Coos Bay. The REVIEW and a host of friends extend best wishes. The latest returns from Ohio concede the election of Foraker, Republican as Governor, with the Legislature doubtful, probably Democratic. If this latter is the case John Sherman will be retired and the Republican party left without a leader in the senate. In the Oakland Items last week, this notice appeared, "Mrs. J. O. Johnson was at Roseburg for several days." Now our correspondent should know that Mrs. J. O. Johnson lives in Roseburg and has not even been to Oakland lately. Just simply a mistake. T. S. Mills was in our office this week, on his way from Harrisburg South, to try his hand in the mines. He was once farmer at Klunath Agency, and was recently re-appointed by Rev. Joseph Emery, but the department at Washington would not confirm one of his age. Rev. Bickenback Pastor of the Presbyterian Church in Jacksonville came to Roseburg this week on some land business, and called in our sanctum. We were much pleased to hear of his prosperity in many ways. We certainly wish this indefatigable worker, great success. A large petition will go up to Congress, headed by Hon. Binger Herman, for the setting apart of Crater Lake in Klamath County as a public park. We signed the petition while in Portland, and believe this to be a good enterprise. This petition is being signed by all the leading men of the State. Mrs. Weatherford of Portland has been on a visit to Mrs. Smick's and Mr. W. A. Willis, and also extended her visit to Canyonville to see her old friend Aunt Rachel Clark whom she had not seen since 1848 in Iowa. Such visits are always pleasant, and Mrs. Weatherford can be assured that she is always a welcome guest. Rev. J. E. Day who has been located at Clatsop plain and Ilwaco, by the Presbyterian church, is with us this week, and expects to move with his family to the field of his future labors next week. He reports himself much pleased with his location which he has just visited. The best wishes of a host of friends go with him. Judge B. F. Bonham, a distinguished lawyer and able Democrat has been appointed by President Cleveland, Consul General to Calcutta at a salary of \$5,000. The REVIEW extends congratulations to the Judge and must say that Cleveland's appointments in Oregon are of the right stamp, reflecting much honor on the party and the President. Prof. Roby, of the Portland public schools, a general gentleman, a good business man and a sterling democrat has been appointed post master at Portland. He is a self-made man, having been thrown on his own resources at the age of nine years and fighting alone the battle of life. It is a first class appointment and we congratulate Mr. Roby and the administration. Dr. S. Hamilton, wholesaler and retailer has beyond question the largest and best assorted line of drugs, medicines, glass, statuary, fancy articles, books, perfumes oils, paints school books, etc., to be found in Portland or San Francisco. He sells at lowest possible rates, and deals with his customers in a straight forward way that secures the continuance of their patronage.

MUSIC.—Miss Nettie Ware is ready to receive all those desiring to be instructed on both Piano and Organ. Terms reasonable. Call at residence of W. S. Conser.

LECTURES.—Mrs. Jane H. Weeden, one of the crusade women of Ohio, lectured in this city at the Presbyterian church Saturday evening and at the M. E. church Sunday evening. She favored legal prohibition and presented some logical arguments.

MARRIED.—At the residence of J. N. Swift the bride's parents, Oct. 19th 1885 by Rev. J. W. Miller Mr. M. L. Bushnell and Miss M. J. Swift, and at the same time and place by the same, Mr. S. E. Appleton and Miss Elsie J. Swift. All of Douglas County.

BRICK WORK FINISHED.—The brick work on Caro's fine brick buildings was finished this week and several of the workmen have returned to their homes, among others the genial Wm. Reeves to Ashland and the handsome Jos. Clarke to Albany. We trust they will be called to our city again.

DIVINE SERVICES.—Rev. Octavius Parker will hold divine service at the Episcopal church in this city next Saturday evening and on Sunday both morning and evening. On account of sickness Mr. Parker is obliged to curtail his appointments somewhat and will not be able to visit Oakland this time.

SERENADE.—The Hon. J. H. Mitchell was in band of Thursday evening's train and when the citizens of Roseburg were informed of this fact a large number met him at the depot with the junior band which discoursed sweet music. Three cheers were given the distinguished statesman and for the twenty minutes the train stopped the Senator was the recipient of a continued ovation.

HANDSOME PRESENTS.—We received this week a copy of the Phoenix, Arizona, Herald, giving over a column account of the wedding of Charles L. Mosher and Miss Hattie Loung at that place on the 12th. Among the large number of guests were Gov. Trumble, Chief Justice Howard and many other dignitaries. A long list of beautiful presents is appended among others we notice half a block of land, a Weber piano, a dinner and tea set of over 100 pieces and a fine Hambletonian colt. Bon voyage Charles.

INDIAN WAR VETERANS.—The Veterans of the various Indian wars of the North Pacific organized at Slocum's Hall in this city an encampment with Hon. L. F. Mosher as chairman and W. G. Hill as secretary, on the 20th. Addresses were made by Judges Mosher and Kelsay. Thirty-four names signed the roll and the meeting adjourned until Saturday Nov. 14th. A general invitation to all veterans extended. Membership to 1860 from the Cayuse war of 1848 in the war of 1860.

CHEER UP! Help is at hand. "I'm afraid I shall have to be taken to a hospital or to the workhouse. I've been sick so long that my husband, good and patient as he is, can't stand the wrong and expense much longer." No you won't dear wife and mother: See what Parker's Tonic will do for you. Plenty of women as badly off as you are, have been rescued almost from the grave by it. It will build you up, curing all ailments of the stomach, liver and kidneys, and is simply pleasant and safe.

WEDDING.—Married at Phoenix Arizona Oct. 12th Miss Hattie Loung daughter of S. D. Lount to Charles Lane Mosher son of Judge Mosher of this city and grandson of the late General Joseph Lane. Charles is a young man well and favorable known in Oregon having been formerly editor of the "Western Star" at Roseburg and for the last five years editor of the "Arizona Gazette." Miss Lount is a young lady of wealth and rare accomplishments. His many friends join us in wishing Charles and his fair bride a happy voyage over the rugged sea of life.

WHERE CALCUTTA IS.—A granger from over in Polk county visited the capital city on business to-day, and before he had been here long he heard that B. F. Bonham had been appointed "minister to Calcutta." He rushed around to a certain store he patronized to inquire if the report was true. He was informed that the report was founded on unimpeachable authority. "Well, where is Calcutta?" he asked. He was told that Calcutta is a new place in eastern Oregon, that was made by the last legislature. "Bully for Bonham," said the man from Polk. "The judge always wanted to go to eastern Oregon for his health anyway."

REPORT CLUB.—Again the hall was filled to overflowing at the meeting Tuesday night. S. F. Flood officiated in the absence of the President. After music by the Junior Band led by Bro. Jones and prayer by Mr. Richardson, the whole audience sang "Storm the Fort," which song Prof. Hornor had caused to be printed on cards and distributed. Mr. L. C. Hill was then introduced, who addressed the Club on a subject of which he has given considerable thought, Human Progress tending to world prohibition of into-jeans giving conclusive evidence that our government is a success in the protection of Right and Repulsion of wrong for all the predictions of other governments to the contrary. At recess the pledges were circulated and several new names secured, after which there were recitations, plays and a general good time. S. F. Flood was chosen for speaker at the next meeting.

A PLEASANT TRIP TO CAMPEETING.—Late Saturday evening a merry party of young people left town for a visit to the country and to take in the campeeting at Cleveland. Sunday morning bright and early, our party being increased by several others, started for the camp grounds. Here we found that preparations had been made to accommodate all a temporary church had been roofed in and furnished with a stove in prospect of inclement weather. The elements reserved their equanimity, there, at the end meeting. The congregation was very large as a great many had come from a distance. All seemed to manifest great interest in the good work. There was provision in abundance, so that none went away hungry. We can speak in terms of special praise of the restaurant, as we never tire of oyster soup. We listened to three most excellent sermons by Revs. Jones and Sails. Thirty converts was the result of the ten days meeting, which speaks well for these great workers.

Dr. Devere has located at this place. Charley Fields left this week for Portland. Miss Allie Reed of Wilbur was in town Wednesday. Miss Fannie Thomas returned from a visit to Portland. Mine host R. Thomas has a stuffed wild cat on exhibition. A great many attended the Mechanics fair from this place. Wonder where Son went on the Black last Saturday at dusk. Boys quit your night rackets or you are liable to run into some lead. Geo. H. Shambrook has gone to Jefferson to assist his brother John. D. W. Stearns killed thirty-seven head of nice hogs this week. George Heath has a contract for building a wagonbridge across the Calapoopia at Old Town. C. P. Houston paid Roseburg a visit. One of Oakland's young ladies being at that place. Several invited guests assembled at Bayless's saloon Tuesday evening where there was a fine supper awaited them in honor of David Baker's birthday. Several stump speeches were made, among those most appropriate to the occasion were those of Hon. W. K. Hanna and Judge O. C. Perkins.

English Settlement News. Plenty of ducks, deer and bear. Everybody wishing for rain. Church last Saturday and Sunday at Fair Oaks. The dance at Mr. Fawn Smith's was a success. Miss Ella Stephens is attending school at Oakland. Tramps are very numerous and are becoming a great nuisance. Sunday school was rather small last Sunday on account of several attending Church at the Stake. Stock is becoming very poor on account of not sufficient rain to start the grass. Mr. Joe Gray while burning some grass the other evening had the misfortune to burn several yards of fence. Mr. Joe Quant and James Young went on a hunting tour last Saturday but with what success we have not learned. Mr. and Mrs. Wm. Stephens returned from Coles Valley last Friday, where they have been visiting friends and relatives. Mr. Wm. Harvey will take his departure for Eastern Oregon in a few days. He has our best wishes and we hope he will pay us a visit once in a while. Mr. Frank and Ole Green have purchased the shingle mill in Shoestring and will put it in proper repair at once and begin the manufacturing of shingles. JACK.

Riddle Items. Earnest Rice and wife are visiting relatives here. Rev. Moses gave us two interesting sermons last Sunday. Born to the wife of W. A. Webber, on the 21st a daughter and a son mother and children doing well and father to proud for any use. Noah Cornutt will go to Portland one day this week to buy more goods. If you want a first class article at a reasonable price you should give him a call. Noah Cornutt raised a pair which weighed 3 lbs. and one oz. and 20 of them weigh 50 lbs. No doubt these are the largest pears in Oregon and would probably out-weigh any pear exhibited at New Orleans. Everybody says that the grass is shorter and the stock poorer than they ever saw them before at this season of the year. Cattle in the hills are poorer than they were in the spring and if there is anything like a hard winter more than half of them will die. XXX.

What is Cantoria. Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. Its purpose is to regulate the stomach and bowels. It does this by thoroughly assimilating the food, preventing colic and constipation, and keeping open the pores of the skin. This is necessary. Nearly one-quarter of our children die before they are two years old, and one half before they are five. Nature did not so intend it. Improper food and neglect of bathing make most children sick at times. They must have relief from symptoms indicated by flatulency, vomiting, purging, levers and constipation. The formula of Castoria is published. Liberal physicians everywhere now agree that it will now accomplish this end. Castoria is harmless; it does not contain a particle of morphine or other narcotic substance. Paregoric, Bateman's Drops, soothing syrups and all other medicines for children, contain opium in some form. Castoria has been in use over thirty years and during that time has carried hope into more homes, prevented more protracted sicknesses and relieved the appalling death rate among infants and children to a greater extent than all other known remedies.

Not a Single Gray Hair. "You may laugh and think me a vain thing," writes Mrs. J. R. C., of San Francisco, to a friend in this city, "but I have not a gray hair in my head, and yet (sad to say) I am fifty and a day. Recently my hair was not only quite gray but quite thin, too. Parker's Hair Balsam—made in New York, I think—did wonders for me. Try it, if you have occasion. It really does what I say, and restores the color also." "Not a day, not greasy, highly perfumed. Only reliable 50c. dressing.

Farmers and Mechanics. Save money and doctor bills. Relieve your Mothers, Wives and Sisters by a timely purchase of Dr. Bosanko's Cough and Lung Syrup, best remedy for Coughs, Colds, Croup and Bronchial affections. Relieves Children of Croup in one night, may save you hundreds of dollars. Price 50c. and \$1.00. Samples free. Sold by S. Hamilton.

The Baboon Cry For It. And the old folks laugh when they find that the pleasant liquid fruit remedy Syrup of Figs is more easily taken and more beneficial in its action than bitter, nauseous medicines. It strengthens the Liver, Kidneys, Stomach and Bowels while it arouses them to a healthy activity. For sale by S. Hamilton.

Everybody says that the grass is shorter and the stock poorer than they ever saw them before at this season of the year. Cattle in the hills are poorer than they were in the spring and if there is anything like a hard winter more than half of them will die. XXX.

What is Cantoria. Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. Its purpose is to regulate the stomach and bowels. It does this by thoroughly assimilating the food, preventing colic and constipation, and keeping open the pores of the skin. This is necessary. Nearly one-quarter of our children die before they are two years old, and one half before they are five. Nature did not so intend it. Improper food and neglect of bathing make most children sick at times. They must have relief from symptoms indicated by flatulency, vomiting, purging, levers and constipation. The formula of Castoria is published. Liberal physicians everywhere now agree that it will now accomplish this end. Castoria is harmless; it does not contain a particle of morphine or other narcotic substance. Paregoric, Bateman's Drops, soothing syrups and all other medicines for children, contain opium in some form. Castoria has been in use over thirty years and during that time has carried hope into more homes, prevented more protracted sicknesses and relieved the appalling death rate among infants and children to a greater extent than all other known remedies.

Not a Single Gray Hair. "You may laugh and think me a vain thing," writes Mrs. J. R. C., of San Francisco, to a friend in this city, "but I have not a gray hair in my head, and yet (sad to say) I am fifty and a day. Recently my hair was not only quite gray but quite thin, too. Parker's Hair Balsam—made in New York, I think—did wonders for me. Try it, if you have occasion. It really does what I say, and restores the color also." "Not a day, not greasy, highly perfumed. Only reliable 50c. dressing.
