TO ONE AND ALL,

MERRY

CHRISTMAS!

THE NATAL DAY.

Ring out the bells, let them chime, let a sleeping world awake; let the millions of earth catch the first beams of the morning. This is the Savior's natal morn. Just 1889 years ago, (commonly supposed 1885) the choirs of the celestial world walked out on the corridors of Heaven, and plumed their pinions, and through the trackless ether they made their way to this world of ours, and to the shepherds that watched their flocks by night on Bethlehem's plains, they attuned their harps and voices, and a minstrelsy of music broke forth that was unlike any music the watchers had ever heard before, and the announcement was made that the Christ is born, and the choral refrain was sung by them "peace on earth, good will to men." Those angels, that song of annunciation, the heraldry of those shepherds, the babe in the manger, the virgin Mary, the Annointed, the scenes of his early youth, his baptism, his temptation in the wilderness, his miracles, his life, his sufferings in the garden, his arraignment before Pilate, his crucifixion, his last words, his death, his resurrection, and his ascension, together with what he said when on earth, has turned the world upside down. His sayings have gone on errands of mercy and consolation to the hovel, as well as the palace. His teachings have permeated all governments, and like leaven in the barrel of meal, the whole earth is feeling his potent influence for good. A higher state of culture, and a loftier conception of national and international government has prevailed. Our literature is purer, and our poetry more sublime. He is to-day the grandest star that shines in any galaxy, the centrality of human thought and human adoration. His pure character and lovely life are not to be impeached. It never has been done by any one from the days of Porphyry to the present. To do it would be to register oneself an idiot or or a perverse fool. Let his name be over, and in all. Let the babling millions of earth say gloria in excelsis, and then Heaven will say Amen.

A Safeguard.

The fatal rapidity with which slight **Colds** and **Coughs** frequently develop into the gravest maladies of the throat and lungs, is a consideration which should impel every prudent person to keep at hand, as a household remedy, a bottle of AYER'S CHERRY PECTORAL.

Nothing else gives such immediate relief and works so sure a cure in all affections of this class. That eminent physician, Prof. F. Sweetzer, of the Maine Medical School, Brunswick, Me., says:—

"Medical science has produced no other anodyne expectorant so good as AYER'S CHERRY PECTORAL. It is invaluable for diseases of the throat and lungs."

The same opinion is expressed by the well-known Dr. L. J. Addison, of Chicago, Ill., who says:—

"I have never found, in thirty-five years of continuous study and practice of medicine, any preparation of so great value as AYER'S CHERRY PECTORAL, for treatment of diseases of the throat and lungs. It not only breaks up colds and cures severe coughs, but is more effective than anything else in relieving even the most serious **bronchial and pulmonary** affections."

AYER'S
Cherry Pectoral

Is not a new claimant for popular confidence, but a medicine which is to-day saving the lives of the third generation who have come into being since it was first offered to the public.

There is not a household in which this invaluable remedy has once been introduced where its use has ever been abandoned, and there is not a person who has ever given it a proper trial for any throat or lung disease susceptible of cure, who has not been made well by it.

AYER'S CHERRY PECTORAL has, in numberless instances, cured obstinate cases of chronic **Bronchitis, Laryngitis,** and even acute **Pneumonia,** and has saved many patients in the earlier stages of **Pulmonary Consumption.** It is a medicine that only requires to be taken in small doses, is pleasant to the taste, and is needed in every house where there are children, as there is nothing so good as AYER'S CHERRY PECTORAL for treatment of **Croup** and **Whooping Cough.**

These are all plain facts, which can be verified by anybody, and should be remembered by everybody.

FOR SEVEN YEARS.

Mr. L. W. Blake, the subject of the above sketch, with the Evening Chronicle, St. Louis, Mo., in answer to the inquiry of a reporter, said: "For seven years I had been ailing with catarrh, and during that time have been treated by six eminent physicians, without success. Some doctors told me I had consumption. For the past three years I had a continual discharge of mucous droppings in the throat, a cough and pain across the forhead. Added to that was loss of memory, voice, appetite, roaring in the ears, and a general feeling of wretchedness. About five months ago I consulted Dr. Turner. To-day I am as well as ever, have gained twenty pounds, and don't detect a trace of my old trouble. Yes, sir, I would be pleased to answer, by letter, any person suffering from that dread disease."

Louis Turner, M. D., has offices at 812 Washington av., St. Louis, Mo., and has, in a private and hospital practice of thirty years, treated with wonderful success all curable cases.
