FRIDAY, DECEMBER 25, 1885.

PHILETAS FOGGY... FRIDAY, DECEMBER 25, 1885.

UNION ENCAMPMENT... FRIDAY, DECEMBER 25, 1885.

LAUREL LODGE... FRIDAY, DECEMBER 25, 1885.

All persons receiving a sample copy of the REVIEW will consider it an invitation to become a subscriber, and will write us a card to send it right along.

Laurel Lodge No. 13 A. F. & A. M. will install its officers Saturday evening, 26th at seven o'clock P. M. All brethren in good standing invited.

PRINTING BOOK.—The one the Bible speaks of is now owned by John Hatfield. It is double-purchased, can print higher than with any other, it is the best without a question. Call at the REVIEW office and see it.

HOME INDUSTRY.—D. S. West, our County Treasurer, has been appointed agent for the State Insurance Company of Salem, Oregon. All those wishing a safe and reliable company to insure in, will do well to call or communicate with him.

TEACHERS EXAMINATION.—A public examination of applicants for teachers certificates will be held in Roseburg on Wednesday, Dec. 30, 1885, commencing at 9 o'clock A. M. Frank W. Benson, Co. School Supt.

NEW ARRANGEMENTS.—We have made arrangements for 1886 to give the New York World and the REVIEW to all subscribers the same as for 1885. Three dollars in advance secure both papers for one year. 1886 will be a great political year in this country.

LOOK HERE.—We make another offer to our many subscribers.—We will furnish you with the "Practical Farmer" a weekly 16 page paper, established 1855 published in Philadelphia, and the REVIEW for one year for \$5.25 in advance. This is the best offer made to farmers, stock and dairy men. Price of Farmer \$3.00 per year.

THE S. S. CONCERT.—The M. E. Sunday school concert held at the church last Sunday evening was an eminent success. A large audience, the recitations, declamations, songs and speeches were good. But best of all, a collection was raised for sabbath school literature for the ensuing year, which amounted to \$22.12. Thus in three consecutive Sundays we have raised about \$70.00 for such purposes by collection. This certainly speaks well for our little city.

THE POSTIVITE PRAYER.—In a sermon at Cornell University, Dr. Abbott gave this as the prayer of modern positivists: "Our brethren which are on the earth, hallowed be thy name; our Kingdom come; our will be done on earth, for there is no heaven. We will get us this day our daily bread. We will forgive no offenses, for there is no forgiveness. We will live no temptation, for we can deliver ourselves from evil, and ours is the kingdom, and ours is the power, and there is no glory, and no forever. Amen."

HAD MIDDY STREETS.—Our streets are pretty horrible, mud from one end to the other and in some places deep. How can it be remedied? Why easy enough, put good ballast, gravel and sand, and not mud on the streets as heretofore. There can be gotten thousands of loads of this ballast not farther away than one mile to the most remote street. The streets ought to be raised in some places, and the most sensible way to keep any road in good order is wholly neglected by our street commissioners, that is to always keep the middle of the road high and keep all ruts filled and soon it will be so thoroughly packed that it will be as good or better than cobble stone, or Nickelson pavement. More next week.

TEMPERANCE.—We say again that the shortest, safest and most satisfactory way for this subject to be handled is to reach the action of the next Legislature, which will not submit to the people for their vote for or against Prohibition. Then let both Republican and Democrat go to the polls and vote their sentiments, and if "for Prohibition" carries, then by that law Oregon must be governed, and if "against Prohibition" carries then let us our diggers and try it again. This is the fair way to settle all questions of state law, and no other way is satisfactory or will succeed. The motto of Democracy is, the majority must rule. Any other method will be fruitless and will be in direct contravention to our system of Republican government. Let all be united, and have no hickories, and then the right will prevail.

TOO TRUE.—Read the destiny of non-advertisers and non-subscribers in the following and then come or send at once and order the REVIEW. Once upon a time a certain man got mad at the editor and stopped his paper. The next week he sold his corn four cents below the market price. Then his property was sold for taxes, because he didn't read the sheriff's sale. He was arrested and fined \$8 for going hunting on Sunday, simply because he didn't know it was Sunday, and he paid \$30 for a lot of forged notes that had been advertised two weeks and the public continued not to negotiate for them. He then paid a big Irishman, with a foot like a forge hammer, to kick him all the way to the news paper office, where he paid four years subscription in advance, and had the editor sign an agreement to knock him down and rob him if he ever ordered his paper stopped again. Such is life without a newspaper.

READ THIS.—Some parts of Douglas county are well written up and consequently persons coming here to seek seeking homes while at the hotels see at once their interest and life manifested in the parts written about, and they also learn many, and others come to us and say, "what kind of land is in Looking Glass neighborhood?" and others inquire about church and school facilities, all of which have been suggested to their minds by the correspondence they read in the county newspaper. Now every tract ought every week to send a short item of report of the doings of each particular neighborhood to the county newspaper for publication. Look to this friends and you will soon realize that your neighborhood correspondence does you as much or more good than any one else. We say again when you write, let that fellow's girl along, new settlers coming here do not know anything about her and perhaps she is engaged anyway, so only write facts about what is taking place of a public nature in your respective localities, such as accidents, births, marriages, and all general information which would be Pro Dono Publico.

Christmas goods of all kinds reduced to cost and carriage until after New Years to clear out the remaining stock for this year, at W. N. Moore's. Rent being too high above, Santa Claus has removed his headquarters to A. C. Marks' corner, where everything is sold at the lowest possible prices. There will be divine service in St. Clements Episcopal Church, Oakland, on next Sunday morning and evening. All are cordially invited to attend. S. J. Shrum of Mt. Scott gave us a call last Saturday, and said that the school under the management of Perry Duncan is meeting with merited success. Dr. S. K. Raymond has permanently located in Oakland, is prepared to do any and all kinds of Dentistry at hard time prices. Give him a call. Ewel Barker brought eight of the finest turkeys to town Wednesday that perhaps ever seen in Roseburg. The smallest one weighed 19 1/2 pounds dressed. Dr. S. Hamilton has the largest and best assortment of drugs, paints, oils, glass &c, &c, than any other house south of Portland. He wholesales and retails. C. A. Price, son of John Price of Oak Creek, who has been in Washington Territory for two years came home this week to spend Christmas with his parents and friends. China cups and saucers, scrap books and notions, vases, tea sets, chamber sets, must sets and smokers sets, all of the latest styles for the holidays and at the lowest living rates at J. F. Barker's. Mrs. Homer, who was in charge of the concert given last Sunday evening at the M. E. Church spared no pains and success was the result. She deserves much praise for her efforts. The poetry that Rex our esteemed correspondent at Looking Glass sent us for publication this week, was published here not long since hence we will see the reason of its non appearance. Gen. Robert Toombs the great Confederate died at his home in Georgia last week. He had not cast a vote since the war, his disabilities not being removed. His funeral was largely attended by friend and foe. C. K. Kent of Dillard came to town last Monday, and we are glad to say that the railroad company has become quite liberal here of late, the company allowed Mr. Kent to come on a pass free of charge. A nice assortment of Boys Overcoats ranging from 2 1/2 years up, at M. Josephsons. I have on hand an extra fine lot of fruit consisting of the following varieties: Apple, Pear, Peach, Plum, Cherry, Quinces, Apricot, and Grape. Roots for sale cheap. Give me a call, near the depot. W. S. Hotchkiss. W. H. Parker Clerk of Jackson county stopped over last Saturday in our town. He was returning from the Willamette whither he had gone on a trip of respite from labor, and is now much refreshed and in good trim. The untidy appearance of a grizzly beard should never be allowed. Buckingham's Dye for the whiskers will change their color to a brown or black, at discretion, and thus keep up your reputation for neatness and good looks. There is something strange about one Geo. Whitehall of Oakland Cal, who registered at the McClallen House Dec. 16th, at one meal left one large trunk and a small box valise but has not been heard from since. The question is where is he? Mrs. Freelin Cornutt of Kildale and Miss Ida Bellman of Corvallis were in Roseburg over Sunday, the guests of Mrs. B. G. Hursh. The two ladies reminded us very much of the familiar days we used to meet when we were stationed in that city. Election of officers, of Union Encampment No. 9. A. C. Marks, C. P.; W. N. Moore, H. P.; Gus Taylor, S. W.; G. W. Frazer, J. W.; T. Ford, Treas.; B. G. Hursh, Sec'y; J. M. Dillard, D. S. K. Buick, and Mitchell Mallausena Trustees. There arrived in Roseburg last week a family by the name of Mackintosh, who are just from Scotland, having immigrated to this country with a view to settling on this coast. They suffered the loss of quite a young child, Saturday, the funeral taking place Sunday afternoon. A man's pretensions are not worth a cent unless supported by evidence, hence we conclude that Col. John Lane of Roseburg is a Democrat, for the reason we saw him taking half a hog to his office one day this week, whereas if he had been a Republican he would have taken a whole hog. Dr. Thomas Graham, a graduate of the University of Pa, at Philadelphia and of the Royal College of Surgeons, and Royal College of Physicians, London, England has located for the practice of his profession in Roseburg, Office and residence, Washington street opposite the Catholic church. "Words fail to express my gratitude," says Mr. Selby Carter, of Nashville, Tenn., "for the benefits derived from Ayer's Sarsaparilla. My system was filled with scrofula; blotches, ulcers, and mattery sores, all over my body." Mr. Carter was entirely cured by Ayer's Sarsaparilla, eight months ago, and has had no return of the scrofulous symptoms. MISTAKEN FOR CONSUMPTION. Persons have doctor'd for years for consumption, all to no effect. Though they had a cough, felt pain in the lungs, were depressed, weak, with many other symptoms were all off, springs of a torpid and diseased liver. We could fill a volume with testimonials of thousands so afflicted, who were permanently cured by taking Simmons Liver Regulator. L. W. Smith is in connection with his family mill, handling the Oregon iron fence for centuries enclosures, public and private residences, and will sell at reasonable figures. A number of our leading farmers and citizens have already made purchases, among them Uncle Aaron Ross has bought one for his lot in the Masonic cemetery. Call at Sheridan Bros. and get this new fan mill. We were taken by storm last Tuesday evening when in the Post Office we were confronted by a trio of gentlemen from Drain as follows—Benson, Booth and Kuykendall. Well we surrender, knowing that during their stay of one day in Roseburg we should be able to account for almost anything that might happen. As you again brethren of the tripod we shall do for you as best we can.

HA! HA! HA! Why do I laugh? Because that other chap claims to have my head quarters, its a cheap imposition and I want the public to know that my Depot is at L. Langenberg's and has been for over ten years. Go there and you will be well treated. You will find everything in my line, cheap for cash. Respectfully yours, Santa Claus.

On this page will be found an item written by Bro. Bell, in which he states that "Colonel Lane must undoubtedly be a Democrat, as he was seen carrying half a hog into his office; whereas, if he had been a Republican he would not have been content with less than a whole one." Now, we presume Bro. Bell must be a Republican of the deepest dye, as he was seen grinning under the weight of a whole hog only a short while after. The "devil" is responsible for the above and slipped the item in without Bro. Bell's knowledge. Don't Give Up Yet. It doesn't follow that a patient will die because the doctors have "given him up," or that he will recover because they promise to "pull him through." It is never to late to try the great virtues of Parker's Tonic. Mr. Michael Guilfoyle, of Binghamton, N. Y., was cured of Rheumatism by it after ten years of unpeasable suffering. Mr. R. W. Mosher, druggist, of same city, certifies that he has sold over a thousand bottles of Parker's Tonic through its reputation for this and other cures. Now we want it distinctly understood that it is all a big mistake about Santa Claus taking up his headquarters anywhere except at H. C. Stanton's, St. Nicholas—(Santa Claus) has just arrived with a full line for the children and the old folks, of notions, holiday books, Christmas cards, dolls, musical instruments, gilded caps and saucers, tea sets for children, scrap books, autographs, vases and other Xmas presents too tedious to mention, and th

There are to be two Christmas trees in our town on Thursday evening; one at the Christian Church, and one at the academy. Both will be largely attended. The Drain Echo came to light on Friday morning last, and was cordially greeted by its many friends. The REVIEW did not doubtless have "reviewed" it before this, so I will add no comments, further than to say that the publishers, Messrs. Booth and Kuykendall are not "spring chickens," and propose to run a first-class paper, which will supply a long-felt want, without poaching upon the preserves of Roseburg's splendid weeklies (no extra charge for the latter part of that sentence).

Sol is in Drain. He looks a little disconsolate, but if the mail from the coast counties is regular, he'll be brighter in a day or two. I think he's game if he does look a little scared. Our stores all wear a holiday appearance, and during the past week have done a rushing business. Still, it must not be imagined that they are only Christmas goods, or that they are well stocked with all sorts of goods appropriate to the season. I went into Drain & Co.'s store yesterday and found them just as busy selling staple goods, and winter supplies as if Santa Claus actually had his headquarters at Roseburg instead of Drain! By the way, those "Kuykendall" boys who are "gall" having the "For an actual fact, and in order to settle that dispute, I wish to state that old Santa spent Monday and Tuesday at the store of Jo. Celler, and Wednesday and Thursday at Ed. Estes'. During the entire week, his mother's oldest son was behind the counter at father Kuykendall's drug store. Beside that, I saw him sneaking in at the back door of the Drain hotel, with a big grin on his face, and a big turkey in his hand. The sight of that turkey had a bad effect on me, for when I went home, and ate a light lunch of sour krom, I retired to my room, and had a nightmare. I dreamed that a giant turkey stood over me and gobbled in a jauntyly articulate way, "Here's the yer Drain Echo, 'er 'er a copy!" And in the next moment I was wide awake, and Paul Schmoller was walking quietly past my house, smelling sour krom, I mean cabbage, not a steam cigar! (You see my nerves are a little unstrung!)

The Normal School is taking a two weeks' vacation during the holidays. Its attendance is higher than ever before in its history. CASABALAN. A nice assortment of Boys Overcoats, ranging from 2 1/2 years up, at M. Josephsons. Weather fine. Everybody happy. The spelling school at this place on the 20th was a decided success. Mr. Sil McCoy met with quite a serious accident a few days ago while cutting wood when he made a mislay with his ax and cut his foot across the instep almost severing the entire foot. Mr. A. D. Hawn of Coles Valley was up visiting relatives and friends, came again today. We think Coles Valley will be able to chronicle a wedding ere long judging from general appearances. Mr. Richard Hannon of Willamette made Looking Glass a very pleasant but short call a few days ago, come again Dick we are always glad to meet you. It is all right Dick we will not mention it certainly not.

Mr. Wm. Callahan of Cleveland was up on a tour of inspection of Looking Glass last week. He is of the decided opinion that the nearest route from his saw mill to this place is over the hills west of Looking Glass. If you want to be vanquished at checkers call on him for he claims to be the champion. Messrs Costin and Williams are having a little expensive experience with dogs killing sheep, on Sunday night last they had about thirty head slain by a worthless set of curs on the next evening they stood guard expecting to annihilate the entire lot of marauders, but of course they failed to put in their appearance the reason why all tied up. REX. An OSERVEE. Barthold's ASTOR. New York, Sept. 24th, 1885. To the press and people of the United States: The able efforts of the "New York World" newspaper, coupled with the generous co-operation of the Press of the country, which have been crowned with such unexampled success in securing the amount of money required to complete the pedestal for the Statue of "Liberty Enlightening the world," call from the Executive Committee their fullest expression of thankfulness for this manifestation of good will.

Encouraged by this success, the undersigned on behalf of the Committee, appeals once more to our liberty-loving people for the necessary aid required for the putting together and erection of the colossal statue which is soon to be placed upon its magnificent foundation, the cost of which, with the steel and iron anchors, beams, &c, etc, will approximate, as nearly as can be, the sum of Forty Thousand Dollars. To this end we desire to call the attention of the people, and to state that the continuation of the sale of the statuettes, on a liberal scale (which can now be supplied on demand), will produce the needed amount to complete this object.

All who desire to secure this beautiful souvenir of the great work can do so upon application to the undersigned. On behalf of the Executive Committee Your Obedt. Servant, RICHARD BUTLER, Secretary.

Mr. Ed. Sir—According to Dec. 23rd, 1885. In delicate health and all who suffer from habitual constipation will find the pleasant liquid fruit remedy Syrup of Figs more easily taken, and more beneficial in effect than any other remedy. It acts promptly yet gently on the bowels, kidneys, liver and stomach, and does not sicken or debilitate. For sale by S. Hamilton. T. S. MILLS.

DRAIN ITEMS.

Well, I don't know whether I owe the readers of the REVIEW an apology, or whether they owe me a vote of thanks for failing to write last week. My only excuse for my dereliction, is a press of business that rendered it an impossibility for me to respond. As to news, I had an abundance. Last Thursday evening Miss Benson's music class and Casaratti's gle club gave a free concert to a crowded house. It was pronounced a success by those who attended. For me to specify those whose work was especially worthy, would be an impossibility. The instrumental music by Misses Applegate, Fisher, Russell, Drain and Cellars and Charley La Raut, was very fine, and reflected much credit upon the skillful instructor. The vocal music by Messrs. Callwell, La Raut, Bean, Hedrick, Booth, Estes and Applegate, and Misses Seymour, Russell, Applegate, Callwell and Benson, was also very fine. It is the intention to continue these concerts through the winter. There are to be two Christmas trees in our town on Thursday evening; one at the Christian Church, and one at the academy. Both will be largely attended. The Drain Echo came to light on Friday morning last, and was cordially greeted by its many friends. Several ladies and gentlemen from Willamette have been in Oakland purchasing articles with which to ornament their Christmas tree. We guarantee they will have a general good time. Our young friend M. Fickie is arranging to reside on a farm near town. Says he is going to hatch, but on all indications, we are obliged to express a doubt. Good Luck Fick. The money order system adopted recently by Wells, Fargo & Co. is proving a grand success in our town. The convenience, safety and cheapness of the system are great inducements to the business part of our community. There was as we understand to be two Christmas trees in Oakland, one in the Baptist church under the supervision of officers and teachers of the Sabbath school and one in Brown's hall under the guidance of the L. O. G. T. Success to all placed. Smith Bailey's hotel is a first class place to get a good square meal and a neat room in which to lodge. Every thing good to eat, all gotten up under the direction of Mrs. Bailey who knows exactly how to satisfy the hungry. Those fresh Chesapeake oysters were delicious. Newly elected officers had in waiting in the ante room a splendid repast, which was duly appreciated and enjoyed by the large number of brethren present. OBSERVEE. Umpqua Ferry Items. UMPQUA FERRY, Dec. 25th, 1885. "Glory to God in the highest and peace and good will to all men." Miss Ida Clarke who is attending school at Drain has come home to spend the holidays. Miss Ida Goodman, one of Calapooia's fairest, is now in our midst. She thinks of entering school here. Rev. Jos. Enslay will preach at the school house next Sunday at eleven. Everybody should come out to hear him. The school entertainment yesterday was good. The children all did remarkably well. Prof. H. D. Thomas may well be proud of his school. T. D. There are but few who understand the cause of it. Never fear, my friend, Mr. John C. will see that she has every attention. Christmas is very dull in this section, but Mrs. E. E. Barnard and Wm. Johnson inform us that their ball at Umpqua Ferry on New Year's eve (Dec. 31st) will be a grand affair and live the country up for miles around. Mr. A. D. and Miss Nettie Hawn of Looking Glass spent several days of last week in the valley, guests of Miss Della Thompson. They came down to hear Rev. E. A. McAllister's sermon on Sunday. For reasons yet unknown he failed to fill his appointment. AN OSERVEE. Barthold's ASTOR. New York, Sept. 24th, 1885. To the press and people of the United States: The able efforts of the "New York World" newspaper, coupled with the generous co-operation of the Press of the country, which have been crowned with such unexampled success in securing the amount of money required to complete the pedestal for the Statue of "Liberty Enlightening the world," call from the Executive Committee their fullest expression of thankfulness for this manifestation of good will.

Encouraged by this success, the undersigned on behalf of the Committee, appeals once more to our liberty-loving people for the necessary aid required for the putting together and erection of the colossal statue which is soon to be placed upon its magnificent foundation, the cost of which, with the steel and iron anchors, beams, &c, etc, will approximate, as nearly as can be, the sum of Forty Thousand Dollars. To this end we desire to call the attention of the people, and to state that the continuation of the sale of the statuettes, on a liberal scale (which can now be supplied on demand), will produce the needed amount to complete this object.

All who desire to secure this beautiful souvenir of the great work can do so upon application to the undersigned. On behalf of the Executive Committee Your Obedt. Servant, RICHARD BUTLER, Secretary.

THE SCRATCHED BELM. The Salem Statesman not long since called on Mr. speaker Keedy to rise and explain why it was that he drew a pen across that bill of his. Well we suppose the Statesman did not "call loud" enough for him to "hear." Surely the Statesman did not insinuate that he did the deed, yet some are on the track of the person that did do it. To suppose that Keedy did do it, would certainly be a very violent supposition, yet some say that it is in the range of possibilities for him to perpetrate such a crime. It has come to our ears by an officer of the senate that he, Keedy was the last to find it, and when it did appear the pen stroke was across the face of the Enacting clause. This Gov. Moody did not hold it sufficient to invalidate the bill, for which much praise is due him. Now Mr. Keedy out here in Southern Oregon the people would like to hear what you know about this matter, if we can make our voice penetrate the fastnesses of the Calapooias and direct the corpuses of sound so that they will gently fall on your ear in Corvallis. We feel that you are entitled to exonerate so far as the hint has gone forth from the Statesman, and the people want to know what you have to say about it. A nice assortment of Boys Overcoats, ranging from 2 1/2 years up, at M. Josephsons. Oak Grove Items. Wm. Smith and family arrived at Oak Grove last Saturday. The book of oracles says, Cassia Wait shall have a buggy. Henry Smith's new house is finished and nicely furnished. Bristolow Gabbert spent last Sunday visiting relatives on north Myrtle Creek. Mrs. Wilson of Salem, is visiting her daughter Mrs. McKinzie at this place. Lish Strong went to Roseburg and bought some handsome Christmas presents for some one, "but for goodness sake don't say I told you." Walter Stevenson is considered the most handsome young man at Oak Grove. I must not say who the best looking girl is, but Mollie Ruckle is our champion equestrian. Mr. Treack packed his trunk to start to Ohio last week, but when he saw the train pulling through the moonlight, coming nearer and nearer, gracefully turning the curves, he became so lost in reflection, that he let it sweep by him. He is still in Oregon. Ed. Ruckle, successor of Mr. Mat Ruckle, has some of the finest turkeys in Douglas Co. I suspect that one or maybe more than one of them will suffer Christmas. By the way Ed. endorses prohibition, "one arm to defend is worth hosts that invade." I am sorry to say the item regarding temperance last week, was misunderstood by several, and has given offence. I did not intend it as a slur at all, but simply meant to say that we have a good number of people who advocate temperance, but have no lodges or temperance societies. The people of Oak Grove are making many preparations for Christmas. Everybody will have a jolly time, but the section bosses. An old lady talking with Mr. Finch about her son being a drunkard said, there is one passage of scripture, I believe it is in Proverbs, that always consoles me, it is, "grin and bear it." With the greatest regret it must be so, I hope our two competent section bosses, will skillfully master that proverb of proverbs. Good Results in Every Case. D. A. Bradford, wholesale paper dealer of Chattanooga, Tenn., writes, that he was seriously afflicted with a severe cold that settled on his lungs; had tried many remedies without benefit. Being induced to try Dr. King's New Discovery for Consumption, did so, and was entirely cured by use of a few bottles. Since which time he has used it in his family for all Coughs and Colds with best results. This is the experience of thousands whose lives have been saved by this Wonderful Discovery. Trial Bottles free at A. C. Markers & Co's. Drug Store. BORN. BROCKWAY.—Born to the wife of B. B. Brockway, December 16th an eight pound boy. All doing well. DIED. MITCHELL.—In this city, on this morning of the 21st inst., LOUISA, daughter of J. M. and Mary N. Carl, wife of James K. Mitchell, aged 39 years and two months. Mrs. Mitchell was born in Marshall county, Iowa, Oct. 24, 1846, she was the mother of four children, three living and one dead. The family came to Oregon October, 1882, living for a time in Looking Glass, Douglas county, Oregon, and then removing to Roseburg, where, on Monday last, she departed from earth for her home in Heaven. Sister Carl professed faith in Christ when she was twelve years old, her father being preacher in charge and as a natural result a whole life was spent in the service of God. She fell asleep in Jesus in great peace. Mrs. Mitchell was an amiable cultured lady, respected by all for her many generous impulses, she was a kind devoted wife, a careful painstaking mother and a warm hearted devoted christian. Her sufferings were long and lingering, until the morning of the 21st, when she was released from suffering and serenely went home to the "sweet by and bye." She died of tumor. A large concourse followed her to her grave, and not a soul was present in the audience when Rev. Howard preached her funeral sermon but what believed she was at rest in Heaven. A christian life is the only guarantee of a happy home in the sun bright climate. BRINGING GLOVES.
