Bringing Gladness

Wild Cherry and Tar-Every body knows the virtues of Wild Cherry and Tar as a relief and cure for any Bonchitis. Price 50 cents and \$1.00.

A Safeguard.

The fatal rapidity with which slight Colds and Coughs frequently develop into the gravest maladies of the throat and lungs, is a consideration which should impel every prudent person to keep at hand, as a household remedy, a bottle of AYER'S CHERRY PECTORAL. Nothing else gives such immediate relief and works so sure a cure in all affections of this class. That eminent physician, Prof. F. Sweetzer, of the Maine Medical School, Brunswick, Me., says:—

"Medical science has produced no other ano-dyne expectorant so good as Ayen's Chenny Pectonal. It is invaluable for diseases of the throat and lungs."

The same opinion is expressed by the well-known Dr. L. J. Addison, of Chicago, 111., who says:—

Ill., who says:—

"I have never found, in thirty-five years of continuous study and practice of medicine, any preparation of so great value as Ayea's Cherry Pectoral, for treatment of diseases of the throat and lungs. It not only breaks up colds and cures severe coughs, but is more effective than anything else in relieving even the most serious bronchial and pulmonary affections."

AYER'S **Cherry Pectoral**

Is not a new claimant for popular confidence, but a medicine which is to-day saving the lives of the third generation who have come into being since it was first of forced to the public who have come into being since it was first offered to the public.

There is not a household in which this invaluable remedy has once been introduced where its use has ever been abandoned, and there is not a person who has ever given it a proper trial for any throat or lung disease susceptible of cure, who has not been made well by it.

well by it.

AYER'S CHERRY PECTORAL has, in numberless instances, cured obstinate cases of chronic Bronchitis, Laryngitis, and even acute Pneumonia, and has saved many patients in the carlier stages of Pulmonary Consumption. It is a medicine that only requires to be taken in small doses, is pleasant to the taste, and is needed in every house where there are children, as there is nothing so good as AYER'S CHERRY PECTORAL for treatment of Crous and Whosping Courb. ment of Croup and Whooping Cough.

These are all plain facts, which can be verified by anybody, and should be remembered by everybody.

FOR SEVEN YEARS.

Mr.L W. Blake, the subject of the above sketch, with the Evening Chronicle, St. Lonis, Mo., in answer to the inquiry of a reporter, said: "For seven years I had been alling with catarrh, and during that time have been treated by six eminent physiciaes, without success. Some doctoratold me I had consumption. For the past three years I had a continual discharge of mucous droppings in the throat, a cough and pain across the forbead. Added to that was loss of memory, voice, appetite, roaring in the cars, and a general feeling of wretchedness. About five months ago I consulted Dr. Turner. To-day I am as well as ever, have gained twenty pounds, and don't detect a trace of n.y old trouble. Yes, sir, I would be pleased to answer, by letter, any person suffering from that dread disease."

Louis Turner, M. D., has offices at 319 Washington av., St. Louis, Mo., and has, in a private and hospital practice of thirty years, treated with wondering nuccess all curable cases.
