ROSEBURG REVIEW

FRIDAY, JANUARY, 29, 1886.

VARIETIES.

The different branches of Methodists in England report a net gain the past year of 5,041 members.

The consciousness of being loved softens the keenest pang, even at the moment of parting; yea, even the eternal farewell is robbed of half its bitterness when uttered in accents that breathe love to the last sigh.—Addison.

A son of the late Bishop Wilberforce, who is up for a seat in Parliament, is credited with the following significant remark: "While establishment may be to a particular Church a blessing unspeakable, no Church which could not stand without establishment is worth being established."

Congratulatory Friend—"Just arrived from the Continent, eh? You are looking remarkably well. How long were you in Paris?" Returned Tourist—"About six weeks." "How did you manage? You can't talk French." "O, gestures went a great way. Sometimes I sketched what I wanted." "Made a drawing of it, eh? And you were always understood?" "Well, not always. Once I made a drawing of a mushroom. Now, what do you think the waiter brought me? The idiot brought me an umbrella." —Philadelphia Call.

STATE NEWS.

CHIEF-JUSTICE WAITE has worn out five satin robes since he first took his place on the Supreme bench.

The political oven is beginning to boil, and those who feel that the offices are inadequate to the wants of the people should get in at once and see what their chances are to secure what few offices are now in reach.

Senator Sherman had a walk-over in his re-election, which was no more than he deserved of the Republican party in Ohio. He has been its foremost figure and more deserving of its honors by far than Hayes or Arthur.

We understand that the registry books made by W. B. Ayer & Co. have been corrected by appending a foot-note saying in place of March, where that word is used, read April. This is to make the books conform to the requirements of the amended registry law.

It has been intimated that one part of Senator Simon's errand in San Francisco is to learn how the registry law of California, of which the new law of this state is in the main a copy, is administered so as to help the Republicans. If he gets any light upon this subject, the columns of the Standard are at his service in shedding it abroad over the state.—Standard.

W. C. Barnes informs us that a strange and very fatal disease has appeared among his horses, which range on Upper Ochoco, about twenty-five miles above Prineville. The horses when first afflicted drag their hind feet when they walk, appearing to be weak in the loins, and generally die within a week from the time they first show symptoms of being sick. So far he has been unable to find any remedy or determine exactly what the disease is. Mr. Barnes has lost ten head from it and we hear that A. B. Webdell has lost several, also. Will some one define the disease, and propose a remedy? —Ochoco Review.

Among the distinguished dead last year were ex-President Gen. Grant, Vice-president Hendricks, ex-Senators Gwin, Fenton, Sharon, and Toombs, ex-Secretary Thompson, ex-Gov. B. Gratz Brown, Cardinal McCloskey, Dr. Stephen H. Tyng, Dr. S. I. Prime, Dr. Benjamine F. Teft, Sir Moses Montefiore, Dr. Nachtigal, the African explorer; Frantz Abt, the composer; Gens. McClallen, McDowell and McDougal, Col. Burnaby, Dr. Joseph Alden, Schuyler Colfax, Richard Grant White, F. J. Feargus ("Hugh Conway,") Mrs. Helen Hunt Jackson, Hinton Rowan Helper, Henry W. Shaw ("Josh Billings"), Wm. H. Vanderbilt, and Dr. John C. Draper.

Myrtle Creek News.

In your last issue under the heading of Local Brevities, you give free gratis the following good advice to the correspondents of your paper." Some time since we made mention that we would not under any circumstances print any of this love-sick stuff that some write." Your correspondent and a host of patrons heartily endorse it. A few days ago I asked a gentleman if he was a patron of either of the Roseburg papers. He said "no sir: Too much local gossip; the papers should publish articles on the leading topics of the day and show up the resources of the county and Southern Oregon."—like your paper of Jan. 8, in which you give an outline of that section of the country known as Douglas county, a paper that one can send to friends and acquaintances.

A short time ago a gentleman called for a ticket from Tacoma, Washington Territory, to Myrtle Creek, Oregon.—The agent gave him to understand that he must be mistaken, as he did not know of a town on any rail road by that name. The party who wanted a ticket informed him that Myrtle Creek was a town long before Tacoma was thought of and that the name of Myrtle Creek would be found on the O. & C. R. R. and the fare from Portland was $12.50 making a small mistake of $5.00. It seems to me that a civil service test would be a good move for appointments of rail road agents.

A few days ago the Oregonian published the proceedings of the North Pacific Fruit Growers Association and gave an out-line of its proceedings. The Willamette Farmer informs us that the importance of fruit growing in Oregon cannot be overestimated. California's revenue from this source is far more valuable than ever were her gold mines. The main difficulty heretofore has been, in this state in reaching a paying market. Once it becomes demonstrated that fruit growing will pay, the planting, improving, and care of orchards will follow as a matter of course. Every farmer will count as certainly upon the returns from his orchards as he now counts on his wheat returns; and we believe these returns will show a greater profit. It is a matter of great moment to the farmers of this place and vicinity. We want to know when and where the fruit growers will hold their next meeting. The finest prunes in the world are grown here and as for quality and quantity cannot be excelled; the kind of fruit dryers is a matter of importance and instruments for pruning the trees can with benefit, be brought up at the next association. We have a fine climate, free from blizzards, clyclones, grass-hopers, etc., etc.

Mr. Jacob J. Chadwick completes the killing of his hogs today making about 160. Some of them weighing nearly 500 lbs. dressed. He has just completed a building for the curing and smoking of his meat and also another building for his bees. Mr. Chadwick is a wide-awake farmer and a rustler.

Mr. John Weaver is making a speciality of fruit growing this winter especially prunes. He has ordered several hundred prune trees of the very best varieties. When it comes time to gather prunes get aboard of the cars and visit his orchard—you will be kindly treated and on return to your office you will have no difficulty in writing a good article on prunes.

The next farm we come to is owned by Hans Weaver Esq. He has land enough to make six or eight good farms. Enough land in a body for him to step out on his front porch and say that he is monarch of all he can survey. Part of the winter Mr. Weaver has been on the sick list, but his health is improving, he also engages in raising prunes as well as wheat etc.

A gentleman, a stranger to this part of the county, in passing along informed me that but few if any farms, from here to Oregon City were owned by the original settlers. The farms in this valley being the exception.

W.

Eagle Point Items.

EDITOR REVIEW: Since my last we have had some cold weather, but little snow, and the stock is looking very bad and in case we should have a cold rain no doubt a large number of cattle would die, for already quite a number have perished.

Our usual quiet village has been the seat of a law suit, during the last few days, an attachment, trial of the rights of property etc., and now to-morrow we expect to have another, and we expect to have a great display of legal talent. Speaking of legal talent brings to mind the fact that we have now in full blast "The Eagle Point Literary society" where we have a fine display of literary qualifications of our citizens in reading, recitations, declamation and debate. It is attended by a number of our older citizens and encouraged by all of the best element of society.

Here our young folks spend a few hours in the evening in healthful and pleasant amusement.

The better portion of our community are elated over the prospect of the saloons being closed here in the near future as it is generally known in this community that a majority of the votes are opposed to liquor being sold here.

Last Sunday Rev. M. A. Williams preached here, taking for his subject the history of the Recabites, and making the application to our own day and nation. He first, after giving a brief history of their origin spoke of their adherence to the principles of their fathers showing the power of parental influence, then the blessings attending filial obedience, he then took up the subject of total abstinence from intoxicating drinks and showed conclusively that the prohibitory movement in the United States was a move in the right direction showing that the use of intoxicants was largely the cause of our county indebtedness or the most of our criminal cases are attributable to that source, and that the saloon must be closed in order to save us from such exorbitant taxes, he then spoke of the fearful havoc being made among our young men by the use of liquor and smoking, refering to the number of young men that have been rejected by the examining board, who have applied for admission into the naval school, and the majority of those present felt like saying Amen.

UNO.

ROBUST HEALTH

Is not always enjoyed by those who seem to possess it. The taint of corrupted blood may be secretly undermining the constitution. In time, the poison will certainly show its effects, and with all the more virulence the longer it has been allowed to permeate the system. Each pimple, sty, boil, skin disorder and sense of unnatural lassitude, or languor, is one of Nature's warnings of the consequences of neglect.

Ayer's Sarsaparilla

Is the only remedy that can be relied upon, in all cases, to eradicate the taint of hereditary disease and the special corruptions of the blood. It is the only alterative that is sufficiently powerful to thoroughly cleanse the system of **Scrofulous** and **Mercurial** impurities and the pollution of **Contagious Diseases.** It also neutralizes the poisons left by **Diphtheria** and **Scarlet Fever,** and enables rapid recuperation from the enfeeblement and debility caused by these diseases.

Myriads of Cures

Achieved by AYER'S SARSAPARILLA, in the past forty years, are attested, and there is no blood disease, at all possible of cure, that will not yield to it. Whatever the ailments of this class, and wherever found, from the scurvy of the Arctic circle to the "veldt-sores" of South Africa, this remedy has afforded health to the sufferers by whom it was employed. Druggists everywhere can cite numerous cases, within their personal knowledge, of remarkable cures wrought by it, where all other treatment had been unavailing. People will do well to

Trust Nothing Else

than AYER'S SARSAPARILLA. Numerous crude mixtures are offered to the public as "blood purifiers," which only allure the patient with the pretense of many cheap doses, and with which it is folly to experiment while disease is steadily becoming more deep-seated and difficult of cure. Some of these mixtures do much lasting harm. Bear in mind that the only medicine that can radically purify the vitiated blood is

Ayer's Sarsaparilla,

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

Sold by all Druggists: Price $1; Six bottles for $5.

FOUNT LAMP.

POSITIVELY NON-EXPLOSIVE!

THE CHICAGO ELECTRIC LAMP!

520 CANDLE POWER!

"SEE ONE AND BE CONVINCED."

ADDRESS:

CHICAGO ELECTRIC LAMP CO.

Cor. First & Washington Streets, Portland, Or.

Among its MANY advantages may be enumerated the following

1. The lamp, by the laws of nature, is positively NON-EXPLOSIVE.
2. It cannot break or smoke a chimney.
3. An ordinary chimney can be used.
4. The lamp burns at a cost of ½ cent per hour.
5. The wick is furnished free with every lamp. One wick will last 6 to 8 months.
7. The lamps being made of brass cannot break, but one lamp will last a life time.
8. What you save on chimneys in one year alone will suffice to pay for a lamp.
9. This lamp has the only wick movement that requires no ticing of wick, and also the only movement that brings the wick up perfectly even.
10. The wick trims itself if turned down until the stop work acts and permitted to go out without being blown, a minute or less being all the time required.
11. The top of the fount is so constructed as to hold any small quantity of oil that might accidentally run over, thereby preventing damage to furniture, carpets, etc.
12. The insurance companies recommend their use, because they they are non-explosive, etc.

THE BRILLIANT AND STEADY LIGHT

Produced by these lamps because of their peculiar codstruction, the main principles being a double draft, the outer air tube giving abundant supply of oxygen, which is necessary to insure perfect combustion (and thereby burning the odorous and poisonous matter which escapes in other lamps) and the inner or "surrender" air tubes steadying the flame and preventing its coming in contact with the chimney.

Made by a prominent authority gives the following result:

THE TEST OF LIGHT

Ordinary lamps, 8—11 candle power.
Gas lamps, 20 candle power.
Improved new Chicago Electric lamps, 52½ candle power.

Are made and can be had either in Brass, Nickel or Gold Bronze:

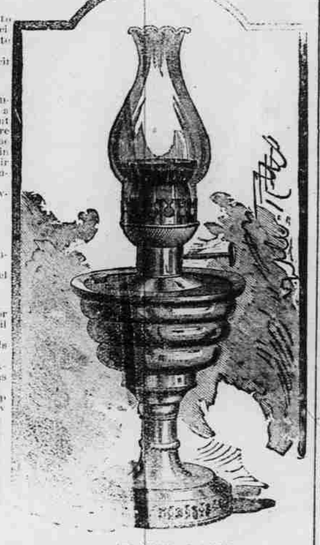
THE FOLLOWING STYLES

FOUNT LAMP—Can be attached to any gas or oil fixture, side bracket, etc., holds 1 quart of oil and burns 7-8 hours. Price $2.50 to $3.00

STAND LAMP—For table or desk use. Holds 1 quart of oil and burns 7-8 hours. $3 to $3.50

LIBRARY FOUNT—Made expressly library extension hangers. Holds 1 quart of oil and burns 7-9 hours. Price $2.75 to $3

ALL NIGHT FOUNT—Same as Fount Lamp only has a larger oil reservoir and consequently will burn longer. Price, $3 to $3.25.



STAND LAMP.

MEDICAL.

DR. LIEBIG'S

WONDERFUL

German Invigorator

Men who are suffering from Disease and Weakness brought on by early imprudence or excesses, causing nervous debility, premature decay, lost manhood, etc., having tried in vain every known remedy, should procure immediately DR. LIEBIG'S INVIGORATOR No. 2.

THE DOCTOR will agree to forfeit $1,000 for case undertaken, not cured. The reason why so many cannot get cured of weakness and the above diseases is owing to a complication called PROSTATORRHEA with Hyperæsthesia, which requires special treatment.

DR. LIEBIG'S INVIGORATOR, No. 2, under our advice and special treatment, is the only positive cure for PROSTATORRHEA.

DR. LIEBIG & CO. for the past nineteen years have made an exclusive specialty of the treatment of diseases of men.

If pimples appear on the face, if you become listless and despondent, look out for the complication with Seminal Weakness and loss of Vitality known as Prostatorrhea. Hundreds of lives have been lost and thousands have lost their property and pleasure in life from its effects. Varicocele; or wormy veins of the scrotum, often the unsuspected cause of Lost Manhood, Debility, etc. etc., DR. LIEBIG'S Invigorator, No. 2, is the only known remed y for the above complication, and a perfect and permanen cure will be guaranteed in all cases undertaken under our special advice and treatment.

Most powerful electric belts free to our patients. To prove the wonderful power of the INVIGORATOR, A $2 BOTTLE GIVEN FREE.

Call or address,

Dr. Liebig & Co's Private Dispensary.

400 Geary St. San Francisco, Cal.
