Roseburg, Feb. 5, 1886. EDITOR REVIEW:-I observe that Republicans are already and very properly too, discussing the personnel of the ticket that they will place before the people for sufferages next June. I say properly so because in a brief time the Conventions of the respective parties must be assembled and it is well to understand who is most available. The ticket announced by the Statesman headed by D. P. Thompson for Governor and Col. Fullerton for Secretary of State is a strong one among the Republican leaders and will receive very general consideration. Notwithstanding Hermann's zeal and industry he seems to have no positive following. In a certain way he is popular but in his absence who is his champion? does not seem to be in the convenient fitness of things that he should be renominated. Hon. C. W. Fulton can command a goodly support and will no doubt succeed. I do not think this is

right but so it may transpire. The Democracy can confront and confound Dave Thompson with such a man as Hon. John Catlin of Portland. He is a gentleman of sound judgement, strict integrity and the best type of Democracy. This selection would naturally throw the naming of Congress man to either Eastern or Southern Oregon. In the latter I hear of no aspirant. The name of Hon. L. B. Ison of Baker has been favorably mentioned. He made a good impression in this lo cality during the canvass as a Presidential Elector as did also his colleagues so far as that is concerned. He is altogether available. For State Treasurer I can think of no stronger man than Patrick Flannagan of Coos county Where his prudent, reliable judgement is known, and his broad liberality is felt he is a tower of stength. With lawyers I doubt not Hon. Reuben Strahan is decidedly the choice for Supreme Judge. For a number of years he was a resident of this District, for one term our prosecuting athis personal qualities and esteemed for his learning and ability as a lawyer. I mention these names because they occur to me fit, but there are doubtless others equally worthy. I think it is time that Democrats should discuss these matters, review the field carefully and select men whose character will

politics and will no doubt figure more conspicuously in the coming June see tion in Oregon than on any previous occasion. The Republican party has in the past, by professions of morality which it did not possess profited by the agitation of the liquor question and drawn to its support by promises which it never intended to fulfill, many ardent workers in the temperance cause. When we sum up the temperance legislation of the last twenty years throughout the length and breadth of the land we are confronted with the fact that the record of this self assumed morality party as a temperance party either state or national is no better than the Bourbon Democracy though the Republican party has been in power nearly the entire time and had the power to have enacted prohibitory laws had it been its policy to do so. During all of this time it has never as a party organization attempted to inaugurate such system, but may appropriately be termed the champion of license legislation which it has erected as an impregnable fortress against salies of prohibition. On the other hand Demceracy stands pledged by its national platforms against sumptuary legislation whatever may be the views of individual members upon the right to prohibit the use, sale or manufacture of intoxicating liquors.

The proposed prohibitory amendment to the constitution of Oregon was passed through both houses of the legislature during the session of 1882, and wanted only the ratification of the last legislature to have submitted it to the vote of the people at the coming June election. The fatal rapidity with which slight Colds and Coughs frequently develop into the gravest maladies of the throat and lungs, is a consideration which should impel every prudent person to keep at hand, as a household remedy, a bottle of AYER'S CHERRY PECTORAL. Nothing else gives such immediate relief and works so sure a cure in all affections of this class. That eminent physician, Prof. F. Sweetzer, of the Maine Medical School, Brunswick, Me., says:—

"Medical science has produced no other anodyne expectorant so good as AYER'S CHERRY PECTORAL. It is invaluable for diseases of the throat and lungs."

The same opinion is expressed by the well-known Dr. L. J. Addison, of Chicago, "I have never found, in thirty-five years of continuous study and practice of medicine, any preparation of so great value as AYER'S CHERRY l'ECTORAL, for treatment of diseases of the throat and lungs. It not only breaks up colds and cures severe coughs, but is more effective than anything else in relieving even the most serious bronchial and pulmonary affections."

AYER'S Cherry Pectoral

Is not a new claimant for popular confi-dence, but a medicine which is to-day saying the lives of the third generation have come into being since it was first offered to the public.

There is not a household in which this invaluable remedy has once been introduced where its use has ever been doned, and there is not a person who has ever given it a proper trial for any throat or lung disease suscep-tible of cure, who has not been made

AYER'S CHERRY PECTORAL has in numberless instances, cured obstinate cases of chronic Bronchitis, Laryngitis, and even acute Pneumonia, and has saved many patients in the earlier stages of Pulmonary Consumption. It is a medicine that only requires to be taken in small doses, is pleasant to the taste, and is needed in every house where there are children, as there is nothing so good as AYER'S CHERRY PECTORAL for treatment of Croup and Whooping Cough.

These are all plain facts, which can be verified by anybody, and should be remembered by everybody.

This purely vegetable pre-paration, now so eclebrated as a Family Medicine, originated in the South in 1828. It acts gently on the Bowels and Kidneys and corrects the action of the Liver, and is, there-fore, the best preparatory medicine, whetever the sick-ness may prove to be. In all common diseases it will, un-assisted by any other medi-cine, effect a speedy cure.
