ROSEBURG REVIEW

FRIDAY, FEBRUARY, 12, 1886.

DEATH OF GENERAL HANCOCK.

This distinguished soldier and citizen died in New York last Tuesday afternoon. The newspapers had given us no warning, his sicknes was unknown and therefore news of his death was a painful surprise to all. He was born in Pennsylvania February 14th, 1824 and graduated at West Point when in his twenty-first year. From the very first he was an admirable soldier. In detail as well as science he was painstaking, careful and correct. His very name conveyed an impression of duty well done. His achievements during the late war are now a matter of permanent history and the pages on which his name most frequently occurs are occasions for pride to his countrymen and are in the highest degree honorable to his memory. As a citizen he was candid, prudent and conscientious and in every walk in life and under all circumstances he was a patriot. By his superior officers he was implicitly trusted, by his subordinates he was honored, by his soldiers he was loved and by the entire union he was admired and respected. The simple tribute contained in President Cleveland's telegram to Mrs. Hancock is instinct with the sentiment that pervades the country. "The heroism and worth of your late husband have gathered to your side in this hour of your affliction a nation of mourners."

OUR COTEMPORARY

A change has come o'er the spirit of the dreams of our neighbor the last week. It devotes its leader to the REVIEW and presumes to ask us questions. Is brother Buick cavorting on his high horse or has "Republican" dropped his correspondential pen and grasped the mystic Faber that talks potentially after the pronoun "we" Is there a new Richmond in the field? There is such an air of assurance about it, such a reckless want of candor, such an adamantine cheek that it charms us. The author invented a number of democratic platforms against prohibition and then criticised them and all for the glory of so doing. For the sake of the argument however, we will admit that they are true and then what? It argues that whenever the democracy speak they speak plainly, whenever they act they act boldly, whenever they make a pledge they keep it, whenever they promise they perform. Can the Plaindealer say so much for the Repuplican party? Wherever the polity of a State Government is under the control of the Democratic party exclusively the cause of temperance has steadily and surely progressed. There has been no soft soap, no bluster, ne vain glory but practical, solid, wise and beneficent work. The democracy of the Union does not interfere with the right of each state to regulate order and control its domestic affairs according to its own judgment exclusively. We elected Cleveland on that principal—Its Presidential conventions maintain this theory and we heartily endorse it. But now that we have answered, what really is the position of the Plaindealer on this temperance question? If as "Republican" and other leaders indicate the grand old party is heart and soul in the cause of temperance why do not as many of them as reside in Roseburg go some moonlight Tuesday night and join the Prohibitionists. The headquarters of this society is near the depot and next Tuesday will furnish an excellent opportunity. How many will go? Fact is there is too much goody talk among the Republicans, their promises are faithless, their kisses but betray. As for the REVIEW we expect to vote for Legislators that will submit the question to the people. Will the Plaindealer say as much? We pause for a reply.

THE TELEPHONE HUMBUG.

Freedom of speech and of the press are of the highest rights of American citizens. Equally true is it that a slanderous tongue and a licentious press are elements of tyranny and curse to true liberty. This deplorable fact is prominently developed in the noise that has been made by the newpapers relative to the connection of Lamar and Garland with the Bell-Pan Telephone matter. They have endeavored to convey the impression that there has been something done by these officials extremely mysterious, secret and corrupt whereas in truth and fact there is nothing of the kind in it. In due, regular and proper form specific charges were made and filed in the Attorney General's office to the effect that the Bell patent had been obtained by fraud and in derogation to the rights of others. Solicitor General Goode became satisfied that there was sufficient in the case to warrant its submission to the courts and he so ordered it. This action was deemed premature and the preliminary examination was relegated to the Interior Department where it properly belonged. For a month Secretary Lamar heard exhaustive arguments pro and con and finally reccommended that the Law department might proceed with it. Thereupon arose a howl—long, loud, deep and vicious and the press has become nervously excited only as money could excite and stimulate it. Long before his appointment to the Cabinet Garland was a very distinguished lawyer and was employed in many important cases. It is seldom that an Attorney General is selected from attorneys who have no briefs. We remember when Hon. J. F. Watson was elected the first time to the Judgeship in this District he had one side of nearly every old case pending in this County. That did not disqualify him for Judge; it only prevented his sitting in those particular cases. So it is with Garland. The prosecution of the Bell Patent will be under the direction of the Solicitor General and in the hands of the United States District Attorney wherein the suits are commended. The matter will be under control of impartial Courts and if the ultimate decision should be against the Patentee they will have occasion to congratulate themselves that fraud is defeated. As for Lamar, he has only given consent that an investigation may be had. What honest man can find fault with that? But the people should bear in mind that prominent and powerful newspapers have been subsidized to hound these two men out of the Cabinet. The Bell men boast that they have laid aside a million of dollars to accomplish this end. Many a penny a line liar can be hired and many a venal publisher bought out of such a sum. But their motives are altogether too apparent. The Courts will reach a correct conclusion and Lamar and Garland need not resign on that account. So says Cleveland; So say the people.

COMMUNICATED.

Portland, Feb. 8th, 1886.

MR. EDITOR. In your last paper your correspondent mentioned the subject of a party ticket for the coming election. I admit that it is a good one and would not go farther now than to name other men for Governor so a selection can be made. The names of Hon. J. C. Brawly of Yamhill, and Judge Shattuck of this county are mentioned for Governor. It is very evident that Judge Shattuck if he would take the nomination could not be beaten. These names are before the public. For Secretary of Stated L. B. Ison of Baker City is named and this would be a popular selection. Patrick Flannagan is named for State Treasurer, an excellent choice is made. T. G. Reams of Jackson county is mentioned for the same place. We have Fenton, Weatherford, Belleau and others for Congress. From these names a ticket can be made that will be elected.

The Republicans will unite on Gov. Moody or some one at present hid in the woods. Thompson of this city is talked of as possessing some favor among the manipulators and may work up some strength. But the nomination will fall on one above that the party think it may be possible to elect. Moody is the man at present in the lead. Had he not erred so grossly in calling an extra session or had he stood in with the majority there would be no question as to his future success so long as Republicans could hold the power in this state. As it is he will have a difficult row to hoe, but he will make it as against any one of his party mentioned at this time. Fulton of Clatsop expects to be the candidate for Congress. If the Democrats make a judicious nomination for this office Fulton will not be in the way. He will not poll the vote that Herman received. Mr. Fullerton of Douglas so far has the inside track for Secretary of State on the Republican slate, and Professor McElroy as State Supeaintendent is expected to be his own successor in nomination. It is unfortunate that the powers at Washington can do nothing for Oregon Democrats, still the democracy will not Falter. Prohibition in this city will not divide the parties. No third party will receive favor. The liquor question will always be an open one in our state, but the two great parties do not propose to surrender to those who are head strong on the subject of liquor selling. This whole thing will be regulated in both parties. There will be platforms defining the positions of both parties on the liquor, labor, silver and Chinese questions. If the Democratic party will stand pat it will be victorious in our state. All the evils existing may be remedied in the old national parties. METROPOLIS.

MR. HERMANN.

As suggested by our correspondent last week the indications are that a powerful effort will be made at the next Republican Convention to shelve Hon. Binger Hermann. Of course, we have no special interest in Republican nominations but on the contrary will cordially support the Democratic candidate. However, as Mr. Hermann is our fellow townsman and personal friend we feel considerable pride in him. Besides it has been the custom of both parties of late years to reward their Congressman with a re-nomination. The Democrats thus complimented Hon, L. F. Lane and Gov. Whiteaker and the Republicans nominated and elected Hon. M. C. George the second time. Mr. Hermann was at much pains to acquaint himself with the varied interest of the State and thus far has shown much enthusisiasm and industry in behalf of his constituency. It is not to the interests of the democracy that Mr. Hermann should be re-nominated. We can beat anybody else far easier.

THE LONDON RIOT.

The telegraph gives us the information that on last Monday the great city of London, the Metropolis of the world was completely in the hands of a mob. On this occasion it was not the rag tag rabble, it was at the instance of skilled mechanics who are not only out of employment but out of bread. There was no clamor for blood, nobody was killed, there was no demand for torches, no houses were burned. It was an unprecedented gathering of people who contented themselves with pummeling policemen, battering stove pipe hats, breaking windows, raiding bakeries, tap and wine rooms, and scaring the wigs off of the nobility. But it means something more; it is the beginning whereof we cannot see the end. Times are growing hard all over the world, money is being hoarded, labor is far in excess of demand and it is becoming difficult in the old and crowded cities for any except the frugal and economical to gain a livelihood by daily labor. The Mechanics of London are not wont to be beggars, on the contrary they are anxious to live, "by the sweat of the brow," but there is no work for them to do. There may be devised measures for temporary relief, in fact many may be employed to build up what they tore down, but what the ultimate and permanent solution may be is past our guessing.

U. S. District Attorney.

The President has appointed Hon. L. L. McArthur United States District Attorney for Oregon to succeed Hon. J. F. Watson whose term had expired. This appointment has been received with universal satisfaction and is indeed a good one. Hon. L. L. McArthur was elected Judge of the fourth district in 1870 and was reelected. At that time the Supreme Court was composed of the Circuit Judges sitting in banc and wherever placed either at nisiprius or on the Supreme Bench he made an excellent Judge. He was greatly esteemed by his associates and thoroughly liked by the Bar.

THE BEST

Hair restorative in the world is HALL'S HAIR RENEWER. It cures all diseases of the scalp, and stimulates the hair glands to healthful action. It stops the falling of the hair; prevents its turning gray; cures baldness, and restores youthful color and freshness of appearance to heads already white with age. The following are a few illustrations of what is done by

HALL'S
Vegetable Sicilian
HAIR RENEWER:

☞ MRS. HUNSBERRY, *344 Franklin Ave., Brooklyn, N. Y.*, after a severe attack of Erysipelas in the head, found her hair—already gray—falling off so rapidly that she soon became quite bald. One bottle of HALL'S HAIR RENEWER brought it back as soft, brown and thick as when she was a girl.

☞ MR. KESLING, an old farmer, near *Warsaw, Ind.*, had scarcely any hair left, and what little there was of it had become nearly white. One bottle of HALL'S HAIR RENEWER stopped its falling out, and gave him a thick, luxuriant head of hair, as brown and fresh as he ever had.

☞ MRS. A. T. WALL, *Greenfield, Cheshire, Eng.*, writes: "I have found the greatest benefit from the use of HALL'S HAIR RENEWER, it having restored my hair, which was rapidly falling off, and returned its original color."

☞ DR. EMIL SEIP, *Detroit, Mich.*, certifies that "HALL'S HAIR RENEWER is excellent for hair growing, and gives back the natural color to faded and gray hair."

☞ MRS. S. E. ELLIOTT, *Glenville, W. Va.*, says: "One bottle of HALL'S HAIR RENEWER restored my hair to its natural, youthful color."

No injurious substances enter into the composition of HALL'S HAIR RENEWER, and it is not a dye. Its vegetable ingredients render it in the highest degree beneficial to the scalp as a preventive of disease. Its effects are natural and lasting, and it does not make the hair dry and brashy, like the so-called restoratives compounded with alcohol.

Buckingham's Dye
FOR THE
WHISKERS

Is, in four respects, superior to all others.
1st—It will produce a rich, natural color, brown or black, as desired.
2d—The color so produced is permanent, cannot be washed off, and will not soil anything with which it comes in contact.
3d—It is a single preparation, and more convenient of application than any other hair or whisker dye.
4th—It contains no deleterious ingredients, as do many preparations offered for like use.

Mrs. Gen. Augustus Wilson, of parsons, Kansas, who was appointed by the State of Kansas lady commissioner to the World's Fair at New Orleans, in answer to the inquiry of a reporter, said: "I can not speak too highly of Dr. TURNER'S TREATMENT. My sufferings nearly distracted me. My stomach was deranged and my nervous system was completely broken. I suffered from partial paralysis, rheumatism and neuralgia. Added to the above symptoms were loss of memory, voice, appetite and lack of nerve force. My family physician did me no good and by the advice of a friend, I bought Dr. Turner's Treatment. PARLIAMENTARY RULES ARE WORTH THE PRICE.
It does not deal in proofs or arguments. Questions are stated, and short and comprehensive answers given. It supplies a want long felt among teachers in reviewing briefly and comprehensively the different branches taught in our schools, without recourse to the tedious process of examining the text books from beginning to end. The arrangement has been carefully studied. The questions on each of the studies embrace all the leading and technical points. This work is especially adapted to Normal training, Institutes, or the private library when a general review is required to prepare for school certificates. It is only to be seen to be appreciated. Many claim that the book can have no equal, considering the assistance it renders in reviewing and bringing back to memory the principal questions represented in common school studies.
