ROSEBURG REVIEW

FRIDAY, FEBRUARY, 26, 1886.

CLEVELAND'S ADMINISTRATION.

The administration of Grover Cleveland is one that is entitled to the respect of every true American. It is a thorough business administration on patriotic principles and proves the wisdom of the people's choice in their chief executive. Monroe's administration was characterized as that came after the revolution and marked the era of good feeling, so Mr. Cleveland to-day has by a consistent and high-minded course united our entire country upon a common platform of patriotic devotion to the union. His administration will be marked as the one that introduced business methods into the management of the affairs of the government, The era of the fealty to be rewarded by spoils from the public crib has passed, and the noble words of our President, "Public office is a public trust," will hereafter be the guide upon which all administrations must be founded. This means a greater advance than people realize and will go far to elevate and purify the public morals and the political world. This business like course is not confined to one branch or department but thoroughly permeates each and every one. The effect will be not only the happier union of the sections, an improvement in the political atmosphere but it means returning prosperity and better times. For a reckless control of governmental affairs led to the present depressing condition of trade, so a consistent and manly administration will surely, if needs be, necessarily, lay the foundation, for an era of general prosperity. In conclusion it requires no prophetic vision to state that Grover Cleveland will be his own successor, for truly he is a man whom the people long have sought.

We propose the toast and ask our Prohibition friends to join in it, "Our President, the beau ideal of true American manhood."

State Alliance.

The full proceedings of this body was received too late for publication this week, but we have a very interesting correspondence from our reporter which will appear next week. We give our readers the resolutions in full on political action as passed by the Alliance. We are certainly in harmony with these resolutions, and we do not see a third party in them either.

WHEREAS: It has been for years one of the objects of the State Temperance Alliance to secure the submission of the prohibition amendment to the State Constitution. We reaffirm our determination to demand its passage by the next legislature at a special election that we will not vote for any candidate that will not publicly pledge himself to work for these two points.

WHEREAS, At the session held in Portland in 1884 the following resolution was adopted.

RESOLVED, that in case both the prominent political parties at their next national convention to be held this year refuse to recognize the claims of the temperance people of this country in demanding the passage of prohibitory platforms, we will assert our right to sever our connection with those parties and support the candidates of the National Home Protection Party, and

WHEREAS, The national republican party has distinctly declined when formally approached on the subject, to declare in favor of the prohibition of the liquor traffic, and

WHEREAS, The national democratic party has expressly declared against it, therefore be it

RESOLVED, That we pledge ourselves to sustain the prohibitory amendment to the constitution and that we will not vote with any party or political organization whose objects are directly or indirectly opposed to its submission and adoption, and that we hereby express our hearty sympathy with the National Prohibition party that has had the courage to say "No compromise, no surrender" because we neither fear nor favor the rum power.

BETWEEN DRINKS.

An irreverent wag, suggests to our reporter, that he thought Bro. Bell's "Democratic" God was considerably larger than his God "Prohibition." How say you Bro. B.—Plaindealer.

We have this to say: Of course we have always believed that the Democratic doctrine was the best, for a government for the people, and by the people. The Democratic party in the South where it is in the ascendency, unalloyed with centralizing tendencies has corrected this evil that is undoubtedly the great issue of the day. Now our idea of Prohibition is well known throughout the state of Oregon and we never quibble nor quake, but go for principle, not policy. Our Prohibition Deity at whose shrine we have bowed for nineteen years last past, says we should teach both by precept and example, not simply by loud pretentions between drinks, or for some office that lies out in the horizon of some approaching election. Bro. B. has said.

THE editorial in the Oregonian elicited by physicians smothering a lad who was hopelessly ill with hydrophobia, is supposed to be an intimation to the anti-Chinese agitators that they should make themselves scarcer.

UNITED STATES Attorney Dixon, of Utah, is a terror to polygamists. Last week he convicted sixteen, and on Sunday capped the noble work by the capture of Cannon.

THE TELEPHONE CASE.

The continued denunciation of public men by the press has grown to be one of the greatest abuses of a free government. Gen. Sheridan illustrated this by calling it the tyranny of the press. In no late instance has this abuse of the prerogatives of an untrammelled press been more shamefully apparent than in the treatment of Attorney General Garland by the metropolitan press followed by the chorus of every little partisan newspaper at every cross-road throughout the length and breadth of the land. THE REVIEW will state the plain facts in the case and allow each one to judge how much the honor and integrity of Mr. Garland has been involved. In the first place, Mr. Garland has some stock in what is known as the Pan Telephone Co. This stock has never had any marketable value for reason that the Bell Telephone Co. had secured a previous patent. The Pan Electric Company desired to bring suit to set aside the Bell patent as fraudulent. Every one must know that if any fraud has been committed to secure a patent the fraud is upon the government, for the government grants the patent and it is necessarily a protection to the patentee that the government alone can set aside his patent. Now we have the case in a nutshell. It is claimed that the Bell patent is fradulent and such a good case has been made before Secretary Lamar of the Interior department that he has lent the name of the U. S. government to the Pan Electric Co. to test the case in the Supreme Court. Secretary Lamar was subjected to abuse for his action, but it has been found to have been in accordance with the precedents since the very foundation of the government. The Bell organs threaten to break down both Mr. Lamar and Mr. Garland but their attack on Lamar fell flat and has been withdrawn only to increase their venomous assault on Mr. Garland. Now here are the facts. Mr. Garland owns stock in a telephone patent which is to be tested; but by the action of Secretary Lamar, before the Supreme Court of the United States and Mr. Garland will appear as the attorney of the government. Nothing that Mr. Garland can do can add one cent to the value of his stock; the decision rests not with him but with the Supreme Court. We can see nothing to condemn in the action of Mr. Garland and have given the matter much thought. It ill becomes those papers that supported Mr. Blaine with all the weight of the Mulligan letters against him to have anything to say concerning the Attorney General for the one conclusive fact in favor of Mr. Garland is that he can do absolutely nothing to enhance the value of his stock to the prejudice of the Bell Company and the matter can only proceed as it would if Mr. Garland did not possess any stock.

Join The Democrats.

A number of young men in this section will cast their first vote in June. The large majority of them will no doubt join the Democratic organization, the party of progress, retrenchment and reform, and which is opposed to fanaticism in politics and all other isms. They and everybody else should by all means join the Democracy, for it will outlive all other parties in usefulness and will remain in the ascendency for an indefinite period.—Times.

It is amusing to note the oracular and intolerant tone of the Republican newspaper. Never in the palmy days of their party's power did they show such boundless arrogance. In every state in the Union, as in Lane county, there is division and discord, the leaders are jealous of each other, the masses are cold and indifferent, and the platform writers are driven to distraction in dodging the live question. And it is true that twenty years ago it was a very good party.

ON a writ of mandamus to compel the clerk of Lane county to insert the circuit judgeship in the list of officers to be voted for, Judge Bean has decided that his term expires next June and that the clerk must insert the office to be voted for. In this action Judge Bean kicks himself out of office as gracefully as Justice of the Peace Myers, of Jackson county had himself arrested, brought before himself and fined for violating the game law.

TRUE to his pledges, Senator Mitchell is stirring up the Senators and Representatives in Congress on the Chinese question. He believes that the diseases require heroic remedies. He expresses the hope that his bill will pass the senate. If so it will probably become the law.

Democrats be sure to register in April and see that your Democratic neighbor does not neglect the important duty. The time and place for registering will be at your respective places of voting in each precinct on the 5th, 6th and 7th, days of April.

THERE is fair probabilty that after March 4, 1887, the Senate will again become Democratic. The Democrats must gain four seats and they have fighting chances in California, Connecticut, Indiana, Michigan, New Jersey and New York.

DEATH OF JOHN B. GOUGH.

John B. Gough, the great apostle of temperance, died in Frankfort, Pennsylvania, on the afternoon of the 18th inst., at the age of 69 years. He was stricken with paralysis Monday night while delivering a lecture in the Presbyterian church at Frankfort, his last articulate utterance being, "Young man make your record clean." Mr. Gough was an Englishman by birth, having come to America in his twelfth year. He was a bookbinder by trade and pursued this avocation in New York city from 1831 to 1843, but did not meet with success, owing to his extremely intemperate habits. He spent his time in the lowest grog shops, singing songs and acting the buffoon for his drams, suffered frequently the tortures of delirium tremens, lost his wife and child through the misery induced by his excesses, and was finally induced by a Quaker to sign a temperance pledge. He soon thereafter related his experience with thrilling effect at a temperance meeting, and it became evident that the temperance cause had gained in his reformation a powerful orator.

THE prospects of the Democratic party for a grand and sweeping victory was never brighter than at the poesent time, and especially is this true of the party in Douglas county. There appears to be better feeling and less strife than ever before characterized the organization on the eve of an election. With the federal patronage there is no reason why the party shall not achieve a signal victory at the coming June election which will place Oregon in the Democratic galaxy for many years to come.

A Pretty Woman's Secret.

Fear of discovery, when she resorts to false hair and dyes, is a source of constant anxiety to her. The very persons from whom she most desires to hide the waning of her charms are the ones most likely to make the discovery. But there is no reason why she should not regain and retain all the beauty of hair that was her pride in youth. Let her use AYER'S HAIR VIGOR, and, not only will decrease to fall out, but a new growth will appear where the scalp is bald, and locks that are gray, faded, or actually grown white, will be restored to their pristine freshness and beauty. AYER'S HAIR VIGOR is

Hereditary

GEORGE MAYER, *Flatonia*, was bald at 23 years of age, as his ancestors had been for several generations. One bottle of HAIR VIGOR started a growth of soft, downy hair all over his scalp, which soon became thick, long, and vigorous.

Ayer's Hair Vigor

Is not a dye, but, by healthful stimulation of the roots and color glands, speedily restores to its original color hair that is

Turning Gray.

MRS. CATHERINE DEAMER, *Point of Rocks, Md.*, had her hair suddenly blanched by fright, during the late civil war. AYER'S HAIR VIGOR restored it to its natural color, and made it softer, glossier, and more abundant than it had been before.

Scalp Diseases

Which cause dryness, brittleness, and falling of the hair, dandruff, itching, and annoying sores, are all quickly cured by AYER'S HAIR VIGOR. It cured HERBERT BOYD, *Minneapolis, Minn.*, of intolerable **Itching of the Scalp;** J. N. CARTER, JR., *Occoquan, Va.*, of **Scald Head;** MRS. D. V. S. LOVELACE, *Lovelaceville, Ky.*, of **Tetter Sores;** MISS BESSIE H. BEDLOE, *Burlington, Vt.*, of **Scalp Disease and Dandruff.** The fluidity of the roots of the hair, which, if neglected, may result in incurable baldness, is readily cured by AYER'S HAIR VIGOR. As

A Toilet Luxury

AYER'S HAIR VIGOR has no equal. It is colorless, cleanly, delightfully perfumed, and has the effect of making the hair soft, pliant, and glossy.

Mrs. Gen. Augustus Wilson, of parsons, Kansas, who was appointed by the State of Kansas lady commissioner to the World's Fair at New Orleans, in answer to the inquiry of a reporter, said: "I can not speak too highly of Dr. TURNER'S TREATMENT. My sufferings nearly distracted me. My stomach was deranged and my nervous system was completely broken. I suffered from partial paralysis, rheumatism and neuralgia. Added to the above symptoms were loss of memory, voice, appetite and lack of nerve force. My family physician did me no good and by the advice of a friend, I bought Dr. Turner's Treatment. Two packages completely cured me. I think the treatment is wonderful in its effects, and recommend it in all cases of general or nervous debility, and diseased condition of the stomach, kidneys, liver and blood."

It has been used successfully in thousands of cases by both men and women, and is the best medicine know for the repairment of the procreative powers and restoring vitality. This work is especially adapted to Normal training Institutes, or the private library when a general review is required to prepare for school certificates. It is only to be seen to be appreciated.
