ROSEBURG LODGE No. 16, meets the second and fourth Mondays of each month at 7.30 P. M. in the Odd Fellows Hall. Members in good standing are invited to attend.
E. G. HURSH, Financier. T. FORD, Recorder.

HOUSE TO RENT.—Any person desiring to rent a house, call at once on Henry Easton.

REDUCED FARE.—All persons attending the teachers institute who travel over the line of the O. & C. R. R. Co. will by the courtesy of said company receive certificates entitling the holders to greatly reduced fare for return trip. FRANK W. BENSON, Co. Supt.

FAMILY NEWSPAPER.—A leading business man said to us the other day, "I always take THE REVIEW home to my family." Of course, that is the kind of paper we are determined to make a good, newsy, family newspaper. A paper devoid of billingsgate, and clean enough to be read by any family in the land, even the most fastidious.

CONFRERE.—S. F. Eloed our old confrere was in our city, his old home, several days this week. His many friends gave him a kindly greeting and bade him a regretful farewell. Mr. Floed will stump the state this year in the interest of the Prohibition or third party. My boy we wish you success individually and as a speaker, but we fear that your method will not prove what you anticipate.

PROPOSITION.—We make an offer to our friends and foes alike (if we have any of the latter) to take THE REVIEW for six months for $1.25 the regular price for six months being $1.50 or $2.50 for one year. This is the campaign year and you will want to know what is going on, and we flatter ourselves that THE REVIEW will come as near giving you all the news as any country newspaper you will find in this section. Send your names and post office address at once, and bring or send the money when you get ready.

COURT MATTERS.—His Honor, Judge Bean held several cases over for his decision from last term of our Circuit Court for the want of time. These decisions now come in, and among them, we are informed, is one in the case of S. Marks & Co. against H. G. Crow and E. J. Crow, to set aside a deed of conveyance. The decision of the Court is, that the deed of conveyance from Henry G. Crow to his brother E. J. Crow conveying the property in controversy, be set aside, annulled and held for naught as far as the rights of the plaintiffs in this suit are concerned.

THE CHINESE DID GO.—The remaining fifty-five chinamen in Oregon City were called upon last Sunday night to take passage on a steamer lying at the wharf awaiting their embarkment, and the Coolies responded at once, and embarked for Portland, their fare being paid for by the white people of the city. A great demonstration took place in Portland the following evening. Some 3,000 persons were in the procession. The Knights of Labor seem determined that the Celestials shall go "where the woodbine twineth, etc."

ARRESTED.—Wm. Ray was taken into custody last Sunday at Myrtle Creek by D. S. K. Buick Deputy Sheriff pro tem, and was guarded and brought to Roseburg Monday morning by W. B. Drake and safely lodged in the Taylor hotel du. The charge against Mr. Ray is that of horse, saddle and bridle appropriation without giving the collateral therefor. We desist from saying anything further on this unpleasant subject at present, awaiting the action of the courts. We would like to say however that Messrs Buick and Drake deserve much credit for the happy manner of the capture of the man horse and all.

ROSEBURG REFORM CLUB.—There were over five hundred people at the club last Tuesday night to listen to an excellent address by Mr. S. F. Floed. Mr. Floed deserves great praise and credit for the manner in which he delivered his address and will carry back to Salem with him congratulations from his many friends for the able address. There was singing by the choir and recitations by some of the young workers. Mr. Stearns of Oakland and Mr. Hill of Wilbur made some interesting remarks. The election of officers took place and the following officers were elected: President, Col. John Lane; Vice Presidents, L. L. Hurd, Dr. Graham, and Mrs. W. A. Smick; Secretary, Mr. W. Alexander; Treasurer, W. F. Owens. Everybody should go and see Handy Andy next Saturday night. Everybody invited to attend next Tuesday night.

REMARKABLE RECUPERATION.—D. M. Ferry & Co., the well-known seedmen, of Detroit, Mich., announce that they are on their feet again and ready and anxious to receive orders for seeds from every one of their old customers, and from as many new ones as feel kindly disposed toward them. They are in condition to fill promptly every order with new seeds of the best quality. On January 1st their immense warehouse was destroyed by fire. It was filled with probably the largest stock of assorted seeds ever gathered under one roof. Their books and papers were all saved, and every person who had ordered seeds of them will be supplied with his usual stock. They had large quantities of seeds in their warehouses on their seed farms in the hands of their growers and not yet delivered, and on the way from Europe, which, together with their fully stocked branch Seed Store in Windsor, Ontario, close at hand and the free and vigorous use of the telegraph and cable, enabled them to secure a new stock in a remarkably short time. Before the fire was subdued they had secured new quarters and were devoting all their energies to their customers' interests. In thirty days from the fire they were in perfect working order again. When we consider the magnitude of their business, the appalling destruction of property at the most unfortunate season of the year, we doubt if the annals of history furnish a case of such rapid recuperation. Such energy deserves success.

We call especial attention to the ad this week under "new this week" on the opium habit cured in four weeks. Read, reflect and go and get cured of that terrible malady.

George M. Brown, Douglas County's young and eloquent orator who graduated last year at the Willamette University, goes to Washington county to work in the cause of Prohibition.

Carl Castle our old young friend who has been visiting among friends here for some weeks, returned to Baker city this morning. He speaks highly of his section of the country.

There will be divine service in St. George's Episcopal Church in this city on Saturday the 27th, at 7 P. M. and on Sunday the 28th, morning and evening. All are cordially invited to attend.

Thornton Dean one of Douglas county's most successful pedagogue's was with us this week. He is at Grant's Pass at present engaged in the butchering business and doing well he reports.

The county jail is being overhauled and the sides and ceiling are made hard finish to prevent the retention of any disease that might be left in the jail after some sick prisoner has been taken therefrom.

The Adelphian Literary Society will give a public entertainment this evening at the Court House free of charge which will be the last meeting of the society for this year. All are invited to attend.

Law is supreme, and the saloon men in the various parts of the county are soliciting names with which to petition the County Court to grant them license to sell liquor. Where are the remonstrators?

Just drop into Gannon and Blackman's shop and take a look at a home made two horse wagon. It is just what every farmer ought to have. Patronize home industry and keep the money in the country.

F. R. Hill of Wilbur said in his speech before the Reform Club last Tuesday evening that he was a Adoptionist, Submissionist, and Prohibitionist three in one, a perfect trinity. Pretty good this.

Wm. B. Rice the wide awake manager of the O. P. railroad Company was in our town last Saturday. He has secured considerable business from this section. Low rates is the rule for our transports now.

The Y. D. Band has kindly consented to play "Among the Breakers" on the last evening of the Institute to be held here beginning March 4th. The expenses of the institute will be defrayed in this way.

Rudolph Abraham has declined for the present at least to engage in the merchantile business at Oakland, and will no doubt become one of our cattle kings. The building that he was to occupy is now for rent.

B. J. Grubbe of Wilbur called on us Wednesday evening and reports Quincy Grubbe his son doing well under his protracted illness. Bro. Quincy's condition is anxiously inquired after here, as he has many friends in this city.

Rev. John Howard left for Santa Cruz Cal. last Wednesday. Mrs. Coats his daughter will soon undergo a surgical operation, and she desires to see her father before, lest she may not come out of it alive. He went via Yaquina.

The Kansas Harvester Co. are erecting an addition to their building, 26 by 80 feet in size. Wheeler wants a room corresponding to his own size.—The Anti Monopolist, Kansas. This refers to Bro. Walt Wheeler formerly of our city.

Jacob Harris who has a long time been salesman in A. C. Mark's cigar store left for Eugene City yesterday. He says that he wishes us all prosperity and happiness and that he may at some time return to us. May success attend you Jacob.

Dr. Kuykendall and Robert Booth of the Drain Echo gave us a call last Friday after we went to press. These gentlemen are made of good material, and the only thing wrong about them is they believe in protective tariff while we believe in free trade or nearly so.

We are much pleased to read the announcement that the Secretary of State R. P. Earhart our friend and brother is now able to be at his duties again. He has nearly entirely recovered his eye-sight. Many friends of his in southern Oregon will be pleased to read this item.

Ayer's Sarsaparilla is the best medicine for every one in the spring. Emigrants and travelers will find it an effectual cure for the eruptions, boils, pimples, eczemas, etc., that break out on the skin—the effects of disorders in the blood, caused by sea diet and life on board ship.

We came near being minus a Deputy Sheriff for on last Monday as Clay Slocum was on his way from summonsing some witnesses to appear in court his horse caught his foot in a hole in the road on Deer Creek and whirled a complete sommersault spraining Mr. Slocum's ankle quite badly.

It is a good rule to accept only such medicines as, after long trial, have proved worthy of confidence. This is a case where other people's experience may be of service, and it has been the experience of thousands that Ayer's Cherry Pectoral is the best cough medicine ever used.

The Prohibition Star, the only temperance paper published in Oregon, will be sent to any address from now until after the June election upon receipt of 50 cents. The Star is published at Salem and is the official paper for the W. C. T. U. and the State Temperance Alliance. Sample copies free.

THE BEGINNING OF SICKNESS.

Never trifle with what are called small ailments. If you feel inert, with a bitter or bad taste in the mouth, loss of appetite, bowels costive, take at once Simmons Liver Regulator. For the miseries of dyspepsia, the Regulator is a certain and speedy cure.

A prominent gentleman suggested to us last Sunday that a certain gentleman building a new residence in West Roseburg was about to join the Church. This suggestion of course met our approbation, but we asked the reason for this supposition, when the gentleman replied, "he is building his house in the form of a cross."

We understand that our friend Mr. Tichnor has been appointed secretary with head quarters at Salem, Oregon, by the state prohibition organizing force. And will enter on the discharge of his duties at once. We may look for a complete state organization and we know of no man better qualfiied for the work than Mr. Tichnor. He gets a good salary and will do good work. He is honest capable and is in earnest.

Sugar Pine Items.

Stock doing fine so far.

Wild strawberries are in bloom.

Not much travel on the Coos Bay road now.

Mrs. Jane Gurney has been very sick for the past week.

Very little stock has died in our neighborhood this winter.

Weather very fine and farmers are at work putting in their crops.

Mr. Voltaire Gurney has a fine lot of lumber on hand at his saw mill.

The tramps have all deserted us, they must have found some other road they liked better.

We would welcome some of your lecturers in this part of Douglas to come and give us a lecture.

People say it has been too muddy to travel but they will soon say it is too dusty, if this weather lasts long.

Our school house has been fixed up in tiptop style by Mr. John Weekly, and we are looking for our school to commence early this season.

Game is having a rest this nice weather, something is the cause surely.

MOUNTAIN QUAIL.

Riddle Items.

EDITOR REVIEW:—As there has been no Riddle items in your paper for some time I will try and send you a few.

Farmers are all busy seeding. Grain that was sown in the fall looks well and promises a good crop.

T. J. Wilson who has been teaching at Scottsburg for three months past came home Monday night.

Mrs. I. B. Nichols has been quite sick for several weeks past, but we learn that she is convalescent.

Mrs. B. F. Lohr of East Portland formerly Mollie Webber came up on a visit among relatives and friends for a few weeks.

Lewis L. Jennings of Grants Pass and Miss Sarah Dean of this place were married to-day the 24th, by justice Wilson.

Quite a number of persons in the vicinity are making preparation to attend The teacher's Institute.

Noah Cornutt is still selling goods at reasonable rates and in a few days will have an elegant assortment of gents and ladies shoes will be sure to please every one.

Settled at Last.

At a recent term of the County court of Josephine county the location of county buildings was finally and forever settled. The injunction suit was settled, Mr. Bourne paying half the expense of the same. The county accepted Block fifteen given by Mr. B. for the site of the Court House and other buildings, and peace and harmony prevails in Grant's Pass. It gives us pleasure to publish the following:

Under the settlement between Mr. Abraham and the County Court, the county comes out about $450.00 ahead. Our Commissioners are to be commended in this transaction, and the people will accede to them the honor due. We also regard Mr. Abraham's action in the premises as magnanimous, as it was voluntary, and not at all "at variance" with either the county court or tax-payers.—"Courier."

We are heartily glad that matters have turned as they have. At first the "Courier" and some others did not seem disposed to judge Mr. Abraham fairly. But events have warranted that Journal in expressing a very high and well deserved compliment of our worthy and enterprising fellow-townsman. "Alls well that ends well" and we rejoice with our friends in Grant's Pass upon the prospects of good time and assured prosperity.

Yaquina Booming.

We learn that Sol. Abraham and other Roseburg merchants are shipping goods from San Francisco via Yaquina and the Oregon Pacific. This is comment sufficient relative to the management of the O. & C. R. R. Company and gives assurance that Portland's monoply so far as Western Oregon is concerned is practically at an end. This will prove a happy deliverance. This week John Howard left for California over this route—This will soon become the favorite of all travelers from this locality going by water to San Francisco. We can now realize what an immense benefit a Rail Road from here to Coos Bay would prove to Southern Oregon.

Rice Hill Items.

Stock improving.

Grain looks well here.

Dr. P. C. Parker is out of practice as his patient has recovered.

Orlando and his uncle Medsker are going in the garden business on a large scale.

Mr. Peter Thiele's $50 receipt appears to be a failure as the coyotes are numerous in his vicinity.

Mr. N. Rice has purchased a through ticket for England. We wish him a pleasant trip and success.

Ike Bogard contemplates selling out and starting a barber shop. Ike is the man to succeed if he starts.

Mrs. J. E. Rice contemplated starting a match factory but owing to the scarcity of material has given it up for the present.

NOTICE.

All persons knowing themselves indebted to the undersigned will please come forward at once and settle as I am about to leave the state.

R. M. DAVIS.

OAKLAND ITEMS.

Our village is unusually quiet.

Mr. Rudolph Abraham was in town this week.

Our friend A. J. Dear is the happiest of men—its a boy.

Our school districts Nos. 1 and 33 have been consolidated by reason of petition.

Mr. W. B. Hammitt, is visiting Portland this week with a view to locating in that city.

Uncle Harry Pinkston is arranging to move his dwelling house from the old to the new town.

Rev. Mr. Richardson preached an excellent sermon on Sabbath night, subject, dancing.

Our business men are having a rest as the farmers are so busy plowing and sowing they have no time to come to town.

We are pleased to notice how industriously our representative Mr. Hermann is working for the interests of his constituency.

Miss Mary Harness who has been seriously ill at the residence of Hon. J. C. Hutchinson for the past three weeks is much improved returning to her home on last Tuesday.

E. G. Young & Co. are inventorying, and re-arranging their old stock, making room for their immense new stock of spring goods which will be in the shelves in due season.

Dr. H. Little, our dentist was called to Junction city this week to do quite a lot of dental work. The doctor has no superior as a dentist, his wide reputation establishes this fact.

Co to E. B. Berg's furniture store in Oakland and subscribe for a very interesting magazine, it costs only one dollar a year, the subscriber receiving twenty-five fine oleographs and twelve gift plate engravings. No money is paid until the pictures are received.

Rev. E. T. Lockard left our city on Tuesday. He goes to California. Mr. Lockard came to our town over two years past and during his sojourn with us he has done much valuable work, especially in the Sabbath school. His many friends regret exceedingly his leaving feeling sure that our community has lost an exemplary christian gentleman and an industrious worker in all causes supposed to further the moral and religious interests of our community. Our best wishes for his success and prosperity go with him.

ALETHEA.

ELKTON NOTES.

Harry Pinkston called on us a few days ago.

H. Beckley & Co. are selling goods as cheap as any of them.

Rev. Chas. Smith preached to an attentive audience last Sunday.

Geo. Dimmick the invincible cattle man was in this locality last week.

The Levins heirs made a division of their land property one day last week.

Frank Kent has returned home from school, laid aside his school clothes and gone to work in regulation style.

Mr. Jay Shepard passed this way a few days ago on his way to your city and to attend the teachers Institute.

One of our boys fired on another coyote a day or two ago; verily the Chin— (how handy the term) we mean the coyote must go.

The usual acreage of grain will be sown this season. Wm. Benedict will put in over a hundred acres on Darius Wells' farm.

A couple of weeks ago a considerable portion of the mountain side about eight miles below this place concluded to change location; accordingly it broke loose from former associations and went tearing down the steep incline with teriffic force, and with roarings and thunderings that were heard for miles around, blockading the road from here to Scottsburg for some distance. Great trees were shivered into kindling wood, and rocks of monstrous size were brought down with the mass. A new road was speedily made around, and stages were not delayed on account of the slide.

A CARD TO THE PUBLIC.

Roseburg, Feb. 26, 1886.

As a worker in marble and stone I wish to say a few words concerning the merits of those materials for building and cemetery purposes. The white bronze company of Detroit Mich. in a way that seems to me very much like an effort to lobster up a tottering establishment, have made a savage attack on all kinds of stone as being unfit for use. Hear what they say. "One of the principal advantages over stone is the legibility of inscription." I would ask any person of ordinary intelligence, how would a sign, painted with black letters on a dark back ground, look beside one with black letters on a white back ground, which is a parallel case with letters on bronze. For there is about as much sense in using the expression white black bird, as white bronze. Evidently those who dubbed this substance white in the sense that marble is white were either poor judges of color or had a poor opinion of their customers in the matter of distinguishing be tween colors. I beg to differ with the gentlemen and must say that an inscription properly executed in marble either raised or sunk looks fifty per cent better than that on your so called white bronze. The same is equally true of carved work. Flowers foliage and figures in marble, clay and wax, never fail to repay the patient and ingenious mechanic with satisfaction by reason of the material used, while many a man of more than ordinary ability has been doomed to bitter disappointment on having his work transferred to bronze, by the absence of expression and erasure of fine lines of his figure, while his flowers foliage and drapery are so clogged with molten matter as to exclude the artistic effect of contrast produced by the mass of shade and shadow capable of being imparted to marble. As to the "indestructibility" of bronze and "disintegration" of marble harped upon by the "white bronze" champions I would remark, the Pharoahs should have been apprized of the fact when they undertook to build the pyramids and Solomon before he put the masons to work on the temple, of what material is the finest statuary in the world manufactured? Is it of white bronze of Detroit, or marble? And what of the marble edifice of A. T. Stewart, the brown stone front of 5th avenue, and the Bunker Hill monument? Does their present condition corroborate the Co's. quotation of Prof. A. Julien of Columbia College New York? "That some buildings less than ten years old show signs of decay." If your white bronze, gentlemen, had been all you proclaim and wish it to be it would have driven marble and stone to the rear many years ago, instead of struggling now to obtain for itself a bare recognition, but the loud noise of all the hollow bronze in Michigan will not be able to force it to the front, stock holding professors of chemistry to the contrary notwithstanding. We cordially invite inspection of our style of work, and feel confident of our ability to secure that patronage which has heretofore been accorded to non residents whose interests are not in the least identified with the growth and prosperity of the city and surrounding country. All orders for building stone such as caps and sills, water tables, steps, coping for cemeteries, flagging &c. also monuments, head stones of any design, will be executed on the most reasonable terms. Furthermore we will furnish models in clay of any carved work required on marble, free of charge and guarantee a satisfactory copy.

Respectfully, PHILIP KELLY,
J. H. O'MALLEY.

This lovely unromantic place
A sunbeam in a lowly place
Though to the world perhaps unknown
To us is sacred home, sweet home.

Mr. David Brewer of Tangent is visiting here.

Mrs. Jno. Rice and Mrs. Geo. Brewer are very sick.

Mr. Andrew Willis of Deer Creek was a guest at Mr. Geo. Brewer's last Sunday.

Joe C. Rice has recovered from paralysis. Joe thinks he does not want the diptheria again.

Mr. Addison Love of Roberts Creek spent several days in this place last week. Come again Mr. Love.

Aunt Fanny McGee has thirty nice ducks. Sills Grammar says use small adjectives or I would not say nice, but magnificent.

There is not a person in this interesting community who takes the Prohibition Star. It is a perfect shame. Because the people are temperate here is no reason they should hide their light under a bushel. I have seen Democrats and Republicans that I think are moderately good people but I think Prohibitionists are better. We have some people in this community that are total abstainers from all that will intoxicate, and I think for the population, can boast of being a strong temperance people. Mr. Crowhurst's lecture did a great deal of good. I refer to the one at Myrtle. It has given a great many something to think about; he convinced one man that he did not constitute more than nineteen twentieths of the family.

Weather fine.

Farmers all speeding the plow.

Master Wm. Thompson of Coles valley paid this mirror a visit on Saturday evening last.

A couple of young men visited this place a few days ago and got badly intoxicated and favored the citizens with a choice selection of as vile epithets as could possibly eminate from no one except he be crazed by drink.

Mr. John Carter has again accepted the position as mail carrier on the Coos Bay mail route. Mr. Carter is an efficient driver and the people along the route will find him always on time as well as obliging.

The Reform club gave their first entertainment on Saturday evening which was pronounced by those who witnessed it a success. The participants acquitted themselves like old performers. Some of them deserve special mention. Mr. Dan Waters' delineation of the auctioneer was excellent and too much praise cannot be given to the young ladies for the excellent manner in which they acted their parts. The music and singing were fine. We wait patiently for the next.

THE REISTRY LAW.

The following is the opinion of the registry act by J. K. Weatherford in the Oregonian.

PORTLAND, Feb. 19.

TO THE EDITOR OF THE OREGONIAN:

As the time approaches for registration, the people are beginning to examine into the law with regard to it, that they may be able to act accordingly. They are wise in this, as it is composed of so many parts, demanding close scrutiny unravel, analyze, and extract the true meaning thereof. The registers of voters (who are also judges of election) meet in their respective precincts, on the first Monday of March, (according to page 48, laws of Oregon, special session, which was passed subsequent to, and repealed all acts, and part of acts inconsistent therewith) they are in session but 3 days. An elector must appear before the board of his own precinct, during these three days and receive his certificate for registration. If during this time he is sick, or necessarily absent from the precinct, he may at any time until the 25 of said month, apply to, and receive his certificate from the chairman of the board. But without this certificate he cannot vote. The number of these registers of voters throughout the state including the clerks would be 2225.

Many in claiming against this law say "that although in Portland, Astoria and perhaps The Dalles might receive benefit therefrom in a more honest vote and count, yet the state at large, being sparsely populated is in no need of so cumberous and expensive a law." Suppose this be true and that a majority of the members of the legislature were fully aware of it, cannot we imagine that they felt that it was not discretional with them, as the demand for a registration law was a plank in each of the party platforms upon which they were elected. Some doubt the constitutionality of the law. Holding that under our state constitution, section 2, article 2, every elector has a right to vote without presenting a certificate of registration, as "the legislature cannot add to the qualifications of voters." I don't suppose however, that any one will attempt to test this question, fearing to lose his vote. It has been said that to carry this law into effect will cost Jackson and Marion counties each $10,000 and the state at large some $300,000. This is a mistake. The extra expense to each precinct with the registers and clerks, including the cost of books, paper, printing, publishing notices, sheriff's fees and mileage, county clerk's fees, transporting registers to the county seat, rooms, pen, ink, fuel, county board of registration, etc. Then, there are extra ballot boxes and more expensive poll books required, which in toto would amount to at least $90 a precinct, and as there are 445 precincts in the state, the whole expense for registration alone would be some $40,050.

Now, to lighten the expense to many of the younger and throw a greater portion upon the more wealthy and populous counties, the law was passed at the special session: (page 28.) "That the board of county commissioners of each county shall, immediately after any general election, audit and allow all amounts paid by their respective counties to the judges and clerks of elections while sitting as a board to register voters, which amounts, when so audited and allowed, shall be deducted from the amount of state taxes next thereafter falling due from such counties respectively; and they shall be entitled to have the same credited upon the amount of the state taxes charged to them respectively." This, at $45 a precinct, amounts to some $20,000, that provision must be made for, out of state tax, which is nothing more or less than a bill for raising revenue, and should have originated in the house of representives, under our constitution, when in reality it originated in the senate. But whether the law is expensive or constitutional, we must now abide by it, and it is to be hoped that no elector will fail to register. Let us give it a fair trial, looking forward to an honest vote and a fair count.

WHO ARE LEGAL VOTERS.

EDITOR REVIEW: Will you please inform us through the columns of your valuable paper who are legal voters at a school meeting and oblige

Roseburg, Or. TAX PAYER.

Our Roseburg friend evidently thinks, like many others, that the editor of a newspaper is a cyclopædia of general information. In this case he could have answered his own question by a reference to the school law. However, as the query is one of general interest we answer it with pleasure. Section 43, page 19 of the Amended School Laws of Oregon says:

"Any citizen of this state shall be entitled to vote at a school meeting who is twenty-one years of age and has resided in the district thirty days immediately preceeding the meeting, *and who has property upon which he or she pays a tax.*

It will be seen from the above section that a *tax-payer* is not necessarily a legal voter at a *school meeting*, but must own property in the district upon which he pays a tax. A poll tax is not a tax upon property, hence the payment of such tax will not constitute the person paying it a legal voter.

By referring to the following section we learn that women who are widows and have children to educate and *taxable property in the district*, and who have reside in the district thirty days are entitled to a vote.

The above are the qualifications of a legal voter as laid down in the school law. In many districts in this county, we are informed, that the property qualification has not been observed, any one paying a poll-tax being allowed to vote. This is a direct violation of the law and all such votes should be challenged.

MARRIED.

JENNINGS. DEAN.—On Wednesday 24th at the residence of the bridesparents in Cow Creek Valley, L. L. Jennings and Miss Sadie Dean were joined in the holy bonds of matrimony

The young and winsome bride was born in Jefferson county Kansas, but came to her present home when a small girl, where she has lived up to the present time, and was wooed and won by L. L. Jennings. "A gentleman of excellent traits of character and well settled in business. This highly respected couple launch their bark for sailing on life's ocean with every prospect pleasing and bright skies and calm seas invite to the port of a splendid success." Mrs. Colvig and family and Miss Lucy Dyer were the guests. Their future home will be in Grants Pass.

Yours Truly.

DIED.

LAYNE.—On Saturday Feb. 20th 1886, Joseph Layne, aged about thirty years.

Joseph Layne was young man highly respected, and of whom none but the kindest feelings were ever expressed. He was a grandson of Father Clady so well known in this community. He was born in this county, his whole life was spent here and he was always known as an honorable, upright boy and man. He was burried at the Old Town cemetery on Sunday afternoon. The funeral services was conducted by Rev. Richardson and was witnessed by a large assemblage of friends and neighbors who had gathered to pay the last sad rites of respect to a friend and neighbor.

Not Symptoms, but the Disease.

It would seem to be a truth appreciable by all, and especially by professors of the healing art, that to remove the disease, not to alleviate its symptoms, should be the chief aim of medication. Yet in how many instances do we see this truth admitted in theory, ignored in practice. The reason that Hostetter's Stomach Bitters is successful in so many cases, with which remedies previously tried were inadequate to cope, is attributable to the fact that it is a medicine which reaches and removes the causes of the various maladies to which it is adapted. Indigestion, fever and ague, liver complaint, gout, rheumatism, disorder of the bowels, urinary affections and other maladies not palliated merely, but rooted out by it. It goes to the fountain head. It is really not nominally, a radical remedy, and it endows the system with an amount of vigor which is its best protection against disease.

THE VALUE OF THE PERCHERON STUD BOOK OF FRANCE.—It contains the pedigrees and brief descriptions of about 5,000 of the best bred Percherons, and none but the produce of recorded sire and dam are now eligible to entry. Every one is familiar with the old breeding axiom, "Like begets like or the likeness of some of its ancestors." From this alone the most obtuse mind will readily perceive that a knowledge of those ancestors is as necessary to the successful breeder as the perfection of the animal himself. Stud books are histories of the individuals of a breed, and are, therefore, the only means by which the value of any animal for breeding purposes can be measured; while the worth of an animal of unknown ancestry, however fine they may be, individually, can only be ascertained by experiment. This is the reason why animals of established pedigrees, tracing through a line of excellent ancestry, always command higher prices. In this advanced age of scientific breeding any person attempting to disparage the value of pedigrees, or opposing improvement through the means of stud books, must be actuated by selfish motives and should be regarded with suspicion. There are many horses being imported from France of whose origin nothing is known.
