Sometimes his judgement was governed by impulse. With Cleveland it is not so. Whilst his heart is warm enough, his head is certainly cool. Blaine, who is a remarkable man indeed, could not stand the shafts of scandal and lost his balance. Cleveland seemed impervious to slander and his traducers lost their senses. He does not despise his enemies nor does he fondle his friends. He thinks he has a duty to perform and he does it. Those only might he regard enemies that to him seem to be enemies of good government. The constitution of the United States and the obligations of the Federal Government thereunder are matters of deep and constant concern with him. His sense of duty seems to be concentrated upon the integrity of the Government and the welfare of the people. His inaugural address was made to the people, so was his first and great message and what he thought he said. Some very great Democrats differed from him upon the silver coinage question but his views upon careful examination are found to be but honest suggestions arising from honest considerations of a profitable future, not arbitrary nor arrogant, but sincere and feathers weight in his relationship to the party, he is still the same pure steadfast Democrat. ### ÀKE== SIMMONS LIVER REGULATOR

For all Diseases of the

Liver, Kidneys, Stomach and Spleen. This purely vegetable pre-This purely vegetable pre-paration, now so eclebrated as a Family Medicine, originated in the South in 1828. It acts gently on the Bowels and Kidneys and corrects the action of the Liver, and is, there-fore, the best preparatory medicine, whatever the sickness may prove to be in all common diseases it will, un-assisted by any other medi-cine, effect a speedy cure.

The Regulator is safe to administer in any condition of the system, and under no circumstances can it do harm. It will invigorate like a glass of wine, but is no intoxicating beverage to lead to intemperance, will promote digestion, dissipate headtache, and generally tone up the system. The dose is small, not unpleasant, and its virtues unbuilted.

No loss of time, no interruption or stoppage of business while taking the Regulator. Children complaining of Colic, Headache, or Sick

Stomach, a tempoonful or more will give relief. If taken occasionally by pa-tients exposed to MALARIA, will expel the poison and protect them from attack. A PHYSICIAN'S OPINION.

I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Samanus Liver Regulator, promptly and effectively move the Liver to action, and at the same time aid (instead of weakening) the digestive and assimilative powers of the system. Supreme Court of the State of Oregon has decided the Registry law to be uncenstitutional. Had this decision been rendered immediately after the will find the use of the water from these min passage of the law there would have pel the poison malaria from the systemcan we now blame the Court for delay. They considered it as soon as it came regularly on the docket and no doubt made as much haste as the importance and gravity of the case would allow. Nevertheless considerable expense has been incurred throughout the various counties preparatory for registration. For all this the people will be compelled to pay and all for no good. The blunders of the last Legislature arcincomprehensible to the ordinary common sense of the people and should be a warning against the selection of Legislators merely for political reasons. The Grand Jury law, the Keady tempeance act, and this Registration farce had only to reach the proper tribunal to be torn into atoms, with derission and contempt. This may be funny for politicians and lawyers but it is rough on the people who have to foot the bill.

The president is invited to give a new definition of "offensive partisan ship." Their primary symptoms are among the most distressing of minor human allments, and a host of diseases, speedily resultant from them, mutually aggravate each other and assail at once the whole machinery of life. Ayer's Pills Accomplish this restorative work better than any other medicine. They are scarching and thorough, yet mild, in their purgative action. They do not gripe the patient, and do not induce a costive reaction, as is the effect of other catharties.
