ROSEBURG REVIEW

FRIDAY, MAY 28th, 1886.

HOUSE TO RENT.—Any person desiring to rent a house, call at once on Henry Easton.

HORSE PASTURE—Charley Stephens has good pasture one half mile from town at one dollar and a half per month. Call at once on C. M. Stephens.

PROHI'S. HORSE.—That prohi's. horse that trotted over the bridge goes slower when he trots than when he walks, hence he did not violate the law, because the notices read "faster than a walk," and yet this same prohi. is trying to trade that horse off, but the trade is off now.

COMMENT UNNECESSARY.—A gentleman who went into a grocery store in this city was asked by the storekeeper why he did not buy some canned peaches, the gentleman replied that he could not afford such luxuries, when the storekeeper said "we formerly sold these at 35 cents per can but now we get our goods from San Francisco via Oregon Pacific Railroad and the cheap freights enables us to sell the same cans for 25 cents."

ON TWO TICKETS.—We learn that Mr. Britt of Wilbur is running on two tickets, the Prohibition and Republican. We presume he feels able to stand on two platforms at once diametrically opposed to each other. What geometrical figure, or trigonometrical angle, would describe this state of things? Please answer. However Wm. Thiel is just the man for our next county surveyor.

CALVES.—The farmers and cattle men should mark up their calves, and not allow them to run at large unattended to. Much complaint is made on this score because of such neglect. All ought to keep their young cattle in good shape, and improve the stock. Get good cattle, and let the day of scrubs pass. One of the largest and most careful cattle men in this county deplores such a state of things. Improve is the word.

DECORATION.—To-morrow, Saturday, committees from Reno Post G. A. R. and the Roseburg public school will unite in the work of decorating Slocum's Hall for the Grand Army exercises that will take place next Monday and for the school exercises that will take place on the Thursday night following. Great preparations are being made that both occasions may meet the expectations of all who can attend.

GALA DAY.—Last Saturday was a big day at Canyonville. The little folks, big folks, young men and maidens were happy as could be, good speaking (one exception,) the best singing we have heard, good dinner, good time, good feeling, all brought about by having a Sunday school picnic. We absolutely have not room or we should specialize. Canyonville is ahead at present. We close by saying, the speakers stand broke down, when it was full of men, women and organ. Big scare, nobody hurt.

BE CONSISTENT.—Aspirants and their friends, who have been disappointed and have any hopes for the future, should be careful how they talk about voting against their successful competitors. It's a long lane that has no turn. There is a future, and it is a very improvident man who does not look out for it. The right way for such person to do is to submit gracefully, as they would expect others to do (in case they were candidates) and pull off their coats and go to work for the party. There is a future, gentleman, and memory is an awful stubborn thing, sometimes.—Times.

The above is true to a letter, and Douglas county has proven this beyond a question.

ROSEBURG REFORM CLUB.—Rev. W. A. Smick occupied the rostrum at the Reform club last Tuesday night, his subject "Reform" he handled in such a manner that made it interesting to all, following the downward course of those who were led away by intemperance, through the different stages, first love of association, tippling, loss of will power until, finally the victim becomes an object of pity, utterly degraded, he exhorted all to turn while there was yet time. Rev. J. W. Miller gave a short address of good cheer to the Prohibitionists. Mr. J. W. Mullen in a neat speech presented some interesting matter and Mr. G. W. Kimball spoke for a short time somewhat antagonizing his predecessors. A good entertainment is promised for next Tuesday evening.

W. ALEXANDER,
Secretary.

THE REPULICAN RALLY.—Quite a large crowd turned out to the Republican rally last Friday evening to listen to the nominee's remarks on the issues of the day. The Y. D. Band was in attendance and discoursed some very fine music. Mr. Cornelius was the first to take the stand, which, by the way was on McClallen House porch, and in a few remarks reviewed his past career as well as what he intended to do if he ever got to be Governor. Mr. C. is a farmer, and therefore, is not a very fluent talker. He was followed by McBride, nominee for Secretay of State who spoke at some length. Mr. McBride is a very good speaker. He in turn was followed by Mr. H. L. Marsten, nominee for State Treasurer. Only one of the speakers made any illusion to the all-important question of the day, prohibition. This question seems to be ignored by the leaders of both tickets, a neither Pennoyer or Cornelius alluded to it in any shape whatever.

TEN MILE PICNIC.—Last Saturday morning a stranger in our town would have thougth that something unusual was going to take place from the moving to and fro of vehicles loaded with gaily dressed and happy looking individuals, and horsemen riding up and down streets preparatory to starting off some where, and on inquiry would have been told that it was another Prohibition blowout, this time at Ten Mile. Quite a large number of our citizens availed themselves of the opportunity to go and spend a day in the country, arriving on the grounds at Ten Mile church they found another large crowd, inhabitants of the surrounding country, awaiting them. They enjoyed a most pleasant time and a very good programme too. Speaking occupied the greater portion of the day, and in the evening, "Little Brown Jug" and other pieces were played to a very appreciative audience, after which a great many repaired to the hall of Wm. Wells, and enjoyed a most happy time.

The election of Hon. R. S. Strahan to the Supreme bench, says the New Northwest, will give us a Judge whose decisions will combine law, justice and practical common sense, instead of the pedantic scholasticism and unjust technicalities which have too often illumined Judge Waldo's judicial efforts.

The funeral service of Mary E. Hervey, deceased, was postponed until next Sunday at 11 o'clock at Hudson's school house. All the friends are invited. Rev. J. R. N. Bell will preach a sermon in memory of her at the time and place above told: The postponement was unavoidable.

W. B. Clarke and H. G. German have started a cheese factory on Hubbard creek. This industry is one that has been much needed in Douglas county. They made their first cheese last Monday, and if they can procure a market for this dairy product they will go after it on a more extensive scale.

Bright and exhilerating as the sunshine under whose genial influence it budded and blossomed on the orient uplands of Japan is the brand of natural, uncolored tea which our fellow townsman, Mr. Abraham is now introducing to public notice, termed "Sunbeam Tea." It is a strong, healthful, aromatic and stimulating beverage, and will enter every household into which it comes like a veritable sunbeam. The Perfection Tea Cans, in which it is packed are so skillfully constructed as to offer perfect security against the evaporation or escape of the virtues of this tea.

MOUNTAIN QUAIL.

Explanation.

ED. REVIEW: In your last issue you made some comments on a card which appeared the week before in the Plaindealer from Mr. Colvig in which he disclaimed any ownership or interest in a saloon in Douglas county or elsewhere. Unintentionally perhaps you did Mr. C. an injustice in accusing him of rushing into print to prove that he is a temperance man. The facts are that there was a report in circulation in Roseburg and vicinity that he was interested in a saloon. Of this Mr. Editor you are well aware. One of his friends wrote him that this report was calculated and intended to do him injury and that he had better deny it over his own signature. He did so simply that and nothing more. Mr. Colvig's reputation as a temperance man is too well known to necessitate his publishing the fact to the world.

REPUBLICAN.

Roseburg, May 25th, 1886.

IN MEMORIAM.

Uncle Hans Weaver died on the evening of Monday May 24th at his residence near the town of Myrtle Creek in this county after a short illness of consumption. He was born in Dublin, Ireland, in 1816 and had reached the alotted time of three score years and ten, when called to cross the last river.

He came to America when three years of age and resided in the state of Ohio until he reached his majority. He was among the early pioneers who came to Oregon to make a home and settled on what is known as the Missouri bottom where he resided at the time of his death.

He joined the I. O. O. F. at Canyonville in 1867 and was a charter member of Myrtle lodge which was organized in Myrtle Creek in 1872. He was burried with the rites of this order on Wednesday the 26th at the cemetery in Myrtle Creek. The remains were followed to their last resting place by a large concourse of his neighbors and friends the funeral being the largest ever witnessed in this portion of our county.

Mr. Weaver had been suffering for some time with the fatal disease although he was able to go about until almost the very last and died in the full possession of his faculties and in the blessed hope of an immortality. He leaves a widow and a large family of sons and daughters aud numerous grand-children. By frugality and industry Mr. Weaver amassed a competency of this worlds goods which he leaves to benefit his family.

He was a good and an exemplary husband. His place will be missed by his neighbors and most of all by his family, and especially his wife who has shared his joys and sorrows for so many years. We tender our sympathy and condolence to the family who mourn the loss of a patriarcial father and husband.

Dawning Light.

One of the vantage grounds the Democratic party to-day occupies, both as it regards the state and county ticket, consists in the irreproachable character of the men it has brought forward as candidates. Their fitness, ability and uncompromising fidelity to principles of economy, and the best interests of the whole people, has lifted them to the highest attainable position in the confidence of the electors. I predict an unprecedented change in the popular vote of Oregon at the coming election. The party's triumph is insured, and means that equal and exact justice will be done to all, no wrongs go unredressed and no oppression be practiced. The Republican party has been on trial for the last several years, in the Administrative, Judical and Legislative departments of the state, its course has been closely watched by the public, its acts have been placed in the balance and carefully weighed. The verdict has been reached and will be announced the 7th day of June. It will read something like this, "Dismissed from the public service for high crimes and misdemeanors, specifications too numerous to mention." A careful estimate of the vote of this, and Scottsburg precinct indicates a majority of fifty for the Democrats. Certain individuals on the Democratic county ticket will run far ahead of these figures. The dual candidate on both opposition legislative tickets residing at Scottsburg is in a fix, its the old saw "I'll be damned if I do, and I'll be damned if I don't." It is generally conceded however that he wishes he was the other man. Two horses, both sore-backed, ring-boned, and spavined. Well, who wouldn't be looking for the other fellow. The day is dawning, the people of Oregon are awakening. The cry is ringing out, the Democracy of the state are armored and ready for the contest that is to bring to them unparalleled victory.

It is a good thing that young Delegate went to Roseburg for it gave "Lookout" in the Plaindealer something to write about. Young Delegate wants him to understand that he had better "look a leetle out" or he will be liable to get himself into trouble.

ZEPHYR.

Second Judicial District

The Democratic State Convention nominated for the Second Judical District

HON. JOHN BURNETT.

or Judge. Judge Burnett is personally known to a large portion of the people of Lane county. He is honest, energetic and competent. For over thirty years he has resided in Benton county, and he bears a name that cannot be successfully assailed. At different times he has held the offices of Circuit Judge, County Judge, Representative and Senator. If he should be elected to this office he will fill it with credit to the state and to himself. For Prosecuting Attorney the convention named

JAS. W. HAMILTON.

of Douglas county. This was a renomination that was well earned by hard and meritorious service. He was first elected to the District Attorney-ship in 1880, and was re-elected in 1884 by a rousing majority, although the District was Republican by several hundred majority. The people do not want to try another experiment in filling that office, and we are reliably informed that if they do it will be a repetition of the last blunder, as the Republican candidate has no qualifications for the place. Mr. Hamilton, as all know, is a fine lawyer and able speaker, and no indictment drawn by him is ever thrown out of court.—Eugene Guard.

The "Drain Echo" is one of the most useless little papers in Oregon, politically—almost independent, far too much so for its own good. The Editor breathes through the columns of his paper too much of the improper spirit. One of our prominent citizens remarked the other day that he could not imagine what the Echo would do for something to say after election. We know it wont say anything, it will just quit. As I write, a copy of the "Editio Princeps" lies before me. As I glance at it a feeling akin to sorrow comes over me as I realize that it is published here. Hurrah for THE REVIEW, the finest paper in Douglas county. Long may it live, and ever advocate the principles of the grand old Democratic party. But by the way, we had almost forgotten, we must notice the Plaindealer. One of our merchants recently remarked that said paper was a "little slack," and those words are the most appropriate ones of which our powerful mind can concieve, describing accurately the rapid advancement backward of the Plaindealer, is just like the Republican party, its a "little slack."

ORSINI.

The Record of 1872.

In Mr. T. R. Cornelius' speech at Roseburg he appealed to his record as an insight into the character of the Republican nominee for Governor. Since we have been invited to "view the ground where he must shortly lie," we also extend this invitation so graciously extended by Mr. T. R. Cornelius to the voters of Douglas and also to the State. And we would just view his one vote as it stands recorded in the Senate journal of 1872, page 714, on what has been known for years as the Columbia river wagon road swindle. See Act on page 81, Session Laws ef 1872. This Act appropriates $50,000 out of the funds arising from the five per cent. of the net proceeds of the public lands lying within the State of Oregon. Also out of the funds arising from the sale of swamp, overflowed, tide and other lands belonging to the State. This premeditated and well-conceived swindle succeeded in securing the money from the State but built no road. Not only did they get the fifty thousand dollars but interest for ten years at 7 per cent., or an additional sum of $35,000, making a grand total of $85,000. Does Mr. Cornelius ask a further examination of the record. This is not one of the largest jobs to which we find the name of the Republican nominee for Governor on the affirmative list. Voters of Douglas county, care should be taken to defeat all kinds of jobbers, as the record shows Mr. Cornelius to be. Vote for the Democratic nominee and rebuke this Republican jobber. Such men should not be trusted to place and power.

Only Half Alive.

There are hosts of men and women who, to coin a phrase are only half alive. That is to say, they have seldom if ever any appetite, are nervous, weak, fidgity and troubled by numberless small pains and aches. In the presence of vigorous, exuberent vitality they seem mere pigmies. Such persons are usually fond of frequently dosing themselves, swallowing in the course of the year enough drugs to stock any apothecary's shop of average dimensions. This of course, defeats instead of furthering the end in view, viz., the recovery of health and vigor. Were they to seek it from an unfailing source of vitality, Hostetter's Stomach Bitters, how different would be their case. Then vigor would return to their debilitated frames, the glow of health to their wan cheeks, their trembling uncertain gait would grow firm and elastic, appetite, that grandest of all sauces, would give a relish for the daily food, were it ever so coarse, and refreshing sleep would crown the tasks of the day.

DEMOCRACY AND CHRISTIANITY.

In candor and truthfulness we concede that Hon. W. F. Owens is the head and front of the third party or prohibition movement in Douglas county. In fact we are disposed to admit that he is the brain power of that organization in the state of Oregon. His utterances on the stump should be deemed the official voice of that party. In view of these facts we are grieved to learn that in his great speech delivered in Ten Mile last Saturday he stated that "no man could vote the Democratic ticket and be a christian," We are not advised as to the depth of this man's theological lore but it occurs to us that this is a sad commentary upon the condition of society in our country. It is a statistical truth that one half the voting population of the United States is Democratic and yet not one of them according to Mr. Owens' opinion, can enter the Kingdom of Heaven. This utterance does no credit to anyone but does illustrate bitterness and crueltry of heart. Democratic mothers and fathers think of this. No matter how wise and prudent may have been your teachings, your sons are unchristian if they vote the Democratic ticket. What Democrat in the state of Oregon that has ever voted that ticket can swallow this insult and give aid and comfort to a cause sustained by such a sentiment. We remember only a year or so ago when Mr. Owens was the leader of the Democracy of this county, and a gallant one he was. When indeed did he become a christian, and cease to be a heathen? We commend this utterance to his followers and if they agree with him on the day of election then we can be sufficiently christian to say "Lord forgive them they know not what they do."

DEDICATION.

The Y. D. Band never does anything by halves, and the dedication of the Band Stand by them Wednesday evening was epochal in Roseburg's history. The whole court yard was brilliantly illuminated and the crowd gathered, music of the most classical sort was grandly discoursed by the band, speeches were made by Messrs. Lane and Bell in their usual style, ice cream, strawberries, lemonade, boquets, and social enjoyment of the highest order characterized this occasion. The Band has been organized since April 1884, expended nearly four thousand dollars for their improvement and fixtures, they own one fine piano, there are fourteen members at present all looking hale and hearty—Band Stand ablutely out of debt, and hence Roseburg should appreciate such musical energy.

In answer to a question will say there is nothing in the election laws that will prevent any voter from erasing the name of any candidate from a printed ticket and substituting another in its place. But we can see no necessity for any person scratching a single name on the Democratic ticket. Laying aside all political feeling in this matter each and every candidate upon our ticket are men of honesty and capability which particularly reccommend them for the respective offices which they have been nominated to fill.

More Record.

Whereas T. R. Cornelius, Republican candidate for Governor, is quoting Legislature record, would it not be well for the people to "look a little out" on Mr. B. Hermann's record. Page 280, of Senate journal, 1868, discloses the extremely ugly facts that the lock and dam swindle, which furnished Republican orators campaign thunder for so many years, was supported by the Hon. B. Hermann, appropriating $175,000 out of the proceeds of the school land fund. Gentleman, the record dont lie; what is sauce for the goose is sauce for the gander if it was robbery for a Democrat to vote for that measure, as Col. Cornelius proclaims, was it not equally criminal in 1868 for Hermann to do the same thing—Hermann did it—we challange contradiction—prove him innocent or vote for Butler with a clean record.

Ladies
