ROSEBURG REVIEW

FRIDAY, JUNE 4, 1886.

HOUSE TO RENT.—Any person desiring to rent a house, call at once on Henry Easton.

HORSE PASTURE.—Charley Stephens has good pasture one half mile from town at one dollar and a half per month. Call at once on C. M. Stephens.

NECK BROKEN.—While Wm. Crump was leading D. C. McClallen's fine team from the blacksmith shop Wednesday morning, the horses took fright at some wool sacks lying on the sidewalk, one of the horses caught his foot and fell with his head striking the sidewalk, and his neck was completely broken. The value of the horse was $250.00.

ERROR.—We clipped from the Coos Bay News an item last week in reference to Col. Cornelius which was erroneous. Col. Cornelius has no son in the penitentiary. The difficulty was with the Col's. brother or near relative and Jack Powers, and the Col. is in no humor to pardon Mr. Powers. Bro. Bennett you should be more careful in regard to facts. However Mr. Pennoyer will do all the pardoning the next four years anyway.

THE NEEDY.—One of the most novel claims which are being urged by certain Republican candidates and their friends are that they need the offices, while their opponents are conducting prosperous businesses. When it has come to this that a public office is to be for the benefit of the needy and not for the public good, we must lay aside all political economy and science of government, do away with our alms-houses and support the indigent in the robes of office.

MUST GIVE THEIR NAMES.—All persons writing for THE REVIEW on any subject, must give their real names, and moreover, if the article criticises anyone, the writers name may be given by us when requested to do so, or left to our discretion. All persons writing to us in the future must distinctly understand that they are responsible, not us. This deos not do away with the idea of non de plume, however, it only makes the writer responsible for what he or she may have to say.

CAMPMEETING. The campmeeting to be held on the grounds of Mr. Richards 4½ miles south of Oakland, will commence at 11 o'clock Wednesday morning June 9th. Let us have a large attendance, this meeting has been looked forward to with great interest. Christian people pray for the outpouring of the spirit of power. Brother T. L. Jones and T. L. Sail will conduct the meeting. Good facilities for camping. Refreshments on grounds. No huckstering allowed. By order of committee.

REFORM CLUB.—Despite the evening being extremely warm the club room was well filled. After the usual opening exercises Miss Parrott was called on, and her essay on the political issues of the day, she handled in a masterly manner arraigning the Democratic and Republican parties, and charging them as being equally guilty in the upbuilding of the liquor traffic. Five-minute speeches were heard from Mr. Wonacott, Mr. Ramp and Rev. Mr. Miller. The exercises were unusually good. A good drama is announced for next Tuesday evening. W. ALEXANDER. Sec.

DEMAGOGY.—Col Cornelius, in his speech at Hillsboro yesterday, says he has been misquoted by the Oregonian; that he did not say in his Portland speech that he had never employed Chinese labor. He was not misquoted by the Oregonian. He did say, and there was no mistaking it, that he "had never employed Chinese in any capacity, and had never worn a shirt washed by a Chinaman." The News reported him thus: "Col. Cornelius, in plain, truthful way, stated he did not employ Chinese to do his grubbing, nor did he wear shirts washed by the Chinese." The matter isn't important in itself; the only thing remarkable about it is the demagogy and equivocation.—Oregonian.

FARMERS READ.—To the farmers and fruit growers of Douglas county Oregon, why patronize nurserymen from abroad, when you can get a better variety at home. We have every variety of fruit, shade, and ornamental trees, shrubery etc. We are responsible for any guaranty that we may make, and we will give you trees suitable to this section and warrant each and every tree just as recommended. Remember that every tree is grown in this climate and warranted true to name. North Western Nursery Located at Salem Oregon.

ADDRESS TO GRADUATES.—Owing to the fact that the public schools of this city this week will close their years work, the Rev. Mr. Smick, in response to an invitation, delivered on last Sabbath evening a lecture on "Education in its highest sphere." As Mr. Smick had announced that a part of the lecture would be directly to the graduating class, all the members of the class who were in town attended the services. This lecture was full of sound advice to any young man or woman. It was safe with just such thoughts as young people think when starting out for themselves to make a grand success of life. The semi-Latin ode, "Cora Mater" was sung by Mrs. S. C. Flint and Miss Della Party.

PRESIDENT CLEVELAND'S MARRIAGE.—President Grover Cleveland and Miss Frankie Folsom were united in the bonds of holy matrimony at the White House last Wednesday, June 2d. Not more than twenty-five persons were present. Rev. Mr. Sunderland, of the First Presbyterian Church, performed the ceremony. The President, after a short bridal tour, will give a grand reception at the White House, when Mrs. Cleveland will be installed mistress of all she surveys. We regret very much that we were unable to attend both the marriage and reception of the President, for good reasons, one of which was we were so pressed with business in THE REVIEW office that made it impossible for us to attend. We hope, however, the President and his wife will excuse us and subscribe for the REVIEW.

THE NEXT GOVERNOR.—Elect Sylvester Pennoyer Governor, and a Legislature in harmony with him and the Chinese will fade from the fair land of Oregon as by magic. Elect Pennoyer Governor and a Legislature that will act in harmony with him and the laborer and mechanic will be as secure in his earnings as human law can make them. Pennoyer has raised from a common laborer by dint of energy, industry and economy to the position he now occupies. His sympathes are with the working people. He is right on the labor question, he represents the laborer, farmer and mechanic, all of which callings he has filled here honorably and well, in Oregon where he has lived the greater part of his life. His opponent Col. Cornelius by his public acts and declarations has placed himself on the side of monopolies and corporations, and by acts, deeds and declarations favors the Chinese to the disparagement of his own race and people. Voters choose ye between them.

Stephen Cornutt of Riddle was in our city this week, and his step daughter Miss Dixon accompanied him home. Her departure is much regretted by some of the young gentlemen of our city. We hope Mr. Cornutt will become a citizen of our burg.

A report comes to us that a Republican in the eastern part of the county said to another Republican who was living on his premises, if he did not vote the straight Republican ticket, that he would move him off his premises. This is shot gun policy only to be perpetrated in the South.

Backache, stitches in the side, inflation and soreness of the bowels, are symptoms of a disordered state of the digestive and assimilative organs, which can be corrected by the use of Ayer's Cathartic Pills. As dinner pills and aids to digestion, they have no equal. They cure constipation.

The gentleman who intend to reform the politics of the city and county begin by proposing to nullify a plain provision of the State Constitution. If the Constitution is to be set aside and the laws disregarded the people will soon be at a loss to know just where the reform is to come in.—Portland News. That candidate is Alice Clawson Gove.

The man who votes for Hon. G. W. Webb for State Treasurer may have the assurance that he is voting for an honest man who competent for the office and is connected with no rings. A gentleman of this county who has been acquainted with Mr. Webb for more than twenty years says that he is one of the few men who have held public office many years and at the same time sustained a character that is above criticism.

Mr. Bronaugh the great card writer says in his last "to Irishman and Catholics" that "I have the confidence to believe that there is not a Catholic priest in Oregon who does not bid me God-speed in this struggle, and who will not by a loud amen endorse the position I have taken in it. How can it be thought otherwise?" Now Mr. Bronaugh there is not a Catholic priest in Oregon that believes in your ways and methods, although they may believe in your purposes.

Hon. R. F. Gibons, Democratic candidate for Secretary of State, was in Roseburg Tuesday, a guest at the Cosmopolitan. He is a genial whole-souled gentleman who makes friends wherever he goes. He is an old pioneer of Oregon, and has for many years been identified with the grain and wool industry of the State in eastern Oregon, besides being a ripe scholar and well qualified to discharge the duties of the office. He possesses an extensive knowledge of the leading industies of the State which specially fit him for the place for which he has been nominated.

"I love the merry, merry sunshine,
It makes my heart so gay!"

Everyone has heard and acknowledged the truth of this simple ditty. But suppose there had been no sunshine that day—what then? The maiden would instantly have sent down to Mr Sol Abraham's store and procured a Perfection Tea Can full of "Sunbeam Tea." She would have been quite consoled for the want of the "merry merry sunshine" after drinking a cup of this delicious, natural leaf brand of pure Japan Tea and her heart would have felt even gayer than it could have been made by mere natural sunlight.

Cure for Piles.

Piles are frequently precededby a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has affection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, flatulency, uneasiness of the stomach, etc. A moisture, like perspiration, producing a very disagreeable itching, after getting warm, is a common attendant. Blind, Bleeding and Itching Piles yield at once to the application of Dr. Bosanco's Pile remedy, which acts directly upon the parts effected, absorbing the tumors, allaying the intense itching, and effecting a permanent cure. Price 50 cents. Address, The Dr. Bosanco Medicine Co., Piqua, O. Sold by Dr. S. Hamilton.

A PROPHECY.

The people of Douglas county cannot help but remember the prophecy which our predecessor made through the columns of this paper when four years ago the Republican party nominated a non tax paying stranger who had at the time scarcely gained a residence for the office of sheriff and how the prediction was fulfilled to the very letter by Mr. Purdom making all the money he could out of the office regardless of the expense to the tax payers, and even before settling his accounts pulled up and left the county. We have another prophecy but will preface it by saying only yesterday in conversation with a noted Republican politician of this place who was commenting upon Mr. Agee's qualifications etc. We made the suggestion that a man who successfully manages the amount of business that Mr. Agee does was surely competent to attend to the duties of the office, when the politician asserted that Mr. Agee had not been a success that he owed more than he owned and intimated that Mr. Agee paid no taxes, he asserted this with so much assurance that we were taken back. After pondering the matter we went and examined the last assessment roll and found that B. C. Agee pays $136.80 tax and one poll tax. We then turned to the S' and found that Mr. Shelly pays one poll tax and nothing more. This is what the record shows. Now we will prophecy that if you elect Mr. Agee sheriff the office will be administered economically and with the same prudence and care which has characterized the management of his own affairs, and if you elect a person who pays no tax it will prove an expensive luxury to the tax payers of the county, and you will have a repetition of a previous history in Douglas county. We certainly have no personal feelings against Mr. Shelly but some of his friends are using undue influences against Mr. Agee his competitor, hence our defence.

UNDIGESTED FOOD

In the stomach develops an acid which stings the upper part of the throat and palate, causing "heartburn." It also evolves a gas which produces "wind on the stomach," and a feeling and appearance of distension in that organ after eating. For this ascidity and swelling Hostetter's Stomach Bitters is a much better remedy than alkaline salts, like hartshorn and carbonate of soda. A wineglassful of the Bitters, after or before dinner, will be found to act as a reliable carminative or preventive. This fine specific for dyspepsia, both in its acute and chronic form, also prevents and cures malarial fever, constipation liver complaint, kidney troubles, nervousness and debility. Persons who observe in themselves a decline of vigor should use this fine tonic without delay.

WOMAN'S SUFFERAGE.

One day I took a paper up
That lay upon the sofa
And sat down to read the news
While I was parching coffee.

My eyes soon glanced upon a piece
That took my whole attention,
On woman's sufferage, and to me
It was a new invention.

The piece was long, I fell asleep
Before it was quite ended,
And dreamed to all the women folks
The sufferage was extended.

And every woman had a vote
At twenty years and older,
Likewise that they should practice law
And be an office holder.

My husband's spurs I then put on
And rode to the election,
And voted for the prettiest man
I found in that direction.

CLARK'S BRANCH, June 1st, 1886.

Col. Cornelius' Soldier Record.

HILLSBORO, May 23, 1886.

EDITOR GUARD:—As there are a number of soldiers in Lane county who fought in the Indian war, I desire to rehash a portion of Col. Cornelius' record in the same: We were promised $31 per month, and after we had served sixteen months without one dollar pay, we were told that we must accept $25 per month, and if we did not sign the pay roll, we would be tried for mutiny or sedition. I claim here that no man should ever be Governor of Oregon, or of any other State that deceived the soldiers under him. We were even threatened with death if we did not sign the pay roll. This can be proven by seven or eight hundred men who were greatly wronged. No soldier or a friend to humanity, should vote for Cornelius. Such a man should never be elected to the highest office in the State. It would be an everlasting disgrace to the State and to the people.

G. T. LEDFORD.

A Correction.

The Drain Echo says that we have been in Or. hardly long enough to gain a residence or less than one year. With due regard to the Drain Echo, and its candidate for sheriff casting no reflections upon either, we correct the untruth by saying that we have been in Douglas county for nearly four years and that we have bought a farm and have located permanently in Douglas county in which county we have been paying our taxes both poll and property as the books will attest and in looking over the books we find the Drain Echo's candidate for sheriff pays the sum of $1.00 poll tax which goes to swell the sum total of the grand revenue of Douglas county.

G. W. WONACOTT.

ROSEBURG, June 2, 1886.

Four Bishops Elected.

W. W. Duncan, of South Carolina.
C. B. Galloway, of Mississippi.
E. R. Hendrix, of Missouri.
J. S. Key, of Georgia.

Tuesday, May, 18th, 1886, the foregoing preachers were elected Bishops of the Methodist Episcopal Church, South, by the General Conference at Richmond, and we have no doubt their election will be hailed with joy by all the Church. They are not only brethren endowed with many graces, but they are young and vigorous men, fit to take on their shoulders the cares and responsibilities of the great trust which is reposed in them by this action.

Indian War Veterans Attention.

We publish the following for the benefit of the Indian War Veterans. Oregon Pacific Railroad Co., Corvallis, April 1st, 1886.

W. G. Hill Esq., Adjutant Indian War Veterans, Wilbur, Oregon.

Dear Sir: Your favor of the 20th ult, at hand. We will extend to your Association the same rates that we give the Oregon Pioneer Association, which will probably be one and one fifth fare, regular excursion rates.

Yours Respectfully,
CHARLES C. HOGUE,
A·G. F. & P. Agent.

To the Voters of Douglas County.

As the endorsement of the Republican nominee for county Surveyor by the prohi's might imply that I am intemperate, I will state to the public, that I have yet to find out, what is the taste of distilled liquors; that I have not drank a drop of beer or wine for 17 years; that I have never used tobacco in any way; that none of my (8) children drink coffee or tea; that I believe in starting moral reforms at home, and, that if the prohi, leaders would direct their energies to the enforcement of our present laws, they would make less noise but do more good. WM. THIEL.

Prof Miller's Idea.

Mr. Miller would not do much in Congress with such views as these, and his plan is not to wait for a Constitutional amendment, but to have the Legislature pass a prohibitory law and them elect a supreme court to declare it Constitutional, may be a brilliant idea; but it shows that the professor's mind is clearly befogged with regard to a Constitutional form of government.

DEMOCRATIC SPEAKING AT HUNTINGTON.

HUNTINGTON, May 26.—The Democrats of Huntington held an out door meeting tonight. Col. H. B. Compton presided, and Messrs. Pennoyer and Butler spoke. A grand stand, illuminated with Chinese lanterns, was erected, bonfires were built and anvils and and rockets were fired.—Oregonian.

Camp Meeting.

The camp meeting near Oakland is to commence June 9th, 8 P. M. Mr. Bailey of Oakland will keep a lunch table, no other huckstering allowed on the ground. Please do not ask it, we go there to worship God, not to swing and eat candy. All are cordially invited, especially the Editor of THE REVIEW.

T. L. JONES,

DRAIN, June 2nd, 1886.

AN ADMISSION FROM CORNELIUS.

HILLSBORO, May 27.—There was a very large turnout to-day to hear Cornelius. He admitted that Chinese had worked for him, and says the Oregonian misquoted him. What he did say was that he would not say that Chinese never washed his shirt.—Oregonian.

Syrup of Figs.

Manufactured only by the California Fig Syrup Co. San Francisco Cal. is Nature Own True Laxative. This pleasant liquid fruit remedy may be had of Dr S. Hamilton at fifty cents or one dollar per bottle. It is the most pleasant, prompt and effective remedy known, to cleanse the system; to act on the Liver, Kidneys and Bowels gently but thoroughly; to dispel Headaches, Colds and Fevers; to cure Constipation Indigestion and kindred ills.

Rev. Mr. Gittings gave us a very pleasant call this week, and reports having had an excellent meeting at Garden Bottom last Saturday and Sunday.

THE WAGON ROAD TO KLAMATH.

ROSEBURG, June 1, 1886.

EDITOR REVIEW: The election will soon be over and the people unless prohibited will have voted as they may have pleased. Without regard to probable, improbable or impossible results thereof. I think it high time that we begin to think about our projected wagon road passing near Crater Lake and on to Klamath basin. You will remember a committee has been appointed by our citizens to make arrangements to view out if it can be done, a practicable route. In a small way I feel I have a right to a voice in this matter and by virtue of your journal may exercise a voice loud enough to be heard by our committee. Up to the present time have they held a meeting or consulted together? If not there is plenty of time left yet. I casually met Mr. A. A. Engles, who is a member of the committee a few days ago. He lives about twenty five miles East of Roseburg and expressed his regret that thereby he was prevented from giving the attention that was proper to the subject. He had personal knowledge of one route. That is the one that was opened about eight years ago. This leads up East Umpqua and passes South of Cow Horn Peak. He states that the mountains are rough but nevertheless the route is practicable. There are about twenty miles that will present obstacles and these lie mainly if not wholly west of the summit. Once on top of the Cascades the decent will be found easy and gradual. Long before reaching the summit there will be found ample grass in summer and autumn for passing stock, horses, cattle and sheep. On this route he thinks there will be required only one bridge of any considerable size and that will be over East Umpqua at which point no doubt the county may be constrained to build one. In view of the fact that other routes have been mentioned he desires me to say that which he knows from his own experience, only this route, he has no prejudice against any. As a member of the committee he wants the best and the cheapest way, and favors the selection of a good reconnoitering party of mountaineers and have that party select the best practicable route without regard to whom it might specially benefit. I also conversed with S. C. Flint who has been over the same route He substantially confirms what Mr. Engles has stated. Better perhaps than any one he understands the approaches from every direction to Crater Lake and its surroundings. He advises investigation of all projected or suggested routes and agrees with Mr. Engles that for this purpose a regular engineer is not necessary. Such also is my opinion. I trust our committee will soon take proper action in the premises. The benefits that may be derived therefrom are well undetstood and it is not necessary they should be referred to now.

L. F. LANE.

MR. EDITOR: Since writing the above I have seen Mr. Asher Marks chairman of the committee referred to. He concurs with me but protests that the committee on finance has as yet made no report. He is willing to act at any time. I also saw Mr. Robert Cavitt who expressed a willingness to guide to a full examination of all routes. If something is not done soon look out for trouble.

MEMORIAL SERVICES.
Tributes to the Honored Dead.

On last Sabbath according to previous announcement the members of the Reno Post were promptly on time at the Presbyterian church to attend divine services. The prayer uttered by Rev. John Howard was in every respect touching The beautiful duet, "Bye and Bye" as sung by Misses Agnes Hermann and Eva Oaks, with its inspiration wafts the true soldier from a world of battle to a realm of never ending bliss. Rev. Mr. Smick in his sermon that abounded with happy illustrations portrayed the lives and implements of war of the worldly soldier as compared with the soldier of the cross. He said while a man could be both he would impress upon the comrades the fact that their lives could not be complete without being the latter.

MONDAY MORNING.

Early Monday morning the crowded street gave to Roseburg a Fourth of July appearance. At ten o'clock a. m. the Grand Army headed by the Y. D. Band proceeded from the court yard to Slocum's hall which was filled to overflowing. After a solemn funeral dirge, Officer Hursh made a few opening remarks. Invocation by Rev. J. W. Miller. Mrs. S. C. Flint by request sang "The faded coat of blue, which was beautiful." Miss Lilly Gilliland recited the poem "Cover them over with flowers." Her voice is clear; articulation excellent. The soldiers' chorus sang by Messrs. Flint, Hurd, Johnson, Clements and Rapp was in part highly imitative of drum music. Col. J. C. Fullerton was then introduced and delivered on eloquent address of thirty minutes in length. The oration was in the main retrospective. In this he pointed to such lives as have fought a good fight and should be the examples followed by the generations of this day. Few, if any part in Oregon were favored with a better oration on last Monday than Col. Fullerton delivered at Slocum's hall. Maj. Walsh sang the very appropriate solo "Wrap the flag around me, boys." Bertha Bellows recited the poem, "Decoration day," and received many kind comments. The above exercises were interspersed with some more music than we have mentioned but as our reporter was absent a portion of the time the full statistics on this part of the programme are not given; but it is the verdict of every one that all the music was uncommonly good.

MONDAY AFTERNOON.

At 1:30 p. m. the procession headed by the Y. D. Band left Slocum's hall for the Odd Fellow's graveyard on Deer creek. After decorating several graves at the two yards in that direction, the throng returned to town; after which the Grand Army headed by a drum corps went to the Masonic grave yard. Here two death marches were played with muffled drums; and after decorating the graves the army returned to the time of regular march music. The exercises were completed throughout, such satisfaction was expressed on every hand that we believe that on next memorial day the interest and attendance will be much greater than it has ever hitherto been.

Excitement In Texas.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; every body said he was dying of consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds. This Great Discovery for Consumption is for sale by all Druggists.

An Answer to L. C. Hill.

MR. EDITOR. Olmstead's College Philosophy 178th page, under the head of siphon reads thus: "The height of the bend of the tube above the level of the liquid must be less than thirty-four feet for water and less than thirty inches for mercury." The reason why the water rises in the tube is the pressure of the air upon the surface of water in the vessel and the pressure of air will cause water to rise only thirty-four feet, a common example of which is the suction pump where the valve is the pipe must be less than thirty-four feet above the surface of the water in order for the pump to work. Steele's Physiology page 77 reads "light colored clothing is not only cooler in summer but warmer in winter." The reason why it is cooler is that light colors absorb solar heat less and reflect more than dark colors." (Steels Philosophy page 194.) Salvation is not based on water baptism by water is only an external sign of internal baptism of the holy ghost. A symbol of the inward renewing.

Very respectfully,
W. C. HAWLEY.

A Solid Plank.

The Democratic State platform has this resolution:

"That we favor a non-partisan and independent commission, whose duty shall be to count the money in the State treasury as often as may be necessary to insure that it shall remain in its lawful place of depository, instead of being used for private speculation."

Mr. Webb is a very appopriate candidate to stand on this plank. When he was County Treasurer he insisted on his books being examined and the county funds being actually counted every quarter. With him holding the sack there will be no lawful "private speculation" with the State funds, a practice which has undonbtedly been carried into an alarming extent for years past.—East Oregonian.
