ROSEBURG REVIEW

FRIDAY, JULY, 30, 1886.

INTERESTING COMMUNICATION.

FOLEY SPRINGS, July 22nd, 1886.

EDITOR REVIEW: Thinking you would be pleased to hear from your invalid friends who left Roseburg for the Foley Hot Springs on July 14th, I write you of our trip and &c. We stayed over night at Eugene City, met several friends, Judge Willis was there looking after a will case. There are evidences of thrift and growth on every hand in this fair city, no doubt it is one of the best towns outside of Portland. The next morning at 8 A. M. we left this town on the stage running from Eugene City to the springs, weekly. The road runs up the McKenzie river through a small pretty valley varying from a quarter to two miles in width, the stage ride would have been pleasant if the road had not been so dusty, and if we had not been in a blazing sun. The Col. at times, because gloomy perhaps, on account of thoughts of the "loved ones" on the other side of the Rockies—at least I attributed it to that and to cheer him up I expatiated upon the medicinal qualities of the water of Foley Springs, which would bring him back to his natural self again, and then his wit would sparkle as of yore. At night we stopped at Pepiots where we enjoyed a good meal such as all hungry people relish. After a nights sweet sleep, "nature's health restorer," we breakfasted at early morn and then started on our way with high anticipations of the good time in store for us. Between Eugene and Pepiots there are many good farms well tilled, between Pepiots and the Springs the valley becomes narrower; widens out and narrows in successively. The bottoms along the river are usually covered with heavy timber and dense under brush, and now and then we came to a clearing where the settler has put up a rude house for a home for those that he loves "chill penury and squalid want" will not repress their noble ambition. How much better to do that than stay in crowded cities without a ray of hope of bettering their condition. It takes courage to settle on timbered lands as will and muscle are required to clear the land for the plow and sickle, but when once cleared it is more productive, usually, than prairie land. At one point on the road to the east in the Cascade range, can be seen the Three Sisters rearing their tall heads to the skies, robed in eternal whiteness, keeping their silent vigils to the valleys below, it is a scene rare, grand and picturesque and not soon to be forgotten. The mountains now become more abrupt and run down to the river banks in places. At 1 P. M. we reached Powers at the bridge across the McKinzie where we set down to as good a dinner as one could wish. Mrs. Powers is an estimable lady and knows how to please her guests. We were informed that three ladies were boarding there, a grass widow, an artist and a school marm, and that there were no lady boarders at the Springs. Well says my companion in his characteristic way, "less board here and walk up to the Springs and back every day." It is ever thus! At 2 P. M. we left Powers for the Springs, after crossing the river we leave the main road that runs over the mountain into eastern Oregon and a ride of five miles through heavy timber up a gradual ascent takes us to the famous Foley Springs, having completed the stage ride of sixty miles.

The Springs are quite conveniently situated and are owned by P. Runey. Fir, maple and cedar is the principal timber around here. The hot water comes out of apertures in the solid rock in four places, and is conveyed to the bath rooms in wooden troughs. The water is 188 degrees in heat. One can drink the water hotter than ordinary hot water can be drank for a reason unknown to the writer. The discharge of water is constant and would fill a five inch pipe. The water is tasteless except the first swallow or two and then only can the mineral be tasted—the more we drink it, the more we want—it must be good for several diseases especially rheumatism. The guests at the Springs are Col. L. Fleischner, Judge Page, Sam Lowenstein, H. W. William, W. L. Lightner, Mark Wilzinski of Portland, Ex-Gov. S. F. Chadwick of Salem, Abrams of Lincoln, Henry Owens of Eugene City, Col J. C. Fullerton and G. W. Kimball of Roseburg. They are the healthiest lot of looking invalids we have ever seen and the way they get outside of edibles is astonishing. We have not exprienced any great change in our physical condition other than languor. Those who are here with rheumatism, who have been to the celebrated Hot Springs of Arkansas, claim that the water of these Springs is equal to the former. We pass the time away fishing, reading and talking over old times. The streams abound in fine trout. The other day Col. brought in a fine string of thirty four speckled beauties, owing to an accident I have brought in twenty-one only at one time. I shall make one more attempt to beat our friend. The Col still wants me to go with him to the bridge where the attraction is heretofore referred to, but I keep putting him off with the excuse that I am not able go to on account of a fall I got while fishing, but he is anxious to go and I look for him to at anytime. Now don't let Mrs. F— know anything about it? The weather has been very warm here, the thermometer marking 98 degrees in the shade, but yesterday there was a heavy thunder shower which cooled the atmosphere, and to day it is pleasant. It is amusing to hear the old chronics dilate upon their peculiar ailments—one who has the rheumatism in the finger which is now quite limber from the use of the water, at times imagines that he is Jack Dempsey and squares off for a sette, but he can find no one pugilistically inclined—others have it in the ankle, leg or shoulder. One thought he was a runner and tried his speed against a local colored racer of Portland, but he only run about fifteen feet until he was suddenly seized with a cramp which has laid him up for additional repairs. Our only amusement so far has been a foot race between a local colored runner of Portland and a white local runner of Eugene, which resulted in the defeat of the latter, but Saturday is the great race for a purse of $3, and I think the country will get away with Portland. As our catarrh has disappeared like mist of eve before a July morning sun we shall start home next Monday well pleased with our trip and sojourn here. Wish you Hon. L. F. Lane and the rest of the boys were with us in this mountain retreat, during the hot wave.

Yours till death,

K.

RELIGIOUS INSANITY.

Women Who Profess to be Jesus Christ and the Holy Ghost

CINCINNATI, July 18.—Information was gleaned to-day that a party of thirty or fortypeople, most of them prominent in society and above the average in intelligence, believe that Mrs. John B. Martin, of Walnut Hills, is Christ manifest in the flesh, and her sister Mrs. John F. Brooks is the Holy Ghost. The followers of these two women meet at Mrs. Brook's house and worship them both. Mrs. Martin has exerted some influence that has put them completely in her power and they are fanatic on the subject.

One of the woman's followers is named Jerome. He was bookkeeper for the Cincinnati agency of D. Appleton & Co., the New York publishers. He gave up his position, with $1,800 a year, to serve her. To a reporter who Jerome saw this morning he said: "I have seen God face to face in the last halt hour."

A young man named Cook, who works in the Auditor's office of Adams' Express, resigned his position and has attached himself to the new sect.

This movement has been going on quietly for a year without becoming generally known. The women seclude themselves and will not be seen by any one who is not a worshiper or vouched for by one of them. Many persons have sold their homes and taken houses near where the women live on the hill. Those who have not given up their positions say they do not need work or money, all they need is spiritual food, and this will be furnished as to the Israelites in the wilderness.

A Miss Andrews who lives with her mother on Walnut Hills, is almost insane from excitement, and passes her whole time in weeping, singing and praying. Among the other worshipers of these new gods are some of the best people in Cincinnati. Exposure to public ridicule, it isthought, will bring them to their senses.

THE BEST

Hair restorative in the world is HALL'S HAIR RENEWER. It cures all diseases of the scalp, and stimulates the hair glands to healthful action. It stops the falling of the hair; prevents its turning gray; cures baldness, and restores youthful color and freshness of appearance to heads already white with age. The following are a few illustrations of what is done by

HALL'S
Vegetable Sicilian
HAIR RENEWER:

MRS. HUNSBERRY, *344 Franklin Ave., Brooklyn, N. Y.*, after a severe attack of Erysipelas in the head, found her hair—already gray—falling off so rapidly that she soon became quite bald. One bottle of HALL'S HAIR RENEWER brought it back as soft, brown and thick as when she was a girl.

MR. KESLING, an old farmer, near *Warsaw, Ind.*, had scarcely any hair left, and what little there was of it had become nearly white. One bottle of HALL'S HAIR RENEWER stopped its falling out, and gave him a thick, luxuriant head of hair, as brown and fresh as he ever had.

MRS. A. T. WALL, *Greenfield, Cheshire, Eng.*, writes: "I have found the greatest benefit from the use of HALL'S HAIR RENEWER, it having restored my hair, which was rapidly falling off, and returned its original color."

DR. EMIL SEIP, *Detroit, Mich.*, certifies that "HALL'S HAIR RENEWER is excellent for hair growing, and gives back the natural color to faded and gray hair."

MRS. S. E. ELLIOTT, *Glenville, W. Va.*, says: "One bottle of HALL'S HAIR RENEWER restored my hair to its natural, youthful color."

No injurious substances enter into the composition of HALL'S HAIR RENEWER, and it is not a dye. Its vegetable ingredients render it in the highest degree beneficial to the scalp as a preventive of disease. Its effects are natural and lasting, and it does not make the hair dry and brashy, like the so-called restoratives compounded with alcohol.

Buckingham's Dye
FOR THE
WHISKERS

Is, in four respects, superior to all others.
1st—It will produce a rich, natural color, brown or black, as desired.
2d—The color so produced is permanent, cannot be washed off, and will not soil anything with which it comes in contact.
3d—It is a single preparation, and more convenient of application than any other hair or whisker dye.
4th—It contains no deleterious ingredients, as do many preparations offered for like use.

Sold by all Dealers in Medicines.

How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy.

NEVER BEEN DISAPPOINTED.

As a general family remedy for Dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels.

THE GRAPE CURE.

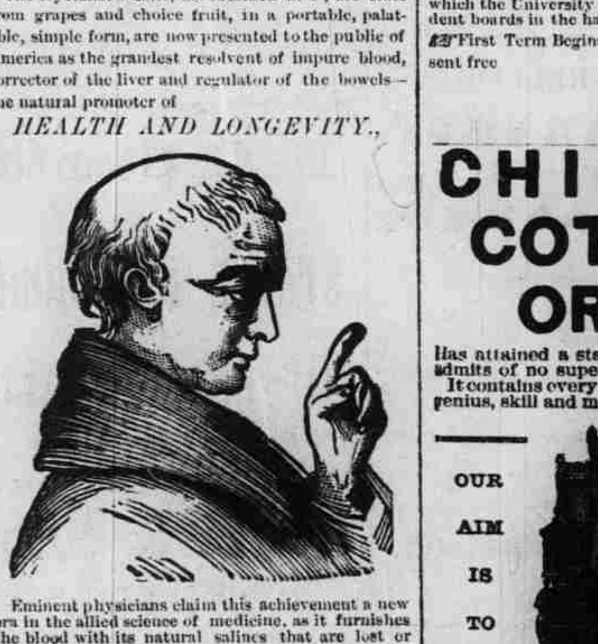
SAL-MUSCATELLE

In America

WITHOUT THE XPENSE F AN EUROPEAN J URNEY!

The crystalized salts, as obtained in a pure state from grapes and choice fruit, in a portable, palatable, simple form, are now presented to the public of America as the grandest resolvent of impure blood, corrector of the liver and regulator of the bowels—the natural promoter of

HEALTH AND LONGEVITY.



Eminent physicians claim this achievement a new era in the allied science of medicine, as it furnishes the blood with its natural salines that are lost or eliminated every day.

SAL-MUSCATELLE

A POSITIVE, NATURAL

SICK HEADACHE AND DYSPEPSIA CURE.

Sal-Muscatelle is Nature's own product. It supplies to the system the want of sound, ripe grapes and fruit; it is the simplest and best preventive and cure for all functional derangements of the liver and kindred ailments; prevents the absorption of malarial diseases—fevers of all kinds; counteracts the effects of bad air, poor drainage and impure water; a powerful oxydizer of the blood; a natural specific for all skin eruptions, sick headaches, biliousness, nervousness, mental depression, and will remove the effects of accidental indigestion from excessive eating and drinking. Have it in your homes and on your travels. It is a specific for the fagged, weary and worn-out.
