

ROSEBURG REVIEW

FRIDAY, SEPTEMBER 10, 1886.

A. O. U. W. ROSEBURG LODGE No. 16, meets the second and fourth Mondays of each month at 7:30 P. M. in the Odd Fellows Hall.

PHILETIAN LODGE, No. 8, I. O. O. F., meets each week at 7 o'clock, in their hall at Roseburg. Members in good standing are invited to attend.

UNITED ENCAMPMENT, No. 9, I. O. O. F., meets at 10 o'clock, in the first third Thursday of each month. Visiting brethren are invited to attend.

LAUREL LODGE A. F. M. WILL HOLD regular meetings on Wednesday or before each full moon. U. A. BEATH, W. M. J. P. DEXAS, Sec.

W. I. F. CHAPTER, No. 11, F. A. M., hold their regular committal services every first and third Tuesdays in each month.

WOOD WANTED—Two foot wood and stove wood wanted at The Review office on Subscription. Bring in your wood, and do not let us refuse.

REDUCED RATES.—The Oregon & California railroad has reduced the fare from Roseburg to Fair grounds at Salem to \$7.10 round trip. Tickets good from Sept. 11th to Sept. 20th. All aboard for the Fair grounds.

AN ADDRESS.—Hon. C. A. Schlueter of Oakland, will address the Reform Club next Tuesday evening. We speak in advance for Mr. Schlueter a large audience. Now Bro. S. give us the best you have in your shop.

LIBRARY.—The meeting of the library directors and committee on September 8th, and periodicals at the Platteville office last Monday evening led us to hope that a public circulating library in Roseburg was a fixed fact.

CHANGE.—J. E. Houston has resigned the office of general secretary, I. O. O. F., and Prof. W. S. James has been appointed in his position. Mr. Houston, who has been reading at Ashland, has gone to California with his family.

DENTAL WORK.—Have you any old teeth that won't fit, any teeth that need filling, or teeth extracted and a plate put in the next day? Our dentist, Dr. Davis, in Roseburg is the one to do it, cheaper and we guarantee as good as in Portland.

EPISCOPAL VISIT.—On Sunday, Sept. 10th, Most Rev. W. H. Gross, Rector of St. Paul's Episcopal Church, will hold Divine Service at the Catholic Church of this place, at which occasion he will also administer the Sacrament of Confirmation.

THESE TREES! THESE!—Call at Chase & Ford's red front and examine the splendid variety of silver pruned trees which they have for sale. The farmers of Douglas county will study their own interest by buying their fruit trees of this enterprising firm.

THE FAIR.—Let everybody turn out to the fair to be held in Clatskanie to-day and tomorrow week. Douglas county ought to shake off the dead weight of Clatskanie, and not only initiate, but excel Lane county in such an enterprise. Much good can come of such an undertaking.

TO ALL WHOM IT MAY CONCERN.—I hereby give notice that I have given my minor son Robert Z. Hapin his time and allow him in his own name to make contracts, agreements and other citizens rights, the same as if he were of lawful age, and that I will not be held responsible for any contracts or agreements he shall hereafter make.

\$285.00 LOST.—O. L. Willis sent from Looking Glass to Roseburg by his two years old, 1886 year greenback to J. F. Barker his partner, last Monday, and on the way the boy lost the entire amount. One half of the money was offered at one time by Mr. Barker as a reward, but to this time the greenback has not put in an appearance. This is loss of money to lose these hard times.

A GOOD THOUGHT.—There is a cause for everything. It is a well known fact that oil upon the surface of the ocean will calm the raging billow but we have not as yet been informed by others why it is so. So we will venture to give a reason. It is because the oil forms a surface over the water which the atmosphere presses against equally which is about 14 lbs to the square inch. If the oil of human kindness is applied as an emollient to many afflicted persons it will have a tendency to pacify them, and keep out the cold chills of ingratitude.

CATALOGUE.—We have catalogued a copy of the very neat, twenty-page catalogue of the Ashland Public School for the year 1886. In addition to the carefully compiled rules, regulations and course of study, it gives the names of all the students enrolled during the year which number three hundred and seventy nine and which are about thirty less than registered in the Roseburg public school in the same time. Roseburg affords the largest public school in Southern Oregon. Ashland, next, and we believe that the Jacksonville public school is next in number to Ashland.

WHEAT MARKET.—The Democrat has been informed that 65 cents is being paid in Corvallis for wheat, due to the cheaper freight on the Oregon Pacific. We are also informed that the rate of freight from Albany to San Francisco will be the same as that from Corvallis. Wheat will probably be crossed on the R. R. bridge from this city by October 1st for San Francisco. There is meat in these facts worth digesting. The present price here is 64 cents, nearly 3 cents more than the market calls for. This is due to the O. P. Market.

LEO BROKEN.—No affair has occurred in Douglas county for a long time which was so much regretted by the whole community, as the one which transpired in Oakland last Saturday between two of our prominent citizens, Messrs. F. B. Beckley and W. T. Kerley. These two gentlemen it seems got into an altercation about some pasture land, and both grew angry and used strong language toward each other, when Mr. Beckley picked up a rock and threw at Mr. Kerley, striking him on the leg just above the ankle, breaking both bones. The wound is slowly improving and he is able to get about.

LOCAL BRIEVITIES.

City election October 4th. Do not neglect the Library fund.

Crocker at J. Jaskulek's bargain store. Immigrants constantly arriving in our country.

A public library in Roseburg is sme qua non. Some lawing this week before Judge Ganon.

A fine lot of crockery at J. Jaskulek's just received. Let everyone fall in love with our library enterprise.

Rev. J. W. Miller returned from Conference yesterday. James Calvert of Grants Pass, was in our city last Monday.

Assortment of grass seed of various kinds at H. C. Stanton's. If you want a pair of boots for \$2.50 call at H. C. Stanton's.

County Court this week, and considerable business transacted. Miss Jennie Dimmick of Moscow, I. T., is visiting friends at Glendale.

James Bean is much better now and will return home in a short time. Chase & Ford sell the best acclimated fruit trees to be had in the county.

Go to Chase & Ford and get your fine piping chewing and smoking tobacco. A large invoice of the finest plug tobacco just received at Chase & Ford's.

Thanks to Mr. and Mrs. Dinsell for a beautiful supply of wedding cake. We are prepared to print election tickets in first class style at reasonable prices.

A contract for 2500 telegraph poles was let this week by Mr. Vincent. Send in your orders at once to Chase & Ford for all kinds of fruit trees at lowest prices.

The Hereford Bros. of Geese Lake have recently sold 1500 head of steers for \$36,000. Mrs. W. S. Humphrey went to Salem this week to visit her father and to attend the fair.

FOR LAME BACK, side or chest, use Shiloh's Porous Plaster. Price 25 cents at S. Hamilton's. Parry, take your laboring sign. Nearly one half of Cole's circus went their to get shaven.

The Coos County Fair at Hall's prairie was quite a success, with prospects for a better one next year. Fresh butter from Coos Bay, the finest quality ever received in this city, for sale by Barker and Willis.

CROUP, WHOOPING COUGH and Bronchitis immediately relieved by Shiloh's Cure. S. Hamilton Agent. We are pleased to learn that Miss Libbie Smith has again moved to this city for the purpose of attending school.

Bro. Pipes you are sound on the college question in your last week's editorial. We know where you speak. Hon. James Byron is the leading spirit in the Olalla Fair enterprise. He and his neighbors deserve credit.

Thos. Farquar is a success in raising peaches on his island. Hereafter he will raise peaches and cherries. Hon. John Booth who has been quite unwell, is now better, and came to town Wednesday, though feeling weak yet.

W. B. Sprague of Hubbard Creek sent us a box of peaches by J. J. Himes last Saturday. They were delicious. Thanks. The Columbia Annual Conference M. E. church south will hold its next session in Weston, beginning Sept. 15th, 1886.

Bill Moore wants everybody to call at the postoffice store, and take a look at the "three little maids," they're just splendid. SLEEPLESS NIGHTS, made miserable by the terrible cough. Shiloh's Cure is the remedy for you. For sale by S. Hamilton.

Miss Sue Burt and Miss Lucy Goodall, of Yoncalla, were visiting with Miss Edith Barker at the McClallen house this week. Our friend C. A. Schlueter of Oakland was in our city Tuesday on business. His call at our office was duly appreciated.

WILL YOU SUFFER with Dyspepsia and Liver Complaint? Shiloh's Vializer is guaranteed to cure you. Sold by S. Hamilton. Andrew Willis has taken a scholarship in the State Agricultural College at Corvallis, and will leave soon for the scene of action.

J. P. Duncan near Winchester, killed a rattlesnake last Wednesday which had 16 rattles and a button. A big old snake that was in the McClallen house this week. Hon. James F. Gasley looked benignly upon us last Monday, and his intangible shadow made us to remember that we had met before.

The West Side continues its weekly visits to us clad in all the habiliments indicative of a lively newspaper. Success Mr. Brooks. CYRIL CURRY, health and sweet breath secured by Shiloh's Catarrh Remedy. Price 50 cents, Nasal Injector free at S. Hamilton's.

C. G. Durland of Calapooia came to town Saturday to see the elephant, and he came to see us also for which we were glad. Come again. J. F. Haloran and wife of Astoria were at the McClallen House this week, this being their first trip to our beautiful southern hill country.

J. P. Messer and wife of Coquille City, stopped over one day in Roseburg at J. J. Cawfield's on their way to Josephine county this week. The most severe earthquake that ever occurred in the United States was at Charleston S. C. Read the particulars in the dispatches of to-days issue.

Several pieces of fine quartz taken from ledges in Douglas county and showing fine prospects, have been left on exhibition at Champanne's hotel. The REVIEW is the paper to announce yourself in for the lucrative offices of this municipality. Come and put in your card at once, next week will be too late.

FOR DYSPEPSIA and Liver Complaint, you have a printed guarantee on every bottle of Shiloh's Vializer. It never fails to cure. For sale by S. Hamilton. "The Gun maker of Moscow" will be in Roseburg about Oct. 7th, and will exhibit the above mentioned beautiful drama for the benefit of the Library fund.

Go to W. N. Moore's and get the Instantaneous Ink and Stain Extractor. It is far superior and more convenient to use as an eraser than either Rubber, Steel or Acids. SHILOH'S VIALIZER is what you need for Consumption, Loss of Appetite, Dizziness and all symptoms of Dyspepsia. Price 10 and 75 cents per bottle. For sale by S. Hamilton.

A Perfect Baking Powder.

The great success of the Royal Baking Powder is due to the extreme care exercised by its manufacturers to make it entirely pure, uniform in quality, and of the highest leavening power. All the scientific knowledge, care and skill attained by a twenty years' practical experience are contributed toward this end, and no pharmaceutical preparation can be dispensed with a greater accuracy, precision and exactness. Every article used is absolutely pure. A number of chemists are employed to test the strength of each ingredient, so that its exact power and effect in combination with its co-ingredients is definitely known. Nothing is trusted to chance, and no person is employed in the preparation of the materials used or the manufacture of the powder, who is not an expert in his particular branch of the business. As a consequence, the Royal Baking Powder is of the highest grade of excellence, always pure, wholesome and uniform in quality. Each box is exactly like every other, and will retain its powers and produce the same and the highest leavening effect in any climate, at any time. The Government Chemists, after having analyzed all the principal brands in the market, in their reports placed the Royal Baking Powder at the head of the list for strength, purity, and wholesomeness, and thousands of tests all over the country have further demonstrated the fact that its qualities are, in every respect, unrivaled.

People may not be generally aware that all tea shipped in bulk are subject to contract the germs of lead poisoning from the lead lining of the chest. The Perfection Tea can which is the only package in which Mr. Abraham's brand of "Sunbeam Tea" is imported, is made without solder or lead.

By the use of the Instantaneous Ink and Stain Extractor you can remove all stains of Berry, Peach, Pear, Apple, Orange, Lemon, Iron Rust, Grease or Mould from the richest and most delicate shades of Silks, Laces, Woolens or Linens, without injury to the fabric or color.

AN EMBROIDERED FAIR.

On the principle the little acorns produce great oaks the people of Olalla resolved themselves into a little party for the purpose of inaugurating a little fair which they hope to see grow into a county fair of respectable proportions in the next future. Great rises begin in little springs. St. Louis was once a trappers hut, San Francisco was in the recent past but a tented hamlet and viewing these facts but we do not hope at some future day to see this movement end in a county fair. We adjourn we do so to meet at Roseburg, Oakland, Looking Glass, Myrtle Creek or anywhere offering superior accommodations in one year from date. All agriculturists are invited to take a part and forward specimens of their finest stocks, grasses, grains, fruit and vegetables which will be freely exhibited. Premiums will be given for the finest exhibit of all farm products. Moral amusements of all kinds will be permitted and encouraged such as foot racing, leaping, vaulting, fencing, horsemanship and marksmanship. The exercises will begin Sept. 17, by a public dinner in honor of the Douglas County Pioneers and the Veterans. God when creating those men intended them for a post of honor, the front rank of American citizenship. Everybody is invited to the public dinner with well filled baskets. After dinner Col. L. F. Mosher will address the Pioneers and veterans. Hon. & Rev. J. R. N. Bell will next deliver an address followed by other distinguished speakers. Singing will be quite a feature as fifty tractors are organizing under the management of O. H. Flock. Amusements will occupy the remainder of the evening until 6:30 P. M. when the huge campfires will be kindled. Ladies and children will be hospitably cared for by the ladies of Olalla. Tickets will be sold at 10 P. M. At 10 A. M. on 18th a short address with other exercises at the stand, after which will come the exhibition, followed by prize racing. After dinner racing on the track. At 3 P. M. awarding premiums. A restaurant and feed stables will be on the ground.

Editing a Paper.

Editing a paper is a pleasant business-if you like it. If it contains much political matter people won't have it. If the type is large it don't contain much reading matter.

If we publish telegraph reports folks say they are nothing but lies. If we omit them they have no enterprise or suppress them for political effect.

If we have a few jokes folks say we are nothing but rattlesnakes. If we omit jokes, folks say we are nothing but fossils.

If we publish original matter, they condemn us for not giving selections. If we give selections, people say we are lazy for not writing more, and giving them what they have not read in some other paper.

If we give a complimentary notice, we are censured for being partial. If we don't, all hands say we are a great log.

If we insert an article which pleases the ladies, the men become jealous, and vice versa.

If we attend church, they say it is for effect. If we remain in our office attending to our business, folks say we are too proud to mingle with other fellows.

If we go to a party, they say we don't attend to our business. If we don't, they say we don't attend to our business.

A Gentle Stimulant.

Is imparted to the kidneys and bladder by Hostetter's Stomach Bitters, which is most useful in overcoming torpidity of these organs. Bitters infusing more activity into them, this excellent tonic endows them with additional vigor, and enables them the better to undergo the wear and tear of the discharging function imposed upon them by nature. Moreover, as they are the channel for the escape of certain impurities from the blood, their increased activity by strengthening and healthfully stimulating them, in certain morbid conditions of these important organs, they fall into a sluggish state, which is the usual precursor of disease. What then can be of greater service to a medicine which impels them to greater activity when ailed? No natures are more peridious than those which affect the kidneys, and a medicine which averts the peril should be highly esteemed.

LAW AND ORDER.

SCHOOL OPENED.—Last Monday the public school opened with an attendance of 183, and four teachers. Inasmuch as the school is receiving even more encouragement generally than it did at the opening last year, the School Board will as soon as necessary afford such additional accommodations that too many need not be put in one room for the good of the health of the pupils. Also additional facilities will be secured so that the children in our community may become educated young men and women who will succeed everywhere they may go. Remember that the school is free to all who draw public money in this district. Pupils that did not pass examinations when they left school will, on entering school apply to the Principal who will examine them in their studies merely that he may put them in the classes where they properly belong.

WAR TO THE KNIFE.

The persons interested in the formation of the Roseburg Mill Company met in the court house Sept. 8th, and completed their organization by the election of the following officers, Capt. B. S. Pague; 1st Lieut. S. C. Flint; and 2nd Lieut. John Chase; Orderly Sergeant L. A. Sencient; and Sergeant G. A. Taylor; 3rd Sergeant A. Ostrander; 4th Sergeant J. F. Barker; 5th Sergeant W. H. Parrott; 1st Corporal C. W. Parks; and 2nd Corporal P. M. Matthews; 3d Corporal J. Junger; 4th Corporal T. Ford; 5th Corporal D. S. West; 6th Corporal E. Birdsell; 7th Corporal W. Alexander; 8th Corporal C. Brooks. Should the services of this company be required we predict that they will distinguish themselves—at least there is a portion of them who would make excellent forgers on a water melon patch.

POSTAL MATTERS.

—Thomas G. Reams, of Jacksonville, who has been appointed a postal inspector for this district, reported for duty yesterday. Important changes have taken place in the postoffice inspection division of the Northwest lately. Heretofore San Francisco has been the headquarters of the department for the whole Pacific slope, but now Oregon, Washington, Idaho, Montana and Alaska, with headquarters here. The whole frontier, etc., of the inspector's office formerly located at Omaha has been removed here. The office is in charge of Mr. George Mason, division inspector. His assistants are Inspector Trentin transferred from San Francisco, and Mr. Reams. It is more than probable that we shall soon have a superintendent of railway mail service stationed here and be cut loose from San Francisco altogether. Another change in postal matters, made by a recent act of congress, abolishes any distinction between the money order and postal departments. Money order commission and fees must be turned in as a part of the postal revenue of the postoffice department and the clerks in these branches are on an equality. This saves much trouble to postmasters by doing away with the keeping of separate accounts for the two branches.—Oregonian.

HORSE NOISES.

"When my horses were sick with lung fever, last spring, I used Simmons Liver Regulator (liquid) in one ounce doses, twice a day, and they speedily recovered.—E. T. MICHENER, Prop'r. Michener's Express, Jenintown, Pa. "A valuable horse of mine was taken with colic, I used Simmons Liver Regulator, giving about four ounces it acted promptly removing the colic.—W. A. HOLLAND, Jessupville, Ga."

Large Contributions Pouring in for the Earthquake Sufferers.

CHARLESTON, SEPT. 6.—At 9 o'clock this morning the headquarters of the relief committee was crowded by unfortunate earthquake sufferers. The members of the committee are kept busy writing passes on the railways to other points. The committee prefer to give this character of assistance above all others. It gets the unfortunates away. Orders for tickets are being issued, but money is given to no one.

ALMOST A STAMPEDE.

During the rush of applicants for aid a large section of the Meetinghouse street front of the court house opposite the city hall fell out. The report of the fall was equal to an earthquake shock, and immediately the assembled thousands fled and out of the city hall they began to walk and move like billows of the sea. The cooler heads present mounted chairs and admonished the people to give way quietly and not become excited. The scene was appalling for a short time, but quiet was finally restored. The men at work tearing down the frail portions of the court house were ordered to stop work. Acting Mayor Hughes says the relief committees are now assisting one-third of Charleston's entire population. Mayor Courtney is expected to arrive tomorrow, and will hold a special meeting of the city council, when decisive steps will be taken to afford protection from falling buildings, and to clear the streets of the debris which now impedes progress.

DISPATCHES.

CHARLESTON IN RUINS.

Great Loss of Life and Property from the Earthquake. A NIGHT OF WRECK AND HORROR. Forty Persons Killed and a Large Number Injured—Property Loss Probably \$10,000,000—A Terrible Experience.

CHARLESTON, SEPT. 1.—11 A. M.—An earthquake such as has never been known in the history of this city swept over Charleston last night shortly after 10 o'clock, causing more loss and injury to property and far more visually. Its wrecked streets are encumbered with masses of fallen bricks and tangled telegraph and telephone wires, and up to an early hour it was almost impossible to pass from one part of the city to another. Most of the people by their families, passed the night in the streets, which even this morning are crowded with people afraid to enter their homes.

More than sixty persons were killed and wounded, chiefly colored. Among the whites the killed and fatally wounded are: M. J. Lynch, Dr. R. Alexander Hamilton and Amley Robinson. Fire broke out on different parts of the city immediately after the earthquake and some are still burning, but there is no danger of their spreading. There is no way of leaving the city at present.

HUNDREDS HOMELESS. The principal business portion of the city was destroyed, and hundreds of persons were rendered homeless. The main station house, city hall, Hibernian hall and many other well known public buildings, including St. Michael's church, are irreparably damaged. Many people are seriously if not fatally injured. Broad street presents a spectacle of the horror. Every woman armed with hatchets, fought valiantly to rescue imprisoned unfortunates. Meeting street, from Broad to Hazel, is a wreck and is lined with unfortunates. To add to the horror of the scene many fires broke out, and were effectually fought by the fire department. The night was hideous with groans and dying screams of the wounded and prayers of the uninvited.

It is impossible to estimate the extent of the losses of life and property at present. Up to 1 A. M. to-day there had been ten distinct shocks.

THIRTY-THREE KILLED. The official total of deaths is thirty-three. The wounded will probably number 300. Business is still suspended, the whole attention of the people being given to providing for refuge and making residences safe. Brick layers have advanced their rates to \$6 a day. The city council will probably meet to-morrow to provide measures for relieving the poor. Expressions of gratitude are heard on all sides for assistance offered to Charleston, of which the suffering people will gladly avail themselves. Confidence is gradually returning, but much apprehension still is felt.

READY FOR BUSINESS. In a meeting of the Charleston exchange and Merchants' exchange to-day the following was unanimously adopted: To all exchanges and commercial bodies—Our banks, warehouses, cotton presses, wharves, railroads, rice mills and everything else necessary for handling business, though damaged are in working order. We fear no further damage. The destruction of property will cause great distress and suffering, but will not interfere with the dispatch of business.

A. W. TAFF, President Charleston Exchange. B. BOLMANN, President Merchants' Exchange. The joint meeting also adopted a resolution to apply to the president and congress for a national loan to aid citizens of Charleston in rebuilding the city.

NOTICE OF TERRIFIC SHOCK. NEW YORK, Sept. 3.—Word has just been received here of another severe shock of earth quake at Charleston. All wires are down.

CHARLESTON, S. C., Sept. 3.—At one o'clock to-night a slight earthquake shock passed over the city. Consternation again prevailed. The people camping in the public squares are singing and praying. Two buildings fell. A white woman, name unknown, was killed by a falling wall this evening.

ANOTHER SLIGHT SHOCK. CHARLESTON, SEPT. 5.—There was another shock at 11:05 o'clock. It was not very severe, and the duration was about two seconds. The prevailing belief is that the worst is over, and the inhabitants are reasonably secure from further visitations of earthquake. This belief is based mainly upon assurances of scientists, who say there is only the slightest probability of a recurrence of more powerful shocks after the lapse of six months time.

With a feeling of comparative security thus engendered, folks who left the city in hot haste to elude the danger have begun to arrive in small numbers, and visitors and sightseers are putting in an appearance. Four times at many people were registered for dinner at the hotels to-day than at any time since the visitation of the earthquake, and all available rooms of the various hotels are engaged for to-night. Few if any of those rooms would be occupied in case of another shock, and that may come with the pressure of tide at midnight.

Very few of the regular inhabitants will return to their homes during the week. In fact it is the most daring of the strangers who yet venture inside of a building, and those only because they have not a true appreciation of the effect a severe shock would have at this time, when houses hang together by slender threads.

Large Contributions Pouring in for the Earthquake Sufferers. CHARLESTON, SEPT. 6.—At 9 o'clock this morning the headquarters of the relief committee was crowded by unfortunate earthquake sufferers. The members of the committee are kept busy writing passes on the railways to other points. The committee prefer to give this character of assistance above all others. It gets the unfortunates away. Meeting street, from Broad to Hazel, is a wreck and is lined with unfortunates. To add to the horror of the scene many fires broke out, and were effectually fought by the fire department. The night was hideous with groans and dying screams of the wounded and prayers of the uninvited.

It is impossible to estimate the extent of the losses of life and property at present. Up to 1 A. M. to-day there had been ten distinct shocks.

THIRTY-THREE KILLED. The official total of deaths is thirty-three. The wounded will probably number 300. Business is still suspended, the whole attention of the people being given to providing for refuge and making residences safe. Brick layers have advanced their rates to \$6 a day. The city council will probably meet to-morrow to provide measures for relieving the poor. Expressions of gratitude are heard on all sides for assistance offered to Charleston, of which the suffering people will gladly avail themselves. Confidence is gradually returning, but much apprehension still is felt.

READY FOR BUSINESS. In a meeting of the Charleston exchange and Merchants' exchange to-day the following was unanimously adopted: To all exchanges and commercial bodies—Our banks, warehouses, cotton presses, wharves, railroads, rice mills and everything else necessary for handling business, though damaged are in working order. We fear no further damage. The destruction of property will cause great distress and suffering, but will not interfere with the dispatch of business.

A. W. TAFF, President Charleston Exchange. B. BOLMANN, President Merchants' Exchange. The joint meeting also adopted a resolution to apply to the president and congress for a national loan to aid citizens of Charleston in rebuilding the city.

NOTICE OF TERRIFIC SHOCK. NEW YORK, Sept. 3.—Word has just been received here of another severe shock of earth quake at Charleston. All wires are down.

CHARLESTON, S. C., Sept. 3.—At one o'clock to-night a slight earthquake shock passed over the city. Consternation again prevailed. The people camping in the public squares are singing and praying.
