ROSEBURG REVIEW
FRIDAY, SEPTEMBER 17, 1886.

*THE U. S. SENATE.*

Says the World, a prominent member of the National Democratic Congressional Committee in forecasting the probable result of the election on the United States Senate after March 4, next, gives the following opinion: "The republicans now have, including the newly-elected Senator from California and Riddleberger, forty-two senators; the democrats, thirty-four. Twenty-five senators go out on March 3, 1887. Of these, sixteen are republicans and nine democrats. Of the nine democrats whose terms expire there have been already elected, or certain to be elected, seven, from the states of Deleware, Florida, Maryland, Mississippi, Missouri, Tennessee and Texas. We are nearly sure of electing one from West Virginia. This leaves only one of nine to be elected, namely, from Nevada, which is likely to go Republican, I am afraid. Of the sixteen senators to be elected in place of Republicans whose terms expire in 1887 they are certain to get eight from Maine, Massachusetts, Minnesota, Nebraska, Pennsylvania, Rhode Island, Vermont and Wisconsin. That leaves in my calculation, seven doubtful Republican seats, from California, Connecticut, Indiana, Michigan, New Jersey, New York and Ohio. We have already elected a democrat from Virginia to succeed Mahone. So you see we have a fair show to carry the next senate. If we hold our present representation together, with the gain of one from Virginia, we will only have to carry three of the doubtful seven to make a tie. It is close, but hopeful."

*Field For Enterprise.*

The following from the Oregonian exhibits the possibilities of our section of country if we would just open our eyes to the sitration and make an effort to come and invest in a railroad enterprise from Roseburg to Coos Bay. The Oregon Pacific railroad company has in operation seventy-two miles of road between Corvallis and Yaquina Bay. It is standard guage and of expensive construction, and its course lies through a country only sparsely settled. And yet, we are told, that during the past year it has paid not only all expenses of operation but a sufficient interest on the capital invested. In this fact lies a demonstration of very great importance to the country. If the road to Yaquina bay pays, so will roads to Coos bay, down the Umpqua valley, down the Coquille river, and into Tillamook bay. It is not necessary that such roads be of standard gauge. Narrow gauge roads costing much less to build, would serve these cost districts equally well, and if discreetly managed would yield handsome returns from the beginning. Light narrow gauge roads might be built through twenty districts in this state with the result of yielding fine profits and of developing the country. There could not be a finer field for enterprise in rail road making in Oregon at this time."

THE Salem Statesman, republican, speaking of the appointment of Mr. Woodson T. Slater as Mr. Webb's deputy, says: "The writer of this was a schoolmate of Mr. Slater, and, barring the complexion of his political opinions, we can attest to Woodson's honesty and efficiency. He is 'straight as a string,' and a good, honest, straightforward gentleman, 'plain as an old shoe,' and the people of the state are to to be congratulated upon Mr. Webb's selection. If in the course of his official actions, he commits no greater blunder than this, the majority of the people will be satisfied with Mr. Webb's end of the administration."

It was a sad day for Gen. Logan when he consented to become the defender of the seat of Mr. Henry B. Payne in the senate from Ohio. This action did much to neutralize a considerable career in stalwartism on his part. There are many to mourn for Logan because of this lapse; but, when it comes to talk of the presidency, the general sentiment of the west is reported to be that he can never more be a candidate of mine.—Boston Herald.

MR. BLAINE is wrong in his statement that the tariff issue forms a "distinct and well-marked line of divison between the Republican and Democratic parties". Not at all! There are tens of thousands of Republicans quite as sincere and devoted as Mr. Blaine who doubt or deny the policy of protection. —Times.

THE Maine election last Monday went Republican. The Democrats gained five State Senators and several Representatives. The Republican loss in the State is 4,468 votes. The Democrats gain all around. The Prohibition vote some lighter than was expected.

***EVERY FARMER HIS OWN MILLER.***

I would respectfully state that I am agent for the the "Young America" feed grinding mill, No. 1, manufactured by the Enterprise Manufacturing Co. of Columbiana, Ohio; and will have sample mills at the Grange Ware house, Roseburg, and will be glad to furnish to all wanting a good mill at at a low price, all enquiries respectfully answered. PLINN COOPER.

What some of the responsible citizens say of the "Young America."

We the undersigned having seen the "Young America" No. 1 Feed mill manufactured by the Enterprise Manufacturing Co., of Columbiana, Ohio, and sold here by their agent P. Cooper do recommend the same to any one wanting a feed mill for these reasons: 1st, It grinds any kind of grain with one or two horses hitched to a lever attached to the mill and no double gear or cog to wear out. 2d, The grinders are made of very hard white metal and grinds with a fast motion, and does not heat the grain. 3d, Will grind corn either with or without the cob.
