

**A VULT TO CRACK.**  
The Voice, (prohibition), in an article entitled "Why we can't Trust the Republican Party," says:

We have been told that we have no right to say that we can't trust the promises of the Republican party in matters. We have the right to say it, and we repeat it. The declarations of Republican platforms cannot be trusted. We can't give all our reasons for this. We might show that in such states as New York, Pennsylvania and Massachusetts, where the liquor power is strong. The Republican party has shamelessly broken its public pledges and professions. But we want to let those states alone at present, and show that even in states where the public sentiment has pronounced itself unmitigably in favor of prohibitory laws, and has incorporated them, either on the statute books or in the constitution, the Republican party has been and is betraying those laws. Look, for instance, at the diagram on the adjoining page of a thoroughfare in Manchester, N. H. Note those twenty-two saloons on one block. And then remember that New Hampshire is a prohibition state and has been for thirty years; that it is and has always been a Republican state, and that the very city in which those saloons exist is a Republican city, with Republican officials to enforce the laws. Remember this is but a sample of the state, and that the number of federal permits to sell liquor issued last year was 1169, having increased to that number from 747 in 1880. The saloons on that diagram are not secret drinking places as in Maine. They are as open as in New York city, and boldly advertise themselves as drinking places.

Bro. Benjamin, as you belong to the party of morality and advanced ideas, please crack the nut above from The Voice in "The people's paper" of Douglas county. Your weekly paragraphs indicate your competency on this line.

Since Smith has been nominated by the Democrats the Republicans are looking about for a more available candidate for delegate in congress than old Moss-back, Colonel Sellers Bean. It is no use—the Democrats have everything their own way in Arizona. —Arizona Gazette.

**KEELEY'S MOTOR.**  
The Scientific American and other leading papers who have scouted the idea of Keeley's motor power, a power generated by sound, proceeding from tuning forks and Clavin plates, and producing an etheric pressure by one stroke of the fiddle bow that has, and is now running in Philadelphia a 250 horse power engine. These sneering papers are now ashamed of themselves, for while Keeley has been at work on his invention for 17 long years and expended directly on his machines \$200,000 in cash, all this time obstructions have been put in his way, but he is as usual a successful "crank" and will give to the world something worth living for, while his opposers will have passed away, their exit being like their entrance, scarcely noticeable. Good bye steam, a new power has been brought from the great laboratory of occult forces.

**A Question.**  
"Not a Democratic member of the New York legislature voted to submit the prohibition amendment to the people. Evidently the Democracy of the great state of New York stands squarely on the Illinois plank! Eh! Bro Bell"—Prohibition Star.

Bro. Fred, you know that you explained to us in our office in Roseburg very plausibly the foregoing question. But you will not in our humble opinion explain in the Star as you did to us. You could do so my Bro. without covering the Democracy of New York with "everlasting infamy" either. You asked us the question, please be kind enough to answer it for us and oblige. We know you can do so, for we heard you. Answer squarely.

Dispatches from all directions announce that subscription for the relief of sufferers at Charleston are pouring in at a rate unexpected. No doubt the amount of funds contributed will be amply sufficient for every want.

**A Disgrace.**  
We second the following motion with both hands up, and on tip toe; from the Albany Democrat, and would add, that no man from a business standpoint is considered reliable who perpetually disgraces himself by drunkenness and debauchery. Sedgwick is therefore a disgrace to the nation, as well as to the party appointing him. Sober men will have and none others, to represent us anywhere.

If the statements about Sedgwick being drunk and disgracing our government are true Secretary Bayard should recall him at once. If the Secretary can not find a sober decent man for the place among his friends let him resign so that the President can appoint a new Secretary who has sober friends.

Since the late raid upon them the Crow Indians are branding all of their horses.

**A Triumph for Agriculture—Another Report.**  
The Fair in Olalla was a grand success. The whole programme was carried out Eight hundred people attended the exhibit on Saturday. Never has so many young men met in Douglas county and behaved with such admirable deportment. Ninety four exhibit entries were made and skillfully arranged by Hon. James Dillard and his assistants: Stephen Minard, John Byron and Sam Chenoweth were judges, T. J. Williams, provost marshal. We regret that the dry goods, wool and grain merchants of Roseburg took no interest in the matter. Sheridan Bros., J. G. Flook and G. W. Woodward soon blue ribbons at Douglas county's fair. All honor to Civil Bend for turning out en masse. The peoples pulse beat so high on the occasion that they demanded a permanent fair, and passed the following resolutions, *vide* in another column. J. B.

**State Fair Finance.**  
SALEM, 20th of Sept.  
The receipts of the state fair were \$16,754 which, with the \$3000 from the state treasury, gives the society for the year \$22,754. The expenses of the fair were \$12,000, so it will be seen that a handsome surplus remains to be applied to the debt of the society. The gate receipts when figured up fell far short of expectations and do not correspond relatively with receipts from other sources. Officers of the society are suspicious of a "leak" and make no scruple in saying so. In this connection it is an interesting fact that one J. H. Burkhardt, of Albany, a fellow of most unsavory record was in charge of the ticket office.—Oregonian.

The State Fair ought to be held at Portland for many reasons, and an embargo laid upon all fleeing machines as were running at Salem this year, such as hotels, restaurants and the like. Such enterprise is death to real enterprise.

**EVERY FARMER HIS OWN MILLER.**

I would respectfully state that I am agent for the "Young America" feed grinding mill, No. 1, manufactured by the Enterprise Manufacturing Co. of Columbiana, Ohio; and will have sample mills at the Grange Ware house, Roseburg, and will be glad to furnish to all wanting a good mill at a low price, all enquiries respectfully answered. PLIN COOPER, Roseburg, Douglas Co. Or.

What some of the responsible citizens say of the "Young America." We the undersigned having seen the "Young America" No. 1 Feed mill manufactured by the Enterprise Manufacturing Co., of Columbiana, Ohio, and sold here by their agent P. Cooper do recommend the same to any one wanting a feed mill for these reasons: 1st, It grinds any kind of grain with one or two horses hitched to a lever attached to the mill and no double gear or cog to wear out. 2d, The grinders are made of very hard white metal, and grinds fast with a slow motion, and does not heat the grain. 3d, Will grind corn either with or without the cob.

**Twin Foes to Life**  
Are Indigestion and Constipation. Their primary symptoms are among the most distressing of minor human ailments, and a host of diseases, especially resulting from them, mutually aggravate each other and assault at once the whole machinery of life. Nausea, Flat Breath, Sour Stomach, Dizziness, Headaches, Bilious Fever, Jaundice, Dyspepsia, Kidney Diseases, Piles, Rheumatism, Neuralgia, Dropsy, and various Skin Disorders, are among the symptoms and malaises caused by derangement of the stomach and bowels.

medicine is the first necessity for cure. Then the cathartic effect must be maintained, in a mild degree, just sufficient to prevent a recurrence of costiveness, and at the same time the liver, kidneys and stomach must be stimulated and strengthened.

**Ayer's Pills**  
Accomplish this restorative work better than any other medicine. They are searching and thorough, yet mild, in their purgative action. They do not gripe the patient, and do not induce a costive reaction, as is the effect of other cathartics. Whilst they possess special properties, diuretic, hepatic and tonic, of the highest medicinal value and

All diseases proceeding from disorder of the digestive and assimilatory organs. The prompt use of AYER'S PILLS to correct the first indications of costiveness, arrests the serious illness which results from that condition and inevitably follows. All irregularities in the action of the bowels—looseness as well as constipation—are beneficially controlled by AYER'S PILLS, and for the stimulation of digestive organs weakened by long-continued dyspepsia, one or two of AYER'S PILLS after dinner, will do more good than anything else.

LET every county in the State vote upon the question separately, and say whether or not liquors shall be sold in their midst. This method will curtail the business more rapidly than any other. We have held this view from the beginning, and will continue to do so until we are convinced to the contrary. Representatives can side this question well, and we believe you will agree with us.

General Lloyd Aspinwall, a wealthy New Yorker and a gallant soldier during the civil war, died recently at Bristol, Rhode Island. The same day General B. F. Cheatham, a distinguished confederate soldier and corps commander under Bragg and Hood, also died. He was a veteran of the Mexican war and fought Grant in his first battle at Belmont, Mo.

CHARLESTON is shaking again considerably. Poor, brave old Charleston greater than which, not seen, since the days of Troy.

The Lane County Fair is in full blast this week. We heartily approve the enterprise of our sister county.
