LOCAL BREVITIES.

The "Gun Makers." Moore's restaurant leads. Go to the McClallen house.

Dr. Hoover is not so well again. Our fair Drin correspondent is first class.

The election passed off quietly last Monday. The showmen this week were truly refreshing.

The new grass begins to peep up since the rains. The rivers ran very low before the rains came.

We need both a city marshal and night watch. Let everybody go and see the "Gun Makers" next Friday.

"The officers are inadequate to the want of the people." J. J. Cawfield is making improvements about his premises.

Rev. J. R. N. Bell will preach at Oakland next Sunday. Many people going to the Mechanics fair in a few days.

Rev. F. M. Calp arrived in Roseburg yesterday evening. F. M. Gabbert of Days Creek is in town this week on business.

We congratulate all parties upon the race they made last Monday. Don't fail to see the "Gunmakers of Moscow" next Friday evening.

The curfew ordinance in Jacksonville is working with happy effect. The Mercury market last week was both mammoth and entertaining.

Hon. J. C. Fullerton returned Tuesday from a flying trip to Portland. Remember that for \$2.50 you can get a pair of boots at H. C. Stanton's.

Henry George is making quite a canvas for the mayoralty of New York city. Ex-Gov. S. F. Chadwick was in our city this week and is as lean as ever.

Charleston still shakes a little every day or two. The inhabitants are quite uneasy. Leonard Howe came down from Colfax this week to remain some days in our midst.

As usual the men that got the most votes were elected. This is purely Democratic. Chicago has seven marshals to hang. The country waits for her game of "seven up."

Hon. George W. Riddle was in Roseburg Monday last, and his shadow grows no less. Thos. Grisdale will finish the Deer Creek bridge this week, and it is a splendid structure.

FOR LAMB BACK, side or chest, use Shiloh's Porous Plaster. Price 25 cents at S. Hamilton's. What makes folks go to W. G. Woodward's harness shop? To get way up bargains of course.

"The Gun Makers of Moscow" will appear at Slocum's Hall on Friday evening the 15th of October. The ladies of Reno Relief Corps No. 10. G. A. R. will give a camp fire sometime during court week.

The Misses Edith and Mollie Barker returned to their home near Oakland last Tuesday morning. The Face entitled "Marriage at Any Price" will be played after the drama next Friday evening.

The new revenue stamp for oleomargarine is ornamented very appropriately with the picture of a bull. The Boston Post says "what to do with Geronimo is a burning question."

No, it's a hanging question. CROUP, WHOOPING COUGH and Bronchitis immediately relieved by Shiloh's Cure. S. Hamilton Agent.

Mr. McCulloch has begun his contract on the Coos Bay Stage line. He hustles, and will give satisfaction. Rev. D. K. Kelley's sermon last Monday evening in the Presbyterian church was up to the standard of great men.

Eastern Oregon will have five tons of its gold and silver ore on exhibition at the Mechanics Fair this week. It makes the eyes of the tired housewife sparkle as if kissed by a sunbeam-Mr. Abraham's "Sunbeam Tea."

No matter how loose an engagement ring may be, the diamond never slips around on the inside of a lady's finger. Mrs. Samuel Moore has moved to her farm in Round Prairie, where she and the family will remain during the winter.

Very slight earthquake tremors have been felt at Charleston and other places in North and South Carolina this week. We are very sorry to see our old friend Andrew Jackson Jones suffering from rheumatism as he is compelled to use crutches.

The city lamps will be needed on dark nights. Let your lights shine, gentlemen, so the ladies can see how to walk. John Gottall proprietor of the depot hotel is adding a new porch to his structure. This is both convenient and handsome.

SLEEPLESS NIGHTS, made miserable by the terrible cough. Shiloh's Cure is the remedy for you. For sale by S. Hamilton. The Rogue River Courier charges the Jacksonville Times with its "parallel bogus journalism," and gives some specimens.

Everyone should subscribe for THE REVIEW during the month of October, and you never will regret it, as our humble opinion. Mr. Frank Smith of Elkton was in town this week on business, and gave us a very pleasant interview yesterday morning.

Just received a supply of staple dry goods. Gents and ladies underwear for the winter, finest in the market at H. C. Stanton's. Father-"I never imagined that your studies cost me so much money." Student-"Yes, and I don't study much, either."

T. G. Devens of Olalla brought us some curious ore this week, and now we invite expert mineralogists to come and examine. WILL YOU SUFFER with Dyspepsia and Liver Complaint? Shiloh's Vitalizer is guaranteed to cure you. Sold by S. Hamilton.

CATARH CURED, health and sweet breath secured, by Shiloh's Catarrh Remedy. Price 50 cents, Nalco Injector free at S. Hamilton's. Miss Grace Oakes left yesterday for the Mechanics Fair. She will be gone about a month visiting friends in Salem, Eugene and Gervais.

Henry George seems to be a reformer for theory only. He says: "We know all the methods of the machine men, and we shall use them." Aaron Rose showed us some lines rock the other day that was of the very best quality. The ledge he has discovered is seemingly inexhaustible.

One hundred pairs of mens' boots at a splendid assortment of mens' shoes coarse and fine, ladies' misses' and children's shoes at H. C. Stanton's. Yum Kipper, the day of atonement comes this Friday evening at six o'clock and closes Saturday evening at six o'clock.

The store of Caro Bros will be closed during this period. B. F. Parsons sewing machine repairer will remain some time longer in Roseburg and vicinity.

Give him your orders as he is a good workman. Let everybody attend the splendid drama given for the benefit of the library fund.

It will more than pay you, while you will be assisting a good cause. A woolen mill, a system of water-works, a railroad to Coos Bay, the streets graded, a new school house, etc., would help our town a little just now.

P. L. Campbell, an Oregon boy who recently graduated at Harvard college with honors, has been appointed to the chair of mathematics of Monmouth college.

Every lawyer office is crowded this week by persons seeking information in regard to their probable losses consequent upon the recent failure in this city.

Miss Mamie Jones of the Star shows brightly upon us last Friday after we had gone to press. Your presence is always welcome at the Review office Miss Mamie.

FOR DYSPEPSIA and Liver Complaint, you have a printed guarantee on every bottle of Shiloh's Vitalizer. It never fails to cure. For sale by S. Hamilton.

Noah Webster, who is believed to have invented the English language, has a daughter yet living, at the age of eighty-two. She lives at Bridgeport, Connecticut.

The New Restaurant just opened on Jackson street north of Mark's brick, by Mrs. Fannie E. Jones, is kept in first class style. Meals 25 cents, and at all hours.

SHILOH'S VITALIZER is what you need for Consumption, Loss of Appetite, Dizziness and all symptoms of Dyspepsia. Price 25 cents per bottle. For sale by S. Hamilton.

James Laird the old reliable Stage man retired last Friday from the Stage business. James has been a faithful servant, and was highly appreciated by the traveling public.

The Court d'Alene mines are said to exceed in richness all the most sanguine have ever predicted them to be. Her placers are good, but the main wealth lies in her quartz mines.

Claus Speckles, the sugar king, has at last concluded that he had rather employ white men than Chinese on his vessels. It has taken him a good while to make up his mind.

Our townsmen James Wright, arrived here on his visit from Wisconsin last Monday. Perhaps both these ladies will remain in Oregon. That "freight agent" at Junction City that knocked the pullman car back on the track last week is still alive and doing well.

It was our mistake, agent, should have been engaged. Instead of "much obliged," "Thanks," or "Thanks awfully much," the Anglo-Indians in New York now say "Beholden," or "Very much beholden to you." It is the latest and catching.

Capt. A. P. Aukney of Portland who has just returned from the East went South last Tuesday evening. He says our lumbering interests will never excel those of the East and Western States.

"The Gun Makers of Moscow" followed by the laughable farce "will be rendered at Slocum's Hall next Friday evening the 15th. Don't forget the time, and last but not least don't fail to see it.

The News rather got away with Bro. Scott this week on parallel journalism in reference to the prima donna lady racket. Bro. Scott, you are fairly caught this time, unless you can explain.

Let correspondents write from every part of the country and write that we may get it Tuesday night or Wednesday morning, not later, or else the items will have to lay over until the following week.

M. O. Wimberly, foreman of THE REVIEW will leave in the morning for Portland, to purchase additional material for the office, and will also take in the fair, or get taken in, and the whole thing is settled.

There will be a quarterly meeting held at the Methodist church one week from to-morrow and Sabbath. Preaching service on Thursday and Friday evenings of next week. A cordial invitation is extended to all.

The superintendent of motive power of the C. P. R. R. made an inspection of the O. C. R. R. road houses and car shops this week. This is a straw which may indicate the direction of the wind.-Ashland Times.

Mrs. Reese's lecture in the Presbyterian church last Wednesday evening was a earnest effort in behalf of temperance, but her prayers are too lengthy, and hence lose the good effect they would have if they were shorter.

"Bonanza" Mackey hopes to create out of the Postal Telegraph company an extensive system that of the Western Union. When that is done he says telegraph rates will be so cheap as to do away with letter writing. Success to Mackey.

The New City Council took their seats last Tuesday evening and will sit in their respective seats for one year, during which time we shall expect some aggressive work entered and that Roseburg is to take a front seat on no distant day.

I. R. Dawson of Portland has bought the stock of merchandise formerly owned by Noah Cornutt at Riddle Oregon, and is now closing the stock out at cost for cash. Anybody wanting bargains should call at once. The stock will be closed out at once.

I have concluded to place teeth within the reach of everybody. If you want a neat good fitting plate come and get them for \$10, no fit no pay. (they are not cheap teeth.) The cause of this is hard times and no opposition.

DR. M. W. DAVIS. The various parts of the county should now co-operate with our agent and this office, in order that we may give a concise, yet correct description of Douglas county, hence prices therefore are much lower than here in San Francisco. Besides, we would then receive a portion of the immigration which comes no further north than Shasta county. Whenever this section has all connection with California we will have a good market for produce of all kinds, our population will increase and thrive and enterprise pervade every portion of southern Oregon. There is nothing that could be more beneficial than the completion of the O. C. and C. O. railroads, and it is to be hoped that no time will be lost in making the connection.-Times.

ELKTON Oregon Sept. 29. ED. REVIEW.-Please announce through your paper that the Elkton Baptist church will be dedicated the 3rd Sunday in October, at 11 A. M. Rev. J. C. Barker Superintendent of Missions for the North Pacific Coast, will preach the sermon. All are cordially invited to attend.

Engle Point Notes. EAGLE POINT, Oct. 4, 1886. ED. REVIEW: Since my last dispatch of this district have made arrangements with Prof. Edgar E. Smith to teach our fall and winter school greatly to the satisfaction of a large majority of the patrons.

Our great mill is running night and day, grinding ten to twelve thousand pounds a day, and still the demand cannot be supplied. Most of the mills in the valley are laying still on account of the scarcity of water.

The warehouses at the different places along the R. R. are being literally packed with wheat for shipment. The wool market has opened at 18 to 20 cents per pound and some wool has changed hands at these figures, but I have not heard of large sales as yet.

Central Point is building up very rapidly, and everything presents the appearance of thrift and energy. So much sickness at Engle Point has caused a momentary stagnation in business and some of our citizens are moving away. T. B. Hyngelton has sold his house and lot to our enterprising miller, A. J. Daily and intends to move to the hills, and J. T. Davis is going to Blackwell mine.

The demand for lumber was never so great, and the mill on Big Butte that has steam power is doing but very little and what little they do saw is taken green from the mill. If some enterprising man would put up a portable saw mill in our forests I think he would do well.

Joseph Rader cut his foot very severely the other day and last Saturday had a valuable horse fall into a well, causing his death before he could be taken out.

The United Baptists are building an elegant church near James Matney on Dry Creek. Everything goes wrong. In the bodily mechanism when the liver gets out of order, Constipation, dyspepsia, contamination of the blood, imperfect assimilation, are certain to ensue. But it is easy to prevent these consequences, and remove their cause, by a course of Hostetter's Stomach Bitters, which stimulates the billary organ and regulates its action.

The direct result is a disappearance of the pains beneath the ribs and through the shoulder blade, the nausea, headache, yellowness of the skin, furred look of the tongue, and sour odor of the breath, which characterize liver complaint. Sound digestion and a regular habit of body are blessings also secured by the use of this celebrated restorative of health, which imparts a degree of vigor to the body which is its best guarantee of safety from malarial epidemics. Nerve weakness and over-tension are relieved by it, and it improves both appetite and sleep.

SUFFERERS FROM KIDNEY TROUBLES, will find Simmons Liver Regulator a true remedy for such complaints. "I have been troubled with liver complaint, kidney disease and bad blood for a long time. I have used Simmons Liver Regulator, and it has done me more good than all the medicine I ever took. I would not be without it."-Geo. H. Pratt, U. S. Deputy Collector, 2d District, Ga.

The coming of the Oregon Pacific railroad has not only reduced freights but the promptness with which it delivered freight was a something unprecedented in this valley. During the latter part of this summer it has been handicapped by the low stage of water in the river, as it has required several trips of the steambot "Three Sisters" to move each steamer's cargo to Albany; this connected with the fact that the Oregon & California railroad runs freight trains only three times in two weeks south of Junction has caused some delay. The merchants of the valley have almost without exception continued their patience, notwithstanding the fact that the other companies have reduced their rates to nearly that of the Oregon Pacific railroad and are delivering goods more promptly than ever before. That the merchants are wise in staying by the competing company there is no doubt, for should they change from one to the other with each change of rates, it would bring on such a war of rates which might end in a compromise between the competing lines and higher rates than now rule. The gentlemen who have charge of the freight affairs of the Oregon Pacific are doing very accommodating and prompt, and pride themselves on being as good as their word in all cases. They are justly popular wherever known.-Ex.

A Reply. ED. REVIEW: If the variation of the Magnetic Needle is caused by a change in the Earth's equilibrium, according to "L. C. H.'s" theory then this (equilibrium) must be continually changing; for a magnetic needle varies its direction every hour, every day and every year, advancing and retreating; I think it is electricity, that rules the needle, see the effect of the aurora borealis or current on the telegraph wires on the same. Appropos, our law is differently from a great many. He visited our school in Camas Swale last week being there at the opening in the morning and staying (not 5 or 10 minutes) but until noon taking an active part in examination and teaching.

WM. THIEL. THE WORLD'S WONDERS. E. F. Walsh, of this city, has secured the agency for the most useful book ever issued from the press, entitled "The World's Wonders," as seen by the great tropical and polar explorers; being an encyclopedia of exploration, discovery and adventure in all parts of the world, and a history of savage races of men, curious and ferocious animals, strange and deadly serpents and reptiles, etc., embracing every important discovery and adventure in the exploration of such distinguished travelers as Speke and Grant, Sir Samuel Baker and wife, Livingston, Stanley, Dr. Challinor, Wallace, Long, Squire, Gordon, and including all of the explorers of the Polar world. The book contains 768 pages and is beautifully embellished with over 200 illustrations.

CENSURED. Mrs. Abigail Scott Dunway, who recently stamped W. T. in the interest of whisky was in Lebanon over Sabbath and in Albany the first of the week. By the way the Massachusetts W. C. P. L., recently held in Boston, stamped Abigail in the face in the following manner:

ELKTON Oregon Sept. 29. ED. REVIEW.-Please announce through your paper that the Elkton Baptist church will be dedicated the 3rd Sunday in October, at 11 A. M. Rev. J. C. Barker Superintendent of Missions for the North Pacific Coast, will preach the sermon. All are cordially invited to attend.

GEO. W. BLACK. DISPATCHES. HENRY GEORGE'S PLATFORM. NEW YORK, Oct. 4.-Henry George, labor candidate for mayor, declares himself as follows: "I favor a change in the method of governing New York. The present way is radically wrong. There is a division of responsibility that makes it impossible for the people to find out just who is responsible, and to bring face to face to public opinion the man who abuses his trust. There are too many hybrid-headed combinations. It may be a matter of notoriety that the most flagrant abuse exists, and it is impossible to say to any one: 'You are the man; it is your fault.' New York is entitled to local self-government, absolute and in all things that govern New York. We have a right to attend to our own affairs without interference or control. That secured if the people of New York are badly governed, it is their own fault. The best model of a government is afforded by the constitution of the United States. New York should have only one legislative body; that in its local affairs should have a sovereign power and one executive head. I do not believe in a second house or in senators. They have been shown to be useless by the experience of the United States and of other countries. Its division of responsibility that is laid. One executive head should have charge of all the departments, with power to appoint and remove. Under the present hybrid system the mayor has power to appoint, but when the appointee lacks office he becomes independent of the mayor and can be removed only by the president of the United States, with no appeal and no removal.

London, Oct. 5.-Mrs. and Miss Mitchell, wife and daughter of the senator from Oregon will sail for America on the 9th inst., after a sojourn of eighteen months in Paris.

Mrs. Senator Dolph and daughter are expected to sail for the United States about the same time.

Villard's Niece on the Stage. SAN FRANCISCO, Oct. 3.-A special to the examiner from New York to-night says: A niece of Henry Villard, formerly president of the Northern Pacific railroad, made her debut at the Star theater this week, and was received with indifferent success. She was announced under the stage name of Miss T. Indale.

Shaken Up. SAN FRANCISCO, Oct. 4.-A slight shock of earthquake occurred in this city at 7:57 o'clock this morning.

Will Take His Chance. The striking manna reached a colored preacher in a town in Mississippi the other day, and he arose before his congregation and said: "Chil'en I've been tryin' hard to preach de Gospel on S' a week, an' I've got discouraged. You has eider got to raise de salary to \$3 or I've gwine to get out an' skinn sh' fur hog an' chickens 'long wid de ob' you, an' take my chance ob gwine to heben'."

OBITUARY. Dorcas McKinney wife of Joseph McKinney died at her home at Cleveland, Douglas Co. Oregon Oct. 1st, 1886. She was born in Berkeley Co. Virginia March 18th, 1808. Was married to her present bereaved companion Jan. 4th, 1831. All who knew her called her Mother McKinney, and respected her as a true christian whose example testified that the blood of Christ cleanseth from all sin.

J. W. MILLER, Pastor. Some old specimens of Royal Baking Powder that had been kept on the shelf of a grocery store for ten years were recently tested by Professor Schaeffer of New York, for the purpose of measuring the loss of strength they had undergone. It was found that although the powder had been exposed to atmospheric changes during all this time-for it was not in air-tight cans-its loss of raising power of strength was less than one per cent, the powder being practically as good as the day it was put up.

This is a most valuable quality in a baking powder, one which few possess. Most powders if not used when first made are found to be ineffective. If kept even a few weeks they lose their leavening power, become lumpy or caked, and valueless. This is particularly the case with "bread preparations" or baking powders made from phosphates.

This superior keeping quality in the "Royal" arises from the extraordinary care in its manufacture, and the scientific principles employed in its combination. The articles used in its composition are thoroughly dried and heat before being compounded, and are so prepared and coated as to prevent the action of the acid upon the alkali prematurely, or except under the influence of heat or water necessarily used in cooking or baking.

The Royal Baking Powder is now used extensively in Australia, Africa, and other low latitudes, where it had been found to be the only baking powder that will withstand the hot, moist atmosphere without deterioration.

Quite a number of our people took a pleasure trip to the coast this fall, all report a good time, but J., he says, too much salmon for him.

Mr. T. W. Winniford, who was severely kicked by a horse some weeks ago, we are glad to announce is able to be around among us again.

If you want grapes go to G. W. Stephens, he has more grapes on less ground than any vineyard in California.

Any one wishing a chimney built or anything in that line will do well to call on J. E. Kerley for he is taking the lead as a stone mason in this vicinity at the present time.

Mr. James Starr, we understand is repairing his ferry and thinks it will be much better there ever before.

Prof. J. N. Davis is talking of leaving us, we hate to see him go for he is a useful young man in a community, but if he must go we can only wish him success.

CALIFORNIA SAM. Connecticut has four cities in the fold this year. The law of the State requires that a candidate shall receive a majority of all the votes cast in order to be elected. Two years ago the Democratic candidate for Governor received a plurality but not a majority of all the votes cast, which threw the selection upon the Legislature, which being Republican selected the Republican candidate, the Republicans.
