M s. Anna Carter, W.M. W. H. Atkinson W. P, MISS ANNA ANDERSON, Secretary.

[redacted] PHILETARIAN LODGE, No. 8, I. O. O. F., meet on Saturday evening of each week at 7 o'clock, in their hall at Roseburg Members of the order in good standing are invited to attend. By order of the N. G.

ANOTHER PAPER.—The Oakland Enterprise a new paper will begin its existence about the middle of November next owned and published by Milton Tower. Success my boy.

LOST.—A fine silk umbrella was taken recently by mistake or otherwise, and as the fall and winter showers have begun, our friend Asher Marks would be glad to have it returned.

A FARM FOR RENT.—The Bushey farm adjoining Roseburg is now for rent upon reasonable terms, which can be had by applying to J. C. Fullerton. Office up stairs in Marks' brick.

DRAWING AND PAINTING.—Miss E. McFadden from Corvallis and Monmoth Colleges will give lessons in oil painting, and everything in that line. Room at Mrs. Party's up stairs.

CYCLONE WIND MILL.—In a few weeks the Pacific Manufacturing Company of San Francisco, will advertise their Wind Mill in THE REVIEW, and all persons desiring the very best mill, will inquire at this office for further particulars. tf

A POEM.—A most interesting poem will be run three weeks through THE REVIEW in a short time, and will consist of about 20 columns 13 ems. It will appear in the form of three books, each book occupying an issue, and was written by local talent.

A BOOK SOCIABLE.—There will be a book ocial at Slocum's Hall on next Monday eve ing. A musical and literary entertainment will be given free of charge. Refreshments will be served to all who wish at a small price. Anyone having a book or books that they are willing to donate to the good cause are requested to bring them to the hall on that eve ing.

MASONIC.— The masonic orders of this city are considering a very reasonable proposition from the Caro Bros. to lease to the masons the upper story of their fine brick for a lodge room for 10 years. This would be the best and cheapest arrangement that could be made by the orders for comfort and security. The "Odoriferous" section where the Masonic hall is now located is almost unbearable.

FINE TIME.—A grand camp fire will be given by the ladies' of Reno Relief corps No 10 G. A. R. on Tuesday evening October 26th, at Slocum's hall in honor of Reno Post No 29 G. A. R. and all other Union Soldiers, at which a general feast of eatables and army fare will be provided. A general sociable time can be enjoyed by every one on that occasion because every one is herewith invited to attend. Admission only 25 cents.

ADMINISTRATOR APPOINTED.—Chas. W. Johnston of the land office has been appointed administrator of the estate of the late Hon. W. F. Owens, and no better selection could have been made. Mr. Johnston is a man so thoroughly qalified as a book keeper of experience and ability, that he will not only give satisfaction to all, but will bring order out of confusion, into which the estate has been recently thrown.

AT LAST,—At last the Democrats have awaken from their Rip Van Winkle snooze, and Messrs. Sidney Dell and J. B. Fithian have flung to the breeze The Evening Democrat at Portland Oregon. This daily, though small at the beginning is sprightly and has our best wishes.

We exhort you brethern not to "despise the day of small things," but let the doctrine of perseverance, both present and final, lead you to the goal of a glorious success.

MECHAICS FAIR TICKETS.—Mechanics Fair Tickets will be on sale at the Roseburg Ticket office up to and including Oct. 22nd. The tickets include round trip and one days admittance to the Fair at price of $10.05. Children between age of 5 and 12 will be charged $5.05 for round trip and one days admittance to the fair under 5 years of age free if accompanied by some one in charge. These tickets will be good to return ten days from date of sale. They are not transferable and no stopover will be allowed, no commercial baggage will be checked on these tickets.

THE STATE FAIR. "The Portland and Salem papers are quarreling over the proposed removal of the State Fair from Salem to Portland next year. We can't for the life of us see why it should not be brought to Eugene with even more propriety. The displays at our own late County Fair were better than those at the State Fair as many declared who saw both, and half of the $5,000 given by the state would get up as big horse races, which, by the way was all the State Fair amounted to." The Eugene Register has the above in last week's issue, and we fully agree with Bro. Hodson to take the State Fair to Eugene, and then shoot the first Hotel, or hack man who attempts to over charge any attendant upon the Fair. St. Louis and Salem ought to be condemned from the Atlantic to the Pacific.

THE NEW TELEGRVPH COMPANY.—Mr. J. W. Mackey, the well known capitalist and one of the proprietors of the Mackey-Bennett Postal Telegraph lines, arrived here yesterd ay over the Northern, accompanied by his secretary, R. V. Day, of Virginia City, and A. B. Chandler, of New York. The party are at the Esmond and intend to leave for San Francisco to-day. Mr. Mackey's visit here is in the interest of his telegraph line, on which work is being pushed as rapidly as possible. The line is already completed from the East by the way of the Canadian Pacific railroad route to Port Moody, two number 6 wires having been strung, and as business warrants aditional wires will be added. From Port Moody the line is being built to Seattle, which point it is expected will reached within thirty days. From Seattle the Postal Telegraph company expect to build to Portland by way of the Northern Pacific railroad. It is reported that an effort may be made, however, to restrain them from following the line of the railroad from Seattle to Portland by the Northern Pacific company, whose lines are controlled by the Western Union company, but this remains to be seen. From Portland to San Francisco the postal telegraph company is stringing a wire by the way of the O. & C. and California and Oregon railroad route, and expect to have through connection from the East to San Francisco by January 1st. Operations are also progressing extensively in the East and with the cable which has already been laid, on the completion of the line to San Francisco, and with the postal telegraph company's Canadian connections quite a circuit of the globe will have been effected by the new company. One reason of their building by the way of the Canadian Pacific route, is that the Western Union controls all the other railroad routes to the East, both north and south.—Oregonian.

The President has appointed Quincy A. Brooks, of Klamath county, to be Collector of Customs of the Puget Sound District. Mr. Brooks has been on the coast since 1850. He was postal agent under Lincoln's adminis tration, and was Quartermaster General of state militia in the Modoc War. The appointment is a good one.

Hon. W. S. Ladd's artesian well in East Portland is proving a bore, sure enough. The drill is down a little over 1,700 feet and fast in rock so hard that it can be forced neither up nor down. If he could only strike such a flow as did the Belle Plain, Iowa, folks, he could get rid of his real estate rapidly, as it would all soon wash away.

The Alta announces that owing to a storm in Jamica, "pepper will be pepper this year." The article sold for pepper heretofore has been so adulterated that there was very little pepper in it. In fact, tons of wheat bran finds its way into the hopper of the pepper grinder, who is perfectly indifferent as to the pepper crop so long as wheat produces bran.

The services in the Presbyterian church in this city last Sunday, both morning and evening were very interesting. Rev. Mr. Holt of Portland preached an excellent sermon in the morning, and his lecture in the evening upon the "women of China" was intensely interesting. He was missionary in China for twelve years. He spoke to the Chinese that were present in their own vernacular.

An Eastern composer has written a serenade entitled "Wake Not, but Hear Me, Love," which is described as being very sweet and full of pathetic tenderness. It occurs to one, however, that "love" would have a hard time endeavoring to hear her Alonzo if she did not wake up. It would seem that even a composer might have sense enough to know that.

AN OBITUARY SKETCH.

Dr. George Washington Hoover was born October 17th, 1822 near Boonville Kentucky, and departed this life in Roseburg October 12th 1886; aged 63 years 11 months and 26 days. Dr. Hoover was raised in Kentucky until quite a young man when he moved to Missouri and began the study and practice of medicine. On October the 10th, 1848, he and Miss Huldah E. Williams were married, and at this point in life's history began life's battles together, and she now survives him to mourn her irreparable loss. There were born to them eight children, five sons and three daughters. Six of these children are still living. Mary wife of Jackson Burnett was the eldest, and died in California about two years since. The Dr. came with his family to California in the year 1854, remaining in that State about four years, thence he came to Roseburg, arriving at this place July 10th, 1858 since which time he has permanently lived in our midst. As a citizen Dr. Hoover was conscientious, and lived in reference to the laws of our county as one who was deeply interested in the country's welfare. He did not stand idly by and wait for another to bear his burden, but he did what he thought was right. In some instances he was perhaps mistaken, but his honesty of purpose was never impeached. In his dealings with his fellow man, he was honorable and upright. In all his relations as a citizen, he was regarded as a good man. and no higher tribute can be spoken of our fallen race even in its best estate.

As a physician, he had remarkable skill, and it has been said many a time in our hearing that Dr. Hoover possessed a knowledge of fevers of all grades peculiar to this country that was superior perhaps to any other physician in the state. He was a nurse in the highest sense of that word, often saying, more are saved by judicious nursing than by giving drugs. He was without doubt one of the leading physicians of Douglas county, as well as the state of Oregon. Many a time did he remain by the bedside of his suffering patients through the dark and lonely hours of the night, watching every symptom, if perchance he might get some clue to the disease that was praying upon the vitals.

As a Mason, he revered the institution, and the order highly respected him. The doctor's faith in the Royal Craft was born of the noblest impulses, his service as a Mason was not simply a "lip service," but was real, earnest, such as would give standing to the greatest of men.

As a christian, he was a member of the Episcopal church, but was a constant attendant upon all the churches in town when there was no service at his. It would be hard to tell where his heart was, except as it was centered in the great doctrines of our holy religion. He was a christian, hence he could but love all, only prefering the government and usages of the church to which he belonged. All christain denominations in town felt that they had a true friend in Dr. Hoover. His own church and others as well, will seriously miss him who was always ready to give, according to his several ability.

As a husband he was devoted and kind, always providing well for those dependent upon him, and that he might have something left to give others who might need. He was exemplary as a father, looking well to the interests of his children, and always commanded that fillial regard that should exist between parent and child. He loved his children, and they dearly loved him.

The public mourns because one of its best citizens is gone to that "bourne, from whence no traveler returns." We can only say, Brother Hoover, for the present, farewell.

The funeral services were largely attended at the Presbyterian church yesterday, the entire clergy of the city officiating. The remains were then conveyed in charge of the Masonic Lodge, to the cemetery, where the last sad rites of that fraternal order were performed.

The debate last Sunday on woman suffrage was a grand success. Mr. Walker was the first to speak in favor of the women. Mr. Walker handled the subject very well considering the ground he took to work on. Mr. J. P. Duncan answered him against the women and showed the audience where Mr. Walker was off of the subject, after that quite a number of speeches were made and about five o'clock it was left to the audience to decide, and it was decided that women had no right to vote and the most of us went home happy. IN MEMORY OF CLARKE RICHARDS

Rest, rest in peace; thy work is done,
Naught can disturb thy untroubled rest
But evermore, till sinks life's weary sun
A grief shall haunt the home, thy presence blest.

These folded hands no toil shall know;
These limbs no pain, these lips no sigh;
For toil and pain, and care and woe
Pass not the portals of the sky.

O, for one glance, from him who wept,
By his beloved Lazarus tomb,
Who broke the solemn sleep he slept;
And gladness shed where all was gloom.

Could but his pitying hand upraise
The veil, that hangs so dark between
And guide by faith the mourner's gaze,
To the land no mortal eye hath seen.

There, there to rest is sweet surprise,
Upon the change so sudden wrought,
The form, the face, the loving eyes,
More glorious than our fondest dream or thought.

There, there, amid the countless throng,
Pure and redeemed to see him stand,
O, for one echo of that rapturous song!
That wanderous song of the immortal land.

Everything Goes wrong.

In the bodily mechanism when the liver gets out of order. Constipation, dyspepsia, contamination of the blood, imperfect assimilation, are certain to ensue. But it is easy to prevent these consequences, and remove their cause, by a course of Hostetter's Stomach Bitters, which stimulates the billiary organ and regulates its action. The direct result is a disappearance of the pains beneath the ribs and through the shoulder blade, the nausea, headache, yellowness of the skin, furred look of the tongue, and sour oder of the breath, which characterize liver complaint. Sound digestion and a regular habit of body are blessings also secured by the use of this celebrated restorative of health, which imparts a degree of vigor to the body which is its best guarantee of safety from malarial epidemics. Nerve weakness and over-tension are relieved by it, and it improves both appetite and sleep.

The Way the Money Goes.

A Michigan young man resolved that every $10 bill coming into his possession he would put into the bank; every $5 bill would go toward a fund for buying clothes, etc; every 25 and 10 cent piece for an ice cream, soda water, and so forth fund for his girl, and the pennies for church collection. At the end of six months he balanced up and found $6.27 for the church collection fund; $65.35 expended in the ice cream girl fund; he was three weeks behind with his board on the $1 fund; he had accumulated $20 for the new clothes fund, and hadent a red cent in the $10 fund.—[Detroit Free Press.

In Southern California.

A letter to a gentleman of this city from Rev. E. T. Lockard, who was President of the Albany Collegiate Institute for awhile, announces his settlement at Capenterie, a place about twelve miles from Santa Barbara in Southern California, where the pastorate of the Presbyterian church. Land there sells for as high as $300 an acre for agricultural and horticultural purposes. Lima beans are the great staple. English walnuts and apricots are also largely raised there, as well as other semi-tropical fruits, like oranges, lemons limes, olives, etc. Rev. Lockard's friends in Albany will rejoice at his pleasant situation. —Albany Democrat.

A Correction.

We publish this correction on account of some mistakes etc. in our obituary. Clark Richards was born Aug. 16th, 1837 in Terry County Ohio, was married to Nannie L. Laugh Hunter Sept. 17th, in Terry Co, Ohio. To them were born four children, of whom two are living, and also two step sons, one the father's the other the mother's but they are all in unity one with another the same as one family, strangers know no difference but what they are all brothers. They will continue the interest of the family the same as while their father was living. They are all good boys and will try do the best they can for the support and comfort of their mother and little brother.

Our holiday number will be worth the money.

E. F. Walsh, of this city, has secured the agency for the most useful book ever issued from the press, entitled "The World's Wonders," as seen by the great tropical and polar explorers; being an encyclopedia of exploration, discovery and adventure in all parts of the world, and a history of savage races of men, curious and ferocious animals, strange and deadly serpents and reptiles, etc., etc., embracing every important discovery and adventure in the exploration of such distinguished travelers as Speke and Grant, Sir Samuel Barker and wife, Livingston, Stanley, Dr. Chaillu, Wallace, Long, Squire, Gordon, and including all of the explorers of the Polar world. The book contains 768 pages and is beautifully embellished with over 200 illustrations.

How to be rid of Calomel.

People afflicted with a diseased liver, indigestion or biliousness, use mercury. This is done reluctantly, but the argument is, "Nothing will reach the liver and spleen except calomel; could one get something just as good everybody would use it." That something is Simmons Liver Regulator. It is equal in power to calomel, without any of its inj
