ROSEBURG REVIEW

FRIDAY, OCTOBER 22, 1886.

A. O. U. W.
ROSEBURG LODGE No. 16, meets the second and fourth Mondays of each month at 7.30 P. M. in the Odd Fellows Hall. Members in good standing are invited to attend.
E. G. HURSH, Financier. T. FORD, Recorder.

O. E. S. CHAPTER No. 1. ASHLAND OREGON, Regular meetings 1st and 3rd Tuesdays. All members in good standing are cordially invited to attend M s. Anna Carter, W. M. W. H. Atkinson W. P MISS ANNA ANDERSON, Secretary.

PHILETARIAN LODGE, No. 8, I. O. O. F., meet on Saturday evening of each week at 7 o'clock, in their hall at Roseburg Members of the order in good standing are invited to attend. By order of the N. G.

DRAWING AND PAINTING.—Miss E. McFadden from Corvallis and Monmoth Colleges will give lessons in oil painting, and everything in that line. Room at Mrs. Party's up stairs.

CYCLONE WIND MILL.—In a few weeks the Pacific Manufacturing Company of San Francisco, will advertise their Wind Mill in THE REVIEW, and all persons desiring the very best mill, will inquire at this office for further particulars. tf

CONTRACT LET.—The Eugene Water Co. have let the contract for excavating the reservoir on Skinner's Butte to the Lyon Bros. of Lower Siuslaw, for the sum of $700. The contract calls for the finishing of this work by February 1, 1887.

LOST.—I have lost one pale red cow, seven or eight years old with white face, little white along the back and tail, ear mark, crop and split in left ear, was raised on South Deer. Any information left at THE REVIEW office shall be rewarded. JACOB LEDERWOOD.

THE PLACE.—The room secured for the library Association is the building previously occupied by the Misses Smith's millinery department. This is quite accessible, and for the present is sufficiently commodious. The Association expects however, at no distant day to grow out of its swadling clothes.

ROBBERY.—Some party unknown broke into a freight car at Medford Wednesday night and broke open several boxes of goods apparently looking for something to eat. He was discovered by Marshal Miller who took a couple of shots at the thief, but only succeeded in getting him to drop the plunder. There is no clue as to who the guilty party was.—Sentinel.

CAMP FIRE, CAMP-FIRE.—Everyone who desires a good, old fashioned entertainment should attend the camp-fire next Tuesday evening at Slocum's hall to be given by Reno Relief Corps. The exercises will consist of patriotic songs and music, speeches, toasts, and declamations. Refreshments of the nutritious army bean, pork, coffee, foraged chickens, ham, lamb, &c. &c. &c. will be served Everybody invited. Admission only 25 cts. including refreshments.

A GOLD MACHINE.—Roy Raber, Dr J. B. Lee, George Kennedy, John Riley and Frank Fisher all of Corvallis, came to Roseburg Tuesday evening with their black sand gold saving machine, and went to Randolph to Dr. Simon Lane's mines to take out the shining dust. Our townsman Geo. A. Beath went with the gentlemen, and all will return millionaires, unless something happens. The machine is said to be a success without question, and these gentlemen are able to make it work for all there is in it. They all promise to subscribe for THE REVIEW on their return in order that they may have something to read in their palmier days.

"HONOR TO WHOM HONOR" ETC.—While all of our citizens, or many of them at least, have done well in their contributions to the Roseburg Library fund, and many have taken an active part in this very laudible undertaking, yet we are compelled to tell the truth without invidious distinction, and say that Mrs. W. A. Smick is entitled to the credit of being the moving and inspiring spirit in this noble enterprise, and we should say a word for Bro. Smick also, but he is in the family, hence we forbear. Mrs. Smick will have lasting recognition by our citizens for her untiring services.

MORE RAILROAD WORK.—The following from a Portland paper indicates a resumption of railroad activity in that city: At a meeting of the board of directors of the O. R. & N. company, an expenditure of $760,000 was authorized, to construct a railroad and wagon bridge across the Willamette. The directors of the terminal company have also ordered the resumption of work in the Albina shops; a passenger and freight depot to be built separately have been ordered, but will be constructed on a more modified plan than that originally intended several years ago. The great bridge will be substantially built. Proposals will be advertised for immediately.

THE CALIFORNIA & OREGON.—A San Francisco dispatch under date of Oct. 13th, says: Notwithstanding many assertions as to a change of a route the California & Oregon, that road will be pushed as rapidly as possible through Northern California, to connect with the Oregon & California at Ashland. The road which it is contemplated to build into Eastern Oregon will be a branch of the California & Oregon, and will be undertaken after tho main line is completed. No authoritive surveys have yet been made of the country, and a Southern Pacific agent leaves at the end of the week to report upon the feasibility of the proposed road.

AN ANCESTRAL DISTINCTION.—A little child of Mrs. Ira Hunter's had a rare distinction the other evening. The little one was taken to the home of Mrs. Hinkle, who is very low. There were present, the mother, grandmother, Mrs. Hayes, the great grandmother, Mrs. William Hinkle, and the great-great-grandmother. It has also a grand-mother and a great grandmother on its father's side,—Benton Leader. The above mentioned parties are the immediate relatives of Mrs. Moore, mother of W. N. Moore and according to this remarkable longevity our present Post master will never die. So mote it be.

A GOOD WORD FOR NEWSPAPERS.—We take the following extract from a newspaper of note, which fairly illustrates the remarkable friendship that spring up and grows between a faithful journal and its readers. "The strong attachment of subscribers to a well-conducted newspaper is fully confirmed by all publishers. 'Stop my paper,' words of dread to beginners in business, lose their terror after a paper has been established a few years. So long as a paper pursues a just, honorable and judicious course, meeting the wants of its customers, in all respects, the ties of friendship between the subscribers and the papers are as hard to break by an outside third party as the links which bind old friends in business of social life. Occasional defeats and errors in a newspaper are overlooked by those who have become attached to it through its perusal for years. They sometimes become dissatisfied with it on account of something which has slipped into its columns; and may stop taking it; but the absence of the familiar sheet at their homes and offices for a few weeks becomes an insupportable privation; and they hasten to take it again, and possibly apologize for having stopped it. No friendship on earth is more constant; than that contracted by the reader for a journal which makes an earnest effort to merit its continued support. Hence, a conscientiously conducted paper becomes a favorite in the family."

ATLANTA NOW COMPLETELY DRY.

ATLANTA, GA., Oct. 19.—Atlanta is today a complete prohibition city. All bar rooms were closed on July 1, but several wholesale houses had since been opened. They have been expiring gradualy, until to-day when there was only one in the city, and that would have expired six days from now, but by decision of the supreme court of the state to-day, that store was closed. Two weeks ago the city council passed a resolution allowing city brewers to deliver beer in the city to residents on order. Mayor Hillyer last night vetoed the measure, which now makes the city absolutely prohibition. The city authorities are mostly prohibitionists, and it will be regularly enforced.

LOCAL BREVITIES.

More new subs this week.

The showers, the beautiful showers.

The town is full of people this week.

Our lawyers are chuck full of business.

Read Miss Crump's new ad this week.

Press Woodruff was in town this week.

Mr. Ward the photographer wants to see you.

This has been a busy week for our merchants.

Mrs. Nellie Moore went to Canyonville last Saturday.

The streets are being graveled to the enjoyment of all.

Dr. S. P. Wilson gave us a call this week of the right kind.

A lot of choice potatoes just received at M. R. Howell's.

Mining blanks at THE REVIEW office for sale for 10 cents apiece.

Mrs. S. H. Gaterman was married last Sunday in Portland so we learn.

J. J. Chadwick gave us a call this week that counts. Come again.

Ward's new plates for groups have come, go at once and get your picture.

Remember that for $2.50 you can get a pair of boots at H. C. Stantons.

The Evening Daily Democrat of Portland is growing in favor quite rapidly.

Hons. Sehlbrede and Wilcox of are doing their part in in the circuit court.

Don't forget to attend the camp-fire at Slocum's hall next Tuesday evening.

A Hall iron safe for sale cheap. For particulars inquire of E. G. Hursh.

Judge Bean is on the bench this court as usual, giving satisfaction in general.

Dr. Hunter of Canyonville gave us an interview this week while in Roseburg.

M. E. Pogue and wife gave us quite a pleasant and interesting call last Saturday.

George K. Quine of Riddle, was in our city this week, and made us a pleasant call.

Peter Nelson from the city down towards the sounding sea is in our city this week.

Miss Freeman the artist accompanied Mrs. Chas. W, Johnston to Portland Wednesday.

GILMORE'S NURALGIA CURE is a positive cure for Neuralgia in the face, side and stomach.

FOR LAME BACK, side or chest, use Shiloh's Porous Plaster. Price 25 cents at S. Hamiltons.

Mr. Thomas the stone and brick mason has had three sick horses this week, but none died.

MIDDLE-AGED MEN who lack vigor and vitality can be cured by Gilmore's Aromatic Wine.

NERVE-LIFE AND VIGOR restored in men and women by useing Gilmore's Aromatic Wine.

Rev. F. M. Culp will preach at Myrtle Cr., next Sabbath at 11 A. M, and 7 P. M. and at Hudon's school house at 3:30 P. M.
F. M, CULP, Pastor.

W. T. Kerly is in Roseburg this week, and we are glad to acknowledge a call from him although he was on crutches, not having entirly recovered from his late misfortune.

The Corvallis Chronicle came to our table this week a twelve page six column paper, well filled with reading matter, and a good share of advertising. Bro. Cole will keep his rivals wide awake.

Our local last week in reference to Mr. Asher Marks' umbrella, was the means of its return in less than 30 minutes after the papers were distributed. Advertising pays, and Mr. Marks says thanks.

Owing to legal complications The Prohibition Star of Salem did not issue this week, but the directors of the company meet on the 25th, and it will appear again next week and regularly thereafter.

We are making arrangements with some six or eight leading writers in Oregon to each furnish an article for our forthcoming extra New Year's number. These articles will be of literary or scientific merit.

For sale at THE REVIEW office one almost new half spring two seated Studebaker wagon, double harness, complete, nearly new, and one good pony horse. A bargain in this offer, and the first one comes, gets it.

Round about Chicago, within one mile of the city limits, there are suburbs that contain a population of more than 100,000. The city limits will soon be extended to include this population, and perhaps further.

Sherwood novelty harness, something new, no tugs, no double or whiffletrees to bother. Any information on harness can be had of S. K. Raymond agent for Douglas county Or.
Oakland, Or., Oct. 14th 1886.

I have concluded to place teeth within the reach of everybody. If you want a neat good fitting plate come and get them for $10, no fit no pay. (They are not cheap teeth.) The cause of this is hard times and no oppositi on
DR. M. W. DAVIS.

Up to this time about 241,000,000 silver dollars have been coined. Of these 60,000,000 are in circulation. The remainder are in the custody of the treasury, with silver certificates outstanding against a large part of them.

The following is a sample of the way THE REVIEW is growing, many more of which would be very acceptable to us. "Mr. EDITOR, please send me THE REVIEW and as soon as I sell my crap I wil potlach." Corvallis, Or. J.

Sam Baden of one of the large cigar manufacturing establishments of San Francisco is in our city this week. Mr. Baden was for a number of years a leading merchant at Canyonville, Douglas Co., Or. His old friends greet him.

Dr. Wilson's preaching in our midst for a few evenings this week and last, has been productive of much good. The Dr. is highly appreciated in the social circle, as well as in the pulpit. He takes his religion with him where ever he goes.

Mr. Geo. Shambrook of Coles valley one of our solid men was omitted from the list last week by an oversight, when in fact he pays over $160.00 tax, and we want it distinctly understood that uncle George is not "busted."

The Moscow drama last Friday evening was well attended. All acted their parts well. The net receipts were about $50.00. We beleive that we have as good local talent here, as we have seen anywhere in the State. Of this we should be proud.

Jas. A. Sterling our Assessor, and also proprietor of the Elkton hotel writes us thus, "If you ever come this way I will give you a square meal." Now that is just the thing for a poor, hungry editor. We will come, and don't you forget it,—the square meal.

A revival meeting is in progress at the Methodist church in this city, Rev. S. P. Wilson Presiding Elder of the Eugene City District has preached every evening for about a week. The city pastors are all deeply interested in the work. The interest is increasing.

Signal service records show 2.42 inches of rain has fallen this month already, the average October rain-fall for the past nine years is 2.77 inches. The greatest rain fall in any October, for the past nine years was 5.96 inches in in '81 the least .77 inches in '80.

Hon. I. B. Nickols, of Riddle sent us by the hand of his daughter Miss Maxamilia the "last rose of summer," that grew on his farm, which was deliciously fragrant, also a bunch of black berries, just taken from the briers. The berries were full grown, and this shows that Oregon beats the world.

JOHN H. YATES, of Batavia, N. Y., says:
"I cheerfully commend
Your AROMATIC WINE;
It did new life and vigor send
Through this weak frame of mine.
It did for all my stomach ills
More than the doctor and his pills."

Miss M. A. Hodgdon, for thirteen years a teacher in Portland High School, is a guest of Mrs. Consor of this city. Last Monday these ladies visited the public school of this city when it was unexpectedly ascertained that the principal was a pupil of Miss Hodgdon's about twenty years ago when she had charge of Whitman Seminary in Walla Walla.

In the Georgia legislature elected last Tuesday there will be but fifteen anti-prohibitionists. But prohibition in Georgia does not take the form of a general prohibitory law, but of local or county option. Pursuing this plan and refusing to make prohibition a political issue, the prohibitionists of Georgia claim to have extirpated the liquor traffic in four-fiths of the counties of the state.

Illinois has 8201 miles of railway, assessed this year upon a valuation of $62,972,101. Within one year 177 miles of new road have been built. The total valuation of property in the state is $726,178,132. The proportion of the railroad assessment to the total assessment is a little less than 9 per cent. There are seventy-two railway companies in the state.

Calipooia Notes.

Rumor says Ratler has returned to Calipooia.

Plenty of rain now, farmers all making preperations to start their plows.

Mr. C. A. McGee has returned from the Mechanics Fair and reports a fine time.

Some very valuable improvements are being made in this vicinity at the present time.

Jas. Richards and G. W. Stephens is building their division fence which will be of great value to both parties.

Mr. T. Barnard the solid rock of the Calipooia was called to Oakland last Saturday to help arbitrate the W. T. Kerley case.

Jas. Ivors and Wiggins the fruit dryers who took the contract to dry J. E. Kerly's fruit have relet the contract to Thomas Day of Millwood.

J. H. Myers returned from the bunchgrass country a few days ago and brought two of as fine animals in the horse line as Douglas county affords.

We understand that H. McNabb's team took a spin down through G. C. Durlands lane one day last week fortunately no damage was done.

A. J. Gross one of our prominent young farmers had the misfortune of losing one of his horses a few days ago, we can only extend to him our sympathy.

The young lad who took the turkey last Tuesday night had better go slow or his name will come out in some one of our county papers as we think this is his first offense we will stop.

It is rumored that J. E. Kerley has a new process for cutting and poliahing stone for chimneys and it is thought by one of the most promment men of Millwood to be a grand success.

Rumor says Rev. F. M. Culp held divine services at the Calipooia school house last Sabbath to a very fine audience, he must be a new comer in this part of the country as we never heard of him before.

Our school under the efficient management of Jimmie Underwood is progressing nicely the school has had quite a number of visitors this term and they all go away satisfied that Mr. Underwood is the right man in the right place.

CALIPOOIA SAM.

Riverside Letter.

EDITOR REVIEW: I have been perusing your valuable paper for some time and find a number of letters there in from different parts of the county but none from Riverside, and we thought a few jottings from this part of the county would look well in print.

D. C. Pitzer is through drying Prunes, he has a fine lot.

Mr. Reese is digging his potatoes he will have a nice lot.

We are having quite a boom in building of new houses this fall at Riverside.

J. C. Cockelreas is back at Riverside, glad to see you in our community once more.

Our school is prospering nicely under the management of Mr. Brown, he had quite a number of visitors, Friday, the exercises in the afternoon were good.

Messrs. Parks and Beckwith are erecting a dwelling on east side that looks like they mean business, dont know which one it is but perhaps both, but the house is rather small for two families. They are going to plant a field of hops.

Mr. Frank Spores erected a very neat little dwelling on the east side, we supposed he was going to batch, but we were very much mistaken for we can see a lady moving too and fro keeping every thing in order. Success to you and yours.

W. C. Winston is having a very fine residence built on the west side under management of D. C. Pitzer. W. C. is at Portland at present attending the fair, he is represen ting and illustrating the American fruit evaporator for which he is agent.

Oct. 12th, 1886. P. D. Q.

Scottsburg Notes.

Very dull.

The rain still continues,

Dr. Mackey, of Gardiner was in our town Friday.

The salmon are coming into the river in unprecedented numbers.

Mr. John Hedden and wife visited in Elkton Saturday and Sunday.

A. E. Ozouf, wife and niece have gone to Grays Harbor on a visit.

Wm. Patterson took a trip to Drain Saturday and returned Monday.

Mr. Peter Nelson of Gardiner passed through town last week on his way to Roseburg.

The Sunday school still meets regularly. The attendance is small and there are complaints about the order.

Rev. Wells preached an inter esting sermon in thehall Friday evening. He has another appointment here soon when he will stay longer.

Mrs. Wade and her little daughter Sadie have been spending a week or two in Gardiner to be near medical assistance for the latter.

School is progressing finely under the direction of C. H. Fisher. The school-room has been considerably improved and is much more comfortable than ever before.

Prof. Russell, County Supt., spent half a day in our school last week. He expressed himself as well pleased with the management. The Prof. has discarded the five-minute visits of our former superintendents. May he be successful in his new venture.

The railroad surveyors have run the line to Mr. Wade's place, two miles below Scottsburg, where they have staked out a depot. It is rumored that trains will soon be running over the new road, still there is no marked advance in the real estate market. Gas instead of steam will probably be the motive power for sometime yet.

Myrtle Creek Items

Rainy weather.

Items scarce.

Church next Saturday and Sunday.

Dr. J. L. Todd left for Oakland last week.

We hear talk of a Christmas tree entertainment here.

The school here is progressing finely under the managementt of Prof. W. A. Bean.

Myrtle has a new shoe maker, he makes old soles as good as new and better too.

Mr. Jeff Strong has left our city for Grants Pass where he intends to stay through the winter.

Myrtle Creek Cornet Band are improving every day, they still keep Prof. Robert Chennery as instructor.

Mr. and Mrs. Charles Buck, Anna and James Hall left Monday for Lakeview where they expect to make ther future home.

Our Myrtle Creek correspondent in the Drain Echo must be a little off, we hear that Alice D, is the prettiest girl in town, try again Mister.

ZERO.

Penitentiary Quarterly Report.

Of the superintendent of the Oregon state penitentiary to Hon. R. P. Earhart, Secretary of State, for the quarter ending Sept. 30, 1886:

Total, 272.
Respectfully submitted,
GEORGE COLLINS, Supt. O. S. P.

What Baking Powder Shall We Use.

This plain question comes home to every housekeeper. We all desire pure and wholesome food, and this cannot be had with the use of impure or poisonous baking powder. There can be no longer a question that all the cheaper, lower grade of baking powders contain either alum, lime or phosphatic acid. As loth as we may be to admit so much against what may have been some of our household gods, there can be no gainsaying the unanimous testimony of the official chemists. Indeed, analysts seem to find no baking powder entirely free from some one of these objectionable ingredients except the Royal, and that they report as chemically pure. We find some of the baking powders advertised as pure, to contain, under the tests of Profs. Chandler, Habirshaw and others, nearly twelve per cent. of lime, while others are made from alum with no cream of tartar. This, we presume accounts for their lack of leavening power as sometimes complained of by the cook, and for the bitter taste found in the biscuits so frequently complained of by ourselves.

But aside from the inferiority of the work done by these powders, the physiologists assure us that lime and alum taken into the system in such quantities as this are injurious. They are not decomposed by heat nor dissolved in mixing or baking. They go with the bread, therefore, into the stomach, where their physiological effects are indigestion, dyspepsia, or worse evils.

The question naturally arises, why do these cheap baking powder makers use these things? Alum is three cents a pound, lime still cheaper, while cream of tartar costs thirty-five or forty. The reasons for the chemical purity of the Royal Baking Powder were recently given in the New York Times in an interesting description of a new method for refining argols, or crude cream of tartar. It seems that it is only under this process that cream of tartar can be freed from the lime natural to it and rendered chemically pure; that the patents and plant for this cost the Royal Baking Powder Company about half a million dollars, and that they maintain exc'usive control of the rights.

Prof. McMurtrie, late chief chemist of the Department of Agriculture at Washington, D. C., in the interests of commerce, made an examination of this process, and reported upon the results attained in the refined cream of tartar. The following extract from his report would seem to answer the question repeated at the head of this article, and which is so frequently propounded by the house-keeper:

"I have examined the cream of tartar used by the Royal Baking Powder Company in the manufacture of their baking powder, and find it to be perfectly pure, and free from lime in any form. The chemical tests to which I have submited the Royal Baking Powder prove it perfectly healthful, and free from every deleterious substance."

A Recommendation.

EDITOR REVIEW.—Of late years I have known many people complaining of Liver and Kidney troubles, resulting in Inflamation and Catarrh of the organs including the Bladder, etc. For the past 3 years I have been afflicted with the above diseases, and would have been in my grave ere this, but for the successful treatment of my case to Dr. S. Whittemore of Myrtle Creek, Or, and wishing to inform the suffering where relief can be had I most earnestly recommend Dr. S Whittemore and this from actual experience.
Yours Respectfully,
O. K. PATRICK CAIN.

Powderly Re-elected.

RICHMOND, VA., Oct. 13.—In the Knights of Labor Convention to day Grand Master Workman Powderly was re elected. The office of Secretary and Treasurer was divided, and Chas. H. Litchman of Marblehead, Mass. was elected Secretary, and Frederick Turner was elected Treasurer. The other officers will be elected to-morrow. The work of revising the constitution is practically finished, and it is believed the convention will adjourn on Saturday.

Historic Cabin.

RICHMOND, Oct. 13.—An old log house at City Point, owned by Dr. Richard Epps, known as General Grant's headquarters, was was purchased Monday by Captain Thomas E. Halleck, of New York. This is a historic house, being the place where General Grant issued his last order declaring peace and the terms of General Lee's surrender, etc. The house is to be removed to New York by Captain Halleck, who will transfer it by sale or gift to the Grant Monument Association, to be re-erected in Riverside Park near General Grant's tomb.

Liquor Men Organizing.

CHICAGO, Oct.—The national convention of distillers, brewers and liquor dealers began its session to-day. There are nearly 400 delegates from all parts of the country, representing the leading firms in the liquor trade. John W. Artherton of Kentucky was chosen president. After the address by the president the convention adjourned for to-day. The object of the convention is to form a national association for the purpose of combatting the agitation against the liquor interests by the Prohibitionists and Anti-saloon Republicans.

Renews Her Youth.

Mrs. Phœbe Chesley, Peterson, Clay Co., Iowa, tells the following remarkable story, the truth of which is vouched for by the residents of the town: "I am 63 years old, have been troubled with kidney complaint and lameness for many years; could not dress myself without help. Now I am free from all pain and soreness, and am able to do all my own housework. I owe my thanks to Electric Bitters for having renewed my youth, and removed completely all desease and pain." Try a bottle, only 50c, at Marters & Cos. drug store.

The Babies Cry for It.

And the old folks laugh when they find that the pleasant California liquid fruit remedy Syrup of Figs, is more easily taken and more easily taken and more beneficial in its action than bitter, nauseous medicines. It strengthens the Liver, Kidneys, Stomach, and Bowels while it arouses them to a healthy activity. For sale by S. Hamilton.

A FARM FOR RENT.—The Bushey farm adjoining Roseburg is now for rent upon reasonable terms, which can be had by applying to J. C. Fullerton. Office up stairs in Marks' brick.

THE TENSION OF LIFE.

The following was an editorial in the Coast Mail last week, written by our old friend John A. Gray. We know that he wrote it, for no one else writes like Gray. It is pre eminently true. Bro. Gray you have solved the cause of so many suicides.

A tragedy like the one recently enacted at Roseburg is not without its serious lessons. Modern civilation is full of enignas, and some of them deserve the most careful considertion. A few years ago we used to hear very many prophesies as to the benefits brought to the human family by discoveries and inventions. Among other things it was claimed these public benefactors would bring leisure, ease, comfort and culture. The old burdens are well lifted now from the shoulders of men. Steam does our railroading, grinding and manufacturing. It is no longer required that weary feet shall make haste to carry messages or climb the long stairways, but words fly faster than the wings of the wind, and elevators lift us quietly to the topmost story. We float over continents in palace cars, and cross over stormy seas in luxurously furnished apart ments. To look out on the world as it now is, it would seem that the hard work of the world is all done and there is nothing left for man to do, but to be carried through life without pain on the noisless wheels and the gentlest of springs. But the fancied situation is far from the reality. The strain of life was never so great. Overwork of both brain and body, is slaughtering hosts of the brightest of mankind. Men undertake so much, carry such prodigious anxieties, take such desperate chances, have boundless ambitions, that they break down in helpless imbecility or rush out of the wild vortex with the hand of self-slaughter. The wisest and best of modern men do not seem to be able to meet the demands of the hour without breaking down. Herbert Spencer, the philosopher is down with "nervous prostration;" so is John Tyndall, the scientist; so too is Huxley. Multitudes, scholars, statesmen business men, and even distingnished members of the medical profession are to-day afflicted with insomnia, with restlessness, with irritability, with unendurable lassitude, with horrible dyspepsia and a general disgust of life and its undertakings. Nervous prostration is after them, filling them with fears, driving them to despair, and scourging to suicidal death. Could not we learn some valuable lessons from the people from the old world, who go through life at a much slower pace? They do not rush to business at the break of day or continue at it until late at night. They take time for pleasures for recreation, for social and literary enjoyments. Does it pay to live at such a ten sion that to use an expression of one of our most honored public men, who was forced not long ago to go abroad, because, as he declared, "he had gone all to pieces with general debility?"

Everything Goes wrong.

In the bodily mechanism when the liver gets out of order. Constipation, dyspepsia, contamination of the blood, imperfect assimilation, are certain to ensue. But it is easy to prevent these consequences, and remove their cause, by a course of Hostetter's Stomach Bitters, which stimulates the hilliary organ and regulates its action. The direct result is a disappearance of the pains beneath the ribs and through the shoulder blade, the nausea, headache, yellowness of the skin, furred look of the tongue, and sour oder of the breath, which characterize liver complaint. Sound digestion and a regular habit of body are blessings also secured by the use of this celebrated restorative of health, which imparts a degree of vigor to the body which is its best guarantee of safety from malarial epidemics. Nerve weakness and over-tension are relieved by it, and it improves both appetite and sleep.

Most Excellent.

J. J. Atkins, Cheif of Police. Knoxville, Tenn., writes: "My family and I are beneficiaries of your most excellent medicine, Dr. King's New Discovery for consumption; having found it to be all that you claim for it, desire to testify to its virtue. My friends to whom I have reccommended it, praise it at every opportunity." Dr. King's New Discovery for Consumption is guaranteed to cure Coughs, Colds, Bronchitis, Asthma, Croup, and every affection of Throat, Chest and Lungs. Trial bottles free at Marsters & Co., Drug Store. Large size $1.00.

The Great Strike at an End

CHICAGO, Oct. 18.—The great strike at the stock yards ended this afternoon. At a mass meeting of the strikers it was resolved to return to work on the ten-hours basis. This result was obtained by the offorts of Delegate Barry, of the Knights of Labor, who advised the men to give up the fight, as plenty of new men were being obtained, and if they held out they were likely to lose their work. The strikers will begin work ro-morrow in all the packing houses.

Elkton Notes.

Good prospect for grass.

Better prospect for wintering stock than last year at this time.

Levi Kent went to Wilbur and Roseburg on business this week.

Ira Wimberly and wife returned home last Saturday from a visit to the Mechanics Fair.

Born, Oct 12, 1886, to the wife of Ansel Weatherly a daughter. Ansel is better.

Jas. Sterling has rented the hotel here and moved his family down from Drain last week.

Grandpa Wells and Clara Weatherly returned home last week from their four months visit with relatives in California.

Lot Dimmick returned home from east of the mountains last week and is well satisfied that old Douglas is the best place yet.

Rev. J, C. Baker preached the dedication sermon of the new Baptist church here last Sunday to a large and attentive audience; he was assisted by Revs. Wells and Black.

R. E. PORTER.

OAKLAND ITEMS.

Farmers rejoicing over the rains of late.

Miss Emma Farnsworth is a guest of Mrs. Dr. Page.

We are sorry to hear of the illness of E. C. Sacry.

H. B. Sacry made a flying trip to Portland last week.

The marshal is doing good work by lighting the street lamps.

Rev. Gittens lecture on Temperence Sunday evening was well rendered.

Mrs. C. A. Sehlbrede arrived home from Marion county by Saturday's train.

The Kerley and Beckley matter was settled Saturday as far as damages go by arbitration Kerley receiving the sum of $500.

When in want of a meal call at Mrs. Nellie Copeland's restaurant in George Stearns building on Front Street for she will be glad to see you.

The dance given at this place on last Friday night did not prove as great a success as it might have, the fiddling was very "short" indeed, and the big Star was late making its appearance.

DUPLEX.

HON. ALEXANDER H. STEPHENS.

"I am directed by my uncle, Hon. A. H. Stephens, to say that he derived benefit from the use of Simmons Liver Regulator, and that he wishes to give it further trial—W. G. Stephens, Crawfordsville, Ga., March 31, 1870." Extract of a letter from Alexander H. Stephens, dated March 8, 1872: "I use, when my condition requires it, Dr. Simmons Lirer Regulator, with good effect."

Exemption 236,770-	6,169,510
Total value of taxable property	$18,765,210

Do You Want a Market for fruit?

If so, build a granger, fruit drier, patented by Burnett & Hill. Owing to its cheapness and capacity it takes the lead. It has been tested by the side of other driers and has rendered the best satisfaction. Our terms for farm rights are according to capacity. For 25 bushels $10, 100 bushels $50, 200 bushels $100, If you wish to inquire into the merits of said drier consult John Hall, John W. Weaver or H. A. Adams all of Myrtle Creek, Oregon. We can save your fruit. $200 will save as much fruit for you as $1000 can of some other driers. This is the greatest prune drier known to this country.
Address BURNETT & HILL,
Myrtle Creek, Oregon.

MARRIED.

SKINNER—CHAPMAN.—At the residence of John Kennedy of this city, October 21st, 1886, Henry C. Skinner and Lucy J. Chapman, Hon. Thos. L. Gannon J. P. officiating.

NECROLOGY.

ARRINGTON.—At the residence of Aaron Rose in this city last Sat. night S. Allen Arrington, born in Douglas county and aged about 30 years.

Mr. Arrington was well known in our county and by all recognized as an upright and worthy citizen. He died from an affliction of the throat which involved his lungs and hasted his untimely and much regreted demise. Mr. Arrington was married about four years ago to Miss Rose Lyons of Scottsburg, her father being the first editor and proprietor of the first paper, The Umpqua Gazette, that was printed in Douglas county. To Allen Arrington and wife was born a little girl, who only lived a few months, and was transplanted to worlds on high. Mrs. Arrington weeps sad and lonely for her departed husband, but she has the sincere sympathy of the whole community. The deceased was a brother-in-law of Uncle Aaron Rose at whose house he died. The A. O. U. W. went to Fairview cemetery and buried the remains of their brother, followed by many friends and relatives last Monday, Rev. J. R. N. Bell performing the religious services. Let the inmate of this tomb sleep peacefully until the dawn of the ressurrection.

NOTICE.

Notice is hereby given, that any person, carrying fire arms found trespassing on my premises, will be prosecuted to the fullest extent of the law. E. M. MOORE.

Circuit Court in session this week.

More improvements in Roseburg.

The sidewalks are in need of repair in many places.

The sunshiny days and growing grass are lovely blessings at this time of year.

Hon. J. C. Hutchinson was on his way south this week, looking after some rich mining interests that he has.

The McClallen House is more or less crowded all the time. Why? Because he beds well, sleeps well, and uses printers ink.

Colored Masons.

SPRINGFIELD, ILL., Oct. 19.—The Grand Lodge of Colored Masons of this State is in session here, with an attendance of fifty-five members. The order in the State has about forty lodges and a membership of 900. Grand Master Moore's report shows a steady increase and general improvement of the order in this jurisdiction.

Mexican Revolution.

NOGALES, A. T., Oct. 19.—Another revolution is impending in Mexico. The scheme is to consolidate the adversaries of the present administration, create a new party, make Diaz Dictator for ten years, elect a new Congress and frame a new constitution.

Brace Up.

You are feeling depressed, your appetite is poor, you are bothered with Headache, you are fidgetty, nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whisky, and stimulate you for an hour, and then leave you in worse condition than before. What you want is an alterative that will purify your blood, start healthy action of Liver and Kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find Electric Bitters, and only 50 cents a bottle at Marsters & Co's Drug Store.
