DOUBLE MURDER.—The old Indian Umpqua Joe was shot by his son-in-law near Galice Creek last Friday, and Joe staggering under the effects of the fatal wound went and got his gun and shot his son-in-law dead in his tracks. Joe died in a few minutes afterward. Umpqua Joe was a great friend to the whites in an early day.

NOTICE.—Preaching at the Methodist Church next Sabbath at 11 o'clock by the pastor, and in the evening songs and short addresses. Prof. Homer will conduct the song services and deliver a short address. There will also be addresses from Hons. B. Herman, J. C. Fullerton and others. A collection will be taken for Missions. Preaching at Pine Grove at half past 2 o'clock P. M.

AN ELOPEMENT.—At last accounts yesterday, the public school at Stayton was in an assistant teacher. The school was taught by Prof. T. J. Clark, and locally Geo. Cooper was assistant. On Saturday, George Kerns, a young contractor at Stayton, left town, and Miss Cooper was soon after found to be gone. It is supposed they were married at one of the neighboring towns.—Statesman.

THE BOOKS FOUND.—The books of the late W. F. Owens have been found, and are now in the hands of the administrator C. W. Johnston. These books will prove a great benefit to the administrator in the settlement of this estate, and without which he could scarcely have made satisfactory adjustments. Some of the cattle and sheep belonging to the estate was sold under a chattel mortgage last Saturday, and brought fair prices. Mr. Johnston is handling this business as well as could be reasonably expected in his confused state.

PURIFIED ORANGES.—Last Tuesday Mr. J. L. Stewart, of Carlton, was in town and showed us a curiosity in the shape of purified oranges. Mr. S. is having a wild dog on his farm, and when down about forty feet, discovered pieces of iron rattles, and near the tree was found several oranges, from the size of a marble to a full sized orange. The large orange is very perfect, has the marks of a rough orange peeling. Mr. S. has a man working for him who has worked a great deal in an orange county, and says that they are perfect oranges.—Lafayette Register.

LARGE LOCOMOTIVE.—The Spokane Falls Review says: Yesterday the largest locomotive on the Northern Pacific road passed through the city on the way to the Cascades, to be used in drawing trains over the switchback. The machine is a monster, nearly three times as large as the common locomotive. It weighs ninety tons, has ten wheels and looks almost as long as a passenger train. It is a powerful piece of mechanism, and is doing good service running over mountains. A few more weeks will see connections closed between eastern and western Washington territory.

CHURCH SOCIABLE.—The ladies of the Episcopal church of this city, gave one of their pleasant entertainments at the residence of Hon. A. C. Jones on Wednesday evening, which certainly did much credit to all concerned, and especially to Mrs. A. C. Jones whose pleasant voice could be heard from room to room. The large company felt happy and at home. The tables were filled with all the good things which the ladies know so well how to prepare, and you may rest assured that the guests took as much of the good things as they could conveniently carry. Hon. J. H. Shippe represented the "Oakland Enterprise" and enjoyed himself hugely, he said that he would do the party justice in his paper if he had to sit up all night. Ask us again ladies.

TEACHERS' DISTRICT INSTITUTE.—State Supt. E. B. McElroy has announced that the Teachers' Institute for this judicial district will be held at the city of Eugene on the 28th, 29th and 30th of December. As the state superintendent has wisely appointed a time during holidays when all teachers who desire may attend the Institute, it is but right that that professional body of Douglas county be well represented at this annual session. Since there is considerable musical and literary talent in Roseburg, our young people would do well also to attend the gathering. The fare to and from and while there is but a little more than half that usually charged, and one thing is assured, that the time will be both pleasantly and profitably spent. Eugene city is rapidly attaining the reputation of a leading educational city, and those who can go there on this occasion will never regret having done so.

Young ladies ought to make good printers. They feel "justified" in "making up" a good "form" in order to give a good "impression." They have nice "fits" well set "heads" and good "figures." And are usually rather "dash-y" and fond of two ortho-cen-braces.

The Roseburg Plasterer says that the late elections show that the republican party is one of intense vitality. Of course it is. We know of no one who disputes it. If proof were lacking, no more would be needed than that which occurred in the New York Custom House the other day, when Louis Bieml, a republican inspector, attempted to assassinate United States Surveyor Beattie for discharging him from an office he has held for twenty-five years. Yes, it is a party of vitality—for the offices.—Albany Democrat.

While passing Sheridan Bros. establishment on Monday last our attention was called to a Young American Feed Mill then in operation, and we were considerably surprised at the ease and rapidity of its grinding; wheat, oats, barley and corn on the cob were ground at the rate of ten bushels an hour with one small pony attached to the machine, and the grain was chopped as good as any we have seen. It is a great success and should be found on every well regulated farm.

It is rumored that the present supply of water for the new tank is not sufficient, and water will be carried from the Calapoosia at Old Town by means of a pipe, surveyors have been engaged two days surveying a suitable route.

At the Old Town spelling school Thursday last Miss Westenhiser carried off the laurels, this school is worthy of notice being the best that has ever been in the district, the next quarter will be a free school under the present management cannot be a success.

The monthly exercises at the Old Town school consisting of declamations, essays and select reading, took place last Friday evening, the pupils acquitted themselves very creditably, the teachers both master and Miss Finster rendered her declamation in a fine style. Prof. Boggs address was a master piece showing fine elocutionary powers.

NOT SO BAD. An enthusiastic supporter of the Administration who has been investigating said recently regarding the majority which the Democrats have in the 50th Congress: "The Administration has won a great victory, for it has held control of the House despite the obstacle which the giving of the offices has created. This is the only instance in which a Democratic Administration has, since Van Buren, obtained a majority in the House in its second Congress. Polk lost the House in 1846, Pierce in 1854 and Buchanan in 1858. The opposition has not fared much better. Tyler lost it in 1842, Fillmore in 1850, Grant in 1874, Hayes in 1878 and Arthur lost in 1882. Lincoln carried the House in his second year, but the South was not represented in that Congress, and in the election of 1862 Lincoln suffered for more severely than the present administration has at the late election. Grant held the House in 1870 but lost it by a decided majority in 1874. Cleveland is the only Democratic President since Van Buren who has held a majority of the House in the Congress which was chosen during his second year."

Signal Service U. S. Army. Division of the Pacific coast, San Francisco, Cal., Nov. 1886. Rainfall.—The amount of precipitation has been above the average northwest of a line including the Humboldt valley in Nevada passing through Sacramento and thence to Monterey, except near Puget sound and the lower Willamette valley. In Southern California and in the San Joaquin valley less than the average has fallen. From the 4th to the 9th rain fell in showers as far south as the northern California boundary line and on its northwest coast. From the 12th to the 19th a rainy period prevailed over Oregon and Washington Territory, and during the 16th and 17th extended into California south to Merced county and on the coast south to San Francisco. During the 22nd and 23rd light showers fell as far south as the upper Sacramento valley. From the 27th to early on the 31st rain occurred from the lower Salinas valley and in the San Joaquin valley near Lake Tulare, northward in heavy showers. In southern California the fall has been the 10th, and from the 29th to 31st but not in measurable quantities except at San Diego the 31st.

Temperature.—About the thermal mean has been maintained except in California and Nevada when it has been from 1 to 5 degrees below it. At Los Angeles and Sacramento it has been 4 degrees and at San Francisco 2 degrees below. Warm periods occurred in Washington Territory, and Oregon 13th to 31st and 25th and cool the 10th, 20th, 29th, to 31st. General conditions.—The absence of frequent and severe drying north winds, the easily extension of rain as far southward, the cool weather, the presence of heavy rain storms in Arizona, the existence of fogs and the rapidity of weather changes, would from analogy with past seasons appear to be fore-runners of a reasonably cool, wet winter.

BRINGING GLADNESS.

To millions, pleasing their palates, and cleansing their systems, arousing their Livers, Kidneys, Stomachs, and Bowels to a healthy activity. Such is the mission of the famous California liquid fruit remedy, Syrup of Figs, 50c. and 1 1/2 bottles for sale by S. Hamilton.

COMMUNICATION.

ED. REVIEW: Having made the necessary rounds of this end of Douglas county, and feeling that perhaps you would like a line or two for this week's issue, I will proceed to give you a synopsis of my trip. I will leave the beautiful village of Drain, which is so well and favorably known to each and every resident of Douglas county, to a future letter, and will proceed at once along the beautiful banks of the Umpqua leading from Drain to Scottsbluff. Leaving Elktown where we stopped, we proceeded along the banks of the river dotted here and there with orchards loaded down with every known variety of fruit, and farm houses showing the good taste and thrift of their owners, who are no doubt as happy as their surroundings would indicate. And at last but by no means least, the noble Umpqua stretching out as far as the eye can reach like a giant mirror reflecting the mountains with their immense growth of timber on one side and the cottages with their beautiful lawns on the other.

There is no part of Oregon through which I have traveled that can at all compare with this section, for magnificent scenery and all that go to make life enjoyable.

We are now at Scottsbluff stopping at the Scottsbluff House kept by W. K. Patterson who never tires in catering to the wants and comfort of his guests. This is a very busy place at present. This river being lined with fishermen who are daily sending boats to the cannery at Gardiner loaded down with fine salmon. It would do you good to come down here and see the immense quantity of fine fish pumping about in the water in their play which would remind you of recess at the Roseburg school. The business portion of each of the towns through which I have passed, will of course be left for the New Year's number as will also the city of Gardiner and its varied interests. I must not forget, however, to acknowledge the kind reception given me by Dr. Mackey, who never tires in his efforts to make THE REVIEW agent at home. Your efforts to make this portion of Douglas county known to the outside world, is appreciated by the citizens of both parties, and they will aid you in your undertaking. E. F. WALSH.

BORN. FRENCH.—In this city Nov. 18th, 1886, to the wife of N. S. French a daughter.

DIED. OXON.—On Deer Creek Nov. 13, 1886, to the wife of B. Dixon a son.

MARRIED. JAMES KINCADIE.—In this city at the residence of W. A. Snick Nov. 18th, 1886, Lester James to Miss Rose Kincadie, Rev. W. A. Snick officiating.

SINGLETON, CHAPMAN.—THE REVIEW is never so much pleased as when writing marriage notices. We had one written for ourselves several years ago, consequently we feel kindly toward those who have gone and do likewise. In this instance the contracting parties were W. L. Singleton and Susan E. Chapman of East Umpqua, who were united in the holy bonds of matrimony at the residence of the bride's father, Mr. John Chapman, by Rev. W. A. Willis. Several parties from this city attended the wedding and court as having a grand time. We wish the young couple all the success that the market affords.

NECROLOGY. WHITSETT, J. J. Whitsett was born in Lafayette, Mo., December 17, 1827. Died Nov. 12th, 1886, aged 58 years, 11 months and 5 days. He came to this coast in 1849, and was married to Miss Nancy Dodson, January 2nd, 1856. To them were born ten children, one died a number of years ago, and the remaining nine were all present at the funeral services. The largest funeral procession we ever saw on Deer Creek followed the remains to the cemetery. Rev. J. R. N. Bell conducted the services. A more sorrowful service the writer never held. About two months ago we buried the mother and last Saturday we buried the father, leaving the nine children truly orphans. Their ages range from 8 to about 25 years. The entire congregation felt profoundly the sad surroundings, and will do all they can to protect and assist those children that are left without that parental guidance they so much need. Bfo. Whitsett has been a member of the Southern Methodist Church for many years and was a faithful member. Douglas county has lost a good citizen, the devoted member of the church, a kind neighbor and the children a devoted father. In this dark hour may all look to Him who is willing to cheer the broken heart.

COUNTY COURT. In the matter of the bridge across Pass Creek near Drain \$350 was allowed the contractors that being the contract price. R. L. Shelly was appointed Justice of the Peace for Pass Creek precinct.

In the matter of the applications of a volunteer militia company of Douglas county Or. for arms and accoutrements made to the Judge in vacation. The Judge disapproved and denied for the following reasons to-wit: that an organized Co. in Douglas county is unnecessary for the protection of life and property, or for the enforcement of the law. Therefore we C. A. McGee and John Apple of the Douglas county militia approved of the actions of the Judge for reasons stated, and that we deem the expenditure of \$500 per year a useless waste of county funds.
