CALAPOOLA ITEMS.

Call at THE REVIEW office and get your blank deeds and mortgages with the note printed in the mortgage. All kinds of blanks on hand cheap. Call and see us before purchasing elsewhere.

Isadore Wollenberg of Canyonville, and Simon Selig of Myrtle Creek, both looking bright and joyous were in Roseburg Tuesday purchasing a large stock of dry goods from Chicago druggers.

The officers of Mirror Lodge No. 57 I. O. O. F. were installed in form of Paul Grand, M. Dillard Jan. 2nd, 1887. David Genot, N. G.; J. J. Strait, V. G.; David Noah, Sec.; Wm. Cochran, Treas.

Mr. H. G. Knott, who has been spending the month in our city returned to his home in East Portland last Saturday. He was accompanied by Mrs. J. Jaskulek, Messrs Jones, Hermann and Langenberg.

Roseburg people are becoming quite sociable. Last Wednesday evening Leon Jones entertained a few friends at the residence of his mother, Mrs. M. F. Jones. An enjoyable time was had by all present.

We had the pleasure of seeing Messrs Hurd and Gannon while at Corvallis. Mr. Hurd is in the plumbing mill business, and Mr. Gannon is in charge of work on the O. P. R. R. Both are well and handsome.

That \$3.00 that was left on the counter the other day by one of our merchants and picked up by a slippery fingered chap was a bold piece of petty thievery. The fellow is spotted, and will regret his work before 50 years roll around.

W. B. Hammett of Oakland was in Roseburg Tuesday, and informs us that he and Willis Young will start a new hardware, tinware, etc. etc., establishment in Oakland at an early day. Farmers look for low prices, and good meat.

"WE MEAN YOU" when we say every body can get more for his money at J. Jaskulek's than at any other house in Oregon. He offers great bargains from a solid gold watch and chain down to a five cent tin pan, and see him and make him prove his assertions.

The Ashland Woollen Mill Co. during 1886 sold \$55,944 worth of manufactured goods. \$27,445 was spent for wool; dyestuffs, \$2,075; \$588; 15,000; \$598; wages, \$10,703. This shows a good margin for a dividend. The stockholders are well satisfied with it.

Total depth of snow, melted to 12 inch snow Feb. 3d, 19 inches. Amount melted 3 1/2 inches. Ten inches of snow, unmelted are usually equal to 1 inch of rain, but as the snow fell for the past 30 hours has been very moist, more rain or precipitation is represented.

Dr. Dunaeh is turning out some beautiful and tasty work for the new Masonic hall, an arch, three pedestals, an altar, columns, and other appropriate bustures that when complete and placed in the new hall, the fraternity can safely say that they have the finest hall in the state.

ROSEBURG, OR., Feb. 3, 1887. F. M. Cutp was suspended by the committee of investigation, and will be tried on a charge of gross immorality at the quarterly conference, to be held in Roseburg March 5th, 1887. E. G. MICHAEL, Presiding Elder.

Hurray for the Oregon Centinel. It comes out this week in a complete new dress. Bro. Langell certainly deserves much credit for the marked improvement in his paper during the short time he has had control. The Centinel is the only outspoken republican paper in Oregon south of Roseburg, and receives much of its support from democrats.

The Knights of Labor Grand March by J. V. M. is a bran new composition in which we take much pleasure in recommending it, has a sweet and pretty melody from beginning to end and is decidedly one of the most elegant Marches we have seen for a fine year. Price 40 cts., det. 50 cts. J. G. Fisher, publisher, Toledo, O.

That Myrtle Creek "Old Maid" correspondent in the last week's "Hainlecker" refers to a lady "preferring to Weaver way throughout the world to Beans," is a little off the track perhaps. "Old Maids" know a good deal, yet they do not know everything even what is going on in Myrtle Creek. Be sure you are right, and then go ahead.

JOHN H. YATES, of Davis, N. Y., says: "I cheerfully commend YOUR AROMATIC WINE; It did new life and vigor send Through this weak frame of mine. It did for all my stomach ills. More than the doctor and his pills." For sale at Marster's drug store.

The damage in turn to the houses was great last Thursday. The man that sustained the greatest injury of all, and more than all included, was City Sleazem. His fine opera house in the upper story spread at least two feet, four of them on the cross bars breaking. We did not intend to report on this accident, but as we go to press we find that more damage was done than at first supposed.

During 1887 there will be four eclipses two of the sun and two of the moon, as follows: February 7th and 8th, partial eclipse of the moon; visible entire to North America and the Pacific ocean, and more or less to South America, China, and Australia. At Portland the moon will enter at 2:11 p. m., the middle of the shadow at 1:03 p. m., the middle of the eclipse will occur at 2:11 p. m., moon leaves the shadow at 3:19 p. m., and the penumbra at 4:32 p. m. BLAINE PUSHING HIS CANDIDACY. PHILADELPHIA, Jan. 27.—The Times Washington special says: Senator-elect Blaine has been in close conference with a few prominent republicans of the house, and has promised them with the emphatic announcement that Blaine has not only formally announced himself to certain leaders in New York as a candidate for the presidential nomination, but with the consent and co-operation of those gentlemen had already commenced the work of securing the New York delegation. Senator Hiscok admitted substantially that his own election is due to friends working upon the supporters of Morton, with that gentleman's assent, and by arrangement with the clerk rooms were scenes of great confusion and the drawing room was so jammed that the stairway was crowded for hours with ladies trying to reach or return from it. There was so much confusion that ladies lost their wraps and gentlemen their overcoats and they had to go to the legation this morning to see if they could not be recovered. In the drawing rooms were jammed with people, many handsome ornaments were broken, and others are missing; but the most disgraceful scene was in the dining room, which was the position of early in the evening, as soon as the doors were opened, by a well-dressed maid and occupied with the table were cleared.

John Kerley is freighting his dried fruit to market leaving purchased Mr. Jackson's half interest. He is sole owner of 5000 pounds which is worth \$5000. "Junio" foreman Gross wishes us to inform you that the completion of their roadway by March 1st, will prevent their assisting Mr. Bartram with their enterprise.

Rumor says there is a wedding on the tapis to take place soon, we are actually surprised knowing the contracting parties, and surmise when the event transpires there will be a grand surprise somewhere else.

We are sorry to say that A. C. Gross has been compelled to put locks on his field gates in order to keep them closed. Persons passing through any one places should by all means leave them as they found them.

A. E. McGee had occasion to use sheep dip on his Vermont dogs, five in number, which he highly prized, they being afflicted with the "mange" the sheep did not cure the poor dogs, but to Enslays sorrow, killed every dog.

Parents who reside along the public high way should train their children to use slang phrases to all persons that may pass by for it looks nasty, we have no such naughty boys or girls in Calapoola but we hear they have them in other neighborhoods. Parents reading this item please bear in mind that a "thin" in all cases should be sufficient.

This section of the country is badly in need of religious services once a month at any rate. Our people have been footed all winter, gathering at the church house to listen to different gospel expounders, but the divines fail to put in an appearance according to appointment. It apparently seems to us at this stage of the nineteenth century that ministers can manage to preach in cities and towns where they can walk on planks but cannot venture out in the country for fear they might get some of the potsh Elected out from their broadcloth.
