

ROSEBURG REVIEW  
FRIDAY, MAY 27, 1887.

DEBTISTRY.—Dr. C. A. Bonham of Roseburg will be at Myrtle Creek from May 31st until June 4th.

A GOOD MILCH COW WANTED.—Anyone having a good milch cow for sale, call at the boot and shoe of L. Langenberg, in Roseburg, and you may strike a trade.

A GOOD WOOD.—An extract this week from a letter received from California reads as follows: "I read the Review with a great deal of pleasure. Read it carefully, even to the ads."

TAKE NOTICE.—All persons having any business with this paper will always direct their communications to "ROSEBURG REVIEW," and not personally to any member of the firm. This observed, will prevent the delay of correspondence.

A GOOD LEADER.—From Frank Ogger Esq., who has just returned from the Gravel Creek mines, we learn that Homer Harkness has the finest quartz ledge in Southern Oregon. The ledge is 20 feet in width and prospects well all over the ledge. It is possible that our precious mineral resources are just beginning to be found out.

TO HIS HOME.—L. F. Conn. A. B. 36, W. U., returned to his home in Roseburg last night, after having spent the past winter in the law office of Gen. H. Barnett, in his home town. Mr. Conn. was called home to look after his business interests in Douglas county. His genial face will be missed by his many friends in this city.—Salem Statesman.

SETTLED DOWN.—The public opinion is quickly settling down in the belief that Mrs. Buckner did commit suicide. Letters to her husband found in her trunk since she came home, and some other marks make a suicide possible. Yet there are some circumstances that are hard to reconcile with the suicide theory.

MUCH GOOD READING.—The Review is \$2.50 per year, the San Francisco Weekly Examiner \$1.50 per year, and the Sunday Examiner \$1.50 per year making \$5.50 per year for all three papers. Now if you will send this office \$4.50 in cash we will send you all three papers for one year, or you can have the Review and Weekly Examiner, for one year for \$3.25. Send along your subscriptions at once.

THE LEAGUE.—The League was called to order by the president. After reading the minutes of the previous meeting we listened to Mr. G. W. Genger who spoke at some length. Mr. B. F. Rupp was then called for who gave us a short address. Mr. Benjamin also gave us a short speech. Col. John Lane was elected president to fill the unexpired term of Mr. Benjamin. The meeting adjourned to meet in two weeks.

THE FOURTH OF JULY.—The immortal Fourth of July comes on a pace. The bugler blows, the little boy thinks of fire crackers, the little girl of her ribbons, the big girls of her beads, the patriot thinks of the revolution, and the newspaper editor, what does he think about poor fellow. His thoughts are unstrung, he has hung his harp upon the willow, and to revive his drooping spirits, some may offer him a glass of lemonade or soda water.

PUBLIC AUCTION OF HORSES.—There will be offered for sale to the highest bidder, at Joe Carlton's stable in Roseburg Oregon, June 4th, 1887 at 2 p. m. The following described horses, formerly owned by N. Corbett. One team gray work horse weight about 2500; one brown mare weight about 2000; two 3 year olds (one mare, one gelding) one yearling (mare). Terms approved notes due Oct. 1st, 1887, with interest at the rate of 4% or 10% off for cash.

FOUNTAIN.—The Pacific University has adopted the following phonetic spelling: First one "f" from the diphthong "fe" when pronounced as a short, as in he, hell, etc. Second, omit silent "e" after a short vowel, as in lav, gift, deficit, infinit, forbad, etc. Third, write "i" for "ph" in such words as alfalfa, fannon, camellia, filosophy, telegraf, etc. Fourth, when a word ends with a double letter, omit the last as in shal, wit, cliff, eg, etc. Fifth, change "ed" final to "t" where it has the sound of "t" as in lash, imprest, fat, etc.—Ex.

HARD NAMES.—The name of Chemekete or Chemeketa, as you will have it, is not very hard for old residents of Salem, any more than are the names Waunukium, Clagato, Puyallup or Snohomish to old residents of Washington territory, but I have seen strangers run up against this name, and wonder what it is, and give up in despair with a lame jaw. The other day a drummer from Okhokh, Michigan, arrived in this city. He had been given the name in sections by a fellow traveler, and had uttered faintly, after having nearly choked himself to death. So when he got off of the train, he interrogated a native as follows, to wit: "Say, where's that d—Injun hotel?" He meant the hotel with the Indian name.—Salem Statesman.

SCHOOL MEETING.—The called school meeting for last Monday was very well attended, 60 voters present, and every one in favor of a school house to cost from \$10,000 to \$14,000. Also a 5 mill tax was voted for the taxable property of this district, to raise the first third of the \$14,000 which was voted for the new school building. \$250,000 was made the basis for this levy, but it is hoped it will go much higher. We believe a good house can be built for ten to twelve thousand dollars to entirely meet the school expenses of the case in this district for a number of years to come. General good will prevailed, and no difference of opinion was manifested except upon the price of the building. This augurs a brighter day for Roseburg.

SABBATH SCHOOL CONVENTION.—On last Sabbath morning the M. E. Sabbath school appointed the following delegates to attend the Sabbath school convention that will meet in the Presbyterian church of this city at 2 o'clock Friday, June 4th: Supt. H. C. Stanton, David West, Lillian Johnston, Mrs. Godfrey, Schiller Hermann, Mrs. J. Howard Benedict, M. O. Wimberly, Jennie Snyder, Mrs. G. W. Keatney, Miss Eliza McFadden, Frank Clements, Miss Mignon Crawford and Wm. Alexander. Each Sabbath school is entitled to one delegate over ten pupils; and every Sabbath school in the county should be represented.

GENERAL TELEGRAPH NEWS.

THREE BODIES FOUND. One of them supposed to be Pete Olson, the Murderer. HURON, May 20.—News reached this place last night that the bodies of three men were found two days ago by the Miller brothers in Antelope valley, forty miles south of here and seventy miles north of Bakersfield. The Miller brothers found them while going from their sheep camp to their ranch house. They searched their clothes and found \$4.75 in cash. After the search they posted notices near the bodies, reading as follows: "We found these bodies, and have their money. MILLER BROTHERS."

From appearances the bodies had been lying there three or four days. The supposition is that one of them is Pete Olson, as he was seen two weeks ago in the foothills this side of Antelope. The bodies are still on the spot. The coroner of Kern county has been notified. The cause of death is not known.

SUCCESSFUL TRAIN ROBBERY IN TEXAS. GALVESTON, May 19.—A News San Antonio special says: The north-bound express on the Missouri Pacific railway, which left this city at 10 o'clock last evening, encountered a gang of train robbers about 10 o'clock, at McNeill Station, twelve miles north of Austin. As the train slowed up at the station, robbers to the number of twelve or fifteen fired several volleys to intimidate the passengers. The train was held up for nearly half hour, after which it allowed to proceed. The doors of the express car were forced open, and about \$4000 taken. The messengers were compelled to throw up their hands, and were ordered to hand over the cash and registered packages. Postal Clerk Spaulding says he distinctly heard the order given by the leader, "Don't touch any of the passengers, and don't shoot any of our men." The messenger also says that he believes the men were green hands in the business.

THREE WRECKERS. Wreckage and a Dead Body Sought—A Search for Treasure. PORT TOWNSEND, May 20.—Capt. Williams of the tug Tacoma reports the schooner Teazar having passed on Tuesday off Quillite, about fifteen miles south of Cape Flattery, a large amount of wreckage, apparently part of a schooner, and entangled among it the body of a red-headed man. There was a heavy wind at the time, and the Teazar could not get near enough to the wreckage to identify it or recover the body. The schooner Active was seen about 100 miles west of Cape Flattery, bottom up. The schooner Angel Dolly, bound north, will cruise for her, as she has \$5000 in her safe. The Active has been missing for sometime; was a sealer and belonged to Victoria.

The U. S. revenue steamer Wolcott is preparing for a cruise off the coast of Vancouver in search of a wreck reported there, supposed to be the St. Stephen.

THE SEAL CATCH. Sealing off Cape Flattery, which has been a failure so far during the season, is now in progress. Several vessels have arrived in Neah bay from the cruise with large catches. Seals are coming closer to the cape than ever before, in myriads, and the weather has settled so that sealers can operate. A large catch is expected before the season closes.

HEAVY FIRE AT BUTTE, MONTANA. HELENA, May 22.—Fire originated in a saloon in South Butte last night and destroyed the entire block in which the saloon was situated. J. E. Richards's oil war house and Shulley's grain war house were also destroyed. Loss, \$75,000 insurance, \$46,000.

SEEKING HIS ERRING CHILD-WIFE. OAKLAND, May 22.—A young man about 20 years of age, who gave the name of C. S. Carson, called at police headquarters to lay claim to a young woman who he said he had just arrived from Portland and had come down on purpose to take his wife back with him. The girl, Etta Carson, is only 16 years of age; and left her husband at Portland to join the Salvation Army. When she arrived in this city the girl deserted the Army, and she was finally arrested for vagrancy. Her husband says her people are very well connected in Portland. He will take his wife back with him on the next steamer.

KILLED BY HIS FATHER. STOCKTON, May 22.—A farmer named Gibson, living on the upper division of Robert's landing, shot and killed his 13 year old son, Desmond, last night, mistaking him for a coon in high grain. Gibson had killed a dove that dropped in the grain, and seeing an object moving toward the bird supposed it to be a coon, there being many about the place, and he fired the second barrel. The boy had been hiding in the grain, and his father knew nothing of his presence, supposing him to be at the house. The charge entered the boy's breast, and he died in two hours after receiving it. The father is now in prison.

DISASTROUS COLLISION AT SEA. Several Steamer Passengers Killed—Both Vessels Seriously Damaged. NEW YORK, May 22.—Thursday, May 19, at 5:20 p. m., while the weather was calm and smooth, the British steamer Celtic, of the White Star line, from Liverpool, came into collision with the British steamer Britannic, of the same line, from New York for Liverpool, striking her on the port side, and doing considerable damage. The Britannic's boats were lowered and filled with women and children from the cabin and steerage, in an orderly and expeditious manner. It is to their shame that several men forced themselves into the boats. Meanwhile an examination was made, and it was found that the Britannic was likely to founder, such boats as were in hail were recalled and their occupants received on board. The others had boarded the Celtic. A pad was made and placed over the hole in the Britannic's side, and she was turned about toward New York, having arranged with the Celtic to keep company.

The saddest and most deplorable result of the accident is, that several steamer passengers who were lounging about at the time of the collision were killed, and several others injured. Both vessels, accompanied by the steamship Marengo (British), from Swansea for New York, and the British Queen (British), from Liverpool for New York, arrived at the harbor at 1 o'clock this morning. The above report is from the purser of the Britannic, who refused any further information. Some steamer passengers from the Britannic are stopping at the Miners Arms, hotel, No. 2, Front street.

Both steamships are anchored off the bar, being detained by fog. The Celtic's bow is stove in, but otherwise the vessel is not damaged. The Britannic's compartment is full of water. She will reach her dock about 8:30 p. m. One report says a man and three women were killed, while another says the victims were one woman, one child aged 13, and five men.

ECCLIASTICAL.

THE PRESBYTERIANS. Proposal to Raise a Million-dollar Fund for Santa Ministers. OMAHA, May 21.—The third day of the General Assembly of the Presbyterian Church of the United States opened at 9 o'clock with an hour of devotional exercises. The question of a consolidated magazine was made the special order for Monday. Among the communications referred to appropriate committees were the following subjects: Organic union with the Southern Church, abolition of the Committee on Temperance, amending the confession of faith relating to the spiritual character of the church, dissipation of the property of dissolved churches, publication of the names of the Evangelists' Church Union and the best means of amending the constitution. The Committee on Overtures reported upon the overtures from several Presbyteries that some action ought to be taken with reference to an organic union between the old and south churches. The committee introduced a resolution which had adopted, that is the assembly had yesterday taken an affirmative action on the same subject the matter need not be further attention. The report was adopted. A resolution was adopted that no executive officer or employee of the publication board, or a member of any other benevolent board of the church, shall be a member of the board of publication. The resolution was adopted that the board of publication shall consist of four ministers and four ruling elders who shall be elected one year, four ministers and four ruling elders to serve two years, four ministers and four ruling elders to serve three years, and four ruling elders to serve three years, and each succeeding general assembly shall elect four ministers and four ruling elders to serve three years thereafter. The annual collection in the churches for the benefit of the board shall hereafter be known as the collection for Sabbath school work. Adopted.

Another department and publishing work shall be in another department under the editorial and publishing superintendent. Adopted. Rev. James A. Worden was appointed superintendent of the Sabbath school and missionary work; Rev. J. R. Miller, editorial and publishing superintendent; John A. Black, business superintendent. The secretary of the board, who shall be the chief executive officer, will be selected hereafter. The board shall be organized June 31, 1887. The report of Dr. Phares of Sing Sing stated that the maximum amount afforded nearly ministers was \$3000, the average amount being less than \$200. There has been paid into the treasury during the year \$136,323, an increase of \$16,000 over the previous year. The Perth-Amboy (N. J.) Ministers' Home is accommodating about thirty ministers. Relief has been given to foreign missionaries. Renewed energy in the cause of aiding aged ministers was recommended. There are fifty-five more families on the relief roll this year than last year. Nevertheless a good showing was made, with a good working balance of \$21,000. Dr. Cattell of Philadelphia, who spoke eloquently on this subject, urged a great effort to raise \$1,000,000 as a centennial fund for the support of the board.

Rev. Taylor of the Reformed Church, upon being introduced, stated that he had been delegated by the synod of the body to convey a brotherly greeting to the assembly and hoped that the lines of union would become more intimate between both churches. The moderator responded eloquently in the name of the assembly. The assembly then adjourned until Monday.

This afternoon the members of the assembly were given a drive about the city in carriages, furnished by the citizens. The line of carriages was the longest ever seen in Omaha. The ride was enjoyed by all. This evening a grand reception was given to the delegates. It was largely attended by the people of Omaha. To-morrow morning an evening the ministers will fill pulpits in nearly all the churches in Omaha, Council Bluffs, Lincoln, Plattsmouth, Fremont and other neighboring cities.

Last Sunday she told me she had been helping her husband make garden. If you want to live and grow strong get Dr. Miller.

That the pending Amendment to the State Constitution prohibiting the manufacture and sale of intoxicating liquors as a beverage is right in principle, just in its measures and in strict accordance with the spirit and genius of American liberty.

THE BOYS OF VULCAN.

Or The Two Blacksmiths of Roseburg. There were two jolly blacksmiths working in a shop And in their line of business they surely were not stop They'd shoe your horse so he'd gallop all the day But when they got a Mustang, the devil was to say He'd mar and twist about and hit the shooom o'er And often the blacksmith at the Mustang swore But master him he's bound to do, and soon the horse will yield.

And leave the hardy blacksmith master of the field If you have needs remedying take to their place And soon they'll put it all right, and make you a thorough-bred.

If your plow needs mending take to the Boys of Vulcan For in that line of business they surely excel the other If your tires require overhauling they'll do them up all right And round the felloes of the wheels the boys will be light.

If your axle-tree gets broken, they can weld it good as new And if you want any narrow teeth, they'll keep on And if you patronize "Old Vulcan's" they'll be as true to you as they'll be true to things they have to sell.

So good luck to Old Vulcan's shop the best one in the town By good workmanship and fair dealing they have got great renown.

Robert's Creek Reform Club. Robert's Creek Reform Club held a meeting May 21, 1887 at the Robert's Creek School House. Meeting called to order by the president, J. H. Whitsett and opened with a song by the audience, "Sweet Bye and Bye," after reading the minutes of the previous meeting Rev. T. P. Hayes speaker of the evening occupied the floor for over an hour ably discussing the question of prohibition of the liquor traffic bringing arguments to bear that would convert all those who sit on top of the fence, so as if prohibition does not prohibit why is it that the whifflites so bitterly oppose it? To plan to need any comment. The House was filled to repletion and the best of order prevailed. Visitors from Roseburg, Oakland, Oak Grove, and Myrtle Creek. It was decided to have the next meeting in the daytime on Saturday June the 18th at the Deer creek school house and have a basket dinner. A committee of five arrangements was appointed. A cordial welcome is extended to all in fact everybody in the country is wanted to be there with well filled baskets. A special invitation is extended to the Roseburg League.
