

ROSEBURG REVIEW
FRIDAY, SEPTEMBER 2, 1887.

SCIENCE AND INDUSTRY.

The latest Belgian invention of a locket is one threaded a little smaller than the bolt and cut through on one side, to give it a spring.

Spider silk offers little hope of a profitable industry. A season's work of a collector in India resulted in ten pounds of spider's webs at a cost of about \$16.00 in Bombay.

Yast deposits of brown and cannel coals have been discovered in Onachita County, Arkansas. It is easy coal to mine, and of superior quality for heating and steam-making purposes.

"Sand-paper" is now made without either sand or paper. Glass is pulverized and sifted on muslin, which is then covered with a coating of glue. It is better and more durable than the old-fashioned sand-paper.

Agriculture is, beyond question, the leading industry of our State, with more capital invested and more labor employed than all other interests combined; and it deserves and should receive the most generous consideration.

A noteworthy invention has recently been made by an English woman, Miss Heale, which is now on exhibition in London. It is a method of diffusing light through water, the effect being to render it much more brilliant and at the same time much softer. A light that throws its rays 140 feet can be furnished at a cost of 2 cents an hour.

The Age of Steel publishes a summary of the statistics collected by the American Iron and Steel Association in the nail trade. These statistics show that exclusive of railroad spikes and horse-shoe nails our total production of cut nails and cut spikes in 1886 was 8,160,973 kegs of 100 pounds each, against 6,696,815 kegs in 1885, 7,581,379 kegs in 1884, and 7,762,747 kegs in 1883. The production of 1886 was the largest the country has ever attained.

A device for protecting factory operators from accidents by being caught by swiftly-running wheels has been invented by Robert F. Penny, of New Haven. It consists in widening the shaft between pulleys with strings, spirally and rather loose, and then enclosing the shaft in zinc, or tin or other metal cylinder. The strings simply prevent any noise from contact of the shaft with the metallic cylindrical jacket. Should a woman get caught by her hair, it would begin to wind up on the jacket, which would instantly stop its motion, leaving the shaft inside to revolve, but without doing harm to whoever might be caught.

PUNGENT PARAGRAPHS.
Great hearts alone understand how much glory there is in being good.

A young man who has been jilted a half dozen times is going around town trying to organize a Love Insurance Company.

Nowadays only well-to-do ladies can afford to have maids to help them dress, but in the olden times every housewife had a dresser.

One of the largest and most perfect emeralds in the country has been presented to James Frank Morrison, of Baltimore. It weighs 63 carats, and is worth about \$3,000.

You deceive yourself, my son. You think you should like to know what people think of you, but you don't want to know any thing of the kind. In your heart of heart, you know you don't.

Procedure Amendment.—"To insert a member rising in his place may move." How can he rise without moving? Of course he can move without rising. But they'll never get on at this pace.

The Thoughts of Our Bad Boy.—"I hurt me worse than you, my lad. To punch you for being bad." The howling dog. "When did I bite you?" "Thanks, 'billy, don't I wish it had."

—Jones—"I don't like Robinson." Brown—"Why not?" Jones—"He said I was no better than I should be." Brown—"Well, are you?" Jones—"Of course I—well, that is—say, Brown, is anybody?"

"Papa," said a Chicago young woman, "at the concert I heard somebody refer to the tenor-ensemble. What kind of an instrument is that, papa?" Papa (not quite sure of himself)—"I think it must be French for trombone.—N. Y. Interior.

—How it happened.—Prisoner—"It's my family troubles, your honor, that are the cause of my getting thrummed." Justice—"What do you mean?" Prisoner—"Sure I used to take back the washing that the old woman did, and its her shameful carelessness in trusting the money to me that led me into temptation."

Our little niece, four years old, was visiting her grandmother. Among other things given her to play with was a large, old-fashioned cent. Maud took this up and viewed it meditatively for some time. Then she suddenly exclaimed: "Grandma, I've been thinking if they used to have such big cents as this, their dollars must have been whoppers!"

—Lady (in art store)—"Have you any paintings you can guarantee to be real old masters?" Proprietor—"We have a few, madam, that are well authenticated. What particular study or subject would you prefer?" Lady (a little undecided)—"Well, er, bit of Adirondack scenery, I think; or, if you haven't that, Niagara Falls in Winter will do."

LANE COUNTY FAIR.
The Lane County Agricultural Association will give its fifth annual fair Sept. 21, 22, 23 and 24. This society will give this year \$2000 in premiums and invites the competition of all especially of Douglas county. No charge for entrance fees except races and feed furnished free for stock on exhibition. The Society has the best half mile track in Oregon and has made a reputation for fair racing. Special rates on railroad. Send to J. R. Campbell, Sect. Eugene City for premium lists.

The Douglas county fair opens September 27th, and continues three days. Now don't say we didn't tell you when the fair would be held.

THE PROPOSAL.
"You've gone into business, have you not? I heard so from a friend; I'll call and see you when I've got some pin money to spend."
"I heard, too, you'd a lovely place within the city's heart."
Of trade, and that your store would grace the city's choicest part."
"I really hope you will do well; in fact, I'm sure you must!"
His eyes before her clear glance fell, So full of ardent trust.
"I know that you will never fail— What ever you may do; Your energy will never equal, 'Er victory's to you."
"You're very good, I've e'ry ground; For sope, I'm young and strong; But, then, I want a hundred pounds To help me get along."
"A hundred pounds?" her face grew sad; "Why, what are you to do?"
"I know," her eyes flashed bright and glad; "I'll ask papa for you!"
"Ah, no! the hundred pounds I seek Is not of soundly pelf; You said that was your weight, last week— I'll ask your pa myself."
—Boston Budget.

THE BRINK OF THE PRECIPICE.

The Slight Step that Has Proven Fatal to so Many Men and Women.
Recently Senator Pike of New Hampshire, while talking with a friend suddenly threw up his head, gasped, and without a word fell to the ground dead. General McClellan went out for a drive, came home and died in his chair. William J. Vanderbilt is conversing with Mr. Garrett of the Baltimore and Ohio Railroad in his own house, and suddenly falls to the floor dead. A prominent citizen of Boston hastens to catch a train at a depot, and dies before the train leaves the station. A well known lady of Hartford while dancing at a reception and faints, and before she can be conveyed from the room has ceased to breathe. There are few of the sudden deaths of which we hear, but the vast number of which we do not hear is thousands. Are they all caused by heart disease? Do the mysterious beatings of that delicate instrument, that works day and night without ceasing, stop of their own accord, and thus bring death at once?

Mr. Henry T. Dodge resides at East Providence, R. I. About six months ago he felt a shortness of breath, a peculiar faintness, and occasional shooting pains at his heart. He noticed that his pulse was irregular and would once in a while skip a beat. These symptoms were not continued, and some days he would feel as well as usual, but at other times he would be painfully aware that he had a heart that was diseased. Finally his wife began to feel the doctor's call, and he consulted a number of doctors. They all pronounced his trouble heart disease, but would not prescribe for him because they said it was beyond their reach. Mr. Dodge then went to Dr. George D. Wilcox, one of the best physicians in New England. After a careful examination Dr. Wilcox told him there was but one thing that could cure him, and to try that as a last resort. With but little hope Mr. Dodge consented. In two days the shooting disappeared, the pain departed, the pulse became full and regular, and Mr. Dodge is well and in perfect health to-day because Hunt's Remedy saved him.

Dr. Wilcox, in conversation with the writer on this subject, said: "In a careful observation of the attending circumstances I have found Hunt's Remedy in vast numbers of cases of an organic nature exceedingly efficient and acting very promptly. It is power is best illustrated in valvular heart lesions with dropsy, also in simple dropsy, and in a large number of cases of the heart without valvular disease. When the heart becomes weakened and unable to circulate the blood, Hunt's Remedy is so valuable that it has been in the habit of naming it 'Heart one out of five.' Tonic."

This is one of the ablest physicians in this country says about this wonderful remedy, which has won its way to such popularity solely on its merits. One out of every five men, women, and children has functional disease of the heart, and one out of every eight organic disease of the heart. This is a terrible fact, but a solemn fact, nevertheless, and it is cause for gratitude that a remedy has been found which not only checks the disease in time, but prevents its increase after the first symptoms are observed.

"A word to the wise is sufficient."

Your Children
Are constantly exposed to danger from Colds, Whooping Cough, Croup, and diseases peculiar to the throat and lungs. For such ailments, Ayer's Cherry Pectoral, promptly administered, affords speedy relief and cure. As a remedy for Whooping Cough, with which many of our children were afflicted, we used, during the past winter, with much success, Ayer's Cherry Pectoral. This preparation relieves the difficulty of breathing and invariably cures the complaint. David G. Starks, Chatham, Columbia Co., N. Y.
I have used Ayer's Cherry Pectoral in my family for many years, and have found it especially valuable in Whooping Cough. This medicine allays all irritation, prevents inflammation from extending to the lungs, and quickly subdues any tendency to Lung Complaint. J. B. Wellington, Plainville, Mich.
I find no medicine so effective, for Croup and Whooping Cough, as Ayer's Cherry Pectoral. It saved the life of my little boy, only six months old, carrying him safely through the worst case of Whooping Cough I ever saw.—Mrs. Malone, Finley Flats, Tenn.
