REV. T. P. HAYNES, Pastor.

THE LION AND TIGER.—Those animals were all that Barrett claimed for them, and G. A. Taylor's goods are just as he says they are, first class, fresh and juicy.

SAW THE CIRCUS.—A large crowd of country people saw the circus last Friday, and while in town did not fail to observe the large stock and low prices at J. Jaskuleks bargain store.

LOST.—Between Myrtle Creek and Roseburg a morocco bound Bible and a copy of Gospel Hymns. Any person finding them will confer a favor by returning them to the owner, W. A Smick.

WHAT THE CLOWN SAID.—The clown said some funny things but the fact that M. Josephson has the largest stock of clothing and merchandise and that it is going rapidly at marvelously low prices is equally amusing.

LOST.—On last Friday a purse was lost on the circus ground by Wm. Clifton containing $15 in greenbacks and $7 or $8 in silver. The purse was buckskin tied with a string. The finder will be suitably rewarded by returning the same to this office.

THE SHOW GAMBLERS.—While it is true that a number of our citizens were swindled out of their money by the gamblers at the show, it is also true that they always get their money's worth at Moore & Evans the peoples grocery store. You never get swindled there.

"JO-JO" ATTRACTED ATTENTION.—"Jo-Jo" the dogfaced boy, is a sure thing and just as represented, and so is the fact that Louis Langenberg, has everything in the boot and shoe line as well as cigars, musical instruments, toys etc., at low prices, and just as represented.

CHEAP BUT GOOD MEAT.—W. B. Roher & Co at the old stand on Jackson St. in Roseburg will sell meat for cash at reduced rates as follows: Round steak at eight cents a pound and all other meats in proportion according to choice. Good meats constantly on hand at the lowest possible prices. Delivery free to any points within city limits.
Roseburg, Sept. 7th, 1887.

ARTICLES FILED.—Articles were yesterday filed in the office of the secretary of state incorporating the Parrish Combined Header and Thresher Company, of Roseburg; incorporators, W. H. Parrish, John Aiken, W. H. Wheeler and J. C. Aiken; capital stock, $200,000. Also the Blue River Mining Company, with W. H. Delano, R. M. Day, Geo. C. Swift, Geo. A. Dorris, J. J. Walton, J. F. Starr as incorporators; principal office, Eugene City; capital stock, $100,000.

THE COMING BOOM.—Congressman Binger Hermann, in a recent interview with the reporter of the Albany Herald, said: "I speak advisedly when I say that within the next twelve months the boom which our neighbors in California are now enjoying will sweep over Oregon, and especially the older settled portions—the Willamette valley—bringing with it an era of business prosperity never before experienced in this state."—Statesman.

A GRIZZLY KILLED.—Lafayette Engles who lives near Mt. Scott went out to Crescent City a short time since on a hunt, and the first mistake he made was to kill a black bear which was in a trap however. The next episode was that he shot an animal, when it snaped at the wound and made for him, but the Oregon Dr. Carver levelled his Winchester at him and killed him instantly, and the animal proved to be a 14 year old grizzly bear and a pest to that country. Lafe shot five times on the trip and killed two bears and one deer. Good for Carver.

TRY HIM.—F. M. Gabbert an old resident of Myrtle Creek has again opened a general merchandise store. He has on hand and is receiving every freight a full line of Groceries, Staple, Fancy and Dry Goods, Gents. Furnishing Goods, Hats and Caps, Boots and Shoes, Tobacco and fine Cigars, Notions, Medicines and Perfumery, Tin and Hardware Goods, Ranch Goods etc. etc. He will keep constantly on hand a full supply of everything kept in a first class store, and at living prices.

JERSEY CALVES CAUGHT BY CATS.—S. F. Floed of THE REVIEW force we learn, will be called upon by the managers of the State fair to indemnify them for the loss sustained during the fair, by not carefully guarding the east gate of the grounds to which he had been appointed. It seems that one night about a half dozen hungry tom cats went out foraging, and spying the beautiful Jersey calves on exhibition, pounced upon them and ate every one of them up. We do not vouch for this story, but we certainly heard it, and Mr. Floed will explain.

THE LEAGUE.—The Roseburg League met at the court house last Wednesday evening, and the meeting was opened with prayer by Rev. D. T. Summerville after which Prof. T. F. Campbell was introduced as the speaker of the evening. He is a clear, logical and intelligent speaker and brought the subject squarely before the people, throwing the blame where it belongs and vindicating the right. The time of meeting was changed to Tuesday and Rev. D. T. Summerville was chosen to address the next meeting.

HALL OF UMPQUA CHAPTER No. 11, R. A. M.
Roseburg, Oregon, Sept. 20, 1887; A. I. 2417

WHEREAS, It has pleased Almighty God to remove from our midst our late companion, Charles B. Wilcox, and

WHEREAS, It is but just that a fitting recognition of his many virtues be had; therefore be it

Resolved, By Umpqua Chapter No. 11, R. A. M. that while we bow with humble submission to the will of Jehovah, we mourn the loss of our companion who was taken from us so suddenly and whose departure leaves a void that Time alone can fill.

Resolved, That standing before the broken column of so pure a life, we humbly submit ourselves to the will of God, and pledge ourselves to cherish the memory of our departed companion and also to practice the many virtues of his career from the time he was made a mason in the lodge below until he was passed to the sublimer degrees of the Holy of Holies above.

Resolved, That the heartfelt sympathies of this Chapter be extended to the young wife and children and the friends of the deceased in their affliction; and it is recommended that the members of this Chapter wear the usual badge of mourning for the period of 30 days.

Resolved, That these resolutions be spread upon the records of the Chapter and also that a copy thereof with a seal of the Chapter be transmitted to the family of the deceased companion; and that copies be sent to the REVIEW and Plaindealer for publication.

### *Public and Religious Schools.*

The report of the committee on education in the M. E. Conference at Portland at its late session, stated that, the reason of the failure of the Ashland school was, "No church school could exist in opposition to a public school of like ability." This is an admission that the people prefer a secular education for their children. It is a tacit acknowledgement also that religious teaching and training are falling into "innocuous desuetude." We venture the assertion that, the youth of Ashland are as moral, upright and virtuous as are they who are taught partly or wholly in sectarian schools.—Plaindealer.

Our cotem of late delights in thrusting at religion. The reason the Ashland academy fails, is because the public schools are *free*, not because they are sectarian. The Bro. seems to have a sour stomach, and on every occasion "belches" out some of his infidel acidity.

### *Explanatory.*

GRANTS PASS, Or., Sept. 13, 1887.

EDITOR REVIEW: I have written to Mr. James Dillard to forward to you two small boxes of fruit that was sent to the County fair, by Mr. M. Dean of Cow Creek valley, but failed to reach the fair grounds in time. Mr. Dean had intrusted the fruit to my care, but owing to a succession af accidents I did not get them there and I am anxious that Mr. Dean should have the notice that his fruit was entitled to. The apples are Holland Pippins, the large ones, and the "Haas" apple and Washington plums. I have written to Mr. Dillard to forward the boxes at my expense.

Very Truly Yours,
GEO. W. RIDDLE.

### *WASHINGTON CITY HAS A TEMPORARY DROUTH.*

*A Water Main Bursted.*

WASHINGTON, Sept. 17.—Another water famine is upon the greater portion of this city, caused by the breaking of a thirty-six-inch main, which supplies all of the city north of L street. This break is the most serious that has yet occurred, and it is feared that the northern part of the city will be without water for some days to come. The break occurred about 3 o'clock this morning, without a moment's warning, and with a loud report the water spouted up into the air on the side of L street, between Twentieth and Twenty-first streets. The column of water burst from the pavement with a roar that could be heard squares away. L street from the scene of the accident to Twenty-first was one great river of water, pouring along like a torrent, and deep enough to float boats. The damage to property is considerable, but this is as nothing to the inconvenience of thousands of citizens, and to the unavoidable disasters in case of fire. The public wells are exhausted at an early hour, and thousands of people with buckets in their hands were walking from place to place trying to obtain enough water to prepare their morning meals.

### *Miss Martien's Bustle.*

NEW YORK, Sept. 17.—Mrs. Laura Morgan, one of the staff of custom inspectors at this port made a rich seizure yesterday on the arrival of the steamer Nevada from Liverpool. Miss Aldelaide Martien wore a suspiciously large bustle. Mrs. Morgan invited Miss Martien to accompany her to the examination room. Miss Martien held $20 up to Mrs. Morgan, but the bribe was refused, and Miss Martien's phenomenal bustle yielded up its contents, which were five pieces of black lace and lace trimmings, five lace collars, two packages of hooks and eyes, one watch, five brooches, two pairs of bracelets in cases, twenty four pieces worsted binding, three pieces of cotton braid, thirty pieces of silk braid, twelve pieces of silk ribbon, two pieces of black lace, three pieces of lace trimmings, eight and one-half yards of velvet and twenty-seven yards of silk.

ANOTHER DARING TRAIN ROBBERY.

ALBUQUERQUE, N. M., Sept. 16.—A passenger train on the Atlantic & Pacific railroad coming east, was stopped at Navajo station, Arizona, by five masked men, who fired several shots at the engineer, fireman and brakeman. They boarded the express car and robbed the safe, which only contained a small amount of money, but did not interfere with the passengers. They then mounted their horses and rode off in a southerly direction. No person was hurt. The Atlantic & Pacific railroad and Wells, Fargo Express Co. offer $1000 each for the arrest and conviction of the robbers.

TRAIN DERAILED.

EL PASO, Texas, Sept. 18.—The northbound freight train on the Mexican Central ran into a sand bank washed out by rains last night. Forty cars and two engines were derailed. Engineer Cook was killed and engineer Lovegrove, and brakeman Smith seriously injured.

### *A GREAT METEOR FALLS.*

*It is Partly Buried, but Projects Ten Feet in the Air.*

NEW YORK, Sept. 18.—The World's Augusta, Maine, special says: A celestial phenomenon which rivals anything in the way of meteoric falls on record, occurred Friday evening. People in this section who were out of doors were supprised to see the heavens at that time illuminated as by lightning save that the light was of a bluish tint, as if it were starlight. Many thought it was a discharge of fire works, and forgot all about it. Yesterday, however, after the arrival of trains from the East, reports were circulated that an immense meteor, larger than a railroad car, had fallen on the land of the New Brunswick railway, six miles from Vanceboro, the termination of the Maine Central, on the line between the province and this state.

Conductor Robert Elms, who was at Vanceboro, reports that the stone is buried deeply in the ground and projects ten and a half feet into the air. When it fell it was very hot. So intense was the heat that people who approached to within fifty feet were driven away.

The extraordinary weight of this meteor makes the event of great interest. The fact that it was seen in this city, 200 miles away, causing a brilliant illumination, attests its immense size.

### *FAMINE IN ASIA MINOR.*

*People Subsisting on Grass Roots, Rebuse Berries, Etc.*

BOSTON, Sept. 17.—The American Board of Foreign Missions to-day received a communication from their missionary agents in Asia Minor, stating that a terrible famine is prevailing on Cilician plains, at Adana, Tarsus, Targus, Koozslook, Mississ, Gazonart and other places. Crops have been a flat failure and 70,000 persons are subsisting on what would make a healthy man a good meal once in two days. It is estimated that 500 persons are dying daily, of whom 90 per cent. are Christians, and an earnest appeal is made for funds to relieve their sufferings. Rev. Mr. Montgomery, stationed at Adana, writes: "Large numbers of people are kept alive by eating grass roots, refuse thrown into the streets, berries and small fruits. There are many thousands of people in dire need, and many tens thousands of dollars will be required to sustain life until next harvest. It is heart rending to see a crowd of hungry women such as collected in the street about our house yesterday. Many of them had not had anything to eat in three days. In some cases the babes at their breasts, getting no nourishment from their starved mothers, had died in their arms. Many say that their husbands unable to hear the cry of their hungry children, had gone away and left them. The trouble is due to a total failure of crops, occasioned by a lack of rain." Aid is implored, and the Board here has issued a circular calling for contributions to be sent in care of L S. Wood, No. 1 Somerset street, Boston. The last money sent to Adana was $1,800. It was received there on August 13th, upon which they supported 5.000 people for one month.

MCMINNVILLE, Or., Sept. 19.—The citizens of this place were shocked to-day to learn that F. Schaffer, a prominent citizen of this town, was accidentally killed while out hunting near Soda Springs, in Linn county. He was shot by a man named Needham, from Marion county, who mistook him for a bear and shot him through the head. Schaffer has lived here about twenty years, was a pioneer of '48, a good blacksmith, 60 years of age, and unmarried. He was a prominent Mason and Odd Fellow, and his remains were followed from the train to the cemetery this afternoon by a long procession of both societies, and many citizens.

### *Useful and Hurtful Medicines.*

There is a certain class of remedies for constipation absolutely useless. These are boluses and potions made in great part of podophyllin, aloes, rhubarb, gamboge, and other worthless ingredients. The damage they do to the stomachs of those who use them is incalculable. They evacuate the bowels, it is true, but always do so violently and profusely, and besides, gripe the bowels. Their effect is to weaken both them and the stomach. Better far to use the agreeable and salutary aperient, Hostetter's Stomach Bitters, the laxative effect of which is never preceded by pain, or accompanied by a convulsive, violent action of the bowels. On the contrary, it invigorates those organs, the stomach and the entire system. As a means of curing and preventing malarial fevers, no medicine can compare with it, and it remedies nervous debility, rheumatism, kidney and bladder inactivity, and other inorganic ailments.

A RAILROAD TO THE SEA.—Astoria is hopeful of having a railroad all its own, within the next eighteen months, completed from Forest Grove to the sea. The citizens of that enterprising town are to be congratulated upon the near fruition of their expectations. They have already subscribed $85,000 of the $150,000 to be raised and given to the company undertaking the enterprise. In addition to the $85,000 now secured, Mr. Taylor promises $15,000, with Flavel, Leinenweber, and Hiram Brown to be heard from, Flavel indicating his intention of subscribing $25,000.—Statesman.

RETURNED.—Albert Abraham, accompanied by Mr. Heller, who has been spending the summer visiting here, left last Saturday for Berkeley California. Albert spent last year in school at that place and has returned to resume his studies again this year.

The reduction of internal revenue and the taking off of revenue stamps from Proprietary Medicines, no doubt has largely benefited the consumers as well as relieving the burden of home manufacturies. Especially is this the case with Green's August Flower and Boschee's German Syrup, as the reduction of thirty-six cents per dozen, has been added to increase the size of the bottles containing these remedies, thereby giving one-fifth more medicine in the 75 cent size. The August Flower for Dyspepsia and Liver Complaint, and the German Syrup for Coughs and Lung troubles, have prehaps, the largest sale of any medicine inthe world. The advantage of increased size of the bottles will be greatly appreciated by the sick and afflicted, in every town and village in civilized countries. Sample bottles for 10 cents remain the same size.
