Broke Down Near Scattle. What might have proved a very serious

ecident occurred on board the steamer North Pacific yesterday morning when about two and a hair miles out of Scattle, bound for this city. The danger was or great excitement ensued.

The boat was going along at its usual speed when suddenly a loud crashing sound was heard. The walking beam was broken and the machinery was usual stroken and the machinery was usua over, however, before the passengers realized what had happened, and no panic was broken and the machinery was utterly incapacitated. The engineer, who fortunately tends to his business, as soon as the accident occurred threw off the lever and no further damage resulted. The boat was turnedabout and the engines worked by hand, and the Scattle wharf

boat was turnedabout and the engines worked by hand, and the Seattle wharf reached after about two hours' bard work.

When the Olympian reached Seattle she was hurried through to Tacoma and back again to Seattle, where the passengers and freight which were on the North Pacific, were transferred and the Olympian hurried through to this city, reaching here at about 7 o'clock, and half an hour afterwards she sailed for Victoria.

The passengers from Seattle and Tacoma growied considerably about the delay, but the accident was entirely unlooked for, and the best arrangement that could be made under the circumstances was made.

Itching l'iles are known by moisture like perspiration, producing a very disagreeable tiching after getting warm. This form as well as blind, bleesing and protruding pules, yield at once to the application of Dr. Bosanko's Pile Remedy, which acts directly upon the parts affected, absorbing and effecting a permanent cure. 50 cents.
