Oregon State Weather Bureau in co-spertion with U. S. Signal Service, central office, Portland, Oregon. For week ending July

temperature was below the normal; in the central portion about normal; in the eastern portion above the normal. Temperature of 90 or more occurred in Umatilla, Baker and Malheur counties. In Western Oregon the temperature was below 83 and above 46. Generally partly cloudy weather prevailed; no rain is reported to have fallen.

The weather conditions have been extremely favorable to growing crops and to harvesting operations. The hay crop has about all been housed and it has been more than was anticipated; both quantity and quality are about an average. Late wheat is filling well, the meshes are quite large, and the berry large and plump. The spring wheat will make a much bett r crop than was expected. Early wheat harvest is in full blast and the yield is fully an average or more so The entire wheat crop of Orogon this year bids fair to be larger than ever before. Thousands of acres in Umatilla and Union counties will average from 32 to 40 bushels per acre. The average number of bushe's of wheat per acre. will generally be secured, this together with the necreased acreage will produce the increased

corn, though in Wasco county it is doing very well.

peaches are ripe.

In Jackson county the second crop of al-falfa is being cut and the yield is unusually

About Hardman, Morrow county, grasshoppers are doing considerable damage.
Sweet corn, peaches and melons are now
being snipped from The Dalles.
The plum and prune crop is large.
The codlin moth is doing damage, especially in the Willamette valley. Spraying the trees is proving beneficial.

From every section of the state come re-

ports of good crops.

Found Dead. Monday afternoon, Mr. H. A. Toenonly known as August Schmidt -was found dead in his house near the railroad track. He was lying down in his bed, with a newspaper grasped in his right hand, and spectacles over his eyes, as if he died while reading. For over a year he has complaired of pain in the region of his heart, at times, being almost unbearable. He was a molder by trade, and worked for Mr. John Lewis for years while he conducted the foundry in this city. For some time he has expected to die suddenly, and had requested Mr. Jas. Fisher to call at his house every day and watch for such an Last evening Mr. Fisher went to the house, where Toennies lived alone and boarded himself, and found him as de-

scribed. Mr. Toennies was a man of con-

siderable intelligence and great information

but was yery cynical in his ideas of life.
