Egan's Recall Demanded. WASHINGTON, Jan. 22 .- The recall of Minister Egan, the rumor of which was nentioned in these dispatches last night, was formally requested of Secretary Blaine to-night by Minister Montt as the head of the Chilian legation. It was said the Chilian government bases its request for the recall of Mr. Egan upon the alle gations that the American minister had been guilty of making reports to

and of engaging in intrigues for the purpose of creating trouble between the United States and Chili. A gentleman cquainted with the correspondence with Chili said when he heard of Montt's de ma d: "The publication of the correspondence with Chili will conclusively disprove the assertions of the Chilian government. Mr. Egan has kept this government fully advised of the progres of events in Chili since his arrival there. but he has done so without partisan bias. The members of the United States government, who are familiar with his conduct, fully approve it, and President Harrison and Secretary Blame are fully in accord in this. The Pratt to Demand NEW YORK, Jan. 24 .- The Herald's Washington correspondent telegraphs his paper that the rumor that the cruiser Philadelphia is on its way to the Mediterranean is undoubtedly true. The cor respondent says it is the purpose of the Philadelphia to keep a close watch of the Chilian craft El Capitan Pratt, and that the Chilian government will probably encounter difficulties in getting that vessel into her own waters. It has been known to American naval officials some time that the Chilian government i exerting every effort to get the El Capi tan Pratt in condition to leave Toulon at the moment the wires flashed the first news of a declaration of war. -It is the three other Chilian vessels from Valparaiso for the south, has some further significance than that of securing recruits, as announced in dispatches from Valparaiso. FAIRHAVEN, Wash., Jan. 23.-George Sleucer, a well-known Lummi Indian who was arrested yesterday on suspicion of killing Moses Yonkin Wednesday, made a desperate attempt to murder Sheriff De Lorimer this afternoon and succeeded in making his escape. The sheriff took Sleucer out to the scene of Youkin's murder to view the ground and endeaver to draw out an admission of his guilt. The Indian enticed the sheriff to the edge of the bluff everlooking the bay and seventy-five feet high, to show him the tracks. As the sheriff approached the edge, the Indian pushed him over the precipice. The sheriff caught hold of a shrub and saved his life, but the Indian escaped. A posse of reservation Indian police and county officers are now out after the fugitive and he will probably be lynched if captured. It is though that this Indian and his nephew committed the crime. The two Indians bought supper at Kennedy's hotel at Lummi after the tragedy, and were drunk and excited. The Indian, George Sleucer,

has a good farm on the reservation.
