ITEMS IN BRIEF

From Wednesday's Daily. Mr. C. G. Roberts, of Hood River, is in the city. Dr. H. A. Leavens, of Cascade Locks, gave us a pleasant call today. Mr. Geo. Anderson and niece returned last night from an extended visit in California.

There were two carloads of cattle shipped from Mr. Saltmarsh's stockyards yesterday. There are a great many visitors now in the city by reason of the session of the ministerial association. The ministerial association will hold a missionary meeting this evening at the court house, at which several prominent ministers will speak.

Mr. C. P. Head, of Hood River, is in the city. He is a member of the state board of horticulture, and is making an examination into our orchard pests. We learn from the Grant County News that sheepmen in this vicinity have sustained heavy losses in young lambs by reason of the recent frost, cold nights.

Miss Grace Jones, of Walla Walla, recovered \$15,000 against the Southern Pacific on account of injuries caused by the Lake Labish accident. The case was appealed but has just been settled. Miss Isaac was to Philadelphia to obtain treatment, her nerves being entirely unstrung even now.

Mr. M. Bohan was seen today happy in the company of his wife, he having ascertained her whereabouts and came in town to accompany her home. She had been stopping on Eight Mile, and the advertisement in the columns of this paper soon made her aware of the fact that her husband was hunting her.

During the week we have covered with farmers from all portions of the county, and the summary is that the season is more favorable for crops than any for a long number of years. If Wasco county does not have abundant harvests this season, when all indications are so favorable, no reliance can be placed on the signs of the times.

3, females 5; number eloped—males 9, total 17; number patients remaining April 30—males 521, females 287, total 798; average number 285.20. The number of officers and employees is 94. The average monthly expenses of the asylum during the month of April per capita was \$11.56 and the expense per capita daily was \$0.38 5/10.

W. W. Statesman: The body of Henry McNally, who died at Lewiston, Idaho, April 28th, was brought to this city and interred in the Catholic cemetery on Sunday afternoon. It was the first time the grave by a large concourse of citizens in carriages after the funeral services at the Catholic cathedral. Henry McNally was born in Ireland in the year 1837 and was 65 years of age at the time of his death.

From Thursday's Daily. The run of salmon is increasing daily. Mr. Henry Hudson, of Nausette, is in the city. Mr. Ed. Roberts, of Portland, is in the city. Wool is coming in quite lively; but as yet there are no buyers here.

Miss Maggie Rowland left for Portland this morning on a short visit. Sheriff Brock, report having caught five tons of fish Tuesday night in their wheels above this city. The largest university in the world is said to be at Cairo, Egypt, where there are 11,000 students; but these young men are not thoroughly trained in classical literature or the sciences.

The 4-week-old child of W. D. Day died on the train Tuesday near Grant's Pass. The parents were from Eugene and on their way to Horchbrook, Calif., and were almost destitute. The conductor raised \$40 among the passengers for them.

Mr. A. N. Yarny, who owns the Mission Gardens, informs us that the late frosts have not at all injured his fruit, and that there is every evidence of an abundant yield. We have not heard of any injury to our orchards by reason of the cold weather.

The town of Burns, in Harney county, is to have a school paper, to be conducted by Gerald Griffin in the interest of the people's party. The plant has been ordered from Portland, and when the entire materials, Burns, a town of 300 inhabitants, will have four papers.

The school at Willis Hagen bay, over which there was considerable litigation in the Portland courts, died in that city Monday, and now Mrs. Willis and Mrs. Hagen are fighting for the right to bury the child, but the officers of the baby home will not do the work in the presence of both women.

Among the notable arrivals at the Umatilla House yesterday was John L. Sullivan, Portland Visitationist, and there is every indication of new vigor and life. With the old Visitationist we have had a pencil light; but we hope our relations with the paper of the renaissance may be pleasant.

The register of the Umatilla House is now complete. The names are as follows: from Chicago, Boston, Sydney, Australia, and Hongkong, China. It is now complete. The names are as follows: from Chicago, Boston, Sydney, Australia, and Hongkong, China.

Mr. W. A. Lytle, the father of Mr. E. E. Lytle, agent of the Union Pacific in this city, is in the city. He will spend the summer with his son, for the benefit of his health. His son, E. E. Lytle, is in the city.

Heppner Gazette: Last Friday this section was visited by quite a storm. It rained, snowed, and thundered—all kinds of rough weather, depending upon locality and altitude. Ed. Payne, the veteran stage driver, says that it snowed and thundered on the mountains near Ft. Allen, which he says is a new feature to him—and the Gazette would presume to say, to a large majority of the people of this section.
