

ITEMS IN BRIEF

From Wednesday's Daily.

The general of Mr. W. Schrader was quite happily attended to.

The run of salmon has been quite large during the past few days.

Baker City is complaining of the tramp invasion. So is every city in the northwest.

The hose companies drill every evening, preparing for the tournament on the 4th of July.

The river increased in volume a little last night; but the high water prophet has taken a back seat.

A beautiful breeze blew to day, and the atmosphere was most desirable, that it has been for the week.

A meeting of the water commission was held this afternoon. We did not learn what propositions were made.

The new city and county officials will take their positions next week, after filing their bonds with the county clerk.

Judge Bradshaw returned yesterday, and left on the afternoon train to-day for Baker City, where he will hold a term of circuit court for Judge Fee.

The latest addition to our exchange list is the Patscha, published at Patscha City, Wash. It is devoted to the interests of that portion of the state.

The Reform Journal is the name of a paper lately come into existence from Burn, Harney county. We extend to it a fraternal greeting and hope that it will succeed.

We have received a copy of the latest price of mules, sent by Mr. B. Rath, and dedicated to Mr. and Mrs. Grover Cleveland. It is too Democratic to suit our particular taste.

There was a full attendance of firemen to-day at the funeral of Mr. W. Schrader. He was formerly an active member of the department, and this mark of respect was due him.

Justice courts appear to be busy these days; but not with criminal matters. The principal business appears to be civil suits, the object of which is to recover money due and owing.

The damage to crops in this county was caused by late frosts, and not by drought. We learn that the injury is not as serious as was expected, and Wasco county will have a large quantity of grain to export after harvest.

All preparations have been completed for a becoming celebration of the 4th of July. Mr. N. J. ... graduated from Notre Dame university, has been secured to read the Declaration of Independence.

Another person has been arrested for the murder of Mamie Wash, and this time it is Wilson, who has lived around Miramonte since the crime was committed, which led to his arrest.

The Dallas City could not reach the locks Monday, but stopped some distance below at Sheridan point. This was the time appointed to make the secret of the rapids; but it was found impossible, because the boat did not have sufficiently powerful machinery and for other reasons.

The address delivered at the Court house last evening by Head Counsel F. A. Falkenberg, of the District Court, of the Woodmen of the World, was listened to with marked attention by a fair audience. There were about thirty-five members in the procession from the hall. We glean from the remarks of the Head Counsel that the order is purely beneficial in its object, and now number 23,000 in the United States. The organization is young in years; but it possesses all the necessary elements of advancement, and will soon take a prominent position in the front rank of benevolent orders.

Baker Democrit: A serious accident, and one which came nearly proving fatal, occurred at the Nelson packing mine, on Salmon river, on Wednesday night. The Chinaman who runs the monitor in some manner dropped the nozzle, and before he had time to say "Jack Robinson" he was flying through the air with the locality of a Kansas cyclone. Several of his brother Mongolians who saw the accident immediately rushed to the scene, and a search for the unfortunate man followed. When found he was lying in an unconscious condition with one leg broken, and both arms and hands bruised on the body his head was severely cut, and it is said that he could not have looked more mutilated if a Comanche "jaja" had been operating with a scalping knife. Fortunately the Chinaman was not struck with the full force of the water, as in such case it would have been difficult to find enough of the life water carner's destroyer to have had a first-class funeral.

From Thursday's Daily.

Mr. Ed. Wingo is in the city from Antelope to-day.

Mr. J. R. Ashby, of Antelope, is registered at the Unadilla House.

Mr. John Grant, one of the leading sheepmen in the vicinity of Antelope, is in the city.

Mr. A. W. Brannan, proprietor of the Princeton stage, has been in the city for the past two days.

A delightful Dallas party began to blow last night, and in consequence, the atmosphere is very agreeable this morning.

Mr. Chas. Frank will open the salmon openers at the Unadilla House to-day.

Mr. George Gray, of the firm of Grant, Frazer & Gray, of Grant, is in the city.

The river was so very rough this afternoon that the ferry boat could not make the landing on Washington street. Like waves on the ocean the whitecaps swept their angry teeth in a vengeful mood.

Mr. F. M. Sarry, of Cascade Locks, arrived in the city on the midnight train en route to his home in Washington. He reports, by reason of the high water, the workmen at the locks have been reduced, and most of all the time.

R. C. Clark & Co. have moved their confectionery establishment from the old stand to 56 Second street, where they are now in good shape to wait on their patrons. Ice cream, lemonade, milk shakes and other refreshments are served to customers. Also a full supply of candies, nuts and fruit.

A man, James W. Coffey, of Washington, passed through here, had his eye put out by a saw a few days ago. The Mason county Gazette says he was sawing a barn door, when the blade was thrown at him and came in contact with his eye. The bill pierced the eyeball, and he will lose the use of his eye.

C. S. Miller is still prospecting his coal mines near Fossil, and the Journal, in great confidence says: Charles Miller is too shrewd a man to annually throw away \$3000 upon a wild-goose chase. He is fully convinced that the thousands of tons of coal in the Fossil coal mines will be returned to him in an hundred-fold.

Considerable excitement was created this morning by a bulky team hauling a load up the grade near the Unadilla House. At one time there were about fifty men on the scene, and each one had a different plan to force the horses to pull. After strenuous efforts the animals made a lunge forward, the wagon moved, and the difficulty was obviated.

Judge Schultz has removed the stand of justice for West Dallas to the corner of the Michaelbach brick, corner Union and Second, and is now in the process of being occupied by F. W. Wasta, the cabinet maker. Here he was found ready to administer even-handed justice, even when the thermometer registers 100 in the shade. He always keeps cool.

Baker Enquirer: During the last week this city has been infested with tramp peddlers of various kinds who have everything to sell from a mit of clothes down to a gaper of needles. The small income imposed upon these migratory larks by the city is unjust to our merchants, who should

be protected. The council should raise the license so high that it would either be a source of revenue to the city or an incentive to keep the tramp peddler on his heels.

An exchange says there is more joy in a print shop over one student who pays in advance and abuses the editor on every occasion than over the ninety and nine who steal the paper and sing its praises without paying a cent toward keeping him out of the porthouse. "Blessed are the meek, for they shall inherit the earth, and obtain material with which to fence it in."

Baker City Democrat: The news comes from Eagle Valley that on last Thursday a man named ... was killed by a horse, a farmer, while playing near home fall into an irrigating ditch and before assistance could be rendered the child was strangled to death by water. The funeral of the little fellow took place on Friday afternoon at the residence of the father and sympathy of all their neighbors in their affliction.

Heppner Gazette: Harry Warren made a run to Asa's house Sunday, and his "safety" making the round trip of eighteen miles in two hours and six minutes. Harry wagged that he could make the round trip in even two hours, and he would have won had he not struck some sand. He proposes to make Fossil his headquarters, and to travel from here, in ten hours. This is pretty fast traveling, but Harry thinks he can make it.

The thoroughbred American, John Stocking, who did the shooting Monday night, was examined before Justice Schultz (Thursday) evening at 8 o'clock.

Freest—Hon. Robert May, mayor; C. N. Thornbury, H. J. Mair, C. E. Haight, Hans Hanson, E. B. Dufur and Paul Kraft, councilmen.

his trial when arrested. He felt fully confident that he would be exonerated by the grand jury. Mr. Forre is at work at the brick mine, while Mr. Cox has returned to his home in Pine Valley.

Eugene Haysler: The destructive little codling moth is already at work in the apples, and the chances are that by the time the winter apples are ripe the codling moth will have them pretty well eaten up. An inspection of almost any apple tree will show that where two apples touch each other the codling moth has been at work and is boring into them. So far as we can check their destructive work. Something must be done to rid the orchards of them or in a year or two the apples will be worthless.

The town of Gray held a convention at the city pond the other day. She came in the afternoon and stayed till the end of business hours. An expression of the sentiment of the convention seemed to be that the cow boys were the cause of the trouble, and the mercy of a heartless warden is a delusion and a snare and ought to be skinned alive. The town of Gray is a beautiful place, by reason of its environment, for such a convention. The town of Gray has become a great nuisance in this neighborhood, and any plan by which they could be kept away from gardens and shade trees would be a matter of congratulation.
