Henry L. Kuck, Manufacturer of and dealer in Harness and Saddlery. Second St., near Moody's Warehouse, THE DALLES, OREGON.

Denny, Rice & Co. Wholesale and Commission Merchants. 310 Atlantic Ave., Astoria, Oregon.

TELEGRAPHIC. California Robbers Still Free. VISALIA, CAL., Aug. 5.—Detective Wm. Smith and Deputy Sheriff Whitty, who are in search of the robbers who held up the Los Angeles express, near Fresno, at the house of Chris Evans to day, as they had a clue indicating that Evans and a man named John Sontag were the robbers. They found George Conant, alias Sontag, there, took him to jail, and after questioning him charged him with robbery. The two officers then secured the wagon and returned to the house for the purpose of getting the trunk supposed to contain the gold. While they were hitching their horses they saw John Sontag enter the house. Evans also entered, but after the officers had been in the house for some time, Evans was denied that Sontag was there. Deceptive as it was, Sontag was taken to jail and Sontag standing there, holding a double-barreled gun. At that moment it was found Evans also had a gun. The officers then returned to the house and saw Sontag standing there, holding a double-barreled gun. At that moment it was found Evans also had a gun. The officers then returned to the house and saw Sontag standing there, holding a double-barreled gun. At that moment it was found Evans also had a gun.

The Chase is Hot. VISALIA, CAL., Aug. 6.—Evans and Sontag, the Colis train robbers, came to the Evans house about 12 o'clock last night, and after eating supper they went to bed. Evans and Sontag were awakened by a knock at the door. Evans went to the door and saw Sontag standing there, holding a double-barreled gun. At that moment it was found Evans also had a gun. The officers then returned to the house and saw Sontag standing there, holding a double-barreled gun. At that moment it was found Evans also had a gun.

A Hundred Men in Pursuit. Half an hour after Smith and Whitty had their encounter with the robbers a hundred men were started in pursuit of the present moment they have not been captured. Whitty was shot under the right shoulder, but he did not get hurt. His back and one of the side of the face were well sprinkled with shot from a shotgun. Smith's wounds were scratches. The opinion is generally held that Smith waited the arrival of Sheriff Cunningham and Detective Thacker, the men would have been arrested. Evans is now in the hospital, and the chances are that upon reaching the mountain east of here, he will escape. He has a wife and seven children. Evans' daughter, who was attentive to Evans' eldest daughter, Sontag has been a railroad engineer. The two men, a year or more ago, were in the city, and a "code" was destroyed by fire. Sontag has been under surveillance of the officers for some time.

In The Senate. WASHINGTON, Aug. 5.—The senate waited for some time after convening for a message from the house and then went into executive session and confirmed the following nominations to be judges of probate in Utah: S. W. Frazier, William Goodrich, H. W. Hildreth, John R. Johnson, John Rider, A. L. Robinson, Henry Shields, George Seely, Martin Slack, T. S. Wilson.

Do Not Think They Will Be Caught. Sheriff Cunningham states there is no doubt the men have been caught. The men were taken to the jail and are now in the custody of the sheriff. The men were taken to the jail and are now in the custody of the sheriff. The men were taken to the jail and are now in the custody of the sheriff. The men were taken to the jail and are now in the custody of the sheriff.

A Chance for Train Robbers. SAN FRANCISCO, Aug. 5.—A local paper is authority for the statement that \$500,000 worth of gold is being stored in the Washington last night, guarded by 89 picked men of the railway mail service. The paper goes on to state that the accumulated store of gold in San Francisco has been steadily increasing during the past 20 years. When J. P. Jackson assumed the office of post treasurer, he found more than \$700,000 worth of gold in the vaults of that institution. Since then the amount has increased to \$78,000,000 and the accumulation was seriously threatened by the death of Jackson. There had been a steady accumulation. At the time of the Chilian trouble, the government had stored here \$100,000,000 worth of gold. It was then that attention was directed to the danger of carrying such an accumulation of treasure, not only in San Francisco, but in any seaport city. The proposition to remove the bulk of the coin to the sub-treasury vaults in Washington was mooted then, and has come up regularly from time to time since, finally resulting in its shipment to Washington, under a strong guard, last night.

First Session Over. WASHINGTON, Aug. 5.—At noon the house assembled in committee of the whole for consideration of Durbin's world's fair bill. Cummings, of New York, attacked it bitterly, characterizing it as an attempt to rob the treasury. The debate continued until 1 P. M., when the chairman stated that the order of the house the committee must first report. The committee rose, and the bill was reported to the house, the per cent amount being the subject of the order of Missouri, for the first session, providing that if the Exposition deposits at the mint enough silver bullion it shall be coined for Exposition, in amount not exceeding \$5,000,000. The substitute was defeated 76 to 139. The roll was then called on the passage of the Durbin bill. The result was: Yeas, 131; Nays, 88. Bailey, of Texas, made a futile attempt to filibuster. This passed the bill finally in the house. The bill was at once enrolled and taken to the senate, but before it could be presented the senate went into executive session.

Eighteen Indians Drowned. VICTORIA, B. C., Aug. 5.—The steamer Phantom brings word of the drowning of 18 Indians belonging to the Wauvean cannery on Rivers' inlet June 28. They were waiting for the salmon run and went out on their boats, being blown by a strong wind and driven on rocks off Cape Canton, Queen Charlotte Sound. Fragments of the canoe have been found, but there are no tidings of the bodies having come ashore. Fifteen men and three women formed the party, and they belonged to the Rivers' Isles and Bella Coola tribes.

Homestead Work. HOMESTEAD, Aug. 5.—It is given out here that the reported strike at the Studebaker wagon works at South Bend is the first fruits of the work which has been done by Hugh O'Donnell since he left Homestead to reorganize the labor union in this city. He has been visiting relatives on the coast.

Broad Epidemics. LONDON, Aug. 6.—The westward course of the cholera is creating great anxiety everywhere among sanitary authorities, and Germany, France and Great Britain are dispatching extraordinary precautions. A Berlin dispatch states that in view of the danger from cholera the station for emigrants at Rubens, near Spandau, has been inspected by medical commissions appointed by the government. At this station, which consists largely of corrugated iron buildings, all emigrants from the infected districts in Russia will arrive. The sanitary commission which was summoned at Potsdam to discuss the measures to be taken against a possible introduction of cholera has addressed a request to the authorities relative to the cleaning of the streets, squares and courts, the control of provision, especially of milk, vegetables and meat, the institution of sufficient means of transportation for sick persons and bodies, and attention to the places of burial. The Austro-Hungarian frontier is guarded by a military cordon.

Indicted for Murder. CHEVREUSE, WYO., Aug. 6.—The forty-two invading stockmen and Texans were arraigned to court to-day charged with the murder of the first judge. They were indicted in a body and are held in jail. It required all day to get the indictments. The trial is set for August 23. Prosecutor Davidson sought the court to arrest the prisoners and have them kept until they can be removed to the county jail. He pointed to E. M. Canton, one of the prisoners, who was in court on a writ of habeas corpus. He was held in the Rio Vista and was telegraphed to come home early this morning. Beaver was arrested by Sheriff Cunningham and Detective Thacker, the men would have been arrested. Evans is now in the hospital, and the chances are that upon reaching the mountain east of here, he will escape. He has a wife and seven children. Evans' daughter, who was attentive to Evans' eldest daughter, Sontag has been a railroad engineer. The two men, a year or more ago, were in the city, and a "code" was destroyed by fire. Sontag has been under surveillance of the officers for some time.

That Charge of Drunkenness. WASHINGTON, Aug. 5.—Chairman Boatman, of the house committee investigating the charges of drunkenness in the house made by Watson, has finished his report. It is approved by three democrats, and partially by a group, report of Vermont. The report says that three or four members appeared on the floor more or less under the influence of liquor, but none in the course of the day. The report also says that a resolution declaring Watson's charge untrue, and an unwarranted assault on the honor and dignity of the house, was adopted by a large majority. The report will present a minority report, allowing Watson an opportunity to retract his statement.

Repulsed by the Rebels. LONDON, Aug. 7.—A dispatch to the Times from Tangiers says 1500 of the Sultan's troops, with two field pieces and 5000 tribesmen, advanced this afternoon to the Angera hills, where they were repulsed by the rebels. They were driven to within three miles of Tangiers. A detachment of cavalry, which attempted to charge the rebels, was also repulsed. The rebels, who were led by Abd el-Kader, had lost 1500 killed and wounded, having lost 1500 killed and wounded. The loss is estimated at \$200.

A Case of Insanities. SEATTLE, Aug. 7.—The remains of an infant, found this afternoon on the shores of Lake Union by several boys, who were in swimming. The body was badly decomposed, and had probably lain in the water for six weeks. It was buried in the city cemetery. The boy who found the body was notified by a gentleman, who lives at Lake Union, to bring a paper parcel to the city. The parcel contained the infant was yesterday found, and it is thought she will be restored.

Took His Own Life. ASHLAND, OR., Aug. 5.—The body of William Hart was found this evening less than half a mile from the center of the town. Parties have been searching all day for the remains. The body was lying in a cramped position, face downward, and was supposed to be that of a man. It is supposed to be that of a man. It is supposed to be that of a man. It is supposed to be that of a man.

Three Young Women Drowned. DAVENPORT, IA., Aug. 5.—Three young women, Nellie Zullinger, Blanche Smith and Grace Maxwell, went bathing in the Mississippi river yesterday at Port Byron. The first two got beyond their heads and Miss Maxwell lost her life in trying to save them.

A Bad and Honored Home-Coming. PANAMA, VIA GALVESTON, Aug. 3.—Consul McCroarty, of Valparaiso, has arrived here with the body of Bliggen, one of the men killed in the attack by the Chilianas last October, and will leave to-day for New York.

Arrest of Strikers. PITTSBURGH, Aug. 5.—Thirteen of the rioters at Duquesne were arrested to-day. Many others have left town. The 30 re-entrants, driven away by strikers yesterday, returned to work to-day.

Prosecution Not Ready. CHEVREUSE, WYO., Aug. 5.—The invading stockmen were arraigned in court yesterday, but the prosecution was not ready, and the matter went over till Saturday.

Another Cruiser Ready for Launching. WASHINGTON, Aug. 3.—Cruiser No. 11, which will probably be named Marblehead, will be launched at Boston August 11.

For Over Fifty Years. AN OLD AND WELL-TRIED REMEDY—Wm. Winslow's Soothing Syrup has been used for over fifty years by millions of people in all parts of the world. It is a perfect cure for all the ailments of the stomach, bowels, and liver. It is a perfect cure for all the ailments of the stomach, bowels, and liver. It is a perfect cure for all the ailments of the stomach, bowels, and liver.

Boys' and Girls' Aid Society of Oregon. Boys may be had (and sometimes girls) for—(1) ordinary service at wages; (2) upon indenture, to work, attend school, and be brought up somewhat as you wish; and—(3) children may be had for adoption. Address: J. H. Minter, Superintendent, Oregon Boys' and Girls' Aid Society, Portland, Oregon.

ITEMS IN BRIEF. From Saturday Daily. Sherman county is shipping horses east. The harvest in Sherman county is not at all promising. Mr. F. M. Thompson, of DuPar, stock inspector, is in the city. Our markets are well supplied with ripe and luscious fruit. Mr. C. W. Hughes, formerly county clerk of Washington county, is in the city on business. Mrs. L. Powell, whose serious injury was sustained some weeks ago, has at last recovered as to be considered out of danger. There are fifty men in the employ of the Union Pacific at Grant, putting in the sidewalk for the Milling and Distilling company. Harry Parrot, the boy whose leg was amputated by Dr. Kishewhart about three weeks ago, is now able to be up and around by the use of crutches. We are under obligations to Mr. D. C. Hughes for a lot of fine pine paper, which are truly the most beautiful of any we have taken this year. It is estimated that 300,000 barrels of grain will be shipped from the coast to Lewiston, Idaho, this season. The market opened here this week with wheat at 92 cents a bushel, and barley at 75 cents. We learn from the Observer that a force of workmen are making good headway with the work and county building at Moro. The contractors expect to have them completed by August 9th. The citizens of Grant will celebrate the advent of the distillery, which will be ready to start on the 20th inst., and will provide a royal feast for all those in attendance. It will be a grand affair, and a dance in the evening. The examination of one of the parties arrested for selling liquor to Indians in this county, was held before Commissioner Huntington to-day, and the matter taken up by the grand jury. Mr. C. L. Phillips and Mr. Wm. Butler left this afternoon for a day's outing on the headwaters of the Snake. These gentlemen are celebrated anglers, and no doubt if there are any trout in the stream they will return with a fine catch. In the article well being brought by Wessner the verbiage of a fish was brought up by the drill from a depth of four hundred feet. Some were suggested that the fish was an old Idaho bar hunter had opened his case of Columbia river salmon there. Mr. Henry Bland and Mr. D. C. Sullivan, of Astoria, returned from a trip to Baker, where they purchased 93 head of horses, which are now at Mr. Sullivan's stock yard in Astoria. They will be shipped to the coast by the railroad. The year 1892 will long be remembered all over the United States for its unusual climatic conditions. In this portion of the north-west, the most remarkable feature of the weather was the extremely hot days of June which were followed by unusually cold nights. To this fact, it is generally attributed an shortage that is found in this year's crops. There was great excitement yesterday among those who have been in the habit of dealing out liquor to aborigines, and several were arrested and taken to the city jail. It seems that one of the individuals who had been selling liquor to aborigines had from the city of Astoria had some elements in it which were inadvisable. More Over: On Monday with all its contents, consisting of a quantity of hay, one horse, and a cow, were taken from the barn at the time it caught fire, but Mrs. Elliott succeeded in saving four of them. Fortunately, the cow, which had also happened to be in the barn at the time, was discovered and carried out before the fire reached him. The loss is estimated at \$200. Huntington Herald: The reported small-pox outbreak among the Japs at Nampa, Idaho, has been traced to the city of Boise City and other Idaho points. The fact is that one of the dread diseases spread and that the Japs were quarantined two miles out of Nampa with three white men closely guarding the case. The report is that the Japs were driven out of Idaho into Huntington. The Lewiston Times: A report was brought down from the Salmon river country this week that the deputy sheriff who usually wears a blue uniform in this county had been killed in a fight with a band of horse-thieves had been in their camp at Thora Springs near the mouth of Salmon river, and was killed by them. A Nebraska farmer, who did not read the papers, entered into a contract with a good money contractor to the amount of \$25,000. He received his fortune in a single day, and when he was asked to give over the contents, discovered that it was changed into a fair quality of wrapping paper, and he was left with nothing but a bundle of paper. A report was brought down from the Salmon river country this week that the deputy sheriff who usually wears a blue uniform in this county had been killed in a fight with a band of horse-thieves had been in their camp at Thora Springs near the mouth of Salmon river, and was killed by them. A Nebraska farmer, who did not read the papers, entered into a contract with a good money contractor to the amount of \$25,000. He received his fortune in a single day, and when he was asked to give over the contents, discovered that it was changed into a fair quality of wrapping paper, and he was left with nothing but a bundle of paper.

They themselves into serenoards, and complimented some of our citizens with several pieces of well-earned music. Mr. C. W. Phelps will begin the erection of an additional building, 20,500 feet, to his present agricultural warehouse. His space is not crowded, and he wants to make a proper display of his farming machinery, wagons, etc. Mr. A. J. Wall, about whose welfare there is some anxiety, has been making considerable interest was manifested by his friends in this city by reason of not being heard from, and he wants to make a proper display of his farming machinery, wagons, etc. Mr. C. W. Phelps will begin the erection of an additional building, 20,500 feet, to his present agricultural warehouse. Wall, about whose welfare there is some anxiety, has been making considerable interest was manifested by his friends in this city by reason of not being heard from, and he wants to make a proper display of his farming machinery, wagons, etc.

The Australian ballot law is an expensive luxury to put into operation, as shown in the warrants drawn for election purposes in Marion county at the different terms of court, as follows: May, \$1100; June, \$1100; July, \$1100; August, \$1100; September, \$1100; October, \$1100; November, \$1100; December, \$1100. Mr. C. W. Phelps will begin the erection of an additional building, 20,500 feet, to his present agricultural warehouse. His space is not crowded, and he wants to make a proper display of his farming machinery, wagons, etc. Mr. A. J. Wall, about whose welfare there is some anxiety, has been making considerable interest was manifested by his friends in this city by reason of not being heard from, and he wants to make a proper display of his farming machinery, wagons, etc.

The Oregon Press Association will hold their annual meeting at the Grand Hotel, Astoria, Oregon, September 25th. As these people are so numerous, and have the means to do so, it is thought that a good time will be had. The Oregon Press Association will hold their annual meeting at the Grand Hotel, Astoria, Oregon, September 25th.
